Applications to Parliament

THE CORPORATION OF THE CITY OF WINDSOR

APPLICATION FOR PRIVATE LEGISLATION

NOTICE IS HEREBY GIVEN that on behalf of The Corporation of the City of Windsor, application will be made to the Legislative Assembly of the Province of Ontario at its next regular session commencing in 1987 for an Act

1. To authorize the passing of by-laws for requiring the erection of screening fences around parking stations and parking lots. A "screening fence" is defined as meaning a berm, a dense evergreen hedge, an ornamental fence of solid construction excluding a chain link or other wire fence, an ornamental wall of concrete brick or stone or any combination thereof.

2.—(1) To establish the "Windsor Licensing Commission" in the place of the Licensing Committee.

(2) The Council may pass any by-law that the Board of Commissioners of Police for the City of Windsor is authorized to pass under the *Municipal Act* or under Section 2 of the *City of Windsor Act, 1972*.

(3) The composition of the Windsor Licensing Commission will be three members, one of whom must be a member of Council.

(4) The Commission may license any trade, calling, business or occupation authorized by by-law of the Council under this or any other Act.

(5) Provision is made for the filling of vacancies, the quorum and election of a chairman and the payment of salaries, expenses and allowances of members of the Commission.

(6) The power granted to license any trade, calling, business or occupation or the person carrying on or engaged in it includes

(a) the power to prohibit the carrying on or engaging in it without a licence;

(b) the power after hearing the licencee to impose conditions on the issuance of a licence or to suspend or revoke a licence; and

(c) the power to regulate or govern any trade, calling, business or occupation or the person carrying on or engaging in it.

(7) The Council may appoint a license commissioner who, upon receipt of an application, shall make all investigations required by law or by Council and if the investigations disclose any reason to believe the applicant is not of good character or that that carrying on of the trade, calling,

business or occupation will be likely to result in a breach of the law or be in any way adverse to the public interest, the license commissioner shall recommend to the Commission that it not issue or renew the licence or impose conditions on the issuance of the licence, otherwise the license commissioner may issue or renew the licence.

(8) Where, in the opinion of the license commissioner, the carrying on of a trade, calling, business or occupation by a licensee will likely result in a breach of the law or be adverse to the public interest, the license commissioner shall recommend to the Commission that it suspend, revoke or impose conditions on the licence.

(9) Council may fix license fees and charge penalties for the late payment and may reduce the license fees where the licence is in effect for less than one year.

(10) Council may by by-law authorize the licensing commissioner under specified circumstances to suspend licences for two weeks or until the next meeting of the Commission whichever occurs first.

(11) The decision of the Commission respecting the issuance, renewal, suspension or revocation of a licence is final.

(12) If a by-law passed under this section conflicts with the provisions of any Act, other than the *Municipal Act*, for licensing, regulating or otherwise controlling any business or the person carrying on any business, the provision of that Act prevails to the extent of the conflict.

3. To repeal the sunset clause set out in sub-section 3 (9) of the *City of Windsor Act, 1982 (No. 2)* in order that Council may continue after January 1st, 1988 to designate any improvement area as a demolition control area. No building, with certain exceptions, can be demolished in a demolition control area without a demolition permit.

This application will be considered by a Standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions, for or against the application, to the Standing Committee should notify in writing, the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

Dated at Windsor, Ontario, this 22nd day of June, 1987.

A. S. KELLERMAN,
Solicitor for the Applicant,
The Corporation of the
City of Windsor.

FARM PRODUCTS GRADES AND SALES ACT

O. Reg. 417/87.
Burley Tobacco.
Made—July 16th, 1987.
Filed—July 17th, 1987.

REGULATION MADE UNDER THE FARM PRODUCTS GRADES AND SALES ACT

BURLEY TOBACCO

1. In this Regulation,

"grader" means a grader appointed to grade tobacco;

"injury" means damage that detracts from the appearance or usability of tobacco leaves, other than damage by mould or by bits of broken tobacco leaves and stems resulting from handling;

"tobacco" means unmanufactured burley tobacco produced in Ontario;

"uniformity", when expressed as a figure, means the percentage of tobacco leaves that meet the minimum colour intensity, leaf structure, body, width and length requirements for a particular grade. O. Reg. 417/87, s. 1.

2. Tobacco is designated as a farm product. O. Reg. 417/87, s. 2.

3. No person shall,

(*a*) sell or deliver for sale to a first buyer thereof; or

(*b*) buy from the producer thereof,

tobacco unless a grader has graded it and marked it with a grade established by this Regulation. O. Reg. 417/87, s. 3.

4. Where tobacco is graded, the grader shall examine the tobacco in as many bales on a pallet as are necessary to determine the grade of all the tobacco on the pallett and shall affix to a bale on the pallet a tag or label on which is legibly marked the grade of the tobacco on the pallet. O. Reg. 417/87, s. 4.

5. Tobacco damaged by mould after being cured or containing bits of broken tobacco leaves and stems resulting from handling does not qualify for a grade. O. Reg. 417/87, s. 5.

6. The grade factors for tobacco leaves are leaf group, colour, intensity, leaf structure, body, width, length, uniformity and injury. O. Reg. 417/87, s. 6.

7. The leaf groups for tobacco and the symbols therefor are,

(*a*) sands (S), consisting of the leaves nearest the ground on a tobacco plant;

(*b*) cutters (C), consisting of the leaves above the sands and below the leaf;

(*c*) leaf (L), consisting of the leaves above the cutters and below the tips; and

(*d*) tips (T), consisting of the leaves at the top of a tobacco plant. O. Reg. 417/87, s. 7.

8. The colour classes for tobacco and the symbols therefor are,

(*a*) buff (B);

(*b*) tan (T);

(*c*) pink (P), meaning that the lamina of at least 20 per cent of the leaves is at least 20 per cent pink;

(*d*) tannish red (TR);

(*e*) red (R);

(*f*) dark red (DR);

(*g*) variegated (V), meaning that at least 20 per cent of the leaves are greyish, mottled or bleached;

(*h*) greenish (G), meaning that at least 20 per cent of the leaves contain green; and

(*i*) mixed (M), meaning that at least 20 per cent of the leaves are of a distinctly different colour or leaf group. O. Reg. 417/87, s. 8.

9. The colour intensity classifications for tobacco are,

(*a*) strong;

(*b*) moderate; and

(*c*) weak. O. Reg. 417/87, s. 9.

10. The leaf structure classifications for tobacco are,

(*a*) open, meaning ripe and possessing a well-developed cell structure giving the leaf an open grain;

(*b*) close, meaning fairly ripe and possessing a developed cell structure giving the leaf a close grain; and

(*c*) tight, meaning possessing an undeveloped structure giving the leaf a tight grain. O. Reg. 417/87, s. 10.

11. The body classifications for tobacco of each leaf group are,

(*a*) fleshy;

(*b*) medium; and

(*c*) lean. O. Reg. 417/87, s. 11.

12. The width classifications for tobacco of each leaf group other than sands are,

(*a*) broad;

(*b*) normal; and

(*c*) narrow. O. Reg. 417/87, s. 12.

13. In each of sections 9, 10, 11 and 12, the most favourable classification is listed first and the least favourable classification is listed last. O. Reg. 417/87, s. 13.

14.—(1) The grades indicated in Schedules 1 to 4 and section 15 are established for tobacco.

(2) Tobacco, the majority of which is of the leaf group indicated in the heading of a schedule, may be graded with a grade indicated in the schedule if it meets the minimum grade requirements set opposite the grade.

(3) Tobacco, no more than 20 per cent of the leaves of which have an injury referred to in subsection (4), may be graded with the grade for which it would qualify but for the injury if the grade mark designating the grade that is affixed to the bale is followed by the symbol referred to for the appropriate condition set out in subsection (4).

(4) For the purpose of subsection (3), the symbol to be used,

(*a*) in the case of severely leaf-spotted tobacco, is D;

(*b*) in the case of severely hailed tobacco, is H;

(*c*) in the case of frosted tobacco, is O;

(*d*) in the case of severely sweated or barn-burnt tobacco, is S;

(*e*) in the case of severely bruised or sunburnt tobacco, is B;

(*f*) in the case of wet tobacco, is W; and

(*g*) in the case of tobacco with excessive dirt, foreign material or odour, is U.

(5) Each symbol required to follow a grade mark shall be legibly marked and shall be at least as large as the symbols in the grade mark. O. Reg. 417/87, s. 14.

15.—(1) In this section, "nondescript" means tobacco that does not qualify for a grade indicated in the schedules and more than 20 per cent of the leaves of which are,

(*a*) aphid infected;

(*b*) badly hailed;

(*c*) severely barn-burnt;

(*d*) crude right through the lamina;

(*e*) dead;

(*f*) dirty;

(*g*) frosted;

(*h*) green; or

(*i*) water damaged.

(2) The symbol for nondescript tobacco is ND.

(3) Nondescript tobacco may be graded with one of the following grades, the first symbol of which indicates the leaf group of the majority of the tobacco:

1. S – ND.
2. C – ND.
3. L – ND.
4. T – ND. O. Reg. 417/87, s. 15.

16. Regulation 326 of Revised Regulations of Ontario, 1980 is revoked.

Guidelines for Chief Financial Officers

SUMMARY OF DUTIES OF CHIEF FINANCIAL OFFICERS

- Notify the Commission within thirty (30) days of any change to the registration information on file with the Commission (except financial information).

- Keep proper records of all contributions, receipts and expenditures, including deposit slips, purchasing records, etc., and retain records until permission is obtained from the Commission for their disposal.

- Ensure that contributions are deposited intact in a bank, trust company or other financial institution on record with the Commission and, with the exception of cash payments for a petty cash imprest fund, pay all expenses by cheque.

- Issue official receipts for every "contribution" accepted.

  NOTE: The receipt form with the number prefixed by "C" and the word "Candidate" must be used for candidate campaign contributions only. Leadership contestant chief financial officers are to issue receipts with the number prefixed by "LC" and bearing the word "Leadership Campaign".

- Ensure that no contribution is accepted, except as permitted by the Act and that illegal contributions are returned to the contributor. The Commission must be advised of receipts issued for such illegal contributions and which you are unable to recover for cancellation.

  NOTE: In the event the contributor's copy of the receipt cannot be recovered, the illegal contribution must be remitted to the Commission.

- Submit audited financial statements and other information as required to the Commission and ensure that financial statements include the auditor's report and a copy of the auditor's invoice for the fee charged for audit services separate from other services provided and note that should you resign as C.F.O. you must file an interim audited statement for activity up to the date of your resignation.

- Ensure that contributions of goods and services are properly valued and recorded as contributions.

- Ensure compliance with the limits on provincial election campaign expenditures where a limitation is applicable.

- If contributions from one source exceed $100 in total, report the name and address of the contributor to the Commission and the total contributed.

- Report the terms and conditions of bank loans to the Commission.

- Provide a reconciliation of used and unused official receipt forms.

- Ensure no funds are borrowed other than from a chartered bank or other recognized lending institutions.

CONSTITUENCY ASSOCIATION - APPLICATION FOR REGISTRATION

GENERAL

.01 The Commission has made forms available for constituency associations applying for registration. Only constituency associations of registered political parties may be registered by the Commission. When completing the Constituency Association Registration Form please be sure to provide complete information for all questions.

.02 As part of its application for registration the Election Finances Act requires your constituency association to provide the Commission with a Statement of Assets and Liabilities as of a date not earlier than ninety (90) days prior to application for registration.

section 11(2)

.03 The object of this Guideline is to assist you in preparing the initial Constituency Association Statement of Assets and Liabilities. Please read it carefully. This initial return does not have to be audited but must be attested to by you as chief financial officer for your association. Since future financial statements based on this opening position will have to be audited, it is essential for your auditor to review this initial Statement of Assets and Liabilities before it is filed with the Commission. Your auditor's opinion on subsequent financial statements could be affected by the content of this initial Statement of Assets and Liabilities.

ACCOUNTING METHODS TO BE FOLLOWED

.04 Refer to Guideline G26 which indicates the accounting methods to be followed by political parties, constituency associations and candidates.

FURTHER GUIDANCE ON PARTICULAR ITEMS IN THE STATEMENT OF ASSETS AND LIABILITIES

.05 All figures are to be rounded to the nearest dollar.

Line 1 - Record the total net balance for all accounts.

Deposits, guaranteed investment certificates and similar items should be regarded as cash on deposit.

Line 2 - Record only bona fide claims of the association (e.g. refundable deposits). Do not record contributions pledged but not yet received; these should be recorded only upon being received and deposited.

Line 4 - Record the quoted market value of bonds, stocks and other marketable securities owned by the association at the date of this statement. A stockbroker or your bank manager should be able to provide you with this information.

Line 5 - If your association owns furniture, fixtures, printing equipment or similar assets, then enter the nominal value of $1 on this line.

Line 6 - Record the cost of other assets owned by the constituency association (real estate, etc.) and attach details.

Line 7 - Attach a schedule showing the following information for each borrowing:

(a) the name of the lender,

(b) the balance owing at date of statement; and

(c) the terms of each borrowing including repayment terms, security given, names of guarantors, etc.

Line 9 - Include here the cost of goods received by or services rendered to the association for which bills have not been received at date of statement.

Line 10 - Record liabilities not included on other lines and attach details.

Line 11 - The figure for surplus (deficit) will be the difference between total assets and total liabilities. When the surplus (deficit) figure is inserted, the statement will balance.

CONSTITUENCY ASSOCIATION - CHANGE IN REGISTRATION INFORMATION

.01 When a chief financial officer of a constituency association leaves office for any reason the constituency association must immediately appoint another C.F.O. and give notice in writing to the Commission of the name of the new C.F.O.

section 34(3)

NOTE: The C.F.O. who ceases to hold office is responsible for filing audited statements for his or her term of office not covered by a previous audited statement. (see Guideline G18)

.02 Any change in the information contained in the registered information for a constituency association must be reported to the Commission within thirty (30) days. The change should be reported by filing a new Constituency Association Registration Form.

section 11(4)

.03 Any change in financial statement detail for the constituency association should not be reported on this form, but in the annual financial statements.

sections 42 and 45

.04 Where there has been a change in the chief financial officer, the person accepting the appointment should receive the following documents from the person retiring from the position:

(i) the Commission Guidelines,

(ii) audited financial records of the association up to the date the former C.F.O. ceased to hold office,

(iii) the supply of unused official receipt forms provided by the Commission, and

(iv) a reconciliation of used and unused receipts from the date the last Constituency Association Annual Return was filed with the Commission to the date the transfer of responsibility was affected.

Where the new C.F.O. is not provided with these documents he or she should write and advise the Commission accordingly.

CONSTITUENCY ASSOCIATION - RULES ON CONTRIBUTIONS

GENERAL

.01 The Election Finances Act contains a number of important requirements with regard to the acceptance of contributions by a registered constituency association. As chief financial officer of a registered constituency association, you should become completely familiar with these various provisions. Particular note should be made of the recording requirement, for contributions. (see paragraphs 4.20 to 4.30 below) Since it will be impossible to determine in advance whether the total of contributions from any single source will exceed the limit prescribed by the Act or not, it will be necessary as a practical matter to record both the amount and the name and address of the contributor with regard to each and every contribution received.

WHO MAY CONTRIBUTE

.02 Contributions may be made to a registered constituency association only by the following individuals or organizations:

- A person who is normally resident in the Province of Ontario.

NOTE: An affiliated political organization endorsed by a political party or constituency association registered with the Commission is considered a person for the purpose of making a contribution to a party or constituency association.

- A corporation that carries on business in the Province of Ontario. Many corporations carry on business through subsidiaries and affiliated companies and provided each carries on an "active business" as that expression is defined in paragraph 125(7)(a) of the Income Tax Act (Canada), each qualifies as a contributor.

- A trade union as defined by the Labour Relations Act or the Canada Labour Code, that holds bargaining rights for employees in the Province of Ontario, to whom those Acts apply, including central, regional or district labour councils located in the Province of Ontario.

NOTE: Persons serving in the Armed Forces, Diplomatic Service or similar type of employment abroad are considered residents of Canada and if their normal home was in the Province of Ontario, they are eligible to make a contribution.

sections 17(1) and 30(1)(a)

.03 When contributions are made to a registered constituency association through an unincorporated association or organization (many small businesses such as retail shops and repair shops are unincorporated; so are partnerships such as law firms, and joint ventures by corporations), then the contributor must make a record of each particular person, corporation or trade union who was the ultimate source of the contribution and make a record of the amount of each particular contribution. For example, the Anti-Pollution Society, an unincorporated club, wishes to contribute $1,500 to a registered constituency association. This contribution must be broken down into its particular sources and amounts -- for instance, $500 may have come from Mr. Smith, $500 from Mrs. Jones, $300 from Mr. Adams, and $200 from Miss Young. This information must be made available to the association's chief financial officer before the contribution can be accepted so that the contribution can be properly attributed to the ultimate contributor, and so that receipts can be issued. Note that this requirement does not apply to trade unions as described above.

sections 20 and 27

.04 If the association's chief financial officer learns that any contribution has been accepted from any source other than those permitted, and he or she has not issued an official receipt in acknowledgment of the contribution, he or she must return the contribution or an equivalent sum to the contributor within thirty (30) days after so learning. If an official receipt was issued to the contributor and the contributor fails to return the receipt for cancellation the contribution must be paid to the Commission.

section 18

.05 Anonymous contributions that are received by a registered constituency association, with the exception of money collected at meetings as referred to in para. 4.09, may not be used or expended by the association, but must be returned to the contributor if he or she can be identified, or if he or she cannot be identified, they must be paid over to the Commission.

section 18

.06 A registered constituency association may receive from its political party, or from the campaign account of a registered candidate of that party, or from a Trust Fund registered with the Commission or from the foundation of the party, funds, goods or services in any amount. These funds, goods or services are <u>not</u> considered to be contributions to the registered constituency association.

sections 1(4), 28 and 40(2)

WHO MAY ACCEPT CONTRIBUTIONS

.07 While the chief financial officer or other authorized persons on record with the Commission may accept contributions for any registered constituency association, only the C.F.O. can issue official receipts. Therefore, any contributions which are collected by others -- for example, by means of a door-to-door canvass must be immediately turned over to the association's C.F.O. or other persons on record with the Commission, along with a list of the names and addresses of the contributors and the amounts of their individual contributions.

While the Act permits other authorized persons on record to accept contributions, it is the C.F.O.'s responsibility to ensure that contributions in excess of $25 are by way of a cheque drawn on the contributor's own bank account, a money order signed by the contributor, or the contributor's credit card, and, that contributions by unincorporated associations (e.g. partnerships) are accompanied by a list of the persons sharing in the contribution.

sections 17(2) and 33

TYPES OF CONTRIBUTIONS

.08 If a contribution to a registered constituency association consists of money and if the amount of the contribution exceed $25, it must be made either (a) by cheque, bearing the name of the contributor legibly printed thereon, signed by the contributor and drawn on an account in the contributor's name or (b) by a money order signed by the contributor or (c) in the case of monies contributed by an individual, by a credit card having the name of the individual contributor imprinted or embossed thereon.

section 17(2)

.09 Where funds are raised for a registered constituency association at a general meeting, amounts of $10 or less may be given anonymously and are not considered to be contributions to the registered constituency association.

section 25

.10 There is considerable flexibility for a registered constituency association to allocate funds raised at a fund-raising function between contributions and expenses. However, there is a point at which some portion of the "per person" admission charge (i.e. the price of the admission ticket divided by the number of persons admitted by the ticket) for such a function must be treated as a contribution:

(a) Where the per person charge is $25 or less, it may be considered entirely to cover expenses, entirely a contribution or any combination of contribution and expense allocation.

(b) Where the per person charge is $25 or more, any amount from zero to $25 may be considered entirely to cover expenses but the remainder must be considered a contribution.

(c) If the per person charge is considered entirely a contribution, an official receipt must be issued for the full price of the ticket.

For each event the original allocation of the per person charge between contribution and expense should be consistent for each ticket sold.

REMEMBER: Should the contribution component of any per person charge for admission exceed $25, the entire ticket price must be paid for by a cheque, money order or credit card.

Other income earned in holding a fund-raising event (e.g. refreshment sales) must be recorded and reported to the Commission.

sections 24(2) and 24(3)

.11 Where annual membership fees are paid to a registered constituency association or, in combination, to a registered political party and a registered constituency association and if the total of such fees is $25 or less and, if the registered political party and the registered constituency association maintain a membership list indicating the amount and allocation of each annual fee paid by a member, those fees do not have to be treated as contributions.

section 31

.12 Goods or services (other than those referred to in paragraphs 4.13 and 4.14 below) provided to a registered constituency association from a supplier in any year (excluding a campaign period) or in any campaign period are to be considered as a contribution except where the aggregate value of all goods and services provided by the supplier in a calendar year is valued at $100 or less, the supplier may indicate that he or she does not consider the value to be a contribution. The value of goods and services for purposes of the Act is deemed to be the lowest market price for similar goods or services at the time

of their provision. For example, if a constituency association pays $50 for the rental of a typewriter and the lowest rental price available to other customers is $175, then the difference of $125 is deemed to be a contribution to the constituency association.

section 22

.13 Where a registered constituency association receives any goods produced by voluntary unpaid labour and these goods are not paid for by the party, constituency association, or candidate, then such goods are not considered to be a contribution to the registered constituency association. For example, if an auxiliary group voluntarily makes sandwiches for the association's workers and donates them without charge, this is not a contribution. But, if an individual who owns a catering firm makes a gift of sandwiches which have been produced by paid employees, then this is a contribution to the registered constituency association except where the total value of the gifts of sandwiches by the catering firm does not exceed $100 and the caterer indicates that the value is not to be considered a contribution.

section 1(1)

.14 Where a registered constituency association receives any services performed by an individual voluntarily without compensation from the party, constituency association or candidate, and the individual does not receive from his or her employer or from any person, corporation or trade union pursuant to an arrangement with his or her employer, compensation in excess of that which he or she would normally receive during the period such service is performed, then such services are not considered to be a contribution to the registered constituency association. Note that these must be services actually performed by an individual. For example, if a person volunteers to transport voters in his or her car to the polls on voting day, this is not a contribution to the registered constituency association. Similarly, if employees are given time off from their jobs in order to work voluntarily for the constituency association, this is not a contribution. But, if a person loans goods such as a typewriter or a car for the use of the association, or if he or she donates premises for the use of the association, the value of such use must be considered a contribution except where the value does not exceed $100 and the supplier indicates that he or she does not consider the value a contribution. The difference in the last two examples is that these are not services that have been actually performed by the donor himself or herself.

section 1(1)

LIMITS ON CONTRIBUTIONS

.15 A constituency association may accept contributions only if it is a registered constituency association of a registered political party.

sections 1(1) and 11(1)

.16 In any year, including any campaign period, a person, corporation, or trade union may contribute up to a total of $750 to any one registered constituency association and up to a total of $3,000 to the registered constituency associations of each registered political party.

section 19(1)(a)(ii)

.17 If the association's chief financial officer learns that a contribution has been accepted in excess of the limit, and he or she has not issued an official receipt in acknowledgment of the contribution, he or she must return the amount of the contribution that exceeds the limit to the contributor within thirty (30) days after so learning. If an official receipt was issued to the contributor and the contributor fails to return the receipt for cancellation, the excess contribution must be paid to the Commission.

section 18

.18 A person, corporation, or trade union may only contribute funds that actually belong to him or her or it. (see Guideline G22, para. 22.19 -- re: spouse contributions)

section 20(1)

.19 If the association's chief financial officer learns that any contribution has been accepted which did not actually belong to the contributor, and he or she has not issued an official receipt in acknowledgment of the contribution, he or she must return the contribution within thirty (30) days after so learning. If an official receipt was issued to the contributor and the contributor fails to return the receipt for cancellation, the contribution must be paid to the Commission.

section 18

DEPOSITING, RECORDING AND REPORTING OF CONTRIBUTIONS

.20 All monies that are accepted on behalf of a registered constituency association must be deposited in the named bank, trust company, or other financial institution on record with the Commission. To facilitate audit examination of the records,

duplicate deposit slips should be prepared for all bank deposits whereon the names of the contributors from whom cheques were received are recorded.

section 17(3)

.21 For the purposes of recording, reporting and issuing official receipts, contributions accepted by:

(a) cash, cheque or money order are considered to have been "received" at the time such contributions are deposited in the bank account registered with the Commission.

(b) use of a credit card is considered to have been "received" the date the credit card slip is deposited or submitted to the credit card issuer for payment.

.22 All contributions received during any year, (excluding a campaign period) on behalf of a registered constituency association, having a total aggregate value exceeding $25 from a single source must be recorded by the chief financial officer. In addition, where such contributions (including goods or services) have a total aggregate value exceeding $100 from a single source, the C.F.O. must also record the name and address of the contributor. (see also para. 4.27)

section 35(1)

.23 All the recorded information referred to in paragraph 4.22 above must be reported in an annual return to be filed by the registered constituency association with the Commission on or before May 31st of the year next following the year to which such information relates or the applicable interim audited statement filing should the chief financial officer cease to hold office.

section 35(2)

.24 All contributions received during a campaign period on behalf of a registered constituency association having a total aggregate value exceeding $25 from a single source must be recorded by the association's chief financial officer. In addition, where such contributions (including goods or services) have a total aggregate value exceeding $100 from a single source, the chief financial officer must also record the name and address of the contributor. (see also para. 4.27)

section 35(1)

.25 All the recorded information referred to in paragraph 4.24 above must be reported in a campaign period return to be filed by the registered constituency association with the Commission within six (6) months after polling day.

section 35(2)

.26 Those contributions which are received during any year (excluding a campaign period) are to be recorded separately from those contributions received during a campaign period.

section 35(2)

.27 Note that since it will be impossible to determine in advance whether these limits (see 4.22 and 4.24) will be exceeded or not, it will be necessary, as a practical matter, to record both the amount and the name and address of the contributor with regard to each and every contribution (including all goods and services contributions whether or not specified by the donor to be considered a contribution) received on behalf of the registered constituency association.

.28 Where funds are raised on behalf of a registered constituency association at a general meeting, the gross amount collected at such a meeting must be recorded by the association's chief financial officer and must be reported to the Commission.

section 25

.29 Where funds are raised on behalf of a registered constituency association at a function such as a supper, dance, garden party, or any other social event, the gross income from such functions must be recorded by the association's chief financial officer and must be reported to the Commission.

section 24(2)

.30 Where funds, goods or services are received on behalf of a registered constituency association of a registered political party from that party or a registered official candidate of that party, or from a Trust Fund registered with the Commission or from the foundation of the registered party, the amount and source of these funds, goods or services must be recorded by the association's C.F.O. and funds must be deposited in the named bank or trust company, or other financial institution on record with the Commission.

sections 1(4), 28 and 40(2)

RECEIPTS FOR CONTRIBUTIONS

.31 Official receipts for tax purposes must be issued for every contribution received by a constituency association and the constituency association's chief financial officer is responsible for ensuring proper receipts are completed for every contribution accepted.

There is one situation only where a C.F.O. does not actually prepare an official receipt for a contribution to his or her constituency association and that is in the instance where party officials have provided the Commission with a signed "Declaration of Trust" in relation to Agency Contributions, as explained in Guideline G19.

sections 26 and 34(4)(c)

.32 All literature and other communication used in connection with any solicitation of contributions by or on behalf of a registered constituency association must clearly identify the constituency association as being the recipient or beneficiary of such contributions.

CONSTITUENCY ASSOCIATION - CAMPAIGN PERIOD RETURN

.01 The Act requires that every registered constituency association must file with the Commission not later than six (6) months after polling day, a return or interim audited return should the chief financial officer leave office setting out the total amount of contributions received during a campaign period and where the aggregate contribution exceeds $100 from a single source, the name and address of the contributor.

section 42(c) and
Guideline G18

.02 The Act also requires the chief financial officer of every registered constituency association to file with the Commission not later than six (6) months after polling day, a statement of income and expenses received or incurred in the campaign period together with the auditor's report thereon.

section 43(1)(a)

For Commission purposes this statement is to include all monies received and expended, including unpaid accounts, in the period commencing with the issue of the writ for the election and ending three (3) months after polling day.

It is also a requirement that the cost of campaign materials inventory acquired prior to the writ for the election being issued, shall be reported as a campaign period expense. (see Guideline G24 -- Limit on Campaign Expenses and G25 -- Campaign Materials Inventory and Prepaid Expense)

.03 Gross revenues from each fund-raising function held on behalf of a registered constituency association must also be reported to the Commission by the chief financial officer.

To facilitate examination of each return, the Commission requires the separate reporting of the gross revenue from ticket sales and the gross revenue from other activities in relation to each event.

section 24(2)

CAUTION: In certain circumstances, where an admission charge is made for fund-raising functions, a portion of that charge will be deemed to be a contribution for purposes of the Act. Your attention is directed to Guideline G4, para. .10 and Guideline G31 for further details.

.04 Where a general collection of money takes place at a meeting held on behalf of a registered constituency association, the gross amount collected must be reported to the Commission.

section 25

.05 Where a registered constituency association borrows money from a chartered bank or other recognized lending institution the amount and terms of the loan must be reported to the Commission.

section 36

.06 A constituency association must not incur campaign expenses in an aggregate amount in excess of the amount authorized in writing by the candidate's chief financial officer.

section 39(5)

.07 DEFINITION OF CAMPAIGN EXPENSES

Any expense incurred for goods or services in relation to an election by or on behalf of a constituency association registered with the Commission for use in whole or in part during the period commencing with the issue of the writ for an election and terminating on polling day and, with the exception of the expenses listed below, shall be deemed to include the value of any goods or services held in inventory or any fees or expenses for services for any candidate or political party, and any contribution of goods and services to the constituency association for use in whole or in part during this period.

Expenses not considered a campaign expense are:

(a) expenses incurred by a candidate in seeking nomination in accordance with the Election Act, 1984,

(b) a candidate's deposit as required under the Election Act, 1984; if the deposit was paid by the constituency association the refund of the deposit is to be recorded and reported in the campaign period audited statement,

(c) auditor's and accounting fees,

(d) interest on loans authorized under section 36,

(e) expenses incurred in holding a fund-raising function referred to in section 24, (see Guideline G31, para. .08 regarding restrictions on advertising content)

(f) expenses incurred for "victory parties" held and "thank you" advertising published after polling day,

(g) expenses incurred in relation to the administration of the political party or constituency association including:

1. employment costs associated with permanent full or part-time staff employed by the constituency association,

2. costs associated with research, and

3. costs of polling.

(h) transfers of funds, goods and services among parties, constituency associations and candidates as referred to in section 28,

(i) fees paid in respect to maintaining a credit card facility,

(j) expenses relating to a recount in respect of the election,

(k) child care expenses of a candidate.

Additionally the following are not considered campaign expenses:

(1) Payments made to the candidate in lieu of salary lost during an unpaid leave of absence from his or her employer.

(2) The rent associated with maintaining a temporary residence in the electoral district when the candidate does not maintain a residence therein.

(3) Pre-writ media production expenses incurred in connection with on-going activities of the political party or constituency association and which the predominant purpose was not for the purpose of creating a product for use in the election.

(4) Goods and services provided by a supplier valued at $100 or less in aggregate, which the supplier has indicated is not to be considered a contribution.

section 1(1)

.08 Every person, corporation or trade union who has a claim for payment of a campaign expense must submit such claim within three (3) months after polling day to the constituency association's chief financial officer.

section 39(6)

.09 Where there is a dispute or refusal to pay a claim for payment of a campaign expense, the claim is considered to be a disputed claim and an action for payment may be commenced in any court of competent jurisdiction.

section 39(8)

.10 In order to assist registered constituency associations and their chief financial officers to meet the requirements of the Act as set out in paragraphs 5.01 to 5.09, the Commission will provide a reporting form CR-3 -- STATEMENT OF CAMPAIGN PERIOD INCOME AND EXPENSES - CONSTITUENCY ASSOCIATION. This form must be completed and filed with the Commission, together with the auditor's report, not later than six (6) months after polling day.

section 43(1)

.11 The campaign period return for constituency associations consist of the following:

SCHEDULE 1 - SUMMARY OF CAMPAIGN PERIOD INCOME AND EXPENSES

SCHEDULE 2 - STATEMENT OF CAMPAIGN PERIOD INCOME

SCHEDULE 3 - STATEMENT OF CAMPAIGN PERIOD EXPENSES

SCHEDULE 4 - TERMS OF BORROWINGS

SCHEDULE 5 - RECONCILIATION OF OFFICIAL RECEIPT FORMS

SCHEDULE 6 - CHECK LIST

.12 Before you start to complete the reporting form, it is essential to ensure that all transactions (including cash receipts, cash disbursements and contributions of goods, services and advertising) are properly recorded and that the accounts are properly added and balanced. In approaching preparation of the financial statement you will find that the most logical order of preparation is as follows:

1. Complete Schedule 6 - CHECK LIST
2. Complete Schedule 5 - RECONCILIATION OF OFFICIAL RECEIPT FORMS
3. Complete Schedule 4 - TERMS OF BORROWINGS
4. Complete Schedule 2, Part 1 - CONTRIBUTIONS FROM A SINGLE SOURCE TOTALLING MORE THAN $100

5. Complete Schedule 2, Part 2 - GROSS REVENUE FROM FUND-RAISING FUNCTIONS

6. Complete Schedule 2, Part 3 - GROSS REVENUE FROM SOCIAL FUNCTIONS AND FROM COLLECTIONS AT MEETINGS

7. Complete Schedule 2, Part 4 - SUMMARY OF INCOME

8. Complete Schedule 3, Part 1 - CAMPAIGN EXPENSES SUBJECT TO LIMITATION

9. Complete Schedule 3, Part 2 - EXPENSES EXCLUDED FROM "CAMPAIGN EXPENSES"

10. Complete Schedule 3, Part 3 - SUMMARY OF CAMPAIGN PERIOD EXPENSES

11. Complete Schedule 3, Part 4 - OTHER TRANSACTIONS

12. Complete Schedule 3, Part 5 - STATEMENT OF DISPUTED CLAIMS

13. Complete Schedule 1 - SUMMARY OF CAMPAIGN PERIOD INCOME AND EXPENSES

.13 The following instructions for completing the CR-3 Return and schedules are set out in the above order.

(a) Completion of SCHEDULE 6 - CHECK LIST

Completion of this questionnaire will ensure that particular requirements of the Act have been met and will facilitate preparation and examination of the return.

(b) Completion of SCHEDULE 5 - RECONCILIATION OF OFFICIAL RECEIPT FORMS

It is essential that this schedule is completed to account for all official receipt forms used during the campaign period and as a means of facilitating the preparation of the reconciliation of receipt forms issued, used and on hand which will be required in the preparation of the AR-1 Annual Return.

Copies of the receipts to be filed with the Commission with this Return should be grouped as follows:

1. Valid receipts issued,
2. Cancelled receipts, and
3. Duplicate receipts issued,

with the appropriate notation in the Return of the numbers of the receipts that have been lost or destroyed. The total receipts thus reported should be the same as the reduction in your supply of receipt forms during the campaign period.

The copies of the valid receipts issued and representing net contributions accepted in the campaign period and reported in the Return (Schedule 2, Part 4, Line 7) should have an adding machine tape attached to confirm the figures are in agreement.

(c) Completion of SCHEDULE 4 - TERMS OF BORROWINGS

The information required in this schedule is clearly described on the schedule itself.

(d) Completion of SCHEDULE 2 - STATEMENT OF CAMPAIGN PERIOD INCOME

Part 1

Contributions from a Single Source Totalling More than $100

Enter on this part the name, address and total contribution of each contributor who has contributed more than $100 in aggregate.

The immediate return of contributions totalling over $750 from one source is required provided the original receipt is recovered for cancellation. Where the receipt is not recovered, the excess must be paid to the Commission.

section 18(1)

Goods and services provided are considered a contribution except those provided by voluntary unpaid labour and those valued at $100 or less which a supplier may consider not to be a contribution. (see Guideline G35)

sections 1(1) and 22(2)

Part 2

Gross Revenue from Fund-Raising Functions

On this part of Schedule 2, please complete details as to the date, type of function, per person charge of admission, portion of admission charge deemed to be a contribution, the gross revenue from ticket sales, the revenue from other sources (i.e. refreshments sold), and total revenue from each fund-raising function held during the campaign period. Where more than one person gains admission on a single ticket, the amount to be disclosed is the ticket price divided by the number of persons admitted. Any part of the per person charge up to $25 may be considered not to be a contribution. An official receipt must be issued for the deemed contribution part of every ticket sold.

Part 3

Gross Revenue from Social Functions and from Collections at Meetings

On this part of Schedule 2 please include details of the gross revenue from general collections at meetings which were held during the campaign period. In addition, funds derived from functions strictly social in nature and NOT for the purpose of raising funds are to be recorded with an appropriate description.

Part 4

Summary of Income

Completion of this part of Schedule 2 will be accomplished mainly by entering the information that is available from those parts of the form already completed. Do not include proceeds of bank loans. Proceed as follows:

Line 1 - Enter the total of contributions from a single source totalling more than $100 as shown on Part 1 of Schedule 2.

Line 2 - Enter the total of contributions of $100 or less from a single source.

Line 3 - Enter the total of anonymous contributions accepted. These should be remitted to the Commission and the amount of the remittance reported on Line 6.

Line 5 - Enter the total of any amounts paid over to the Commission as required by the Act.

Line 6 - Enter the total of any remittances to the Commission for anonymous contributions received.

Line 8 - Enter the total from Part 2 of Schedule 2 -- GROSS REVENUE FROM FUND-RAISING FUNCTIONS

Line 10 - Enter the total from Part 3 of Schedule 2 -- GROSS REVENUE FROM SOCIAL FUNCTIONS AND FROM GENERAL COLLECTIONS AT MEETINGS

Line 11 - Enter the total of any memberships received during the campaign period.

Line 12 - Enter the total of any membership fees which have been treated as a contribution (i.e. all membership fees for which a receipt for tax purposes has been issued).

Line 13 - If the candidate's C.F.O. transfers the candidate's surplus in advance of the end of the campaign period, the amount received must be indicated on this line.

Line 14 - Enter details of the transfers from party, constituency associations, candidates' campaign, trust funds, and party foundations. Refer to Guideline G25 for references regarding transfers of inventory and prepaid campaign expenses, Guidelines G28 and G33 provide additional information regarding cash transfers.

Line 15 - Enter the amount of any other income. Do not include proceeds from bank loans, transfers of funds from association's "Annual" bank account or the proceeds from investments sold. Please provide complete details of the sources of any other income.

(e) Completion of SCHEDULE 3 - STATEMENT OF CAMPAIGN PERIOD EXPENSES

This schedule is a summary of expenses incurred during the campaign period. The information is from three (3) sources:

1. Your record of cash disbursements,

2. Information as to expenses incurred but not paid for at the end of the campaign period, and

3. Your record of contributed goods, services and advertising.

   You must refer to Guidelines G24 and G25 to ensure that expenses are properly classified and that inventory of campaign materials and other prepaid campaign expenses have been properly accounted for.

All vouchers for expenses should be retained until permission has been received from the Commission for their destruction. The Commission may request that vouchers be submitted for detailed examination. Full explanation of the nature of the expense should be provided, including a full description of the goods or services provided and the reason for their purchase. Transfers of inventory of campaign materials and prepaid campaign expenses from constituency associations, party, or other candidates should be shown in Part 1 in accordance with Guideline G25. Care should be taken to ensure that the value of inventory of materials carried over from other reporting periods is included in Schedule 4, Part 3, Summary of Campaign Period Expenses.

Part 1

Campaign Expenses Subject to Limitation

This supplementary list of amounts over $100 should be prepared using the headings as follows:

Detail Listing of Campaign Expenses
Subject to Limitation

Name and Address of Supplier	Nature of Expense	Amount Paid	Amount Payable	Value of Contributed Goods & Services
TOTALS				

An analysis is necessary of the expenditures in order that the aggregate payment to any one supplier can be made in the appropriate columns. Where any one supplier is still owed money, this amount should be indicated in the appropriate amount payable, opposite the supplier's name. The information to be shown in the value of contributed goods and services column can be determined from a review of your record of contributed goods and services, and the amounts determined should be entered opposite the appropriate supplier's name.

The next step is to add up the amounts shown in each of these three (3) columns, and to place the appropriate figure in the space provided.

Part 2

Expenses Excluded From "Campaign Expenses"

The supplementary list of amounts over $100 should be prepared using the headings as follows:

Detail Listing of Expenses
Excluded from
"Campaign Expenses"

Name and Address of Supplier	Nature of Expense	Amount Paid	Amount Payable	Value of Contributed Goods & Services
TOTALS				

An analysis is necessary of the expenditures in order that the aggregate payment to any supplier can be entered in the appropriate columns. Where any one supplier of goods or services is still owed money, this amount should be indicated in the appropriate amount payable, opposite the supplier's name. The information to be shown in the value of contributed goods and services column can be determined

from a review of your record of contributed goods and services, and the amounts determined should be entered opposite the appropriate supplier's name.

The next step is to add up the amounts shown in each of these three (3) columns, and to place the appropriate figure in the space provided.

Part 3

Summary of Campaign Period Expenses

The amounts to be shown in Lines 1, 2 and 3 of this statement are to be obtained from Parts 1 and 2 of Schedule 3, with the appropriate totals being determined and shown in the spaces provided. Guideline G25 should be followed carefully to ensure proper treatment of all transactions involving inventory of campaign materials and prepaid campaign expenses reported on Lines 4, 5, 6 and 7 of Schedule 4, Part 3.

Total campaign expenses subject to limitation must be reported on the candidate's CR-1 Return, Schedule 5, Line 5.

Part 4

Other Transactions

To the total determined for Parts 1, 2 and 3 and shown herein is to be added:

(1) Transfers paid out to candidates, the party or other associations including details of such transfers, and

(2) Payments made towards the resolve of the candidate's deficit.

Part 5

Statement of Disputed Claims

Enter the name and address of any person or organization from whom goods or services were purchased and who has not been paid because the account is disputed. Full details of the reason for the dispute should be provided.

Only the portion of disputed claims that has or is anticipated will be paid should be included in expenses. The disputed portion should be shown in Schedule 4, Part 5, Statement of Disputed Claims. The ultimate resolution of any disputed claim should be reported to the Commission.

(f) Completion of SCHEDULE 1 - SUMMARY OF CAMPAIGN PERIOD INCOME AND EXPENSES

Completion of this schedule will be accomplished by entering information that is available on Schedules 2 and 3 with the additional recording of the auditor's fee charged less the subsidy payable by the Commission directly to the auditor.

(g) THE ATTESTATION OF THE CHIEF FINANCIAL OFFICER AND THE AUDITOR

(h) In mailing the completed return to the Commission, please ensure that you forward to the Commission the following in conjunction with the return:

(1) The Commission's copy of all valid receipts and duplicate receipts issued.

(2) The original and the Commission's copy of cancelled receipts.

(3) An explanation of any reported lost or destroyed receipts.

(4) The auditor's report.

(5) The auditor's invoice for the audit fee charged. The auditor's account should indicate clearly his or her fee for the audit services performed separate from any charge for other services, as it is only the audit fee which is subject to subsidy.

(6) All supplementary statements in support of the financial information supplied, and which for the lack of space could not otherwise be listed in the form.

(7) The list of campaign materials inventory and details of prepaid campaign expenses in the schedule form prescribed in Guideline G25, para. .12.

CONSTITUENCY ASSOCIATION - ANNUAL RETURN

.01 This Guideline provides instructions for completion of the financial statements required from each registered constituency association for each calendar year or interim audited statement which is required should the chief financial officer leave office. These statements are to exclude, in the case of a:

(a) general election being called,

(b) by-election being called in an electoral district and where contributions have been accepted or expenditures made in relation to the by-election,

all income and expenses incurred by a constituency association in the applicable campaign periods.

sections 1(1), 42 and 43

.02 The Election Finances Act requires that every registered constituency association file with the Commission an annual return setting out the total amount of contributions received in the year, and where contributions exceed $100 from a single source, the name and address of the contributor. This return must be filed no later than May 31st of the following year. An interim audited statement is required when the chief financial officer leaves office. Note that contributions received during any portion of the year in which a campaign period falls are not to be included in this return. However, the C.F.O. must ensure no contributor makes contributions which in aggregate exceed the $750 calendar year limit provided by the Act.

sections 35(2) and
19(1)(a)(ii)

.03 The Act requires the chief financial officer of every registered constituency association who has held the appointment for a full calendar year to file an annual statement of assets and liabilities as of December 31st and a statement of income and expenses for the year then ended (excluding campaign period income and expenses), together with the auditor's report thereon, not later than May 31st of the following year.

A C.F.O. of a registered constituency association who has held the appointment for part of a calendar year must also file a statement of assets and liabilities at the date he or she ceased to hold office and a statement of income and expenses for the period he or she held office not contained in an earlier audited statement, together with the auditor's report thereon within forty-five (45) days of leaving office.

In each case the statement of income and expenses is to include changes in the constituency association's surplus or deficit in the reporting period.

sections 42 and 45(1)

.04 Gross revenues from each fund-raising function held on behalf of a registered constituency association must be reported. Revenues from functions held during any portion of the year in which a campaign period falls are not to be included in this return.

section 24(2)

CAUTION: In certain circumstances, where admission is charged for a fund-raising function, a portion of that charge will be deemed to be a contribution for purposes of the Act. Your attention is directed to Guideline G31 -- Fund-Raising Functions for further details.

.05 Where a general collection of money takes place at a meeting held on behalf of a registered constituency association, the gross amount collected must be reported. Amounts collected at a meeting held during any portion of the year in which a campaign period falls are not to be included in this return.

section 25

.06 Membership fees may be considered not to be a contribution provided two (2) conditions are met:

(1) the total fee paid to the party and the association does not exceed $25, and

(2) the political party and the constituency association maintain a membership list indicating the amount of such fee or fees paid by each member.

If the two (2) conditions are not met and the source of the money is not supported by records available, (i.e. acknowledged by an official receipt as a contribution) the payment must be considered an anonymous contribution and paid to the Commission.

sections 18(2) and 31

.07 Where a registered constituency association is indebted to a bank or other recognized lending institution at any time during the year, the terms of the indebtedness must be reported.

section 36

.08 In order to assist registered constituency associations and their chief financial officers in meeting the annual reporting requirements of the Act as set out in paragraphs 6.01 to 6.07, the Commission will provide a reporting form AR-1 -- ANNUAL RETURN -- CONSTITUENCY ASSOCIATION. This form must be completed and filed with the Commission together with all related documents not later than May 31st in each year where the C.F.O. has held the office during the latter month(s) of a calendar year. The same form of return, together with the auditor's report, must be filed should the C.F.O. leave office for any reason. (see Guideline G18)

section 42

The annual return for registered constituency associations consists of the following:

SCHEDULE 1 - STATEMENT OF ASSETS AND LIABILITIES AS AT THE END OF REPORTING PERIOD

SCHEDULE 2 - TERMS OF BORROWINGS

SCHEDULE 3 - STATEMENT OF INCOME

SCHEDULE 4 - STATEMENT OF EXPENSES

SCHEDULE 5 - SUMMARY OF INCOME AND EXPENSES

SCHEDULE 6 - RECONCILIATION OF OFFICIAL RECEIPT FORMS

SCHEDULE 7 - CHECK LIST

.09 In approaching the preparation of the financial statements, you will find that the most logical order of preparation is as follows:

1.	Complete Parts 1, 2 & 3 of Schedule 3	- STATEMENT OF INCOME
2.	Complete Part 4 of Schedule 3	- STATEMENT OF INCOME
3.	Complete Schedule 4	- STATEMENT OF EXPENSES
4.	Complete Schedule 5	- SUMMARY OF INCOME AND EXPENSES
5.	Complete Schedule 2	- TERMS OF BORROWINGS
6.	Complete Schedule 1	- STATEMENT OF ASSETS AND LIABILITIES AS AT THE END OF THE REPORTING PERIOD
7.	Complete Schedule 6	- RECONCILIATION OF OFFICIAL RECEIPT FORMS
8.	Complete Schedule 7	- CHECK LIST
9.	Complete	- ATTESTATION OF CHIEF FINANCIAL OFFICER

.10 The following instructions for completion of the forms and schedules are set out in the above order:

(a) Completion of Schedule 3 - STATEMENT OF INCOME

Part 1

Contributions From A Single Source Totalling More Than $100

Enter on this part the information assembled as to the name, address, amount of total contributions and amount of contributions returned from each source from which aggregate total contributions in excess of $100 were received.

The immediate return of contributions totalling over $750 from one source is required provided the original receipt is recovered for cancellation. Where the receipt is not recovered, the excess must be paid to the Commission.

section 18

Goods and services are considered a contribution except those provided by voluntary unpaid labour and those valued at $100 or less which a supplier considers not to be a contribution. (see Guideline G35)

sections 1(1) and 22(2)

Part 2

Gross Revenue From Fund-Raising Functions

On this part of Schedule 3 list details as to the date, type of function, per person charge for admission, portion of admission charge deemed to be a contribution, the gross revenue from ticket sales, the revenue from other sources (i.e. refreshment sales) and gross revenue from each function held on behalf of the constituency association during the annual period.

NOTE: Any part of the per person charge up to $25 may be considered not to be a contribution. An official receipt must be issued for the deemed contribution part of every ticket sold.

Part 3

Gross Revenue From Social Functions and from General Collections at Meetings

On this part of Schedule 3 include details of the gross revenue from general collections at meetings of the constituency association which were held during the annual period. In addition, funds derived from functions strictly social in nature and NOT for the purpose of raising funds are to be recorded with an appropriate description.

Part 4

Summary of Income

Completion of this part of Schedule 3 will be accomplished mainly by entering the information that is available from forms already completed. Proceed as follows:

Line 1 - Enter the total of contributions in excess of $100 in aggregate from a single source as shown on Part 1 of Schedule 3.

Line 2 - Enter the total of contributions of $100 or less from a single source.

Line 3 - Enter contributions accepted from unknown sources.

Line 5 - Enter the total of any amounts paid over to the Commission as required by the Act.

NOTE: Contributions can only be refunded if no receipt has been issued or if the receipt has been returned.

Line 8 - Enter the total from Part 2 of Schedule 3 -- GROSS REVENUE FROM FUND-RAISING FUNCTIONS.

Line 9 - Enter the total amount for which receipts were issued.

Line 10 - Enter the total from Part 3 of Schedule 3 -- GROSS REVENUE FROM SOCIAL FUNCTIONS AND GENERAL COLLECTIONS AT MEETINGS.

Line 11 - Enter the total of any membership fees received during the reporting period.

Line 12 - Enter the total of any membership fees which have been treated as contributions (i.e. all membership fees for which a receipt for tax purposes has been issued).

Line 13 - Enter the amount of money received from the candidate's chief financial officer which should represent the candidate's campaign period surplus reported to the Commission. You should determine from the candidate's C.F.O. that the amount of money received is the same as the surplus reported, otherwise you should obtain an explanation from the candidate's C.F.O. and provide same to the Commission when filing the return.

Line 14 - Enter details of the transfers of funds received from the party, another constituency association, a trust fund, or the party foundation. Payments received for general purposes of the constituency association only are to be reported as transfer transactions. Any payment received for a specific purpose (i.e. fund-raising event ticket purchased by another constituency association) should be reported elsewhere in this schedule. (Also see Guideline G33 -- Transfers Received and Paid Out and Guideline G28 -- Unregistered Political Organizations.)

Line 15 - Enter the amount of any other receipt exclusive of proceeds from loans. Gains or losses on sale of marketable securities should also be entered here.

(b) Completion of Schedule 4 - STATEMENT OF EXPENSES

This schedule is a summary of expenses for the reporting period. Information is from three (3) sources.

- your record of cash disbursements,

- information as to expenses incurred but not paid for at the end of the reporting period,

- your record of contributed goods, services and advertising.

The amount to be shown as paid, payable, or the value of contributed goods and services or any combination thereof opposite each supplier's name, should be the aggregate amount paid to the supplier during the reporting period.

Enter on Line 3 the net result of activities related to campaign materials. (see Guideline G25)

In the matter of transfers paid out to the party or other constituency associations to be reported on Line 4, the payments to be recorded as transfers should be only those for the general purposes of the recipient. Payments made for a specific purpose (i.e., materials supplied) should be recorded as an expense. (see Guideline G33 -- Transfers Received and Paid Out)

The only other item to be reported in this schedule is any payment made toward the retirement of the candidate's campaign deficit (Line 5). The amount shown should agree with the deficit previously reported to the Commission by the candidate's C.F.O. Hence you should have this figure confirmed by the candidate's C.F.O. and if there is any variance you should obtain an explanation and provide full details to the Commission when filing the return.

(c) Completion of Schedule 5 - SUMMARY OF INCOME AND EXPENSES

Completion of this form is self-explanatory either from the information already assembled or contained in the annual return (AR-1 Form) or the campaign period return (CR-3 Form) previously filed with the Commission. The information required on this schedule is clearly evident from the description on the schedule itself.

NOTE: Borrowings and repayments of borrowings are not to be recorded in the Summary of Income and Expenses (Schedule 5) or any of the schedules supporting the figures in this statement.

(d) Completion of Schedule 1 - STATEMENT OF ASSETS AND LIABILITIES AS AT THE END OF REPORTING PERIOD

This statement is comprised of all the assets and liabilities of the association as at the end of the reporting period. It should include the balance of all bank accounts of the association, all amounts owing to the association, all securities and other property owned by it and all unpaid bank loans, bills or other obligations.

Line 1 - Enter the balance of all bank accounts of the association.

Line 2 - Enter the total amount of all petty cash funds.

Line 3 - Enter any amounts owing the constituency association at the end of the reporting period. Record only bona fide claims of the association. Do not record contributions pledged but not yet received. Agency contributions in transit and applicable to the reporting period however must be recorded.

Line 4 - If your constituency association owns any stocks, bonds, or other marketable securities, they should be recorded at cost. Gains and losses on sales during the year should be recorded on Line 15, Part 4 of Schedule 3. You may wish to consult with your auditor to ensure that these transactions are properly recorded.

Line 5 - Since the Commission has suggested that all furniture, fixtures, printing equipment, etc., should be recorded at a nominal value, the amount of $1 should be entered here. The cost of any such items purchased during the reporting period should be recorded as an expense.

Line 6 - Enter the value of any inventory of campaign materials or prepaid campaign expenses at the end of the reporting period. (see Guideline G25)

NOTE: **A detailed list is to be provided in support of the total asset value reported in the schedule form prescribed in Guideline G25, para. .11.**

Line 8 - Enter the total of all unpaid borrowings at the end of the reporting period as shown on Schedule 2.

Line 9 - Enter here the total amount of any bills or invoices which have not yet been paid. In the case of audit fees payable, the amount shown should not include that part that is to be paid (subsidy) by the Commission.

Line 10 - Enter here the estimated amount of any debts which have been incurred but for which you have not received an invoice.

Line 12 - The amount entered here should be the amount on Line 10 of Schedule 5.

(e) Completion of Schedule 6 - RECONCILIATION OF OFFICIAL RECEIPT FORMS

The reconciliation set forth in the return is to be completed so as to indicate not only the unused supply of receipts on hand at the beginning of the reporting period and the unused supply of receipts on hand at the end of the reporting period, but also related details of the receipts used throughout the reporting period and any additional supply received.

You must ensure that the copies of the receipts issued and cancelled in the reporting period of this return are forwarded to the Commission with this return.

In doing so, please ensure an adding machine tape is attached to the valid receipts issued, and the total of the tape is in agreement with the net contributions reported on Line 7 of Part 4 of Schedule 3 -- Statement of Income.

(f) Completion of Schedule 7 - CHECK LIST

Completion of this questionnaire will ensure that particular requirements of the Act have been met and will facilitate preparation and examination of the return.

(g) Complete the ATTESTATION OF THE CHIEF FINANCIAL OFFICER

(h) Ensure that your Auditor completes the required section of the return.

(i) In mailing the completed return to the Commission, please ensure that you forward to the Commission the following in conjunction with the return:

(1) The Commission's copy of all valid receipts and duplicate receipts issued.

(2) The original and the Commission's copy of the cancelled receipts.

(3) An explanation of any reported lost or destroyed receipts.

(4) The Auditor's Report.

(5) The Auditor's Invoice for the audit fee charged.

The auditor's account should indicate clearly his or her fee for the audit services performed separate from any charge for other services, as it is only the audit fee which is subsidized.

(6) All supplementary statements in support or explanation of financial information supplied, and which for the lack of space could not otherwise be listed in the form.

Note the requirement to submit a detailed list of campaign materials inventory and prepaid campaign expenses in the schedule form prescribed in Guideline G25, para. .11.

Commission on Election Finances G 7

Guidelines for Chief Financial Officers

CANDIDATE - APPLICATION FOR REGISTRATION

.01 A candidate at an election of members to the Legislative Assembly of Ontario must be registered with the Commission before accepting any contributions or using any of his or her funds for the purposes of his or her campaign.

sections 14(1), 14(2) and 19(3)

.02 A candidate who files an application for registration form with the Commission:

(a) prior to the issue of a writ for an election is deemed to be registered effective from the issue of the writ.

section 14(4)(a)

(b) after the issue of a writ for an election is deemed to be registered the day the application is received at the offices of the Commission.

section 14(4)(b)

An application for registration forwarded by registered mail to the Commission after the issue of a writ is deemed to have been filed on the day it is mailed.

section 14(5)

.03 All candidates must appoint a chief financial officer and a licensed public accountant as his or her auditor. The C.F.O. of the constituency association may serve as the C.F.O. of the official candidate, however, completely separate banking arrangements and financial records must be established and maintained.

sections 14(3)(e) and 41(1)

.04 The Commission has made forms available for candidates applying for registration. It is important to ensure that complete information is provided for all questions on the application. Application forms are available from the Commission or registered party headquarters.

.05 In cases where the candidate has been nominated by a constituency association in an electoral district, the chief financial officer of the association must attest to that fact in the space provided on the candidate's application for registration.

section 14(3)(a)(ii)

.06 It is not necessary to file any financial statements with the candidate's application for registration. However, as a chief financial officer it is your responsibility to ensure that all requirements of the Act are met, that the necessary financial records are kept and that the necessary audited Statement of Campaign Period Income and Expenses is filed with the Commission. In this connection the Commission urges you to work closely with your candidate's auditor to ensure that all requirements are met.

section 34(4)

CANDIDATE - CHANGE IN REGISTRATION INFORMATION

.01 Where the candidate's chief financial officer ceases for any reason to hold office the candidate shall forthwith appoint another C.F.O. and shall immediately give notice in writing to the Commission of the name of the new C.F.O.

section 34(3)

NOTE: The C.F.O. who ceases to hold office is responsible for filing audited statements for his or her term of office. (see Guideline G18)

.02 Any change in the information contained in the application for registration of a candidate, must be reported to the Commission within thirty (30) days. The change should be reported by filing a new application for registration form.

.03 The Commission must be notified immediately in writing should a registered candidate withdraw from candidacy, or fail to file nomination papers with the returning officer or die prior to polling day. The campaign period for the candidate expires on the day of withdrawal, on nomination day or on his or her death and an audited Statement of Campaign Period Income and Expenses must be filed within sixty (60) days.

section 14(6)

.04 Where there has been a change in the chief financial officer, the person accepting the appointment should receive the following documents from the person retiring from the position.

(i) the Commission Guidelines,

(ii) audited financial records of the candidate up to the date the former C.F.O. ceased to hold office,

(iii) the supply of unused official receipt forms provided by the Commission, and

(iv) a reconciliation of used and unused receipts up to the date the transfer of responsibility was effective.

Where the new C.F.O. is not provided with these documents he or she should write and advise the Commission accordingly.

CANDIDATE - USE OF A CANDIDATE'S OWN FUNDS

.01 The Act provides that any monies to be used for a political campaign by a candidate out of his or her own funds are deemed to be a "contribution" to that candidate.

section 19(3)

.02 A candidate cannot accept contributions unless he or she becomes registered. The earliest that he or she can become registered under the Act is the commencement of a "campaign period". During a campaign period, a candidate can only accept up to $750 from any single source, including himself or herself.

sections 14(2), 14(3)
and 19(1)(b)(ii)

.03 As with all other contributions, any monies which a candidate contributes to himself or herself must be deposited with the named bank, trust company, or other financial institution on record with the Commission.

A contribution is also considered to have been made if the candidate is not reimbursed for campaign expenses paid out of his or her own funds and a statement of such disbursements with accompanying receipts and vouchers must be provided to the chief financial officer within three (3) months after polling day.

section 19(3)

.04 Note that the following monies are not considered to be a candidate's own funds for the purposes of the Act:

(a) contributions to a registered candidate (other than from himself or herself) as permitted during a campaign period.

section 19(1)(b)(ii)

(b) loans to a registered candidate from a chartered bank or other recognized lending institution provided that all such loans and their terms are recorded by the candidate's chief financial officer and reported to the Commission.

section 36

(c) transfers of funds to a registered official candidate of a registered political party from his or her party or his or her constituency association.

section 28

(d) transfers of funds to a registered official candidate of a registered political party from the foundation of that party or from a Trust Fund on record with the Commission.

sections 1(4) and 40(2)

.05 The deposit of $200 required to be paid to the Chief Election Officer pursuant to the Election Act is not considered to be a "contribution" under the Act nor is it considered to be:

(1) "a candidate's own funds" for purposes of the Act, whether or not such deposit is refunded, or

(2) a campaign expense in relation to an election.

section 1(1)

CANDIDATE - RULES ON CONTRIBUTIONS

GENERAL

.01 The Election Finances Act contains a number of important requirements with regard to the acceptance of contributions by a registered candidate. As chief financial officer of a registered candidate, you should become completely familiar with these various provisions. (Particular note should be made of the recording requirements for contributions -- see paragraphs 10.27 -- 10.34 below.)

Since it will be impossible to determine in advance whether the total of contributions from any single source will exceed the limit prescribed by the Act or not, it will be necessary, as a practical matter, to record both the amount and the name and address of the contributor with regard to each and every contribution received.

.02 No person, whether he or she is a candidate or not may accept contributions for the purposes of his or her candidacy or future candidacy or for the purposes of his or her political campaign for election to the Legislative Assembly of Ontario unless, and until he or she becomes a registered candidate under the Act. (see Guideline G7)

Candidates who file applications for registration prior to the issue of a writ for an election are deemed registered as of the date of the writ, while candidates filing an application by registered mail after the date of the writ, are deemed to be registered on the day the application is mailed.

section 14(5)

.03 Contributions on behalf of an unregistered candidate or a potential candidate can be accepted only by a registered party or a registered constituency association. These contributions are of course subject to the limits set out in section 19(1) of the Act. No other association nor any person, corporation or trade union acting on behalf of anyone other than a registered candidate may accept contributions.

sections 10(1), 11(1) and 14(2)

.04 It should also be noted that the Act makes a general exception from this prohibition in the case of contributions accepted for the purposes of any campaign or convention carried on or held in relation to contested constituency nominations for endorsation of official party candidates. Contributions

accepted for contesting the nomination are neither prohibited or limited under the Act nor eligible for an official receipt for provincial tax purposes.

section 1(3)

DURING A CAMPAIGN PERIOD

.05 There are a number of provisions contained in the Act relating to contributions to a registered candidate during a campaign period. These provisions deal with such questions as:

(1) who may contribute,

(2) who may accept contributions,

(3) types of contributions,

(4) limits on contributions, and

(5) the depositing, recording, and reporting of contributions.

Each of these topics is outlined in detail in the paragraphs that follow:

WHO MAY CONTRIBUTE

.06 Contributions may be made to a registered candidate only by the following individuals or organizations:

- A person who is normally resident in the Province of Ontario.

  NOTE: An affiliated political organization endorsed by a political party or constituency association registered with the Commission is considered a "person" for the purpose of making a contribution to a party or constituency association. However, they may NOT make a contribution to a candidate's campaign.

  section 27(3)

- A corporation that carries on business in the Province of Ontario. Many corporations carry on business through subsidiaries and affiliated companies and provided each business carries on an "active business" as that expression is defined in paragraph 125 (7)(a) of the Income Tax Act (Canada) each qualifies as a contributor.

- A trade union as defined by the Labour Relations Act or the Canada Labour Code that holds bargaining rights for employees in the Province of Ontario to whom those Acts apply and includes any central, regional or district labour council located in the Province of Ontario.

NOTE: Persons serving in the Armed Forces, Diplomatic Service or similar type of employment abroad are considered residents of Canada and if their normal home was in the Province of Ontario, they are eligible to make a contribution.

sections 17(1) and 30(1)(a)

.07 Where contributions are made to a registered candidate through an unincorporated association or organization (many small businesses such as retail stores and repair shops are unincorporated; so are partnerships such as law firms and joint ventures by corporations), then the contributor must make a record of each particular person, corporation or trade union who was the ultimate source of the contribution and make a record of the amount of each particular contribution. For example, Brown's Bakery which is an unincorporated business, wishes to contribute $100 to a registered candidate. This contribution must be broken down into its particular sources and amounts -- for instance, $40 may have come from Mr. Brown, $30 from Mrs. Brown, $20 from Mr. White and $10 from Mr. Black. This information must then be made available to the candidate's chief financial officer before the contribution can be accepted so that the contribution can be properly attributed to the ultimate contributor and so that receipts can be issued. Note that this requirement does not apply to trade unions as described above.

sections 20(1) and 27

.08 If the registered candidate's chief financial officer learns that any contribution has been accepted from any source other than those permitted and he or she has not issued an official receipt in acknowledgment of the contribution he or she must return the contribution or an equivalent sum to the contributor within thirty (30) days after so learning. If an official receipt was issued to the contributor and the contributor fails to return the receipt for cancellation the contribution must be paid to the Commission.

section 18

.09 A registered candidate may also use his or her own funds for the purposes of an election campaign. However, he or she is governed by the same limitations that apply to any other person who wishes to contribute to his or her campaign. This means that a candidate may only use $750 of his or her own funds for his or her own election campaign during a campaign period.

section 19(3)

.10 Anonymous contributions that are received by a registered candidate with the exception of collection of money at meetings referred to in para. 10.14, may not be used or expended by the candidate, but must be returned to the contributor if he or she can be identified, or if he or she cannot be identified, they must be paid over to the Commission.

section 18

.11 An official candidate of a registered political party may receive from his or her party or his or her constituency association or from a Trust Fund registered with the Commission or from the foundation of his or her party, funds, goods or services in any amount. These funds, goods or services are not considered to be contributions to the registered candidate. (see para. 10.34)

sections 1(4), 28 and 40(2)

WHO MAY ACCEPT CONTRIBUTIONS

.12 While the chief financial officer or other authorized persons on record with the Commission may accept contributions for a registered candidate, only the C.F.O. can issue official receipts. Therefore, any contributions which are collected by others -- for example, by means of a door-to-door canvass -- must be immediately turned over to the candidate's C.F.O. or other persons on record with the Commission, along with a list of the names and addresses of the contributors and the amounts of their individual contributions.

section 33

TYPES OF CONTRIBUTIONS

.13 If a contribution to a registered candidate consists of money and if the amount of the contribution exceeds $25, it must be made either (a) by a cheque having the name of the contributor legibly printed thereon, signed by the contributor, and drawn on an account in the contributor's name or (b) by money order

signed by the contributor or (c) in the case of monies contributed by an individual by a credit card having the name of the individual imprinted or embossed thereon.

section 17(2)

.14 Where funds are raised for a registered candidate at a general meeting, amounts of $10 or less may be given anonymously and are not considered to be contributions to the registered candidate.

section 25

.15 There is considerable flexibility for a registered candidate to allocate funds raised at a fund-raising function between contributions and expenses. However, there is a point at which some portion of the per person admission charge (i.e. the price of the admission ticket divided by the number of persons admitted by the ticket) for such a function must be treated as a contribution:

(a) Where the per person charge is $25 or less, it may be considered entirely to cover expenses, entirely a contribution or any combination of contribution and expense allocation.

(b) Where the per person charge is $25 or more, any amount from zero to $25 may be considered entirely to cover expenses but the remainder must be considered a contribution.

(c) If the per person charge is considered entirely a contribution, an official receipt must be issued for the full price of the ticket.

For each event the original allocation of the per person charge between a contribution and expense should be consistent for each ticket sold.

REMEMBER: Should the contribution component of any per person charge for admission exceed $25, the entire ticket price must be paid for by a cheque, money order or credit card.

Other income earned in holding a fund-raising event (e.g. refreshment sales) must be recorded and reported to the Commission.

sections 24(2) and 24(3)

.16 Goods or services (other than those referred to in paragraphs 10.17 and 10.18 below) provided to a registered candidate from a supplier in the campaign period are to be considered as a contribution except where the aggregate value of all goods and services provided by the supplier in the period is valued at $100 or less, the supplier may indicate that he or she does not consider the value to be a contribution. The value of goods and services for purposes of the Act is deemed to be the lowest market price for similar goods or services at the time of their provision. For example, if a candidate pays $150 for the printing of handbills, and the lowest market price available to other customers is $275, then the difference of $125, is deemed to be a contribution to the candidate by the printer.

section 22

.17 Where a registered candidate receives any goods produced by voluntary labour and these goods are not paid for by the party, constituency association or candidate, then such goods are not considered to be a contribution to the registered candidate. For example if a group of voluntary workers make up lawn signs for a candidate, this is not a contribution. But, if a person in the printing business has his or her paid employees print the candidate's name on the lawn signs this is a contribution to the registered candidate except where the total value of goods and services provided by the printer does not exceed $100 AND the printer indicates their value is not to be considered a contribution.

section 1(1)

.18 Where a registered candidate receives any services performed by an individual voluntarily without compensation from the party, constituency association or candidate and the individual does not receive from his or her employer or from any person, corporation or trade union pursuant to an arrangement with his or her employer, compensation in excess of that which he or she would normally receive during the period such service is performed, then such services are not considered to be a contribution to the registered candidate. Note that these must be services actually performed by an individual. For example, if a person volunteers to transport voters in his or her car to the polls on voting day, this is not a contribution to the registered candidate. Similarly, if employees are given time off from their jobs in order to work voluntarily for the candidate this is not a contribution. But, if a person loans goods such as a typewriter or car or makes space available for the use of the candidate then this is a contribution to the registered candidate, and the value of such use must be considered a contribution except where the total value of goods and services provided by the person does not exceed $100 and the person indicates that he or she does not consider the

value a contribution. The difference in the last two examples is that these are not services that have been actually performed by the donor himself or herself.

section 1(1)

.19 Where advertising having a total aggregate cost exceeding $100 from a single source is provided on behalf of a registered candidate by any person, corporation or trade union with the candidate's knowledge and consent, the advertising is considered to be a contribution to the registered candidate. However, where broadcasting facilities are provided without charge in accordance with the provisions of the Broadcasting Act (Canada), the regulations thereunder and guides published in accordance therewith, the provision of such free time does not have to be considered a contribution to those parties or candidates under the Act.

section 23(1)

.20 Note that the activity that constitutes a contribution in paragraph 10.19 above is the promotion of the election of a candidate or the opposition of any other registered candidate by advertising on the facilities of any broadcasting undertaking or by publishing an advertisement in any newspaper, magazine, or other periodical publication, or printed leaflets, pamphlets, or other documents, or through the use of any outdoor advertising facility.

sections 23(1) and 1(1)

LIMITS ON CONTRIBUTIONS

.21 A registered candidate may only accept contributions during the period in which he or she is a registered candidate. The earliest that he or she can become a registered candidate is the commencement of a campaign period. A campaign period is defined as the period commencing with the issue of a writ for an election and terminating three (3) months after polling day.

sections 14(2) and 1(1)

.22 In any campaign period a person, corporation or trade union may contribute up to a total of $750 to any one registered candidate and up to a total of $3,000 to registered candidates of each registered political party.

section 19(1)(b)(ii)

.23 A candidate may use only a total up to $750 of his or her own funds towards his or her own political campaign and these funds may only be used during a campaign period. (see Guideline G9 -- The Use of a Candidate's Own Funds)

.24 If the registered candidate's chief financial officer learns that any contribution has been accepted in excess of the limit and the contribution has not been acknowledged by an official receipt, he or she must return the amount of the contribution that exceeds the limit to the contributor within thirty (30) days after so learning.

If an official receipt was issued to the contributor and the contributor fails to return the receipt for cancellation the contribution must be paid to the Commission.

section 18

.25 A person, corporation or trade union may only contribute funds that actually belong to the contributor. (see Guideline G22, para. 22.19 -- re: spouse contributions)

section 20(1)

.26 If the registered candidate's chief financial officer learns that any contribution has been accepted which did not actually belong to the contributor and he or she has not issued an official receipt in acknowledgment of the contribution, he or she must return the contribution within thirty (30) days after so learning.

If an official receipt was issued to the contributor and the contributor fails to return the receipt for cancellation the contribution must be paid to the Commission.

section 18

DEPOSITING, RECORDING AND REPORTING OF CONTRIBUTIONS

.27 All monies that are accepted on behalf of a registered candidate, including his or her own funds to be used for the purposes of his or her own candidacy or campaign, must be deposited in the named bank, trust company or other financial institution on record with the Commission.

To facilitate audit examination of the records, duplicate deposit slips should be prepared for all bank deposits whereon the names of the contributors from whom cheques were received are recorded.

Cheques received from credit card institutions for credit card contributions accepted will be supported by contributor details in accounts rendered to the institution for payment.

section 27(3)

.28 For the purposes of recording, reporting and issuing official receipts for contributions accepted by:

(a) Cash, cheque or money order are considered to have been "received" at the time such contributions are deposited in the bank account registered with the Commission.

(b) Use of a credit card is considered to have been "received" the date the credit card slip is deposited or submitted to the credit card issuer for payment.

.29 All contributions received during a campaign period on behalf of a registered candidate having a total aggregate value exceeding $25 from a single source must be recorded by the candidate's chief financial officer. In addition, where such contributions (including goods, services or advertising) have a total aggregate value exceeding $100 from a single source, the C.F.O. must also record the name and address of the contributor. (see para. 10.30)

section 35(1)

.30 Note that since it will be impossible to determine in advance whether the total contributions from a single source will exceed $100 or not, it will be necessary, as a practical matter, to record both the amount and the name and address of the contributor with regard to each and every contribution received by or on behalf of the registered candidate.

.31 All contributions which have been recorded during a campaign period must be reported in a campaign period return to be filed by the candidate's chief financial officer with the Commission within six (6) months after polling day.

section 35(1)

.32 Where funds are raised for a registered candidate at a general meeting, the gross amount collected at such a meeting must be recorded by the candidate's chief financial officer and must be reported to the Commission.

section 25

.33 Where funds are raised for a registered candidate at a function such as a supper, dance, garden party or any other social event, the gross income from such a function must be recorded by the candidate's chief financial officer and must be reported to the Commission. (see Guideline G31)

section 24(2)

.34 Where funds, goods or services are received on behalf of a registered candidate from his or her political party or constituency association or from a Trust Fund registered with the Commission or from the foundation of his or her political party, the amount and source of these funds, goods or services must be recorded by the candidate's chief financial officer and funds must be deposited in the named bank, trust company or other financial institution on record with the Commission.

sections 1(4), 28 and 40(2)

RECEIPTS FOR CONTRIBUTIONS

.35 Official receipts for tax purposes must be issued for every contribution received by a candidate's campaign and the candidate's chief financial officer is responsible for ensuring proper receipts are completed for every contribution accepted.

There is one situation only where a C.F.O. does not actually prepare an official receipt for a contribution to his or her candidate and that is in the instance where party officials have provided the Commission with a signed "Declaration of Trust" in relation to Agency Contributions, as explained in Guideline G19.

sections 26 and 34(4)(c)

.36 All literature and other communication used in connection with any solicitation of contributions by or on behalf of a registered candidate must clearly identify the candidate as being the recipient or beneficiary of such contributions.

CANDIDATE - CAMPAIGN PERIOD RETURN

.01 This Guideline provides instructions for completion of the candidate's campaign period return (the period commencing the date the candidate is registered with the Commission and terminating not later than three (3) months after polling day) to be filed with the Commission by each registered candidate, not later than six (6) months after polling day.

.02 Where a registered candidate withdraws his or her candidacy prior to polling day or fails to file nomination papers with the returning officer under the Election Act, 1984 or dies prior to polling day, the campaign period with respect to the candidate is deemed to expire on the day of the withdrawal of the candidacy, on nomination day or on the day of his or her death, whichever first occurs, and the chief financial officer for that candidate shall file with the Commission the audited Statement of Campaign Income and Expenses for the candidate's campaign (section 43) within sixty (60) days after the deemed expiration of the campaign period with respect to that candidate.

section 14(6)

.03 The Act requires that every registered candidate must file with the Commission not later than six (6) months after polling day, a return or interim audited return should the chief financial officer leave office or the candidate withdraw setting out the total amount of contributions received, and where the aggregate contribution exceeds $100 from a single source, the name and address of the contributor, and the gross amount contributed.

section 35(1)

.04 The Act also requires the chief financial officer of every registered candidate to file with the Commission not later than six (6) months after polling day a statement of campaign income and expenses, together with the auditor's report thereon.

section 43(1)

.05 Gross revenue from fund-raising functions held on behalf of a registered candidate must also be reported to the Commission by the chief financial officer.

To facilitate examination of the return the Commission requires the separate reporting of the gross revenue from ticket sales and the gross revenue from other activities in relation to each event.

section 24(2)

CAUTION: In certain circumstances, where an admission charge is made for a fund-raising function, a portion of that charge will be deemed to be a contribution for purposes of the Act. Your attention is directed to Guideline G10, para. .15 and Guideline G31 for further details.

.06 Where a general collection of money takes place at a meeting held on behalf of a registered candidate, the gross amount collected must be reported to the Commission.

section 25

.07 Where a registered candidate borrows money from a chartered bank or other recognized lending institution, the amount and the terms of the loan must be reported to the Commission.

section 36

DEFINITION OF CAMPAIGN EXPENSES

.08 Any expense incurred for goods or services in relation to an election by or on behalf of a candidate registered with the Commission for use in whole or in part during the period commencing with the issue of the writ for an election and terminating on polling day and, with the exception of the expenses listed below, shall be deemed to include the value of any goods or services held in inventory or any fees or expenses for services for any candidate and any contribution of goods and services to the candidate for use in whole or in part during this period.

Expenses not considered a campaign expense are:

(a) expenses incurred by a candidate in seeking nomination in accordance with the Election Act, 1984,

(b) a candidate's deposit as required under the Election Act, 1984; if the deposit was paid from the candidate's campaign bank account the refund of the deposit is to be recorded and reported in the campaign period audited statement,

(c) auditor's and accounting fees,

(d) interest on loans authorized under section 36,

(e) expenses incurred in holding a fund-raising function referred to in section 24, (see Guideline G31, para. .08 regarding restrictions on advertising content)

(f) expenses incurred for "victory parties" held and "thank you" advertising published after polling day,

(g) expenses incurred in relation to the administration of the political party or constituency association including:

1. employment costs associated with permanent full or part-time staff employed by the party or constituency association,

2. costs associated with research, and

3. costs of polling.

(h) transfers of funds, goods and services among parties, constituency associations and candidates, as referred to in section 28,

(i) fees paid in respect to maintaining a credit card facility,

(j) expenses relating to a recount in respect of the election,

(k) child care expenses of a candidate.

Additionally, the following are not considered campaign expenses:

(1) Payments made to the candidate in lieu of salary lost during an unpaid leave of absence from his or her employer.

(2) The rent associated with maintaining a temporary residence in the electoral district when the candidate does not maintain a residence therein.

(3) Pre-writ media production expenses incurred in connection with on-going activities of the political party or constituency association and which the predominant purpose was not for the purpose of creating a product for use in the election.

(4) Goods and services provided by a supplier, valued at $100 or less in aggregate, which the supplier has indicated is not to be considered a contribution.

section 1(1)

.09 The constituency association must not incur campaign expenses in an aggregate amount in excess of the amount approved in writing by the candidate's chief financial officer.

section 39(5)

.10 Where the campaign expenses of a candidate and his or her constituency association exceed the limit provided under the Act and the candidate qualifies for the candidate's campaign expense subsidy, the Act provides that the subsidy payable is to be reduced by $1 for every $1 the expense limitation is exceeded, may be fined, and in the event of an elected member may forfeit his or her seat.

section 39(4)

.11 Every person, corporation or trade union who has a claim for payment of a campaign expense must submit such claim within three (3) months after polling day to the candidate's chief financial officer.

section 39(6)

.12 Where there is a dispute or refusal to pay a claim for payment of a campaign expense, the claim is considered to be a disputed claim and an action for payment may be commenced in any court of competent jurisdiction.

section 39(8)

.13 In order to assist registered candidates and their chief financial officers to meet the reporting requirements of the Act as set out in paragraphs 11.01 to 11.12, the Commission will provide a reporting form CR-1, STATEMENT OF CAMPAIGN INCOME AND EXPENSES -- CANDIDATE. This form must be completed and filed with the Commission not later than six (6) months after polling day. The candidate will not be entitled to the reimbursement of campaign expenses provided under sections 46(1) and 46(2) until the completed form, the auditor's report, and all other required documentation is received by the Commission.

section 46(3)

.14 The campaign period return for candidates consists of the following:

Schedule 1 - SUMMARY OF CAMPAIGN INCOME AND EXPENSES

Schedule 2 - RECONCILIATION OF SURPLUS OR DEFICIT ACCOUNT

Schedule 3 - STATEMENT OF CAMPAIGN PERIOD INCOME

Schedule 4 - STATEMENT OF CAMPAIGN PERIOD EXPENSES

Schedule 5 - COMPUTATION OF CANDIDATE'S CAMPAIGN EXPENSE LIMIT

Schedule 6 - TERMS OF BORROWINGS

Schedule 7 - RECONCILIATION OF OFFICIAL RECEIPT FORMS

Schedule 8 - CHECK LIST

.15 Before you start to complete the reporting form, it is essential to ensure that all transactions (including cash receipts, cash disbursements and contributions of goods, services and advertising) are properly recorded and that the accounts are properly added and balanced. In approaching preparation of the financial statement you will find that the most logical order of preparation is as follows:

1. Complete Schedule 8 - CHECK LIST
2. Complete Schedule 7 - RECONCILIATION OF OFFICIAL RECEIPT FORMS
3. Complete Schedule 6 - TERMS OF BORROWINGS
4. Complete Schedule 3, Part 1 - CONTRIBUTIONS FROM A SINGLE SOURCE TOTALLING MORE THAN $100
5. Complete Schedule 3, Part 2 - GROSS REVENUE FROM FUND-RAISING FUNCTIONS
6. Complete Schedule 3, Part 3 - GROSS REVENUE FROM SOCIAL FUNCTIONS AND FROM COLLECTIONS AT MEETINGS
7. Complete Schedule 3, Part 4 - SUMMARY OF INCOME
8. Complete Schedule 4, Part 1 - CAMPAIGN EXPENSES SUBJECT TO LIMITATION AND SUBSIDY ENTITLEMENT
9. Complete Schedule 4, Part 2 - EXPENSES EXCLUDED FROM "CAMPAIGN EXPENSES"
10. Complete Schedule 4, Part 3 - SUMMARY OF CAMPAIGN PERIOD EXPENSES
11. Complete Schedule 4, Part 4 - STATEMENT OF DISPUTED CLAIMS
12. Complete Schedule 5 - COMPUTATION OF CANDIDATE'S CAMPAIGN EXPENSE LIMIT AND SUBSIDY ENTITLEMENT
13. Complete Schedule 1 - SUMMARY OF CAMPAIGN INCOME AND EXPENSES
14. Complete Schedule 2 - RECONCILIATION OF SURPLUS OR DEFICIT ACCOUNT

.16 The following instructions for completing the CR-1 Return and schedules are set out in the above order.

(a) Completion of SCHEDULE 8 - CHECK LIST

Completion of this questionnaire will ensure that particular requirements of the Act have been met and will facilitate preparation and examination of the return. Explanations must be provided for all "No" answers.

(b) Completion of SCHEDULE 7 - RECONCILIATION OF OFFICIAL RECEIPT FORMS

The reconciliation set forth in the return is to be completed so as to indicate not only the supply of official receipt forms received from the Commission, subsequent to registration of the candidate, and the unused supply being returned to the Commission with the filing of the campaign period return, but also the quantity of receipts used that fell into the following categories:

1. Valid receipts issued,

2. Cancelled receipts,

3. Lost or destroyed receipts, and

4. Duplicate receipts issued.

Copies of the various receipts to be filed with the Commission should be grouped into the four (4) above mentioned categories, making up the total used receipts during the campaign period. In addition an adding machine tape should be attached to the valid receipts issued, and the total of this adding machine tape should agree with the total value of net contributions reported on Line 7 of Part 4 of Schedule 3 -- Statement of Campaign Period Income.

(c) Completion of SCHEDULE 6 - TERMS OF BORROWINGS

Information required on this schedule is clearly evident from the descriptions on it. Be sure to include relevant details of all loans to the candidate which were used to finance the candidate's campaign.

Money should only be borrowed in the campaign period and only from authorized lending institutions.

The balance outstanding at the time the form is completed should be reported on Schedule 2, Line 6 as part of the reconciliation of the candidate's surplus or deficit.

(d) Completion of SCHEDULE 3 - STATEMENT OF CAMPAIGN PERIOD INCOME

Part 1

Contributions from a Single Source Totalling More than $100

Enter on this part the name, address and total contribution of each contributor who has contributed more than $100 in aggregate. The immediate return of contributions totalling over $750 from one source is required provided the original receipt is recovered for cancellation. Where the receipt is not recovered, the excess must be paid to the Commission.

section 18(1)

Goods and service provided are considered a contribution except those provided by voluntary unpaid labour and those valued at $100 or less which a supplier may consider not to be a contribution. (see Guideline G35)

sections 1(1) and 22(2)

Part 2

Gross Revenue from Fund-Raising Functions

On this part of Schedule 3, complete details as to the date, type of function, per person charge or admission, portion of admission charge deemed to be a contribution, the gross revenue from ticket sales, the revenue from other sources (i.e. refreshment sales) and total revenue from each fund-raising function held on behalf of the candidate during the campaign period. Where more than one person gains admission on a single ticket, the amount to be disclosed is the ticket price divided by the number of persons admitted. Any part of the per person charge up to $25 may be considered not to be a contribution. An official receipt must be issued for the deemed contribution part of every ticket sold.

Part 3

Gross Revenue from Social Functions and From Collections at Meetings

On this part of Schedule 3 include details of the gross revenue from general collections at meetings on behalf of the candidate's campaign which were held during

the campaign period. In addition funds derived from functions strictly social in nature and NOT for the purpose of raising funds are to be recorded with an appropriate description.

Part 4

Summary of Income

Completion of this part of Schedule 3 will be accomplished mainly by entering the information that is available from those parts of the form already completed. Do not include proceeds of bank loans income. Proceed as follows:

Line 1 - Enter the total contributions from a single source totalling more than $100 as shown on Part 1 of Schedule 3.

Line 2 - Enter the total of contributions of $100 or less from a single source.

Line 3 - Enter the total of anonymous contributions accepted. These should be remitted to the Commission and the amount of the remittance should be reported on Line 6.

Line 5 - Enter the total of any amounts paid over to the Commission as required by the Act.

NOTE: Contributions can only be refunded if no receipt has been issued or if the receipt has been returned.

Line 6 - Enter the total of any remittances to the Commission for anonymous contributions accepted.

Line 7 - Enter the total from Part 2 of Schedule 2 -- GROSS REVENUE FROM FUND-RAISING FUNCTIONS.

Line 10 - Enter the total from Part 3 of Schedule 3 -- GROSS REVENUE FROM SOCIAL FUNCTIONS AND FROM GENERAL COLLECTIONS AT MEETINGS.

Line 11 - Enter details of the transfers from party, constituency associations, candidate's campaign, trust funds, and party foundations. Refer to Guideline G25 for references regarding transfers of inventory and prepaid campaign expenses. Guidelines G28 and G33 provide additional information regarding cash transfers.

Line 12 - Enter the amount of any other income exclusive of proceeds from loans. Please provide complete details of the sources of any other income.

(e) Completion of SCHEDULE 4 - STATEMENT OF CAMPAIGN PERIOD EXPENSES

This schedule is a summary of expenses incurred in the campaign period. The information is from three (3) sources:

1. Your record of cash disbursements,

2. Information as to expenses incurred but not paid for at the end of the campaign period, and

3. Your record of contributed goods, services and advertising.

You MUST refer to Guidelines G24 and G25 to ensure that expenses are properly classified and that inventory of campaign materials and other prepaid campaign expenses have been properly accounted for.

All vouchers for expenses should be retained until permission has been received from the Commission for their destruction. The Commission may request that vouchers be submitted for detailed examination.

Full explanation of the nature of the expense should be provided, including a full description of the goods or services provided and the reason for their purchase.

Transfers of inventory of campaign materials and prepaid campaign expenses from constituency associations, party or other candidate's campaigns should be shown in accordance with Guideline G25. Care should be taken to ensure that the value of inventory of materials carried over from other reporting periods is included in Schedule 4, Part 3, Summary of Campaign Period Expenses.

NOTE: The Campaign Return is to be accompanied by:

(a) the list of opening campaign materials inventory and prepaid campaign expense list, and

(b) the list of closing reusable campaign materials inventory,

prepared in the schedule form prescribed in Guideline G25, para. .12.

Part 1

Campaign Expenses Subject to Limitation

This supplementary list of amounts over $100 should be prepared using the headings as follows:

Detail Listing of Campaign Expenses
Subject to Limitation

Name and Address of Supplier	Nature of Expense	Amount Paid	Amount Payable	Value of Contributed Goods & Services
TOTALS				

An analysis is necessary of the expenditures in order that the aggregate payment to any one supplier can be entered in the appropriate columns. Where any supplier is still owed money, this amount should be indicated in the appropriate amount payable, opposite the supplier name. The information to be shown in the value of contributed goods and services column can be determined from a review of your record of contributed goods and services, and the amounts determined should be entered opposite the appropriate supplier's name.

The next step is to add up the amounts shown in each of these three (3) columns, and to place the appropriate figure in the space provided.

Part 2

Expenses Excluded From "Campaign Expenses"

The supplementary list of amounts over $100 should be prepared using the headings as follows:

Detail Listing of Expenses
Excluded from
"Campaign Expenses"

Name and Address of Supplier	Nature of Expense	Amount Paid	Amount Payable	Value of Contributed Goods & Services
TOTALS				

An analysis is necessary of the expenditures in order that the aggregate payment to any one supplier can be entered in the appropriate columns. Where any supplier of goods and services is still owed money, this amount should be indicated in the appropriate amount payable, opposite the supplier's name. The information to be shown in the value of contributed goods and services column can be determined from a review of your record of contributed goods and services, and the amounts determined should be entered opposite the appropriate supplier's name.

The next step is to add up the amounts shown in each of these three (3) columns and to place the appropriate figure in the space provided.

Part 3

Summary of Campaign Period Expenses

The amounts to be shown in Lines 1, 2 and 3 of this statement are to be obtained from Parts 1 and 2 of Schedule 4, with the appropriate totals being determined and shown in the spaces provided.

Guideline G25 should be followed carefully to ensure proper treatment of all transactions involving inventory of campaign materials and prepaid campaign expenses reported on Lines 4 and 5 of Schedule 4, Part 3.

Part 4

Statement of Disputed Claims

Enter the name and address of any person or organization from whom goods or services were purchased and who has not been paid because the account is disputed. Full details of the reason for the dispute should be provided.

Only the portion of disputed claims that has or is anticipated will be paid should be included in expenses. The disputed portion should be shown in Schedule 4, Part 4, Statement of Disputed Claims. The ultimate resolution of any disputed claim should be reported to the Commission.

(f) Completion of SCHEDULE 5 - COMPUTATION OF CANDIDATE'S CAMPAIGN EXPENSE LIMIT AND SUBSIDY ENTITLEMENT

The calculations in this schedule are complex. Care should be taken to ensure proper completion of the formula.

Line 1 - The number of votes cast in the electoral district will be available from the returning officer after polling day.

Line 2 - Calculate 15% of Line 1.

Line 3 - The number of votes received by the candidate will be available after polling day from the returning officer.

Line 4 - The candidate's campaign expenses subject to limitation and subsidy entitlement should be recorded on this line from the information summarized in Schedule 4, Part 3.

Line 5 - The campaign expenses subject to limitation and subsidy incurred by the constituency association should be entered on this line.

Lines 7, 8, 9 - Only if the candidate received 15% or more of the votes cast in the electoral district is it necessary to calculate a subsidy. It should be noted that in those cases where the candidate is entitled to the subsidy, the formula does not allow for a subsidy greater than the actual campaign expenses (subject to limitation and subsidy entitlement) actually incurred.

Line 8 is the lesser of two (2) amounts. The first amount is the maximum subsidy entitlement as calculated by the Commission. The Commission will have sent out this information in advance. The second amount is the candidate's campaign expenditure as determined on Schedule 5, Line 6.

Lines 10, 11, 12 - Among other penalties, the candidate's subsidy entitlement is reduced should the campaign expenses exceed the limitation. Enter the appropriate amounts from information found elsewhere on Schedule 5 to determine the reduction if any.

Line 13 - Compute the subsidy entitlement and enter the amount on Line 13 of Schedule 5, as well as on Schedule 1, Line 5.

It is very important that all expense accounts be reported in the campaign period. Should additional expenses arise and be reported in a later period, the candidate's expense limit could be exceeded. If this happens the Commission will recover any overpayment of a subsidy that may result and invoke any other penalty provisions that may apply.

(g) Completion of SCHEDULE 1 - SUMMARY OF CAMPAIGN INCOME AND EXPENSES

Completion of this Schedule will be accomplished mainly by entering information that is available on other Schedules already completed. Information as to transfers paid out to party, constituency associations and candidates' campaigns are to be in accordance with that reflected by the candidate's accounting records. Reference should also be made to Guideline G33 regarding transfers.

(h) Completion of SCHEDULE 2 - RECONCILIATION OF SURPLUS OR DEFICIT ACCOUNT

Completion of this Schedule will ensure that all transactions have been recorded as the net assets and liabilities remaining must agree with the surplus or deficit reported in Schedule 1.

The surplus must be paid to a registered constituency association or registered political party; attach a schedule indicating the names of the recipients and the amount to be paid.

The recipient (or recipients) must provide the Commission with confirmation of the amount and date of the receipt of the surplus funds.

If there is a variance in the amount of the surplus paid to the recipient (or recipients) and that reported, the Commission MUST be informed of full details.

If there is any variance in the amount of the deficit reported and the payment made by the constituency association in full settlement of the debt, the Commission MUST be informed of the details.

(i) COMPLETION OF THE ATTESTATION OF THE CHIEF FINANCIAL OFFICER, CANDIDATE AND THE AUDITOR

(j) In mailing the completed return to the Commission, please ensure that you forward to the Commission the following in conjunction with the return:

(1) The Commission's copy of all valid receipts and duplicate receipts issued.

(2) The original and the Commission's copy of cancelled receipts.

(3) An explanation of any reported lost or destroyed receipts.

(4) The remaining supply of unissued receipts.

(5) The auditor's report.

(6) The auditor's invoice for the audit fee charged.

The auditor's account should indicate clearly his or her fee for the audit services performed separate from any charge for other services, as it is only the audit fee which is subject to subsidy.

(7) All supplementary statements in support of the financial information supplied, and which for the lack of space could not otherwise be listed in the form.

(8) Details as to surplus disposition/deficit resolution as specified in (h) above.

Note the requirement to submit a list of campaign materials inventory and prepaid campaign expenses in the schedule form prescribed in Guideline G25, para. .12.

Guidelines for Chief Financial Officers

LEADERSHIP CONTESTANT - APPLICATION FOR REGISTRATION

.01 A leadership contestant must be registered with the Commission before accepting any contributions or using any of his or her own funds for the purposes of his or her leadership contest.

section 15(1)

.02 A registered political party that proposes to hold a leadership convention shall file with the Commission a statement setting forth the date of the official call of the leadership convention and the date fixed for the leadership vote.

section 15(2)

.03 An application for registration form shall not be filed with the Commission by a leadership contestant prior to the date of the official call for the leadership convention and unless the registered party has filed the required statement under para. 12.02 with the Commission.

section 15(4)

.04 A leadership contestant who files an application for registration form with the Commission shall be deemed to be registered the day the application is received at the offices of the Commission.

section 15(5)

.05 All leadership contestants must appoint a chief financial officer and a licensed public accountant as his or her auditor.

sections 15(3)(c) and 41(1)

.06 The Commission has made forms available for leadership contestants applying for registration.

.07 The chief financial officer's responsibility is to ensure that all requirements of the Act are met, that the necessary financial records are kept and that the necessary audited Statement of Income and Expenses is filed with the Commission. The Commission urges the C.F.O. to work closely with the leadership contestant's auditor to ensure that all requirements are met.

sections 34(4) and 43(4)

LEADERSHIP CONTESTANT - CHANGE IN REGISTRATION INFORMATION

.01 When the chief financial officer of a leadership contestant ceases for any reason to hold office the leadership contestant shall forthwith appoint another C.F.O. and shall immediately give notice in writing to the Commission of the name of the new C.F.O.

sections 15(6) and 34(3)

NOTE: The C.F.O. who ceases to hold office is responsible for filing audited statements for his or her term of office. (see Guideline G16)

section 45(2)

.02 Any change in the information contained in the application for registration of a leadership contestant must be reported to the Commission immediately. The change should be reported by filing a new application for registration form.

section 15(6)

.03 Where there has been a change in the chief financial officer, the person accepting the appointment should receive the following documents from the person retiring from the position.

(i) the Commission Guidelines,

(ii) audited financial records of the leadership contestant up to the date the former C.F.O. ceased to hold office (including a copy of the audited Statement of Income and Expenses filed with the Commission, when available),

(iii) the supply of unused official receipt forms provided by the Commission, and

(iv) a reconciliation of used and unused receipts up to the date the transfer of responsibility was effective.

Where the new C.F.O. is not provided with these documents he or she should write and advise the Commission accordingly.

LEADERSHIP CONTESTANT - USE OF CONTESTANT'S OWN FUNDS

.01 Any monies to be used for a leadership contest by a leadership contestant out of his or her own funds are deemed to be a "contribution" to that contestant.

section 15(1)

.02 A leadership contestant cannot accept contributions unless he or she becomes registered. The earliest that he or she can become registered with the Commission is the day the registered political party files with the Commission a statement setting forth the date of the official call of the leadership convention.

sections 15(1) and 15(4)

.03 As with all other contributions, any monies which a leadership contestant contributes to himself or herself must be deposited with the named bank, trust company, or other financial institution on record with the Commission.

If the contestant makes contributions of goods and services, a statement of such contributions must be provided to the chief financial officer and an official receipt must be issued for the fair market value of these goods and services.

LEADERSHIP CONTESTANT - RULES ON CONTRIBUTIONS

.01 The Election Finances Act contains a number of important requirements with regard to the acceptance of contributions by a registered leadership contestant. The chief financial officer of a registered leadership contestant should become completely familiar with these various provisions. (Particular note should be made of the recording requirements for contributions -- see paragraphs 15.17 - 15.22 below.)

NOTE: There is no limit on contributions to a leadership contestant and such contributions are not eligible for a tax credit.

.02 No person may accept contributions on behalf of a leadership contestant until such contestant becomes registered under the Act. (see Guideline G12)

section 15(1)

.03 Note that the following are not considered to be contributions for the purposes of the Act:

(a) Loans to a registered leadership contestant from a chartered bank or other recognized lending institution provided that all such loans and their terms are recorded by the candidate's chief financial officer and reported to the Commission.

section 36

(b) Transfer payments by a registered party.

NOTE: Section 30(2) prohibits a registered constituency association from transferring funds to any leadership contestant.

section 30(1)(b)

DURING A LEADERSHIP CONTEST PERIOD

.04 There are a number of provisions contained in the Act relating to contributions to a registered leadership contestant during a contest period. These provisions deal with such questions as:

(1) who may contribute,

(2) who may accept contributions,

(3) types of contributions, and

(4) the depositing, recording, and reporting of contributions.

Each of these topics is outlined in detail in the paragraphs that follow:

WHO MAY CONTRIBUTE

.05 A registered leadership contestant may accept monies, goods and services only from the following:

- A person who is normally resident in the Province of Ontario.

  NOTE: Persons serving in the Armed Forces, Diplomatic Service or similar type of employment abroad are considered residents of Canada and if their normal home was in the Province of Ontario, they are eligible to make a contribution.

- A corporation that carries on business in the Province of Ontario. Many corporations carry on business through subsidiaries and affiliated companies and provided each business carries on an "active business" as that expression is defined in paragraph 125(7)(a) of the Income Tax Act (Canada) each qualifies as a contributor.

- A trade union as defined by the Labour Relations Act or the Canada Labour Code that holds bargaining rights for employees in the Province of Ontario to whom those Acts apply and includes any central, regional or district labour council located in the Province of Ontario.

  sections 17(1),
  30(1)(a) and 30(2)

  NOTE: A person, corporation or trade union may only contribute funds that actually belong to him, her or it.

  section 20(1)

.06 A leadership contestant of a registered political party may receive from his or her party a transfer of funds or goods and services.

section 30(1)(b)

.07 Where contributions are made to a registered leadership contestant through an unincorporated organization, an affiliated political organization or an unincorporated association (many small businesses such as retail stores and repair shops are unincorporated; so are partnerships such as law firms and joint ventures by corporations), then the contributor must make a record of each particular person, corporation or trade union who was the ultimate source of the contribution and make a record of the amount of each particular contribution. For example, Quality Bakery, which is an unincorporated business, wishes to contribute $100 to a registered leadership contestant. This contribution must be broken down into its particular sources and amounts -- for instance, $40 may have come from Mr. Brown, $30 from Mrs. Brown, $20 from Mr. White and $10 from Mr. Black, who are all partners in Quality Bakery. This information must then be made available to the leadership contestant's chief financial officer before the contribution can be accepted so that the contribution can be properly attributed to the ultimate contributor and so that receipts can be issued.

NOTE: This requirement does not apply to trade unions as described above.

sections 20(1) and 27

.08 If the registered leadership contestant's chief financial officer learns that any contribution has been accepted from any source other than those permitted, the contribution or an equivalent sum must be returned to the contributor within thirty (30) days after so learning. In the event that an official receipt was issued to the contributor and the contributor fails to return the receipt for cancellation the contribution must be paid to the Commission.

section 18(1)

.09 Anonymous contributions that are received by a registered leadership contestant may not be used or expended by the leadership contestant, but must be returned to the contributor if he or she can be identified or, if he or she cannot be identified, they must be paid over to the Commission.

section 18(2)

WHO MAY ACCEPT CONTRIBUTIONS

.10 While the chief financial officer or other authorized persons on record with the Commission may accept contributions for a leadership contestant, only the C.F.O. can issue official receipts. Therefore, any contributions which are collected by others -- for example by means of a door-to-door canvass -- must be immediately turned over to the leadership contestant's C.F.O. or other persons on record with the Commission, along with a list of the names and addresses of the contributors and the amounts of their individual contributions.

section 33

TYPE OF CONTRIBUTIONS

.11 If a contribution to a registered leadership contestant consists of money and if the amount of the contribution exceeds $25, it must be made either:

(a) by a cheque having the name of the contributor legibly printed thereon, signed by the contributor, and drawn on an account in the contributor's name,

(b) by a money order signed by the contributor, or

(c) in the case of monies contributed by an individual by a credit card having the name of the individual imprinted or embossed thereon.

section 17(2)

.12 Monies, except for payments of $25 or less, paid to attend a fund-raising function are contributions and must be treated in the same manner as any other contributions of monies.

In all events, the gross income including any other income earned (i.e. refreshment sales) from any fund-raising functions must be recorded and reported to the Commission.

sections 24(2) and 24(3)

.13 Goods and services (other than those referred to in paragraphs 15.14 and 15.15 below) provided to a leadership contestant from a single source in a leadership contest period are to be considered a contribution except were the value is $100 or less and the supplier of the goods and services indicates that he or she does not consider the value a contribution. The value of goods and services for purposes of the Act is deemed to be the lowest market price for similar goods or services at the time of their provision. For example, if a leadership

contestant pays $150 for the printing of handbills, and the lowest market price available to other customers is $275, then the difference of $125 is deemed to be a contribution to the leadership contestant by the printer.

section 22

.14 Where a leadership contestant receives any goods produced by voluntary labour and these goods are not paid for by the party or leadership contestant then such goods are not considered to be a contribution to the registered leadership contestant. For example, if a group of voluntary workers make up signs for a leadership contestant this is not a contribution. But if a person in the printing business has his or her paid employees print the leadership contestant's name on the signs, this is a contribution to the registered leadership contestant except where the total value of the work does not exceed $100 and the printer indicates the value is not to be considered a contribution.

section 1(1)

.15 Where a registered leadership contestant receives any services performed by an individual voluntarily without compensation from the party, or leadership contestant and the individual does not receive from his or her employer or from any person, corporation or trade union pursuant to an arrangement with his or her employer, compensation in excess of that which he or she would normally receive during the period such service is performed, then such service is not considered to be a contribution to the registered leadership contestant.

section 1(1)

.16 A leadership contestant may only accept contributions during the period in which he or she is a registered leadership contestant. This period commences with the leadership contestant's registration with the Commission and ends two (2) months after the date of the leadership vote.

section 1(1)

DEPOSITING, RECORDING AND REPORTING OF CONTRIBUTIONS

.17 All monies that are accepted on behalf of a registered leadership contestant including his or her own funds to be used for the purposes of his or her own candidacy or contest, must be deposited in the named bank, trust company or other financial institution on record with the Commission.

To facilitate audit examination of the records, duplicate deposit slips should be prepared for all bank deposits listing the names of the contributors from whom monies were received.

Cheques received from credit card institutions for credit card contributions accepted will be supported by contributor details in accounts rendered to the institution for payment.

.18 For the purposes of recording, reporting and issuing official receipts, contributions accepted by:

(a) cash, cheque or money order are considered to have been "received" at the time such contributions are deposited in the bank account registered with the Commission.

(b) use of a credit card is considered to have been "received" the date the credit card slip is deposited or submitted to the credit card issuer for payment.

.19 All contributions received during a leadership contest period on behalf of a registered leadership contestant must be recorded by the leadership contestant's chief financial officer. In addition, where such contributions (including goods or services) have a total aggregate value exceeding $100 from a single source, the C.F.O. must also record the name and address of the contributor.

section 35(1)

.20 All contributions which have been recorded during a leadership contest must be reported in a Statement of Income and Expenses to be filed by the leadership contestant's chief financial officer with the Commission within six (6) months after the date of the leadership vote.

section 43(4)

.21 Where funds are raised for a registered leadership contestant at a function such as a supper, dance, garden party or any other social event, the gross income from such functions must be recorded by the leadership contestant's chief financial officer and must be reported to the Commission. (see Guideline G31)

section 24(2)

.22 Where funds are received on behalf of a registered leadership contestant from his or her political party the amount and source of these funds, goods or services must be recorded by the leadership contestant's chief financial officer and funds must be deposited in the named bank, trust company or other financial institution on record with the Commission.

sections 17(3) and 30(1)(b)

RECEIPTS FOR CONTRIBUTIONS

.23 Official receipts must be issued for every contribution received by a leadership contestant's campaign and his or her chief financial officer is responsible for ensuring proper receipts are completed for every contribution accepted.

sections 26 and 34(4)(c)

NOTE: Contributions by persons to a leadership contestant's campaign are not eligible for the tax credit and corporate contributions are not deductible from Ontario Income.

LEADERSHIP CONTESTANT - STATEMENT OF INCOME AND EXPENSES

.01 This Guideline provides instructions for completion of the leadership contestant's Statement of Income and Expenses for the period commencing the date the leadership contestant is registered with the Commission and terminating two (2) months after the date of the leadership vote, which is to be filed with the Commission not later than six (6) months after the leadership vote.

section 43(4)

.02 The Election Finances Act requires that every registered leadership contestant must file with the Commission not later than six (6) months after the date of the leadership vote a statement setting out the total amount of contributions received, and where the aggregate contribution exceeds $100 from a single source, the name and address of the contributor and the gross amount contributed.

section 35(1)

.03 The Act also requires the chief financial officer of every registered leadership contestant to file with the Commission not later than six (6) months after polling day a Statement of Income and Expenses, together with the auditor's report thereon.

section 43(4)

.04 Gross revenue from fund-raising functions held on behalf of a registered leadership contestant must also be reported to the Commission by the chief financial officer.

section 24(2)

.05 Where a registered leadership contestant borrows money from a chartered bank or other recognized lending institution, the amount and the terms of the loan must be reported to the Commission.

section 36

.06 In order to assist registered leadership contestants and their chief financial officers to meet the requirements of the Act as set out in paragraphs 16.01 to 16.05 the Commission will provide a reporting form CR-5 -- STATEMENT OF INCOME AND EXPENSES - LEADERSHIP CONTESTANT. This form must be completed and filed with the Commission not later than six (6) months after the date of the leadership vote.

section 43(4)

.07 The Statement of Income and Expenses consists of the following:

Schedule 1 - SUMMARY OF INCOME AND EXPENSES AND STATEMENT OF DISPOSITION OF SURPLUS OR DEFICIT

Schedule 2 - STATEMENT OF INCOME

Schedule 3 - STATEMENT OF EXPENSES

Schedule 4 - TERMS OF BORROWINGS

Schedule 5 - RECONCILIATION OF OFFICIAL RECEIPT FORMS

Schedule 6 - CHECK LIST

.08 Before you start to complete the reporting form, it is essential to ensure that all transactions (including cash receipts, cash disbursements and contributions of goods, services and advertising) are properly recorded and that the accounts are properly added and balanced. In approaching preparation of the financial statement you will find that the most logical order of preparation is as follows:

1. Complete Schedule 6 - CHECK LIST
2. Complete Schedule 5 - RECONCILIATION OF OFFICIAL RECEIPT FORMS
3. Complete Schedule 4 - TERMS OF BORROWINGS
4. Complete Schedule 2, Part 1 - CONTRIBUTIONS FROM A SINGLE SOURCE TOTALLING MORE THAN $100
5. Complete Schedule 2, Part 2 - GROSS REVENUE FROM SOCIAL AND FUND-RAISING FUNCTIONS
6. Complete Schedule 2, Part 3 - SUMMARY OF INCOME
7. Complete Schedule 3, Part 1 - DETAILS OF EXPENSES
8. Complete Schedule 3, Part 2 - SUMMARY OF EXPENSES
9. Complete Schedule 1 - SUMMARY OF INCOME AND EXPENSES AND STATEMENT OF DISPOSITION OF SURPLUS OR DEFICIT

.09 The following instructions for completing the form and schedules are set out in the above order.

(a) Completion of SCHEDULE 6 - CHECK LIST

Completion of this questionnaire will ensure that particular requirements of the Act have been met and will facilitate preparation and examination of the return.

(b) Completion of SCHEDULE 5 - RECONCILIATION OF OFFICIAL RECEIPT FORMS

The reconciliation set forth in the return is to be completed so as to indicate not only the supply of official receipt forms received from the Commission, subsequent to registration of the leadership contestant and the unused supply being returned to the Commission with the filing of the Statement of Income and Expenses but also the quantity of receipts used that fall into the following categories:

(1) Valid receipts issued,

(2) Cancelled receipts,

(3) Lost or destroyed receipts, and

(4) Duplicate receipts issued.

Copies of the various receipts to be filed with the Commission should be grouped into the four (4) above mentioned categories, making up the total used receipts during the campaign period. In addition, an adding machine tape should be attached to the valid receipts issued, and the total of this adding machine tape should agree with the total value of net contributions reported in Line 6 of Part 3 of Schedule 2 -- Statement of Income.

(c) Completion of SCHEDULE 4 - TERMS OF BORROWINGS

Information required on this schedule is clearly evident from the descriptions on it. Be sure to include relevant details of all loans to the leadership contestant which were used to finance the leadership contest.

NOTE: Money should only be borrowed in the contest period and only from authorized lending institutions.

(d) Completion of SCHEDULE 2 - STATEMENT OF INCOME

Part 1

Contributions From a Single Source Totalling More than $100

Enter on this part the name, address and total contribution of each contributor who has contributed more than $100 in aggregate.

Part 2

Gross Revenue from Social and Fund-Raising Functions

On this part of Schedule 2, please complete details as to the date, type of function, per person charge of admission, the gross revenue from ticket sales, the revenue from other sources (i.e. refreshment sales) and total revenue from each fund-raising function held on behalf of the leadership contestant during the contest period.

Part 3

Summary of Income

Completion of this part of Schedule 2 will be accomplished mainly by entering the information that is available from forms already completed. Proceed as follows:

Line 1 - Enter the total contributions in excess of $100 in aggregate from a single source as shown on Part 1 of Schedule 2.

Line 2 - Enter the total of contributions of $100 or less from a single source.

Line 5 - Enter the total of any amounts paid over to the Commission (as required by the Act).

Line 7 - Enter the total from Part 2 of Schedule 2 - GROSS REVENUE FROM SOCIAL AND FUND-RAISING FUNCTIONS.

Line 8 - Enter the portion included in contributions.

Line 9 - Enter details of the transfers from the party and other leadership contestants.

Line 10 - Enter the amount of any other income exclusive of proceeds from loans.

(e) Completion of SCHEDULE 3 - STATEMENT OF EXPENSES

This schedule is a summary of leadership contest expenses. The information is from three (3) sources:

1. Your record of cash disbursements,

2. Information as to expenses incurred but not paid for at the end of the contest period, and

3. Your record of contributed goods, services and advertising.

Proceed as follows:

Part 1

Details of Expenses

Aggregate amounts to any one supplier should be made in the appropriate columns. Where any one supplier is still owed money, this amount should be indicated in the appropriate amount payable, opposite the supplier's name. The information to be shown in the value of contributed goods and services column should be entered opposite the appropriate supplier's name.

The next step is to add up the amounts shown in each of these three (3) columns, and to place the appropriate figure in the space provided.

Part 2

Summary of Expenses

The amounts to be shown in Lines 1, 2 and 3, of this statement are to be obtained from Part 1 of Schedule 3, with the appropriate totals being determined and shown in the spaces provided.

(f) Completion of SCHEDULE 1 - SUMMARY OF INCOME AND EXPENSES

Completion of this schedule will be accomplished mainly by entering information that is available on other schedules already completed. Information as to transfers paid out to the party and other leadership contestants are to be in accordance with that reflected by the leadership contestant's accounting records.

(g) Completion of - STATEMENT OF DISPOSITION OF SURPLUS OR DEFICIT

The information reflected on Line 7 of Schedule 1 should be shown in the appropriate space. You must take due note of the specific requirements of the Commission whereby should the leadership contestant's campaign have a:

(1) Surplus:

(a) The party must provide the Commission with confirmation of the amount and date of the receipt of the surplus funds, and

(b) If there is any variance between the amount of the surplus paid to the party and the amount reported, the Commission MUST be informed of full details.

(2) Deficit:

(a) Attach a separate schedule listing unpaid debts including unpaid bank borrowings making up the deficit.

(b) State on the schedule how these debts will be discharged AND where a registered party or the leadership contestant is to pay the deficit, a letter MUST be forwarded with this filing, signed by a party official or leadership contestant as appropriate which clearly confirms this undertaking.

(c) If there is any variance in the amount of the deficit reported and the payment made by either the party or leadership contestant in full settlement of the debt, the Commission MUST be informed of full details.

(h) COMPLETION OF THE ATTESTATION OF THE CHIEF FINANCIAL OFFICER, LEADERSHIP CONTESTANT AND THE AUDITOR

These sections must be duly completed and signed.

(i) In mailing the completed return to the Commission, please ensure that you forward to the Commission the following in conjunction with the return:

(1) The Commission's copy of all valid receipts and duplicate receipts issued.

(2) The original and the Commission's copy of cancelled receipts.

(3) An explanation of any reported lost or destroyed receipts.

(4) The remaining supply of unissued receipts.

(5) The auditor's report.

(6) The auditor's invoice for the audit fee charged.

NOTE: The auditor's account should indicate clearly his or her fee for the audit services performed separate from any charge for other services, as it is only the audit fee which is subject to subsidy.

(7) All supplementary statements in support of the financial information supplied, and which for the lack of space could not otherwise be listed in the form.

(8) Details as to surplus disposition or deficit resolution as specified in (g) above.

LEADERSHIP CONTESTANT - CAMPAIGN SURPLUS RESOLVE

.01 The Election Finances Act requires the payment of a leadership contestant's surplus monies forthwith to the registered party, the leadership of which he or she was contesting.

section 43(5)

AUDITED STATEMENT FILING REQUIREMENTS WHEN CHIEF FINANCIAL OFFICER CEASES TO HOLD OFFICE

.01 When a chief financial officer leaves office for any reason, other than death or incapacity the C.F.O. is responsible for filing audited statements together with the auditor's report for the period he or she has held the appointment not covered by an audited return previously submitted to the Commission within forty-five (45) days from the date he or she ceased to hold office.

sections 45(1) and 45(2)

.02 Where the chief financial officer fails to file the audited statements for the period he or she held office and not covered by a previous audited statement rendered to the Commission or where the C.F.O. has died or becomes incapacitated, the political party, constituency association, candidate or leadership contestant, as the case may be, for which the C.F.O. acted must, within sixty (60) days following the day the C.F.O. ceased to hold office, file the required audited statements with the Commission.

section 45(3)

.03 Where a registered party or registered constituency association applies to the Commission for deregistration the chief financial officer must at the same time file with the Commission financial statements of assets and liabilities and of income and expenses of the political party or constituency association, as the case may be for which he or she acted for the period commencing with the day immediately following the most recent period for which a financial statement has been filed and ending on the last day upon which any financial activity has occurred together with the auditor's report.

section 13(8)

.04 The audited statement(s) that must be filed in the case of a:

(1) political party or constituency association registered with the Commission are a statement of assets and liabilities and a statement of income and expenses,

(2) candidate or leadership contestant registered with the Commission is a statement of income and expenses.

CONTRIBUTIONS TO PARTIES FOR TRANSMITTAL TO CONSTITUENCY ASSOCIATIONS OR CANDIDATES

.01 Registered political parties may collect contributions on behalf of their registered constituency associations or registered candidates and turn over the contributions to such associations or candidates provided that the procedures set out in this Guideline are observed. In the case of contributions collected on behalf of registered candidates, such contributions may only be collected during a campaign period, which is defined in the Election Finances Act as "the period commencing with the issue of a writ for an election and terminating three (3) months after polling day".

.02 Every registered political party employing this procedure must provide the Commission with a signed "Declaration of Trust" form and comply with the Commission's recording and reporting requirements set forth in a special Guideline PG3 available to the party officials.

The signing of a "Declaration of Trust" by the party chief financial officer, in addition to enabling the party to accept contributions for its registered constituency associations and its candidates, requires the party C.F.O. to issue an official receipt for every contribution accepted and to forward the contribution promptly to the C.F.O. of the constituency association, or candidate on whose behalf the contribution has been accepted with the instruction that the contributions remitted be recorded as contributions for recording and reporting purposes of the Commission. The written instruction from the party C.F.O. which accompanies the cheque for the Agency Contributions accepted shall specify the applicable period in which the contribution must be reported.

.03 The chief financial officer of every constituency association or candidate of the party that has initiated the Agency Contribution procedure is responsible for ensuring:

1. The annual or campaign period audited statements filed with the Commission record not only the contributions received directly, but also the Agency Contributions accepted by the party for his or her constituency association or candidate in the proper annual or campaign reporting period.

   NOTE: The contributions accepted by the party for a constituency association or a candidate are contributions of the association or candidate at the time they are deposited into the Party Trust

Account. At the time financial statements are being prepared it should be determined whether or not the party C.F.O. has Agency Contributions in hand that have not been forwarded.

2. Contributions received from a single source (direct and agency) do not in total exceed the maximum allowed under the Act (i.e. $750 in a calendar year to the constituency association and $750 to a candidate's campaign).

3. The listing of "Contributions from a Single Source Totalling More Than $100" which accompanies the annual or campaign audited statement, records the aggregate of the direct and agency contribution from each source.

FORM LETTER

(per Guideline G19.02)

Commission on Election Finances G 20

Guidelines for Chief Financial Officers

TRANSMITTAL OF CANDIDATE SURPLUS/ DEFICIT TO A CONSTITUENCY ASSOCIATION OR POLITICAL PARTY

.01 The Election Finances Act requires the payment of a candidate's surplus monies, inclusive of the subsidy payment received from the Commission:

(a) in the case of a candidate endorsed as the official candidate of a registered party, to that registered party or to a registered constituency association endorsing that candidate.

(b) in the case of an independent candidate, to the Commission.

section 46(5)

.02 The Election Finances Act requires, in the case of a candidate that is endorsed by a constituency association, the assumption by the constituency association of the candidate's campaign deficit.

section 46(4)

CORPORATE CONTRIBUTIONS - CARRYING ON BUSINESS IN THE PROVINCE OF ONTARIO

.01 A corporation, in order to be eligible to make a contribution to a registered political party, constituency association or candidate under the Election Finances Act, must "carry on business in the Province of Ontario". In determining this matter, the Commission will consider any of the following criteria as acceptable evidence that a corporation is carrying on business in the Province of Ontario for contribution purposes:

(a) does the corporation maintain an office or establishment in the Province of Ontario for the purpose of carrying on its business activities to which one or more employees report to work;

(b) does the corporation enter into contracts in the Province of Ontario on a regular basis either through its officers or employees or agents having general authority to act on its behalf;

(c) is an extra-provincial corporation licensed to carry on business in the Province of Ontario pursuant to Part IX of The Corporations Act (Ontario); or

(d) does this corporation pay taxes to the Province of Ontario pursuant to the Corporations Tax Act (Ontario).

In the event that a corporation which desires to make a political contribution under the Election Finances Act, is unable to meet any of the criteria set out above, the onus shall be on that corporation to satisfy the Commission that the corporation is carrying on business in the Province of Ontario.

RECEIPTS FOR CONTRIBUTIONS

GENERAL

.01 The Province of Ontario allows individuals tax credits from Ontario income tax for contributions made to registered political parties, registered constituency associations and registered candidates. Corporations carrying on business in the Province of Ontario will be permitted to make a deduction from their Ontario income for their contributions.

NOTE: Contributions to a registered leadership contestant made by individuals are not eligible for the tax credit and contributions made by a corporation are not deductible from Ontario income in computing Ontario taxable income.

.02 Both individuals and corporations must attach an OFFICIAL RECEIPT to their tax returns in order to claim the benefits. Official receipt forms will be supplied by the Commission to chief financial officers. This Guideline outlines the responsibility of and procedures to be followed by C.F.O.s with respect to official receipts. Receipts must be issued for all contributions accepted in cash, or by cheque or money order or credit card. Contributions of goods and services (other than the provision of voluntary unpaid labour) must also be acknowledged by an official receipt except where their value is $100 or less and the contributor indicates that the value is not to be considered a contribution.

sections 26 and 22(2)

SECURITY

.03 The official receipt form is a valuable document. These receipts should be stored in a secure place and proper records maintained by the chief financial officer. The Commission strongly recommends that only C.F.O.s on record with the Commission hold a supply of the forms and only they sign the form since it is their responsibility to ensure contributions allowed under the Act are acknowledged by the issuance of an official receipt.

DISTRIBUTION

.04 Each chief financial officer following registration notification being received by the Commission will:

(a) receive from the prior C.F.O. the unused supply of receipt forms given to that person by the Commission.

(b) receive a supply of receipt forms from the Commission where there has not been a previously registered C.F.O.

and when the Commission is notified that a new supply is required a new supply will be provided.

PROCEDURE

.05 There are three (3) types of receipt forms. One for contributions to political parties and constituency associations; one for contributions to candidates and one for contributions to leadership contestants. The forms are the same except that (1) the candidate form has the prefix "C" in front of the serial number of each receipt and the word "CANDIDATE" in red at the foot of the form, (2) the leadership contestant form has the prefix "LC" in front of the serial number and the word "LEADERSHIP CONTESTANT" in red at the foot of the form.

NOTE: If you should be the chief financial officer for both a candidate and a constituency association at the time of an election you must ensure the proper receipt form is used in acknowledging a contribution to the candidate's campaign as opposed to a contribution accepted for constituency association purposes.

.06 The leadership contestant receipt form also states that the contribution by an individual is ineligible for the tax credit and by a corporation is not deductible from Ontario income in computing its Ontario taxable income.

.07 The official receipt is a three (3) part form:

Copy 1 for the contributor,

Copy 2 for the Commission and Ministry of Revenue,

Copy 3 to be retained by the chief financial officer.

.08 The chief financial officer should fill in the official receipt by indicating:

- the date of receipt of the contribution (i.e. the date the contribution was deposited),
- the date of issue of the receipt,
- the name and address of the contributor,
- whether the contributor is an individual, corporation or trade union,

- the amount of the contribution. A dollar sign "$" should be placed in the box immediately preceding the first digit of the amount,

- whether the contribution is in the form of (a) cash, cheque, money order, credit card, or (b) goods, services or advertising,

- the name of his or her constituency association or candidate or leadership contestant.

NOTE: Contributions made by a credit card having the name of the individual contributor imprinted or embossed thereon are to be considered as received the date the credit card slip is deposited or submitted to the credit card issuer for payment.

.09 The chief financial officer shall print or type his or her name on the receipt, and then sign it.

.10 The chief financial officer in preparing to issue a receipt for a contribution received in the form of a cheque:

(1) should ensure that the cheque is honoured on presentation to the bank as any receipts issued for cheques which might be returned N.S.F. (not sufficient funds) will have to be recovered for cancellation.

(2) from an unincorporated organization or partnership must first determine the names of the persons in the organization and the share each has in the amount contributed, as receipts must be issued to each of the persons named and not to the unincorporated organization or partnership.

(3) from an individual must ensure the contributor meets the requirement of "resident in the Province of Ontario".

NOTE: Where the contribution is received from a business concern determined to be a sole proprietorship, the name of the owner must be determined, as the receipt must be issued in the owner's name and not in the name of the business.

(4) from a corporation must ensure that:

(a) It meets the requirement of "carrying on business in the Province of Ontario". (see Guideline G21)

(b) If two (2) or more corporate contributors are associated under section 256 of the Income Tax Act (Canada) do they both carry on an active business as that expression is defined in para. 125 (7)(a) of the Income Tax Act (Canada) so that they can be considered as two (2) separate corporate contributions.

(5) from a corporation must ensure the receipt is made out in the corporation's name regardless of any other direction received with the cheque.

(6) from a trade union (including central, regional or district labour councils in the Province of Ontario) must ensure the union has bargaining rights in the Province of Ontario for its members.

.11 Contributions received (1) in an envelope postmarked prior to the end of the applicable reporting period, or (2) received on the last day of the reporting period and which cannot be deposited because the financial institution where the account is held is closed, should be recorded in the accounting records as an outstanding bank deposit on the last day of the reporting period and receipts should be issued as of that date.

.12 Chief financial officers of constituency associations, candidates and leadership contestants when filing returns must forward to the Commission:

(1) the second copy of all receipts for contributions accepted in the period reported ensuring that an adding machine tape is attached and the total on the tape agrees with the "Net" contributions reported in the return. If the figures are not in agreement, and the source of the contribution is unknown, section 18 requires the payment of the anonymous contribution to the Commission.

(2) the original and second copy of all cancelled receipts relative to the period reported in the return.

(3) all receipts must be accounted for, therefore a reconciliation of all unused receipts at the commencement of the particular period, used receipts and those remaining on hand are to be filed with the Commission. The Commission must be informed of any situations where official receipts have been issued for contributions received by cheque, but the cheque has been returned as N.S.F. and the contributor has not provided a replacement cheque which has been honoured by the bank.

.13 The unused supply of candidate official receipt forms and leadership contestant receipt forms must be returned to the Commission not later than the filing date of the candidate's campaign period return and the leadership contestant's campaign period return respectively.

.14 Where the return of a contribution is necessary (e.g. excess contributions) and:

(a) the contributor fails to return the applicable receipt for cancellation, section 18 requires the contribution to be paid to the Commission.

(b) the contributor returns the applicable receipt, the contributor's copy and the Commission's copy should be marked cancelled and both copies should be filed with the Commission with the audited return.

.15 When it is necessary to issue a duplicate receipt, write the word DUPLICATE and indicate the serial number of the original receipt on the duplicate receipt issued. All details on the duplicate receipt should be the same as that shown on the original receipt. (i.e. date received, etc.) In lieu of issuing another receipt, the chief financial officer may provide the contributor with a photostat of the C.F.O.'s copy of the original receipt issued but the photostat must have written on it the wording "Certified True Copy" and bear a new signature of the C.F.O.

TAX CREDIT ON CONTRIBUTIONS TO POLITICAL PARTIES, CONSTITUENCY ASSOCIATIONS AND CANDIDATES

NOTE: Contributions to leadership candidates are not eligible for a tax credit.

.16 The allowable tax credits from Ontario Income Tax for an individual taxpayer are:

75% of the first $200 of total contribution, and
50% of the next $600 of total contribution, and
33 1/3% of total contributions exceeding $800 up to $1,700.

The maximum credit allowable is $750.

.17 An individual must reduce his or her Ontario income tax payable by the total of the property tax credit, sales tax credit and pensioner tax credit before the political contribution tax credit may be claimed. If no provincial income tax is payable after claiming property, sales and pensioner credits, then the political contribution tax credit may not be claimed. In other words, there must be provincial income tax payable in order to be able to claim the political contribution tax credit and the credit claimed cannot exceed the amount of the Ontario tax payable.

.18 Corporations may deduct up to $7,000 from their Ontario income. Contributions in excess of $7,000 may be carried forward for deduction in future taxable years.

.19 A political contribution tax credit may be claimed by either the contributor or the contributor's spouse. That is, official receipts for political contributions are now transferable between spouses. However, a single contribution for which one official receipt is issued cannot be divided between spouses. It must be claimed entirely by one spouse or the other.

NOTE: If a cheque for a contribution is drawn on a joint bank account the receipt should be issued only to the person who signed the cheque.

Commission on Election Finances G 23

Guidelines for Chief Financial Officers

CAMPAIGN ADVERTISING LIMITATIONS - TIME AND RATES

.01 During a campaign the Election Finances Act places certain limitations on campaign advertising carried on by a registered political party, a registered constituency association and a registered candidate. First there are restrictions on the times during which campaign advertising may be carried on. Second, there are restrictions on the rates that may be charged by broadcasting or publishing facilities for such advertising.

LIMITS ON TIME

.02 During a campaign period, campaign advertising may only be carried on by a registered political party, a registered constituency association, or a registered candidate (or by any person, corporation, or trade union acting with its or his or her knowledge and consent), in the time period that begins twenty-two (22) days before polling day and ends at midnight on the day which is two (2) days before polling day. For example, if polling day was May 28, then campaign advertising could only be done during the period from May 6 through May 26 inclusive.

The prohibition for the publication of a campaign advertisement does not apply to:

(1) the publication of a campaign advertisement on the day immediately preceding polling day by a newspaper which is published in the Province of Ontario not more frequently than once a week and whose day of regular publication falls on the day before polling day, and

(2) a campaign advertisement on the day immediately preceding polling day and on polling day through the use of any commercial billboard advertising facility.

sections 38(1) and 38(3)

.03 Campaign advertising is defined as (1) advertising on the facilities of any broadcasting undertaking or (2) the publication of an advertisement in a newspaper, magazine, or other periodical publication, or through the use of outdoor advertising facilities, for the purpose of promoting or opposing any registered political party or the election of a registered candidate.

section 38(1)

.04 "Outdoor advertising facilities" are defined as facilities, other than radio and television and newspapers, magazines and other periodical publications, of any person or corporation

that is in the business of providing such facilities on a commercial basis for advertising purposes. For example, campaign advertising by a registered candidate through the use of a commercial billboard cannot commence prior to the twenty-one (21) day period, whereas campaign advertising by way of individual signs made up by the candidate or his or her organization would not be so limited. Note that this twenty-one (21) day time limitation also applies to the use of commercial sound trucks for the purpose of campaign advertising.

.05 However, this twenty-one (21) day time limitation does not apply to:

(a) advertising of public meetings in constituency associations;

(b) announcing candidate or constituency association headquarters' locations;

(c) advertising for volunteer campaign workers;

(d) announcing services for electors by candidates or constituency associations respecting enumeration and revision of lists of electors;

(e) announcing services for electors on polling day; or

(f) any other matter respecting administrative functions of constituency associations,

provided that advertisements, announcements and other matters are done in accordance with the Guidelines of the Commission.

section 38(2)

The Commission has determined therefore that while it is permissible for such an advertisement or announcement to contain the name of the candidate and/or the political party, and to include a picture of the candidate and/or the logo of the political party, a reference to the particular exempt service or activity listed in section 38(2) must constitute the dominant feature of such advertisement or announcement. Further, such advertisement or announcement must not contain any slogan, motto or other wording promoting the candidate or registered party, or opposing another candidate or registered party, such as "join the winning team", "work for continued good government", "our candidate is best qualified", etc.

It is of note that the twenty-one (21) day limitation on advertising does not apply to fund-raising functions or campaigns and conventions carried on or held in relation to contested constituency nominations for endorsation of official party candidates provided the advertisement content conforms with this Guideline.

LIMITS ON RATES TO BE CHARGED

.06 During the twenty-one (21) day period referred to in para. 23.02 above, no person or corporation may charge a rate for broadcasting time for campaign advertising that exceeds the lowest rate charged by a broadcasting facility for an equal amount of equivalent time on that broadcasting facility to any other person in that period. This means, then, that a registered political party, a registered constituency association, or a registered candidate, (or anyone acting with its or his or her knowledge and consent), is entitled to the lowest rate for television or radio time that is available to any other customer of the broadcasting facility for the same amount of air time in an equivalent time slot during the twenty-one (21) day period.

section 38(4)(a)

.07 During the twenty-one (21) day period referred to in paragraph 23.02 above, no person or corporation may charge a rate for advertising space for campaign advertising that exceeds the lowest rate charged by the publishing facility for an equal amount of equivalent advertising space in its publication to any other person in that period. This means, then, that a registered political party, a registered constituency association, or a registered candidate, (or anyone acting with its or his or her knowledge and consent), is entitled to the lowest rate for advertising space that is available to any other customer of the publishing facility for the same amount of advertising space appearing in a location of equivalent value in the publication that is published or disbursed and made public during the twenty-one (21) day period.

section 38(4)(b)

.08 It is recognized that in certain media, advertising rates may depend upon the volume of time or space purchased over the year. For the purposes of the Act, the "lowest rate" shall refer to the lowest rate that is available to any other customer purchasing an equivalent volume of advertising to the total volume of campaign advertising carried on by or on behalf of a registered political party, a registered constituency association, or a registered candidate during the twenty-one (21) day period.

OTHER

.09 A broadcasting facility may provide time without charge to registered political parties and registered candidates in accordance with the provisions of the Broadcasting Act (Canada), the Regulations thereunder and Guides published in accordance therewith. The provision of such free time shall not be considered to be a contribution or an election expense for the purposes of the Act to such political parties or candidates.

section 23(2)

.10 Where any person, corporation or trade union with the knowledge and consent of a political party or candidate registered under the Act promotes the political party or the election of the candidate or opposes any other registered political party or the election of any other registered candidate by advertising on the facilities of any broadcasting undertaking or by publishing an advertisement in any newspaper, magazine or other periodical publication or printed leaflets, pamphlets or other documents or through the use of any outdoor advertising facility and the amount of the cost thereof:

(a) in the case of any single such political advertisement is more than $100; and

(b) in the case of any such political advertisements from a single source broadcast or published in any year, excluding any campaign period or part thereof in that year, or in any campaign period in the aggregate exceeds $100,

such amount shall be considered to be a contribution and, if done during the relevant period, a campaign expense for the purposes of the Act to the political party or candidate with whose knowledge and consent the political advertising was done.

section 23(1)

.11 A publisher may publish any **bona fide** news stories (including interviews, commentaries, or other works prepared for and published by any newspaper, magazine or other periodical publication without charge to any political party, constituency association, or candidate). The publication of such material is **not** considered to be "political advertising" under the Act.

A broadcasting facility may similarly broadcast bona fide news stories subject however to the requirements of the Broadcasting Act (Canada), the Regulations thereunder and Guides published in accordance therewith.

sections 23(6) and 38(3)(c)

AUTHORIZATION OF POLITICAL ADVERTISING

.12 All political printed advertising, handbills, placards, posters and broadcast or telecast advertisements shall bear or make reference to the name of the registered constituency association, registered political party, person, corporation or trade union authorizing the political advertising. Excluded from this requirement are such items as lawn signs, bumper stickers, T-shirts, lapel buttons, etc.

section 23(5)

REMEMBER

.13 Pre-campaign advertising literature purchased by a constituency association for the use of a registered candidate after the issue of a writ for an election must be accounted for as an expense of the campaign either by the candidate or the constituency association. (see Guideline G25)

LIMIT ON CAMPAIGN EXPENSES

.01 The Election Finances Act defines campaign expenses as meaning any expense incurred in relation to an election by or on behalf of a political party, constituency association or candidate registered under the Act during the period commencing with the issue of a writ for an election and terminating on polling day, other than:

(a) expenses incurred by a candidate in seeking nomination in accordance with the Election Act, 1984,

(b) a candidate's deposit as required under the Election Act, 1984,

(c) auditor's and accounting fees,

(d) interest on loans authorized under section 36,

(e) expenses incurred in holding a fund-raising function referred to in section 24, (see Guideline G31, para. .08 regarding restrictions on advertising content)

(f) expenses incurred for "victory parties" held and "thank you" advertising published after polling day,

(g) expenses incurred in relation to the administration of the political party or constituency association:

e.g. 1. employment costs associated with permanent full or part-time staff employed by the party or constituency association,

2. costs associated with research,

3. costs of polling, and

4. certain "pre-writ" media production costs as referred to in para. 25.03.

(h) transfers authorized under section 28,

(i) fees paid in respect to maintaining a credit card facility,

(j) expenses relating to a recount in respect of the election,

(k) child care expenses of a candidate,

(l) payments made to the candidate in lieu of salary lost during an unpaid leave of absence from his or her employer, and

(m) the rent associated with maintaining a temporary residence in the electoral district when the candidate does not maintain a residence therein,

but campaign expenses are deemed to include the value of any goods held in inventory or any fees or expenses for services for any candidate or political party, and any contribution of goods and services to the political party, constituency association or candidate registered under this Act, for use in whole or in part during the period commencing with the issue of the writ for an election and terminating on polling day.

section 1(1)

.02 Advertisements paid for by any person, corporation or trade-union which promote or oppose a political party or candidate and costing either individually or in aggregate in excess of $100 are considered a contribution of the party or candidate with whose knowledge and consent the political advertising was done and, if done during the relevant period, a campaign expense.

section 23(1)

.03 Every payment of a campaign expense shall be made by the chief financial officer of the registered party, constituency association or candidate that incurred the campaign expense and, except where the campaign expense is less than $25, such campaign expense shall be vouched for by a statement setting forth the particulars and proof of payment.

section 39(9)

.04 Any monies used for a political campaign by a registered candidate out of the candidate's own funds shall be considered to be a contribution for the purposes of this Act and every registered candidate shall submit to the candidate's chief financial officer a statement in writing setting forth all campaign expenses paid or to be paid out of the candidate's own funds, together with all receipts and claims therefor within three (3) months after polling day.

section 19(3)

.05 Contributions of goods and services accepted must be accounted for both as a contribution and expense by the political party, candidate or constituency association who received such goods and services except:

(a) advertising valued at $100 or less arranged by a person, corporation or trade-union with the knowledge and consent of the political party, constituency association or candidate.

section 23(1)

(b) other goods and services valued at $100 or less and which the contributor has indicated are not to be considered a contribution, which are not to be considered an expense.

section 22(2)

.06 With the exception of goods held in inventory for any candidate for use during a campaign period, funds, goods or services transferred between a political party, a constituency association and the campaign account of a registered candidate are not considered either a contribution or campaign expense.

section 28

.07 No constituency association shall incur campaign expenses in an aggregate amount in excess of the amount that has been previously approved in writing by the chief financial officer of the candidate endorsed by that constituency association.

section 39(5)

.08 Where the total campaign expenses exceed the limitation provided in the Act the campaign expense subsidy to which a political party may be entitled under section 46(6) will be reduced by $1 for every $1 the campaign expenses exceed the maximum allowed.

A similar penalty is provided in relation to the expense subsidy to which a candidate may be entitled under section 46(1) and 46(2).

An elected member of the Assembly may incur an even greater penalty. Should the campaign expenses of the member exceed the maximum amount allowed and the Assembly find no mitigating reason for non-compliance, the member shall forthwith vacate his or her seat.

section 39(4) and 44(2)

.09 (a) The campaign expenditure limitation of a political party shall be computed as follows:

- Expenses shall not exceed the aggregate amount determined by multiplying 40 cents by:

(1) in relation to a general election, the number of electors entitled to vote, as certified by the Chief Election Officer, in the electoral districts in which there is an official candidate of that party, and

(2) in relation to a by-election in a electoral district the number of electors entitled to vote, as certified by the Chief Election Officer, in that electoral district.

(b) The joint campaign expenditure of a candidate together with his or her constituency association shall be computed as follows:

- Expenses shall not exceed the amount that is the aggregate of:

(1) $2 for each of the first 15,000 of the number of electors entitled to vote, as certified by the Chief Election Officer, in the candidate's electoral district and $1 for each of the number of such electors in excess of 15,000 but not more than 25,000, and 25 cents for each of the number of electors in excess of 25,000, and

(2) in the case of candidates in the electoral districts of Cochrane North, Rainy River, Kenora, Lake Nipigon, Algoma and Nickel Belt the amount determined above shall be increased by $5,000.

sections 39(1), 39(2) and 39(3)

.10 The Commission will notify the chief financial officer of a political party and candidate of the number of electors upon which the expenditure limitation is to be determined following polling day and immediately upon receiving the certified list of electors from the Chief Election Officer.

For budgetary purposes however, each C.F.O. should obtain the list of electors from the local Returning Officer immediately after the enumeration.

.11 Every supplier of goods or services must submit his or her invoice or account within three (3) months after polling day to the chief financial officer of the political party, constituency association or candidate that incurred the campaign expense. Such invoices or accounts must be retained until the authorization to destroy them is obtained in writing from the Commission.

section 39(6)

.12 Where a chief financial officer disputes or refuses to pay an account, such account shall be considered to be a disputed claim and the claimant may bring an action for payment.

section 39(8)

NOTE: The reporting of the details of disputed claims and the reason why the claim is disputed are to be reported in the audited statement of Campaign Income and Expenses to be filed with the Commission.

CAMPAIGN MATERIALS INVENTORY AND PREPAID CAMPAIGN EXPENSES

.01 The Act, defines campaign expenses to include the value of any goods held in inventory for any candidate or political party for use during a campaign period. (see Guideline G24, para. .01)

section 1(1)

.02 The Act also provides that transfers of goods held in inventory for any candidate for use during a campaign period will be considered to be a campaign expense.

section 28

.03 What constitutes inventory of campaign materials and prepaid campaign expenses may cause some concern. The Commission considers that inventory will normally consist of such things as lawn stakes, sign supports, usable literature, signs and other campaign materials.

Prepaid campaign expenses will consist of such things as the cost of consulting services and production costs of advertising for use during the campaign and deposits for campaign offices and equipment. These will not include "pre-writ" media production expenses incurred in connection with the ongoing activities of the political party or constituency association, but will include:

(1) "product" which is created thereby and used in the election;

(2) expenses incurred with the predominant purpose of creating "product" for use in the election.

Information is available from the Statement of Expenses (i.e. an analysis of the nature of the expense) to determine what is properly inventory and prepaid expense. At the end of the reporting period, this amount should not be left in the expense total but should be deducted and shown as an asset adjustment. In a campaign period, it is important to display the value of such inventory and prepaid campaign expense as part of the total campaign expenditure. The overall campaign expenses are affected by the inventory adjustment.

.04 Prior to the issue of a writ for an election, all expenses relating to a potential campaign should be accumulated and transferred to an inventory account. Once there has been a writ for an election, the value of all expenses and materials in the inventory account should be transferred to the campaign

period accounts, to a candidate's accounts or in the case of the party, to its campaign period accounts or as transfers to constituency associations or candidates' campaign accounts.

Market price will normally be used as the basis for determining the value of inventory transferred into the campaign accounts. Market price can be determined in several ways, the more prevalent terminology being:

(1) Recent invoices or quoted price;

(2) The lower of replacement or reproduction cost; or

(3) The price at which comparable sales have been consummated.

In the case of acquisitions made within one year of the writ, the invoice price should be used. In valuing campaign materials available for the candidate's use and which were left from a previous campaign, replacement or quoted price should be used. All materials from a previous campaign should be included even if the material was not deducted from the previous campaign because of the provisions of G25.06. This price will vary across the province and is dependent upon local supply, competition and the constituency association's ability to produce its own signs or secure salvage material, for example, to construct signs. In all instances, proper documentation should be prepared to substantiate any opening inventory value.

.05 If at the end of a reporting period a writ for an election has not been issued, the value of inventory of campaign materials and prepaid campaign expenses should be shown as an asset on the Statement of Assets and Liabilities.

.06 The inventory of reusable campaign materials which has not been consumed, remaining on hand at the end of a campaign should be transferred from the campaign period accounts back to the regular accounts of the constituency association or party, as the case may be. The value of such materials shall be deducted from the total of the opening inventory value and additional purchases to provide a cost of materials consumed, to be reported as a campaign expense. It is important that the chief financial officers of all the organizations involved make corresponding entries in their respective accounts.

The candidate's C.F.O. should carefully determine not only the quantity of reusable campaign materials but the value to attach to each item. A detailed list should be made of all reusable

campaign materials on hand at the end of the campaign and the valuation thereof. Paragraph G25.04 provides guidance on valuation. Reusable materials on hand at the end of the campaign should be valued as follows:

(a) if on hand at the start of the campaign, value at the same value as used at the start of the campaign, and

(b) if acquired during the campaign, value at invoice price.

NOTE: To come into effect immediately after the next election, reusable campaign material at the end of the campaign will not include any material which identifies a specific candidate. Exclusion of items from ending inventory does not preclude their inclusion at the start of any subsequent campaign.

.07 The chief financial officer may encounter some situations where inventory cannot be valued at cost. Some examples include the situation where the candidate dies or withdraws. Another situation could be where campaign materials are damaged or destroyed and are not insured. Worksheets are provided as Appendix A, B and C to assist in reconciling inventory and prepaid campaign expense accounts and also to serve as a checklist. It is not necessary to file such a reconciliation with the Commission. However, the records should have information available for submission to the Commission upon request.

.08 Transfers of inventory between the candidate's campaign account and the constituency association can most easily be handled by allowing the constituency association to handle all inventory related expense items. As campaign expenses are incurred by the association prior to the writ of election, they should be accumulated in an inventory account. As of the date of the writ of election, the accumulated amount in the inventory account should be transferred to the campaign expenses account at fair market value. At the end of the campaign, any value of reusable campaign materials should be transferred back to the inventory at the same value. The candidate's chief financial officer (if not the same as the constituency's C.F.O.) should be consulted and should approve all expenditures and transfers related to inventory so as to avoid the possibility of over-expenditure of campaign expenses.

.09 Transfers of inventory between candidate's campaign account and constituency association can also be handled by transferring the value of inventory and prepaid campaign expenses prior to the writ of election by using the accounts "transfers received from constituency association" in the case of the candidate and "transfers paid out to the candidate's campaign account" in the campaign expenses and current purchases of campaign materials

case of the constituency association. This method will involve some extra bookkeeping and will necessitate close communications between the candidate's chief financial officer and that of the constituency association, in keeping track of the total campaign expense, the related transfer entries in the accounts, and in the preparation of the required forms to be filed with the Commission.

.10 Transfers of inventory from the party and back again involving the constituency association or the candidate's campaign account should be monitored closely by all the chief financial officers involved. Failure to do so could result in over-expenditure of campaign expenses or in a failure to report all transfers on the required reporting forms. The accounting method followed can be either of those outlined in para. 25.08 and 25.09.

.11 Every audited annual return of each registered political party and constituency association must be accompanied by a detailed list of reusable campaign materials inventory and prepaid campaign expenses and current purchases of campaign materials in support of the total value of such items shown in the statement of assets and liabilities. The recommended schedule form for the listing is attached as Appendix D.

.12 Every campaign period return of each registered political party, constituency association and candidate must be accompanied by a detailed list of opening reusable campaign materials, prepaid campaign expenses and current purchases of campaign materials in support of the total of the value of such items transferred into the party, constituency association or candidate's campaign accounts. In addition a separate list of reusable campaign materials inventory at the close of the campaign is to be provided in support of the value recorded as a reduction of the campaign expense incurred. The recommended schedule form for the listing is attached as Appendix D.

Guidelines for Chief Financial Officers

ACCOUNTING METHODS TO BE FOLLOWED

.01 The accounting methods set out below have been prescribed by the Commission for use in preparation of all Statements of Assets and Liabilities and Statements of Income and Expenses to be filed by political parties and constituency associations and for all Statements of Campaign Period Income and Expenses to be filed by political parties, constituency associations and candidates, pursuant to the Election Finances Act:

(1) Accrual Basis

The accrual basis of accounting is to be used to the extent that expenses are recorded when they are incurred. Contributions, however, should be recorded when actually deposited, because of the uncertainty of collecting amounts pledged.

(2) Marketable Securities

Bonds, stocks and other marketable securities owned should be valued at quoted market value on the date of the initial Statement of Assets and Liabilities. Securities purchased subsequently should be valued at cost. When securities are sold any resulting profit or loss (difference between carrying value and proceeds on sale) should be reflected in the Statement of Income and Expenses.

(3) Furniture and Other Equipment

Furniture, fixtures, printing equipment, etc. should be charged to expenses when purchased. The existence of such assets should be indicated by showing them at the nominal value of $1 in any Statement of Assets and Liabilities.

.02 ALL FIGURES CONTAINED IN FINANCIAL STATEMENTS TO BE FILED WITH THE COMMISSION MAY BE ROUNDED TO THE NEAREST DOLLAR.

.03 The instructions for preparing the reporting forms contained elsewhere in the Guidelines are designed to assist you in applying these accounting methods.

.04 The Commission has issued Guideline G27 -- Hints on Record Keeping, to facilitate preparation of the financial statements to be submitted to the Commission.

HINTS ON RECORD KEEPING - BOOKS OF ACCOUNT

.01 The following hints on record keeping have been prepared to give practical guidance on the maintenance of good accounting records:

(1) As the chief financial officer for an association you will be required to file returns with the Commission that segregate campaign income and expenses from the annual income and expenses. Accordingly, it is strongly recommended that you either keep two sets of accounting records -- one for campaign period transactions and the other for annual transactions or start a new page in your books of account the day the writ for an election is issued. The "campaign period" is the period commencing with the issue of the writ for an election and terminating three (3) months after polling day. The annual return will cover transactions for the calendar year, other than campaign period transactions.

sections 35(2) and 1(1)

(2) Keep a record of all amounts received and all amounts paid out. This can be accomplished most effectively by observing the following practices:

(a) Ensure that all bank or similar accounts to be used for cash disbursements are the type where you will receive a monthly statement and cancelled cheques.

(b) Make up duplicate deposit slips for every deposit whereon the names of the persons, corporations or trade unions from whom cheques or money orders are received are listed.

(c) Make all payments (except petty cash payments) by cheque.

(d) Retain invoices from suppliers and other documentation relating to expenses; the auditor will want to see these when making his or her audit examination.

NOTE: The Act stipulates under section 39(7) that expenses must be supported by a voucher or statement where the disbursement exceeds $25.

(e) Keep a petty cash fund to handle minor expenses that are normally paid in cash. Obtain invoices supporting all payments out of the fund. At any point of time the cash on hand plus the total of the amount of invoices should equal the original

amount of the petty cash fund. The fund can be replenished periodically by a cheque drawn on an authorized bank account in an amount equal to the total of the invoices. Your auditor will wish to examine the invoices during his or her audit.

(f) Deposit intact all amounts accepted in an authorized bank account. If any contribution is unacceptable for any reason, return the contribution before it is deposited; otherwise the contribution must be recorded and reported (see Guidelines G4, G10 and G15 -- Rules on Contributions). Do not use undeposited cash contributions received to pay off debts or to pay for purchases. Any departure from this rule makes record keeping very difficult. It is also a breach of the Act. You are also reminded that cash contributions from any one contributor in excess of $25 are prohibited.

(3) Keep a copy of each bank deposit slip. Be sure to note on the slip or on some other document which can be cross-referenced to the deposit slip the name on each cheque or money order being deposited as well as the amount.

(4) It is not necessary to keep a complicated set of accounting records. The following should be all that is needed to comply with the Act to enable you to report to the Commission and satisfy your auditor.

(a) Deposit slips for all deposits showing contributors' names.

(b) A record of all donations of goods and services and their fair value.

(c) A list of names and addresses of all contributors and their status as to individual, corporation or trade union.

(d) A record of all contributions returned.

(e) Cancelled cheques and bank statement.

(f) Cheque stubs on which will be recorded the particulars of all payments made.

(g) Invoices, petty cash slips and other vouchers supporting all payments made and goods and services contributions accepted.

(h) Contributions receipt records as specified by the Commission.

(i) Maintain a membership record of memberships sold where valued at $25 or less which lists the name, address and membership fee paid if you have not considered the membership fee payment a contribution.

section 31

(5) In addition to records of cash actually received and disbursed, for financial statements on an accrual basis, it is necessary also to take into account:

- expenses incurred but not paid (accounts payable),
- expenses incurred for which bills have not yet been received,
- income on amounts on deposit or other investments, which has been earned but not yet received,
- contributions received prior to the end of the period but not deposited until after the end of the period, (including contributions received in the mail after the end of the period in envelopes postmarked in the reporting period),
- agency contributions received by the party, subject to compliance with Guideline G19, which although received by the party in the annual or campaign period have not been forwarded until after the expiration date of the reporting period, and
- transfer payments not yet received but in transit.

.02 The Act does not define what is meant by "proper records" and the Commission does not intend to require you to use any particular accounting system. You should feel free to use whatever accounting system suits your requirements. For example, you may prefer to use bank deposit slips as your primary record of contributions, a file of "thank you" letters to contributors as your record of their names and addresses, and cheque stubs as the record for payments of expenses.

.03 It would be advisable to consult with the auditor of your candidate or constituency association as soon as he or she is appointed. This is to ensure that the bookkeeping procedures you propose to follow are satisfactory to him or her so that he or she will be able to carry out his or her

audit work at minimum cost. Remember that the Commission will pay a subsidy to reduce the cost of the services of the auditor in the audit of the records and financial statements.

section 41

.04 You should purchase a standard multi-column accounting book at a stationery or office supply store. Use one section of the book for recording cash receipts, another for cash disbursements and a third section for the record of all donations of goods, services and advertising.

.05 It is very important to make a clear distinction between annual transactions and campaign period transactions. A candidate's records should include transactions during the campaign period only. As mentioned above, a constituency association is strongly advised to start new pages in its cash receipts book, its cash disbursements book and its record of all donations of goods, services and advertising to keep annual transactions separated from campaign period transactions.

.06 Note that pre-campaign pericd income and expenses received or incurred by a constituency association on behalf of a candidate are not to be recorded in the candidate's records except to the extent that they have been transferred to the candidate after the campaign period begins. For example, campaign literature may have been purchased by the constituency association prior to the campaign period; this may be transferred to the candidate at cost after the campaign period begins. Also, campaign funds may have been raised by the constituency association for the candidate; these funds may be transferred to the registered candidate when the campaign period begins.

If a constituency association has purchased campaign materials prior to the date of the writ for an election the association must not report the money spent as an expenditure but instead record the amount spend as INVENTORY of such materials and report the actual cost of the material in the asset section of the balance sheet. When the materials are given over to the candidate's campaign at the date of the writ, the constituency association should record the value of the inventory materials as a transfer payment to the candidate's campaign and the candidate's chief financial officer MUST record the inventory value both as a transfer payment received and a campaign expense. (see Guideline G25)

.07 It is very important to make a clear distinction between transactions that are campaign period receipts or expenses that are to be reported to the Commission and those that are not. For example:

(1) campaign expenses do not include repayment of bank borrowings, contributions returned, transfers to your party or other candidates and constituency associations or amounts paid to the Commission, or

(2) campaign income does not include proceeds from bank loans or the principal of investments sold.

Commission on Election Finances G 28

Guidelines for Chief Financial Officers

UNREGISTERED POLITICAL ORGANIZATIONS

.01 The Election Finances Act provides for the registration by the Commission of political parties, constituency associations, and candidates for election to the Legislative Assembly of Ontario and leadership contestants for the leadership of a registered party.

There are, however, many political organizations active in the support of provincial political activity and this Guideline is prepared to clarify the financial participation allowed by each.

.02 The Act provides that no political party, constituency association, candidate or leadership contestant registered with the Commission may transfer funds or make a contribution to any:

(a) candidate at a municipal election under the Municipal Elections Act, or

(b) federal political party registered under the Canada Elections Act or any federal constituency association or any federal constituency association's affiliated organizations (i.e. youth groups, women's groups, etc.) or candidate at a federal election endorsed by such federal political party **EXCEPT** that "during an election" as defined in the Canada Elections Act a registered party may transfer to a federal political party registered under the Election Expenses Act (Canada), an amount not exceeding in the aggregate, $100 for each candidate at a federal election in a federal electoral district in the Province of Ontario who is endorsed as a candidate by that federal political party.

section 30(1)

.03 No political party, constituency association, candidate or leadership contestant registered with the Commission may accept funds from a federal political party registered under the Election Expenses Act (Canada), a federal constituency association or a federal constituency association's affiliated organization (i.e. youth groups, women's groups, etc.) **EXCEPT** that during a campaign period a registered party may accept from such a federal political party only an amount not exceeding, in the aggregate, $100 for each registered candidate endorsed by that registered party.

section 21

.04 The Commission has ruled that since a loan requires the transfer of funds any prohibition in the Act for transfer payments also applies to the making or receiving of a loan.

.05 A political organization that is affiliated with and endorsed by a political party or one or more constituency associations registered with the Commission may make a contribution in any year to the political party or any constituency association with which it is affiliated as if it were a person for the purposes of clause 19(1)(a) of the Act.

sections 27(3) and 27(4)

NOTE: The Act does not permit an affiliated political organization to make a contribution to a registered candidate or an additional contribution to the political party in a campaign period.

.06 Although contributions cannot be accepted from organizations supporting political parties or candidates unless the prerequisites contained in para. 28.05 above are met, such organizations may hold specific fund-raising functions under the sponsorship of a party, constituency association or candidate provided that the entire proceeds inclusive of a statement of income and expense of each function are turned over to the appropriate chief financial officer.

The C.F.O. in such circumstances will record the financial information in his or her accounting records and include such data in the return to be filed with the Commission.

NOTE: The C.F.O. also has the ultimate responsibility for ensuring the $25 cash contribution limit is not exceeded and full details of the tickets sold are made available where part or all of the ticket price is to be considered a contribution.

AUDITOR

.01 This section of the Guidelines is intended to provide information specifically related to the auditor. By inclusion with the general set of Guidelines the Commission hopes it will also be informative to the chief financial officer and make him or her aware of the problems and needs of the auditor in the completion of his or her work. By knowing in advance what information the auditor is likely to require and having it readily available, it should achieve the result of a more efficient audit and a more timely audit report.

.02 The Election Finances Act contains a number of references to the auditor. While the auditor should be aware of all provisions of the Act the Commission has prepared a brochure available to all auditors outlining specific sections of the Act of importance in completion of the audit.

.03 Every candidate and leadership contestant must appoint an auditor at the time of appointment of his or her chief financial officer. Every registered party and every registered constituency association must appoint an auditor within thirty (30) days of registration. The Commission, however, suggests that the auditor be appointed before the application to register a constituency association is filed so that he or she may be called upon to advise the C.F.O. on the preparation of the initial Statement of Assets and Liabilities. Auditors must be persons licensed under the Public Accountancy Act or a firm whose partners resident in the Province of Ontario are licensed under that Act. Where an auditor previously appointed ceases for any reason to hold office as such, the candidate, leadership contestant, political party or constituency association, as the case may be, must appoint another auditor.

sections 41(1) and 41(2)

.04 No returning officer, deputy returning officer, election clerk, or chief financial officer of a candidate, leadership contestant, registered party or constituency association can act as the auditor for a candidate, registered party, constituency association or leadership contestant.

section 41(3)

.05 The auditor of the candidate is required to make a report to the chief financial officer on the candidate's campaign period financial statement.

section 43(1)

.06 The auditor of a constituency association and political party is required to report on both the annual and campaign period financial statements of the association and of the party.

sections 42(1) and 43(1)

.07 The auditor of a leadership contestant is required to report on the leadership contestant's leadership contest financial statement.

sections 41(4) and 43(4)

.08 In connection with his or her report the auditor is required to make an examination that will enable him or her to report whether in his or her opinion the financial statement presents fairly the information contained in the accounting records on which the financial statement is based.

section 41(4)

.09 The auditor's report shall also include such comments as he or she considers necessary where he or she has not received from the chief financial officer all the information and explanation that he or she has required, or where proper accounting records have not been kept by the C.F.O. so far as appears from his or her examination.

section 41(5)

.10 At all reasonable times the auditor is to have access to all records, documents, books, accounts and vouchers of the candidate, leadership contestant, political party or constituency association that appointed the auditor. The auditor is also entitled to require from the chief financial officer such information and explanation as in his or her opinion may be necessary to enable the making of the report.

section 41(6)

.11 The chief financial officer of every political party, constituency association and candidate registered under the Act, must file the audited campaign period financial statement with the Commission not later than six (6) months after polling day (i.e., three (3) months after the end of the campaign period). Accordingly, it will be necessary for the auditor to make his or her report to the C.F.O. prior to that date.

section 43(1)

.12 The chief financial officer of every political party and constituency association registered under this Act must file the annual audited financial statements with the Commission not later than May 31st of the following year.

section 42(1)

.13 The chief financial officer of every leadership contestant registered under the Act must file the audited leadership contest financial statement with the Commission not later than six (6) months after the date of the leadership vote.

section 43(4)

.14 Where the chief financial officer of a registered party or constituency association ceases for any reason other than death or incapacity to hold office as such, the C.F.O. must within forty-five (45) days following the day on which he or she ceased to hold office file audited financial statements with the Commission.

section 45(1)

.15 Where the chief financial officer of a registered candidate or leadership contestant ceases for any reason other than death or incapacity to hold office as such, the C.F.O. must within forth-five (45) days following the day on which he or she ceased to hold office file audited financial statements with the Commission.

section 45(2)

.16 Where, for any reason, the chief financial officer fails to file the audited financial statements required under sections 45(1) and 45(2), or where the C.F.O. has died or becomes incapacitated, the political party, constituency association, candidate or leadership contestant, as the case may be, for which the C.F.O. acted, must file an audited financial statement with the Commission within sixty (60) days following the day on which the C.F.O. ceased to hold office.

section 45(3)

.17 Where a registered party or registered constituency association applies to the Commission for deregistration under section 13(1), the chief financial officer of the registered party or constituency association must, at the same time, file with the Commission audited financial statements for the period commencing with the day immediately

following the most recent period for which a financial statement has been filed with the Commission and ending on the last day upon which any financial activity has occurred.

section 13(8)

.18 Where a registered candidate withdraws his or her candidacy prior to polling day or fails to file nomination papers, or dies prior to polling day, the campaign period with respect to that candidate is deemed to expire on the day of the withdrawal of the candidacy, on nomination day or on the day of his or her death, whichever first occurs, and the chief financial officer must file with the Commission the audited financial statement within sixty (60) days after the expiration of the campaign period with respect to that candidate.

section 14(6)

.19 The Election Finances Act provides for the payment of a subsidy in relation to the audit fee charged by the auditor for his or her examination and reporting on the financial records and statements. The auditor's account for his or her services must be submitted to the Commission in conjunction with the audited financial returns and must clearly indicate the fee for audit services separate from the auditor's fee for other services which may have been provided. The subsidy is limited to the lesser of the auditor's account and, (a) in the case of the constituency association, $400, (b) in the case of the candidate, $800, and (c) in the case of a leadership contestant, $600. No subsidy applies for the audit of a party statement of income and expenses either during a campaign period or annually. The Commission reviews each subsidy request received judging the apparent complexity of the auditee's financial affairs and can approve an amount lower than the original account submitted by the auditor. Auditor's accounts should provide sufficient details to enable the Commission to decide on the reasonableness of the audit fee. In addition, the Commission is empowered to recommend regular increases in the audit fee subsidy. The only basis for assessing the reasonableness of the subsidy is to analyze audit fees charged. Auditors should therefore indicate the full amount of the fee that would have been charged before any discounts or write-offs. The Commission cannot recommend an increase in the subsidy based on audit fee billings which are identical to the subsidy.

sections 41(7) and 4(3)(d)

RETENTION OF RECORDS BY CHIEF FINANCIAL OFFICERS OF POLITICAL PARTIES, CONSTITUENCY ASSOCIATIONS AND CANDIDATES

.01 The Commission has reviewed its requirements for the retention of financial records for political parties, constituency associations and candidates registered under the Act and in doing so it has determined that Revenue Canada under its authority of section 230 of the Income Tax Act, section 72 of the Unemployment Insurance Act and section 25 of the Canada Pension Act requires the retention of some records indefinitely and others for not less than six (6) years.

Further, authorization for the destruction of any records must be obtained from the Director of Taxation, Revenue Canada. In this regard we would refer you to paragraph 11 of Revenue Canada's Information Circular 78-10R dated January 17, 1983 (attached).

As a consequence of Revenue Canada's authority and direction on the subject, any consideration of the Commission for a lesser retention period is precluded.

The Commission requires, however, that it be kept informed of any written requests made to Revenue Canada for the destruction of records through a copy of the related correspondence being forwarded to the attention of its Executive Director.

Also, because of its interest in the matter of record retention and destruction, it will be necessary for written authorization to be obtained from the Commission for record destruction in addition to that which might be given by the Director of Taxation, Revenue Canada.

CIRCULAIRE D'INFORMATION

SUBJECT: BOOKS AND RECORDS RETENTION/ DESTRUCTION

NO.: 78-10R DATE: January 17, 1983

OBJET: CONSERVATION ET DESTRUCTION DES LIVRES ET DES REGISTRES

Nº: 78-10R DATE: le 17 janvier 1983

This circular cancels and replaces Information Circular 78-10 dated August 21, 1978.

1. The circular is for the information and guidance of persons required by law to keep records and books of account pursuant to sections 230 and 230.1 of the Income Tax Act, section 103 of the Petroleum and Gas Revenue Tax Act, section 72 of the Unemployment Insurance Act, 1971 and section 25 of the Canada Pension Plan. It does not reflect the requirements imposed by other statutes, whether federal, provincial or municipal, to maintain adequate books and records.

2. For the purpose of this circular ''person'' has the meaning assigned by subsection 248(I) of the act, which reads as follows: ''(1) In this act, ''person'', or any word of expression descriptive of a person, includes any body corporate and politic, and the heirs, executors, administrators or other legal representatives of such person, according to the law of that part of Canada to which the context extends.'' Therefore a person in this context includes a corporation, a charitable organization, a trust and any other body or organization.

Who Must Keep

3. Books and records must be kept by every
   (a) person carrying on a business,
   (b) person who is required to pay or collect taxes or other amounts pursuant to the Income Tax Act, the Petroleum and Gas Revenue Tax Act, the Unemployment Insurance Act, 1971 or the Canada Pension Plan,
   (c) registered charity or registered Canadian amateur athletic association, and
   (d) registered agent of a registered political party or an official agent for a candidate in a Federal election.

Records To Be Kept

4. As a general rule the department does not specify the records to be kept. However, books and records must
   (a) permit the tax payable or the taxes or other amounts to be collected, withheld or deducted by a person to be determined,

La présente circulaire annule et remplace la Circulaire d'information 78-10 du 21 août 1978.

1. La présente circulaire vient communiquer les renseignements et les directives nécessaires aux personnes qui sont obligées de tenir des livres et des registres de comptes aux fins de l'impôt sur le revenu en vertu des articles 230 et 230.1 de la Loi de l'impôt sur le revenu, de l'article 103 de la Loi de l'impôt sur les revenus pétroliers, de l'article 72 de la Loi de 1971 sur l'assurance-chômage et de l'article 25 du Régime de pensions du Canada. Elle ne tient pas compte des exigences imposées par d'autres lois, qu'elles soient fédérales, provinciales ou municipales, relativement à la tenue de livres et de registres adéquats.

2. Pour les besoins de cette circulaire, le mot «personne» a le sens qui lui est attribué dans le paragraphe 248(1) de la Loi qui se lit comme suit: «(1) Dans la présente loi, «personne» ou tout mot ou expression désignant une personne, comprend tout corps constitué et politique, les héritiers, exécuteurs testamentaires, administrateurs ou autres représentants légaux de cette personne, selon la loi de la partie du Canada visée par le contexte.» Par conséquent, dans ce contexte, une «personne» inclut une corporation, un organisme de charité, une fiducie et toute autre collectivité ou organisation.

Personnes visées

3. Des livres et des registres doivent être tenus par:
   a) toute personne qui exploite une entreprise,
   b) toute personne qui est tenue de payer ou de percevoir des impôts ou d'autres sommes en vertu de la Loi de l'impôt sur le revenu, de la Loi de l'impôt sur les revenus pétroliers, de la Loi de 1971 sur l'assurance-chômage ou du Régime de pensions du Canada,
   c) tout organisme de charité enregistré ou toute association canadienne enregistrée de sport amateur, et
   d) tout agent enregistré d'un parti politique enregistré ou tout agent officiel d'un candidat à des élections fédérales.

Registres à tenir

4. En règle générale, le Ministère ne précise pas la nature des registres à tenir. Toutefois, les livres et registres tenus doivent:
   a) permettre le calcul de l'impôt à payer ou des taxes ou autres sommes qui doivent être perçues, retenues ou déduites par une personne visée,

Published under the authority of the Deputy Minister of National Revenue for Taxation

Publié avec l'autorisation du Sous-ministre du Revenu National pour l'impôt

Canada

(b) permit the verification of any tax exempt status claimed,

(c) permit the verification of all deductible charitable, athletic and political donations received, and

(d) be supported by vouchers or other source documents necessary to verify the information in the books and records kept.

5. The Minister may specify what records or books of account shall be kept where a person has failed to keep adequate records and books of account.

Methods of Keeping Records

6. Revenue Canada Taxation recognizes as books and records of account for the purposes of sections 230 and 230.1 of the Income Tax Act, section 103 of the Petroleum and Gas Revenue Tax Act, section 25 of the Canada Pension Plan and section 72 of the Unemployment Insurance Act, 1971, the traditional books of account with supporting source documents; records maintained in a machine-sensible data medium which can be related back to the supporting source documents and which is supported by a system capable of producing accessible and readable copy; and microfilm (including michofiche) reproductions of books of original entry and source documents, if produced, controlled and maintained in accordance with the National Standard of Canada CAN2-72.11-79 entitled "Microfilm as Documentary Evidence." (CAN2-72.11-79 is available through Canadian Government Publishing Centre, Supply and Services Canada, Ottawa, Ontario, K1A 0S9.)

7. Microfilmed cheques (excluding payroll cheques) and microfilmed deposit slips are not records acceptable to the Department.

8. An acceptable microfilm program requires that

(a) the program be authorized in writing by someone in the organization in authority and who confirms that the program will be part of the usual and ordinary activity of the business of the organization,

(b) systems and procedures are established and documented,

(c) a log will be kept showing:

(i) the date of microfilming,

(ii) the signatures of the persons authorizing and performing the microfilming, and

(iii) a description of the records microfilmed,

(d) an index will be maintained which will permit the immediate location of any particular record,

(e) the microfilm records will be of commercial quality and will exhibit a high degree of legibility and readability when displayed on a microfilm reader or reproduced on paper,

(f) a system of inspection and quality control will be established to ensure that (c), (d), and (e) above are maintained, and

(g) equipment, in good working order, will be made available upon reasonable notification to view, or where feasible, to reproduce hard copy of the microfilm.

b) permettre la vérification de toute demande d'exemption d'impôt,

c) permettre la vérification de tous les dons déductibles reçus par des organismes de charité, des associations de sport amateur et des partis politiques,

d) être appuyés par des pièces justificatives ou d'autres documents de base nécessaires à la vérification des renseignements qui y sont contenus.

5. Le Ministre peut préciser la nature des registres ou des livres de comptes qui doivent être tenus lorsqu'une personne a omis de tenir des registres et des livres de comptes adéquats.

Méthodes de tenue de registres

6. Revenu Canada, Impôt reconnaît comme registres et livres de comptes aux fins des articles 230 et 230.1 de la Loi de l'impôt sur le revenu, de l'article 103 de la Loi de l'impôt sur les revenus pétroliers, de l'article 25 du Régime de pensions du Canada et de l'article 72 de la Loi de 1971 sur l'assurance-chômage, les livres de comptes traditionnels accompagnés de documents de base; les registres tenus à l'aide de systèmes de données assimilables par machine qui peuvent être associés aux documents de base pertinents et qui sont appuyés par un système capable de reproduire les données en cause sur papier, et les reproductions sur microfilms (y compris les microfiches) de livres d'écritures originales et de documents de base, si elles sont produites, contrôlées et tenues en conformité de la Norme nationale du Canada CAN2-72.11-79 intitulée « Microfilm preuve littérale ». (On peut se procurer le CAN2-72.11-79 auprès de l'Imprimerie du gouvernement canadien, Approvisionnements et Services Canada, Ottawa, Ontario, K1A 0S9.)

7. Le Ministère n'accepte pas comme registres les chèques, (sauf les chèques de paie) et les bordereaux de dépôt microfilmés.

8. Voici les conditions d'acceptation d'un programme de microfilmage:

a) le programme doit être autorisé par écrit par l'un des dirigeants de l'organisme qui doit confirmer que le programme s'inscrira dans le cadre des activités normales de l'organisme,

b) des systèmes et des procédures doivent être établis et documentés,

c) un registre comportant:

(i) la date du microfilmage,

(ii) les signatures des personnes qui ont autorisé et effectué le microfilmage, et

(iii) une description des dossiers microfilmés,

d) un index détaillé permettant de repérer immédiatement un dossier particulier doit être tenu,

e) les dossiers microfilmés doivent être de qualité commerciale et être clairs et lisibles lorsqu'ils apparaissent sur un lecteur de microfilms ou lorsqu'ils sont reproduits sur papier,

f) un système d'inspection et de contrôle de la qualité doit être élaboré pour vérifier si les critères c), d) et e) ci-dessus sont respectés,

g) l'équipement en état de fonctionner doit être disponible, sur avis raisonnable, pour visionner les microfilms ou, dans la mesure du possible, pour les reproduire sur papier.

9. The books and records must be kept in an orderly manner at the person's place of business or residence in Canada or at such other place as may be designated by the Minister and must, upon request, be made available to officers of Revenue Canada, Taxation for audit purposes, at all reasonable times.

Retention Period

10. Books and records are required to be retained for the period or periods provided by subsections 230(4) to (7) or until written permission is given by the Minister for their disposal. Failure to comply with this requirement could result in prosecution by the Department.

11. Books and records, other than those discussed in 12 to 14 below, must be retained for a minimum of six years from the end of the last taxation year to which they relate. The taxation year is the fiscal period for corporations and the calendar year for all others.

12. The books and records for which time periods for retention are prescribed (referred to in this circular as specified records) are set out in Part 5800 of the Income Tax Regulations attached. However, the accounts and vouchers related to these books and records are subject to the six years retention period unless specified otherwise in the Income Tax Regulations.

13. The required retention periods for the records specified in Regulation 5800 may be summarized as follows:

(a) in respect of a corporation, two years from the date of the dissolution of the corporation, (in the case of corporations that amalgamate or merge, books and records must be retained on the basis that the new corporation is a continuation of each amalgamating corporation),

(b) in respect of any non-incorporated business, six years from the end of the taxation year in which the business ceased,

(c) in respect of the duplicate donation receipts of a registered charity or registered Canadian amateur athletic association, other than receipts for donations of property to be held for a period of not less than 10 years, two years from the end of the calendar year in which the donations were made,

(d) in respect of the other specified records of registered charities and registered Canadian amateur athletic associations, two years from the date the registration is revoked, and

(e) in respect of the records relating to political contributions, two years from the end of the calendar year to which they relate.

14. Exceptions to the rules outlined in 11 and 13 above are:

(a) The books and records of a deceased taxpayer or a trust, may be destroyed upon receipt of a clearance certificate issued pursuant to subsection 159(2) of the Income Tax Act with respect to the final distribution of all property;

9. Les livres et les registres doivent être conservés de la manière prescrite au lieu d'affaires ou de résidence du contribuable au Canada ou à tout autre endroit que le Ministre peut désigner et doivent, sur demande, être mis à la disposition des agents de Revenu Canada, Impôt à des fins de vérification, dans un délai raisonnable.

Période de conservation

10. Les livres et registres doivent être conservés pendant la ou les périodes prévues aux paragraphes 230(4) à (7) ou jusqu'à ce qu'une permission écrite soit accordée par le Ministre pour leur destruction. L'omission de se conformer à cette exigence pourra entraîner des poursuites de la part du Ministère.

11. Les livres et les registres, autres que ceux dont il est question aux points 12 à 14 ci-après, doivent être conservés pendant au moins six ans à compter de la fin de la dernière année d'imposition à laquelle ils se rapportent. L'année d'imposition est l'exercice financier pour les corporations et l'année civile pour les autres.

12. Les livres et les registres pour lesquels des périodes de conservation sont prescrites (appelés dans la présente circulaire registres désignés) sont énumérés dans la partie 5800 du Règlement de l'impôt sur le revenu ci-joint. Toutefois, les comptes et pièces justificatives qui se rapportent à ces livres et registres sont assujettis à la période de conservation de six ans, à moins d'indication contraire dans le Règlement de l'impôt sur le revenu.

13. Les périodes de conservation prescrites pour les registres énumérés au Règlement 5800 peuvent être résumées comme suit:

a) pour une corporation, deux ans après la date de dissolution de la corporation (les corporations qui font l'objet d'une fusion doivent conserver leurs livres et leurs registres car la nouvelle corporation est le prolongement de chaque corporation fusionnée),

b) pour toute entreprise non constituée en société, six ans à compter de la fin de l'année financière au cours de laquelle l'entreprise a cessé d'exister,

c) pour les doubles des reçus de dons d'un organisme de charité enregistré ou d'une association canadienne enregistrée de sport amateur, autre que les reçus pour des dons de biens qui doivent être conservés pendant au moins 10 ans, deux ans à compter de la fin de l'année civile où les dons ont été faits,

d) pour les autres registres désignés des organismes de charité enregistrés et des associations canadiennes enregistrées de sport amateur, deux ans à compter de la date d'annulation de l'enregistrement, et

e) pour les registres touchant les contributions politiques, deux ans à compter de la fin de l'année civile à laquelle ils se rapportent.

14. Voici les exceptions aux règles énoncées en 11 et 13 ci-dessus:

a) les livres et les registres d'un contribuable décédé ou d'une fiducie peuvent être détruits à la réception d'un certificat de décharge délivré en vertu du paragraphe 159(2) de la Loi de l'impôt sur le revenu relativement à la répartition finale de tous les biens;

(b) Books and records may be destroyed at an earlier time than outlined elsewhere in this circular if written permission for their disposal is given by the Minister. In order to obtain such permission a person must apply in writing to the Director, Taxation of the appropriate District Taxation Office. The request, signed by the person or an authorized representative, should provide the following information:

(i) a clear identification of books, records or other documents to be destroyed;
(ii) the taxation years for which the request applies;
(iii) details of any special circumstances which would justify destruction of the books and records at an earlier time than that normally permitted; and
(iv) any other pertinent information.

(c) The Minister may, by registered letter or by a demand served personally by a representative of the district office, require specific records to be kept for such additional period of time as may be stipulated in the letter or demand;

(d) Where a return required by section 150 of the Income Tax Act is filed late the books and records referred to in 11 above must be retained for six years from the day the return is filed; and

(e) Every book and record necessary for dealing with a notice of objection or appeal must be retained until the notice of objection or appeal is disposed of and the time for filing any further appeal has expired.

15. It is important to note that the minimum retention period for the records described in 11 above is governed, generally, by the last taxation year when a record may be required for a determination under the Income Tax Act and not the year when the transaction occurred and the record was created. For example, records supporting the acquisition and capital cost of investments and other capital property held by a person (including registered charities and registered Canadian amateur athletic associations) should be maintained until a day that is six years from the end of the last taxation year in which they could enter into any computation for income tax purposes.

Inadequate Records

16. If Revenue Canada, Taxation finds that records and books of account are inadequate the department will ordinarily request a written agreement that books and records will be maintained as required. Within a reasonable period of time, usually not less than a month, the department follows up the request by letter or visit to ensure compliance.

17. If there has been no compliance within the time allowed, the department issues a formal requirement letter This describes the information to be recorded in the books and advises of the legal consequences and penalties for failing to comply. Failure to comply with the letter within a specified period of time may result in prosecution by the Department. On summary conviction, and in addition to any penalty otherwise payable, a taxpayer is liable to a fine of not less than $200 or both the fine and imprisonment.

b) des livres et des registres peuvent être détruits plus tôt qu'il n'est précisé ailleurs dans la présente circulaire lorsque le Ministre en donne la permission par écrit. Pour obtenir cette permission, une personne peut écrire au directeur de l'Impôt du bureau de district d'impôt pertinent. La demande, signée par la personne ou par un représentant autorisé, doit contenir les renseignements suivants:

(i) une identification précise des livres, registres ou autres documents à détruire;
(ii) les années d'imposition auxquelles la demande s'applique;
(iii) les détails de toutes circonstances spéciales qui justifient la destruction des livres et des registres plus tôt que normalement permis, et
(iv) tout autre renseignement pertinent.

c) le Ministre peut, par courrier recommandé ou par demande péremptoire signifiée en personne par un représentant du bureau de district, exiger que des registres désignés soient conservés pendant une période supplémentaire stipulée dans la lettre ou la demande péremptoire,

d) lorsqu'une déclaration exigée en vertu de l'article 150 de la Loi de l'impôt sur le revenu est produite en retard, les livres et les registres mentionnés en 11 ci-dessus doivent être conservés pendant six ans à compter de la date de production de la déclaration, et

e) tous les livres et registres nécessaires au traitement d'un avis d'opposition ou d'un appel doivent être conservés jusqu'à ce que l'avis d'opposition ou l'appel soit réglé et que le délai de production de tous les appels supplémentaires soit écoulé.

15. Il importe de noter que la période de conservation minimale des registres décrits en 11 ci-dessus est régie, en règle générale, par la dernière année d'imposition lorsqu'un registre peut s'avérer nécessaire à une détermination en vertu de la Loi de l'impôt sur le revenu, et non par l'année au cours de laquelle la transaction a été effectuée et le registre établi. Par exemple, les registres à l'appui de l'acquisition et du coût en capital de placements et d'autres biens en capital détenus par une personne (y compris les organismes de charité enregistrés et les associations canadiennes enregistrées de sport amateur) doivent être conservés pendant six ans à compter de la fin de la dernière année d'imposition au cours de laquelle ils peuvent servir aux calculs aux fins de l'impôt sur le revenu.

Registres insuffisants

16. Si Revenu Canada, Impôt estime que les livres et registres sont insuffisants, le Ministère exigera habituellement une promesse écrite indiquant que les livres et registres seront tenus de la façon exigée. Après un délai raisonnable, qui est habituellement d'au moins un mois, le Ministère fait un suivi de sa demande, par écrit ou sur place, pour s'assurer que le contribuable s'y conforme.

17. Si les exigences prescrites n'ont pas été respectées dans le délai accordé, le Ministère enverra une demande péremptoire indiquant les renseignements à inscrire dans les livres et informant des conséquences juridiques et des pénalités pour défaut d'obtempérer. La non-conformité à la demande péremptoire peut entraîner des poursuites judiciaires. À la suite d'une déclaration sommaire de culpabilité, en plus de devoir payer toute pénalité exigible, un contribuable est passible d'une amende d'au moins $200 ou d'une amende et d'une peine d'emprisonnement.

(c) in respect of

(i) the general ledger or other book of final entry containing the summaries of the year-to-year transactions of a business of a person (other than a corporation), and

(ii) any special contracts or agreements necessary to an understanding of the entries in the general ledger or other book of final entry referred to in subparagraph (i),

the period ending on the day that is six years after the last day of the taxation year of the person in which the business ceased;

(d) in respect of

(i) any record of the minutes of meetings of the executive of a registered charity or registered Canadian amateur athletic association,

(ii) any record of the minutes of meetings of the members of a registered charity or registered Canadian amateur athletic association,

Partie LVIII

Conservation des registres et livres de comptes

5800. (1) Aux fins de l'alinéa 230(4)a) de la Loi, les périodes de conservation des registres et livres de comptes d'une personne sont les suivantes:

a) pour

(i) les comptes rendus des réunions des administrateurs d'une corporation,

(ii) les comptes rendus des réunions des actionnaires d'une corporation,

(iii) les registres d'une corporation renfermant des détails relatifs aux actions du capital-actions de la corporation et à tout transfert y afférent,

(iv) le grand livre général ou tout autre livre d'inscriptions définitives renfermant le sommaire des transactions d'une corporation, reportées d'une année à l'autre, et

(v) les accords ou contrats spéciaux nécessaires à la compréhension des inscriptions du grand livre général ou de tout autre livre d'inscriptions définitives mentionné au sous-alinéa (iv),

la période se terminant deux ans après la date de la dissolution de la corporation;

b) pour les registres et livres de comptes d'une corporation dissoute qui ne sont pas visés à l'alinéa a), et pour les pièces justificatives et comptes nécessaires à la vérification des renseignements contenus dans ces registres et livres de comptes, la période se terminant deux ans après la date de la dissolution de la corporation;

c) pour

(i) le grand livre général ou tout autre livre d'inscriptions définitives renfermant le sommaire des transactions d'une entreprise d'une personne (autre qu'une corporation), reportées d'une année à l'autre, et

(ii) les accords ou contrats spéciaux nécessaires à la compréhension des inscriptions du grand livre général ou de tout autre livre d'inscriptions définitives mentionné au sous-alinéa (i),

la période se terminant six ans après le dernier jour de l'année d'imposition de la personne où l'entreprise a cessé d'exister;

d) pour

(i) les comptes rendus des réunions du conseil de direction d'un organisme de charité enregistré ou d'une association canadienne enregistrée de sport amateur,

(ii) les comptes rendus des réunions des membres d'un organisme de charité enregistré ou d'une association canadienne enregistrée de sport amateur,

(iii) all documents and by-laws governing a registered charity or registered Canadian amateur athletic association, and

(iv) all records of any donations received by a registered charity that were subject to a direction by the donor that the property given be held by the charity for a period of not less than 10 years,

the period ending on the day that is two years after the date on which the registration of the registered charity or the registered Canadian amateur athletic association under the Act is revoked;

(e) in respect of all records and books of account that are not described in paragraph (d) and that relate to a registered charity or registered Canadian amateur athletic association whose registration under the Act is revoked, and in respect of the vouchers and accounts necessary to verify the information in such records and books of account, the period ending on the day that is two years after the date on which the registration of the registered charity or the registered Canadian amateur athletic association under the Act is revoked;

(f) in respect of duplicates of receipts for donations (other than donations referred to in subparagraph (d)(iv)) that are received by a registered charity or registered Canadian amateur athletic association and are required to be kept by that charity or association pursuant to subsection 230(2) of the Act, the period ending on the day that is two years from the end of the last calendar year to which the receipts relate; and

(g) notwithstanding paragraphs (c) to (f), in respect of all records, books of account, vouchers and accounts of a deceased taxpayer or a trust in respect of which a clearance certificate is issued pursuant to subsection 159(2) of the Act with respect to the distribution of all the property of such deceased taxpayer or trust, the period ending on the day that the clearance certificate is issued.

(2) For the purposes of subsection 230.1(3) of the Act, with respect to the application of paragraph 230(4)(a) of the Act, the required retention period for records and books of account that are required to be kept pursuant to section 230.1 of the Act is prescribed to be the period ending on the day that is two years after the end of the last calendar year to which the records or books of account relate."

(3) Sections (1) and (2) are effective in respect of the period before this Regulation is published in the **Canada Gazette** commencing September 20, 1982.

(iii) les statuts et autres documents régissant un organisme de charité enregistré ou une association canadienne enregistrée de sport amateur, et

(iv) les registres des dons reçus par un organisme de charité enregistré et assujettis à des instructions du donneur stipulant que le don soit conservé par l'organisme de charité pendant au moins 10 ans,

la période se terminant deux ans après la date d'annulation de l'enregistrement, en vertu de la Loi, de l'organisme de charité enregistré ou de l'association canadienne enregistrée de sport amateur;

e) pour les registres et livres de comptes qui ne sont pas visés à l'alinéa d) et qui s'appliquent à un organisme de charité enregistré ou à une association canadienne enregistrée de sport amateur dont l'enregistrement en vertu de la Loi a été annulé et pour les pièces justificatives et comptes nécessaires à la vérification des renseignements contenus dans ces registres et livres de comptes, la période se terminant deux ans après la date d'annulation de l'enregistrement, en vertu de la Loi, de l'organisme de charité enregistré ou de l'association canadienne enregistrée de sport amateur;

f) pour les duplicata des reçus émis pour des dons (à l'exception des dons mentionnés au sous-alinéa d)(iv)) reçus par un organisme de charité enregistré ou une association canadienne enregistrée de sport amateur, et qui doivent être tenus par l'organisme ou l'association conformément au paragraphe 230(2) de la Loi, la période se terminant deux ans après la fin de la dernière année civile à laquelle les reçus s'appliquent; et

g) nonobstant les alinéas c) à f), pour les registres, livres de comptes, pièces justificatives et comptes d'un contribuable décédé ou d'une fiducie, à l'égard desquels un certificat de décharge a été obtenu, conformément au paragraphe 159(2) de la Loi, aux fins de la répartition des biens du contribuable décédé ou de la fiducie, la période se terminant le jour de la délivrance du certificat de décharge.

(2) Aux fins du paragraphe 230.1(3) de la Loi, en ce qu'il vise l'application de l'alinéa 230(4)a) de la Loi, la période de conservation prescrite pour les registres et livres de comptes qui doivent être tenus en vertu de l'article 230.1 de la Loi est la période se terminant deux ans après la fin de la dernière année civile auxquels s'appliquent ces registres ou livres de comptes. »

(3) Les articles (1) et (2) s'appliquent à compter du 20 septembre 1982, avant leur publication dans la **Gazette du Canada.**

FUND-RAISING FUNCTIONS

.01 Fund-raising functions are organized activities held for the primary purpose of raising monies for a political party, constituency association, candidate or leadership contestant registered under the Act by whom or on whose behalf the function is held. Such organized activities include social functions such as suppers, dances, garden parties, etc., for which an admission charge is made as well as auctions, button sales, car washes, etc. for which no admission charge is made. Seminars, workshops, annual meetings, conventions, policy conferences, and the like are not considered to be fund-raising functions for the purposes of the Act.

section 24(1)

.02 The gross income from each fund-raising function must be recorded and reported to the Commission by the chief financial officer in the annual return or the campaign period return, as the case may be, relating to the period in which the function was held. It is furthermore required that in reporting the gross income for each function that the income from ticket sales be shown separately from other income (e.g. refreshments sold).

section 24(3)

.03 Where an admission charge is made for a fund-raising function, a portion of the "per person" charge (i.e. the price of admission divided by the number of persons admitted) will, in certain instances, be deemed to be a contribution to the registered political party, constituency association, candidate or leadership contestant by whom or on whose behalf the function is held, as follows:

(a) Where the per person charge is $25 or less, it may be considered entirely to cover expenses, entirely a contribution or any combination of contribution and expense allocation.

(b) Where the per person charge is $25 or more, any amount from zero to $25 may be considered entirely to cover expenses but the remainder must be considered a contribution.

(c) If the per person charge is considered entirely a contribution, an official receipt must be issued for the full price of the ticket.

For each event the original allocation of the per person charge between contribution and expense should be consistent for each ticket sold.

REMEMBER: Should the contribution component of any per person charge for admission exceed $25, the entire ticket price must be paid for by a cheque, money order or a credit card.

.04 Where no admission charge is made for a fund-raising function, the monies raised at such an event are not considered to be contributions for the purposes of the Act. Nevertheless, the gross income must be recorded and reported to the Commission by the chief financial officer of the registered political party, constituency association, candidate or leadership contestant by whom on or whose behalf the function was held.

section 24(4)

.05 In some cases, a constituency association, a leadership contestant or a candidate will act as the agent for a political party or another constituency association or candidate or leadership contestant for the purpose of selling tickets to a fund-raising function. In such situations, the agent should turn over all proceeds of the ticket sales to the chief financial officer of the sponsoring party, constituency association, candidate or leadership contestant together with a certified list of the ticket purchasers, their addresses and the amounts paid for the tickets. The C.F.O. of the sponsoring party, constituency association, candidate or leadership contestant, upon receipt of this certified list, should record the gross income received and, where applicable, issue receipts to each ticket purchaser for the contribution portion of the ticket price.

.06 In the event that a joint fund-raising function should be contemplated the net proceeds of which are to be shared by a candidate or constituency association registered with the Commission and a federal candidate or constituency association, the following procedures apply:

(1) There should be an initial agreement between the sharing bodies providing for the sharing of revenues and expenses on an equitable basis. Any question as to whether a proposed arrangement is equitable in the circumstances shall be reviewed with Commission staff.

(2) A special bank account should be established solely for the purpose of financial transactions in respect to this event and the Commission must be notified of the establishment of the account in accordance with the requirements of section 11(2) of the Election Finances Act.

(3) The C.F.O. of the candidate or constituency association registered with the Commission must:

(a) ensure the proper accounting records are established for the recording of all receipts and disbursements of the function to ensure fulfillment of his or her responsibility under section 34(4) of the Election Finances Act, and

(b) not issue any official receipts supplied by the Commission for the contribution portion of any tickets sold until the total ticket sales are known and it is only then that an official receipt should be issued in respect to the quantity of tickets accruing to the benefit of his or her provincial candidate or constituency association. The C.F.O. must further ensure that the receipt issued for the deemed contribution portion of each ticket sold is consistent with the original determination for the splitting of the per person admission charge as outlined in para. 31.03.

(4) The tickets sold relative to the federal constituency association's share of the total tickets sold and which a contribution is deemed to have been made is a matter which the federal association must arrange directly with officials of the federal party.

(5) The audited financial statement of the candidate or constituency association registered with the Commission for the reporting period in which the event was held should be accompanied by a separate financial statement which clearly indicates the following:

(a) the ticket quantity and related revenue accruing to the benefit of each organization that is to share in the proceeds,

(b) other revenues that are to be shared (i.e. refreshment sales),

(c) a listing of all expenditures which reflects the name, address and amount paid to each supplier receiving an amount which in aggregate exceeds $100, with the payments made to suppliers of $100 or less shown as a single figure, and

(d) the net profit from the event and the amount accruing to the benefit of each organization, and in addition

the auditor of the candidate or constituency association registered with the Commission involved in the event must be given access to the accounting records and supporting documents of the event for audit verification purposes.

The pertinent financial details of the event related to the participation of the candidate or constituency association registered with the Commission in the function should be brought forward from this statement and recorded in the appropriate sections of the Commission's reporting form.

e.g. Fund-raising function ticket sales, the total of the receipts issued for the deemed contribution, other income and expenses.

.07 All literature and other communication used in connection with the sale of tickets to a fund-raising function and any other solicitation of contributions in connection therewith must clearly identify the registered political party, constituency association or candidate, as the case may be, for or on whose behalf the fund-raising function is being held.

.08 The limitation on campaign expenses in the period commencing with the writ for an election and terminating on polling day does not apply to expenses incurred in holding a fund-raising function.

The Commission has determined that the exempt status of advertising done in relation to a fund-raising function, both from the campaign expense limitation and the campaign non-partisan advertising period between writ and polling day (i.e. the period outside the twenty-one (21) day allowable period under subsection 38(1)), must conform with the Commission's Guideline G23, para. .05.

section 1(1)

ACTIVITIES OUTSIDE THE PURPOSES OF THE ACT

.01 The Act does not apply to campaigns and conventions carried on or held in relation to contested constituency nominations for endorsation of official party candidates. Accordingly, neither monies given by supporters to a person contesting the constituency nomination nor any fees paid by persons attending such conventions are contributions for purposes of the Act.

Similarly the expense incurred by a person seeking the nomination is not an expense which the contestant must report to the Commission.

In the case of any advertisements placed by a person seeking the nomination in the period between the issue of a writ for an election and polling day the content of the advertisement must be non-partisan in conformity with the Commission's Guideline G23, para. .05 issued pursuant to subsection 38(1) to avoid being considered a campaign expense and not restricted by the twenty-one (21) day allowable advertising period.

section 1(3)

.02 Contributions to a registered political party, constituency association or candidate which are expressly solicited for purposes other than the purposes of the Act, while not prohibited under the Act, do not qualify for the tax credit under the Income Tax Act (Ontario) or the deduction under the Corporations Tax Act (Ontario). (i.e. Contributions solicited for the purpose of supporting a charitable cause.)

However, all such contributions must be recorded in the financial records of the political party, constituency association or candidate and reported to the Commission pursuant to section 42 of the Act.

NOTE: No political party, constituency association, candidate or leadership contestant registered under the Act shall directly or indirectly contribute or transfer funds to any candidate at a municipal election under the Municipal Elections Act.

section 39(1)(b)

TRANSFERS RECEIVED AND PAID OUT

.01 A political party, constituency associations of that party or official candidates of that party, registered with the Commission may transfer to or accept funds, goods (other than goods held in inventory for any candidate for use during a campaign period) and services from each other and all such funds, goods and services accepted shall be considered not to be contributions for the purposes of the Act but shall be recorded as to source and any funds accepted shall be deposited into the appropriate depository.

NOTE: Regarding the accounting treatment for goods held in inventory for campaign purposes see Guideline G25 -- Campaign Materials Inventory and Prepaid Campaign Expenses.

section 28

.02 Transfers received or paid out should be clearly recorded as such on the financial books, showing the name of the transferor or the transferee, as the case may be. Funds which are paid out for a specific expense, such as the purchase of materials or services, should be recorded as an expense of the payer and not as a transfer to the party, constituency association or candidate on whose behalf such payment may have been made. Similarly, collections made on behalf of a party, constituency association or candidate, such as registration fees, should be recorded as a receipt of the party, constituency association or candidate on whose behalf the collection was made and not as a transfer to that party, constituency association or candidate.

.03 In the instance where goods or services are transferred from the party to a candidate or to a constituency association, the transaction in the recipient's records should reflect the value of the goods or services received as a transfer received with the same amount also being shown as an expense.

.04 When a transfer of funds or goods and services occurs, uniformity of treatment for Commission reporting purposes would be ensured if the transferor of the funds or goods and services indicates to the transferee that the transaction is to be treated as a "transfer".

.05 In the audit of financial returns to be filed with the Commission, the auditor should seek confirmation of transfers received and paid out in the same manner that is followed in the confirmation of accounts receivable and payable. This is necessary to ensure transfer payments in the mail are accounted for either as receivable or payable in the audited return.

.06 The transfer of funds including the lending of money which cannot be accomplished without a transfer of funds taking place, between a political party, constituency association, candidate or leadership contestant not registered with the Commission is prohibited under the Act except that:

(a) during a campaign period a registered party may accept funds from a federal political party registered under the Election Expenses Act (Canada) an amount not exceeding, in the aggregate, $100 for each registered candidate endorsed by that registered party, and

section 21

(b) during a federal election a registered party may transfer funds to a federal political party registered under the Election Expenses Act (Canada) an amount not exceeding, in the aggregate, $100 for each candidate at a federal election in a federal electoral district in the Province of Ontario who is endorsed as a candidate by that federal party.

section 30(1)(b)

It should be particularly noted that the transfer payments referred to in sections 21 and 30 may only be made between parties and not from party to constituency association or candidate and vice versa.

.07 No constituency association registered with the Commission shall directly or indirectly contribute or transfer funds to any registered leadership contestant.

section 30(2)

CAMPAIGN PERIOD RETURNS AND BY-ELECTIONS

.01 This Guideline is to provide clarification of the application of the provisions of the Election Finances Act in respect to the calling of by-elections.

.02 In the case of a candidate proposing to stand for election in the riding in which a by-election has been called, the sections of the Election Finances Act apply in respect to candidate registration requirements, the use of the candidate's own funds, rules on contributions, advertising limitations, campaign expense limitations, etc., as set forth in Guidelines G7 to G11, G18 to G33 and G35.

.03 A constituency association in an electoral district in which a by-election is called is required to file a campaign period return only where contributions are received or expenditures made in relation to such by-election. A political party which has accepted contributions or made expenditures in relation to a by-election is similarly required to file a campaign period return.

section 43(2)

Where a campaign period return by either a political party or a constituency association:

(a) is not to be filed, a declaration in writing is required from the association or party chief financial officer stating that neither were contributions received nor expenditures made in relation to the by-election, and

(b) is to be filed by a constituency association or a party the financial reporting requirements are to be in keeping with the Commission's Guideline G5 -- Constituency Association - Campaign Period Return and Guideline PG2 -- Registered Political Parties -- Campaign Period Return.

.04 The Act provides for a limitation on campaign expenses of parties and constituency associations jointly with the endorsed candidate in the same manner stipulated for a general election. (see Guideline G24)

.05 Where writs for a general election are issued during a campaign period relating to a by-election, the campaign period relating to such by-elections shall be deemed to have terminated on the

day before the day the writs for the general election were issued and the required (i.e. party, constituency association and candidate) campaign period audited statements are to be filed within three (3) months after the deemed termination date of the campaign period.

section 43(3)

CONTRIBUTIONS OF GOODS AND SERVICES

.01 This Guideline is to provide guidance to the chief financial officer on the subject of what constitutes a contribution of goods and services under the Election Finances Act.

SERVICES PROVIDED BY THE VOLUNTEER

.02 Goods produced by voluntary unpaid labour and not paid for are not considered to be a contribution. For example, if a group of voluntary workers make up lawn signs for a candidate, this is not a contribution. But, if a person in the printing business has his or her paid employees print the lawn signs, this is a contribution of goods and services.

section 1(1)

.03 Services performed by an individual voluntarily without compensation from his or her employer or from any person, corporation, trade union pursuant to an arrangement with his or her employer in excess of that which he or she would normally receive during the period of the voluntary service being performed is not considered to be a contribution.

Note that the services in this instance are those which are actually performed by the individual. For example, if a person volunteers to transport voters in his or her own car to the polls on voting day, this is not considered a contribution. Similarly, if employees are given time off from their jobs in order to work voluntarily, this is not a contribution.

The situation is different however where a person provides a vehicle or a person donates office space. Neither constitutes a service that has been performed by the donor himself or herself. Consequently the provision of the vehicle or the office space constitutes a contribution and, if provided in a campaign period, a campaign expense.

section 1(1)

.04 Where a person volunteers his or her services, no contract of employment is considered to exist and consequently since no payment for services is expected by the person for the services rendered, no official receipt should be issued as a gratuitous acknowledgment of the services provided.

VALUATION OF GOODS AND SERVICES SUPPLIED

.05 The Act provides that where goods or services are provided by a supplier for a price that is less than the value of the goods or services as set forth below:

(a) where the contributor is in the business of supplying such goods or services, the lowest amount charged by the contributor for an equivalent amount of similar goods and services at or about the time and in the market area in which the goods or services are provided; and

(b) where the contributor is not in the business of supplying such goods or services, the lowest amount charged, at or about the time the goods or services are provided, by any other person or corporation providing similar goods on a commercial retail basis or similar services on a commercial basis in the market area in which the goods or services are provided,

the amount that the price is less than such value is (subject to .06 below) a contribution for purposes of the Act.

section 22(1)

GOODS AND SERVICES CONTRIBUTION/
EXPENSE RECORDING AND REPORTING

.06 The Act provides that a supplier of goods and services valued at $100 or less may indicate that he or she does not consider the value to be a contribution.

If, however, the same supplier provides goods and services in more than one instance and the total value of all the goods or services exceeds $100 then a contribution is considered to have been made valued in the aggregate amount of the value of all goods and services provided by that supplier.

section 22(2)

.07 In every instance where a contribution of goods and services is considered to have been made, an expense in the equivalent amount is considered to have been incurred.

SUPPORTING DOCUMENTATION

.08 In every instance where a contribution of goods and services is considered to have been made, the contribution of goods or services should be supported by the rendering of an invoice by the supplier of the goods or services. Similarly, where a person provides services and part or all of the agreed upon

fee is considered by the person to be a contribution, the person should render an account for the services rendered and indicate on the statement of account the amount which he or she considers a contribution.

The rendering of an invoice by a supplier or, in the case of a person rendering services, a statement of account is important not only to support the amount for which the official receipt has been issued but also so as to place the onus on the supplier or person to report the amount as income in filing his or her income tax return.

POLITICAL ADVERTISING

.09 Political advertisements too are considered contributions of goods and services in those instances where the advertisement is arranged and paid for by any person, corporation or trade union and the placement of the advertisement is done with the knowledge and consent of a political party or candidate registered with the Commission.

The Act differentiates between this type of activity and contributions of goods and services by any supplier of goods and services (see para. 35.06) in that it is only when the value of a single advertisement is more than $100 or the value of a number of advertisements by a single source exceeds $100 that a contribution is considered to have been made and the coincident expense is considered to have been incurred.

section 23

EXEMPTION FOR TRANSFERS BETWEEN PARTY, CONSTITUENCY ASSOCIATION AND CANDIDATE

.10 The Act provides that funds, goods and services transferred between constituency associations, political parties and candidates registered with the Commission are not to be considered contributions or campaign expenses but shall be recorded as to source and any funds accepted shall be deposited in the appropriate depository on record with the Commission.

In the case, however, where a party purchases campaign signs, campaign literature and other campaign materials especially for the candidate's campaign which otherwise the candidate would be expected to acquire, the value of this partisan material must be considered a campaign expense.

In the case of funds received, the amount is to be recorded as a transfer payment received and where funds are paid out, the amount is to be recorded as a transfer payment paid.

In the case of services such as staff support between a party and its candidates or constituency associations, it is unnecessary to place a value on same for recording purposes of the Commission.

section 28

Commission on Election Finances G PG1

Guidelines for Chief Financial Officers

REGISTERED POLITICAL PARTIES - ANNUAL RETURN

.01 This Guideline provides instructions for completion of the annual financial statement required from each registered political party for each calendar year or such shorter period as may be necessary should the chief financial officer cease to hold office.

sections 45(1), 45(3) and 13(8)

These statements are to exclude, in the case of:

(a) a general election being called,

(b) a by-election being called and where contributions have been accepted or expenses incurred in relation to the by-election,

all income and expenses incurred by the political party relating to the election during the campaign period.

sections 42, 43(1), 43(2) and 45(1)

.02 The Election Finances Act requires every registered political party to file with the Commission an annual return setting out the total amount of contributions received in the year and where the contributions exceed $100 from a single source, the name and address of the contributor. This return must be filed no later than May 31st of the following year.

NOTE: Contributions received during any portion of the year in which a campaign period falls or an interim statement is filed pursuant to section 45(1) are not to be included in this return.

section 35(2)

.03 The Act also requires the chief financial officer of every registered political party to file with the Commission an Annual Statement of Assets and Liabilities as of December 31st, and a Statement of Income and Expenses for the year then ended (excluding campaign period income and expenses related to an election or by-election or income and expenses reported in interim audited statements) together with the auditor's report thereon, not later than May 31st of the following year. The Commission requires the Statement of Income and Expenses to include changes during the year of the party's surplus or deficit.

section 42

.04 The gross income from each fund-raising function held on behalf of a registered political party must be reported. Revenues from functions held during any portion of the year in which a campaign period falls are not to be included in the annual return.

section 24(2)

CAUTION: In certain circumstances where an admission charge is made for a fund-raising function, a portion of that charge will be deemed to be a contribution for purposes of the Act. Your attention is directed to Guideline G31 -- Fund-Raising Functions, for further details.

.05 Where a general collection of money takes place at a meeting held on behalf of a registered political party, the gross amount collected must be reported. Amounts collected at meetings held during any portion of the year in which a campaign period falls are not to be included in the annual return.

section 25

.06 Membership fees may be considered not to be a contribution provided two (2) conditions are met:

(1) the total fee paid to the party and its associations do not exceed $25, and

(2) the political party and its constituency associations maintain a membership list indicating the amount of such fee or fees paid by each member.

If the two (2) conditions are not met and the source of the money is not supported by records available, the payment must be considered an anonymous contribution and paid to the Commission.

sections 31 and 18(2)

.07 Where a registered political party is indebted to a bank or other recognized lending institution at any time during the year, the terms of the indebtedness must be reported.

section 36

.08 In order to assist registered political parties and their chief financial officers in meeting the annual reporting requirements of the Act as set out in paragraphs PG1.01 to PG1.07, the Commission will provide reporting forms AR-10 --

STATEMENT OF ASSETS AND LIABILITIES -- REGISTERED POLITICAL PARTIES and AR-11 -- STATEMENT OF INCOME AND EXPENSES AND SURPLUS (DEFICIT) -- REGISTERED POLITICAL PARTY. These forms must be completed and filed with the Commission not later than May 31st in each year where the C.F.O. has held the office during the latter month(s) of a calendar year. The same form of return, together with the auditor's report, must be filed should the C.F.O. cease for any reason to hold office. (see Guideline G18)

The annual returns for political parties consist of the following:

AR-10 - STATEMENT OF ASSETS AND LIABILITIES -- REGISTERED POLITICAL PARTIES

AR-11 - STATEMENT OF INCOME AND EXPENSES AND SURPLUS (DEFICIT) -- REGISTERED POLITICAL PARTY

Schedule 1 - STATEMENT OF INCOME

Schedule 2 - STATEMENT OF EXPENSES

13.	Complete Form AR-10	-	STATEMENT OF ASSETS AND LIABILITIES -- REGISTERED POLITICAL PARTIES
14.	Complete Schedule 11	-	CHECK LIST

.10 The following instructions for completion of the forms and schedules are set out in the above order.

(a) Completion of Schedule 4 - GROSS REVENUE FROM FUND-RAISING FUNCTIONS

On this schedule list details as to the date, type of function, per person charge for admission, portion of admission charge deemed to be a contribution, the gross revenue from ticket sales, the revenue from other sources (i.e. refreshment sales) and total revenue from each fund-raising function held on behalf of the party during the annual period.

NOTE: Take note of the "CAUTION" reference in para. PG1.04 above.

(b) Completion of Schedule 5 - GROSS REVENUE FROM SOCIAL FUNCTIONS AND FROM GENERAL COLLECTIONS AT MEETINGS

On this schedule include details of the gross revenue from general collections at meetings on behalf of the political party which were held during the reporting period. In addition, funds derived from functions strictly social in nature and NOT for the purpose of raising funds are to be reported with an appropriate description.

(c) Completion of Schedule 6 - TERMS OF BORROWINGS

The particulars to be reported to the Commission in respect of each borrowing (i.e. loan, overdraft or other forms of indebtedness) are:

(1) the amount outstanding at the beginning of the reporting period;

(2) additional amounts borrowed during the period;

(3) amounts repaid during the period;

(4) the amount outstanding at the end of the reporting period;

(5) the name and address of the lender;

(6) the name and address of each guarantor;

(7) the nature and source of collateral for the borrowing.

Borrowings and repayments of borrowings are not to be recorded in the statement of income and expenses (Form AR-11) or any of the schedules supporting the figures in this statement.

The total of amounts outstanding at the end of the reporting period should be carried to Line 7 of Form AR-10 -- Statement of Assets and Liabilities -- Registered Political Parties.

(d) Completion of Schedule 7 - TRANSFERS RECEIVED FROM CONSTITUENCY ASSOCIATIONS, CANDIDATES, LEADERSHIP CONTESTANTS, TRUST FUNDS AND PARTY FOUNDATION

On this schedule provide the following particulars with respect to each transfer of funds or goods or services received from your party's foundation, constituency association Trust Funds and constituency associations:

(1) the name of the transferor;

(2) the date of the transfer;

(3) the amount of the transfer.

Do not include transfers received during a campaign period.

(e) Completion of Schedule 8 - CANDIDATES' AND LEADERSHIP CONTESTANT'S SURPLUS FUNDS RECEIVED

On this schedule provide particulars with respect to each transfer of funds received from former candidates or leadership contestants of the party, on account of surpluses accumulated in the most recent campaign period or leadership contest.

Where the amount received does not agree with the candidate's or leadership contestant's reported surplus for the campaign period (Form CR-1 or CR-5), complete details of the difference must be provided.

(f) Completion of Schedule 9 - TRANSFERS PAID OUT TO CONSTITUENCY ASSOCIATIONS

On this schedule provide the following particulars with respect to each transfer of funds or goods or services paid to your party's constituency associations:

(1) the name of the constituency association;

(2) the date of the transfer;

(3) the amount of the transfer.

Do not include transfers paid out during a campaign period.

(g) Completion of Schedule 10 - CONTRIBUTIONS COLLECTED ON BEHALF OF REGISTERED CONSTITUENCY ASSOCIATIONS IN THE REPORTING PERIOD

The Commission's Guideline PG3 sets forth the requirements which each registered political party must comply with before the political party accepts contributions for its registered constituency associations.

While Agency Contributions for registered constituency associations may be accepted at any time during each calendar year, there remains the requirement that the constituency association chief financial officer must report details of all contributions in the annual reporting period ensuring no contributor made a contribution in excess of the $750 calendar year maximum (section 19(1)(a)(ii)) and, in the case of an election being held in the calendar year, a separate listing of the contributions accepted in the campaign period.

Consequently, the party must forward contribution details and money promptly to the constituency association's C.F.O.s to enable these responsibilities to be met.

It is of further note that while full contribution details must be provided to each constituency association C.F.O., the party is only required to report in its annual return the name of the constituency associations for whom contributions were accepted in the annual reporting period, the total of the contributions accepted for each, the total of the agency contributions accepted for constituency associations in a campaign period occurring in the calendar year, and the total of all constituency association agency contributions accepted in the calendar year.

(h) Completion of Schedule 12 - RECONCILIATION OF OFFICIAL RECEIPT FORMS

The reconciliation is to be completed so as to indicate not only the unused receipts at the beginning of the reporting period and the unused supply at the end of the reporting period, but also the quantity of receipts used that fell into the following categories: new supply provided by Commission, valid receipts issued, duplicate receipts issued for prior period contributions, duplicate receipts issued for current period contributions, cancelled receipts, lost or destroyed receipts, receipts issued and not to be honoured for provincial tax purposes (i.e. N.S.F. cheques), and supply returned to the Commission.

In the instance where there has been a campaign period and a campaign return has been filed with the Commission you will have already forwarded with your party's return the required copies of valid, cancelled and duplicate receipts issued in the campaign period. Therefore, you should ensure that the copies of the receipts issued and related to the annual reporting period of this return are forwarded to the Commission with this return.

Copies of the various receipts to be filed with the Commission should be grouped into the above-mentioned categories, making up the total used receipts during the reporting period. In addition an adding machine tape should accompany the valid receipts issued, and the total of this adding machine tape should agree with the total value of the net contributions reported on Line 7 of Schedule 1.

(i) Completion of Schedule 3 - CONTRIBUTIONS FROM A SINGLE SOURCE TOTALLING MORE THAN $100

Enter on this schedule the following details for each contributor who made contributions in excess of $100:

(1) the name and address of the contributor,

(2) the total of the contributions made by each, and

(3) the excess contributions over the maximum allowed that has been returned.

(j) Completion of Schedule 2 - STATEMENT OF EXPENSES

This schedule is a summary of annual expenses. The information is from four (4) sources:

(l) your record of cash disbursements,

(2) your record of expenses incurred but not paid for at the end of the annual period,

(3) your record of the value of contributed goods and services, and

(4) your reconciliation of the value of any inventory of campaign materials or prepaid campaign expenses at the end of the reporting period. (see Guideline G25)

Your party will not be required by the Commission to follow the precise format of Schedule 2 provided that the format you intend to use has been approved by the Commission staff prior to submission of the annual return.

(k) Completion of Schedule 1 - STATEMENT OF INCOME

Completion of this schedule will be accomplished mainly by entering the information that is available from forms already completed. Proceed as follows:

Line 1 - Enter the total of contributions in excess of $100 in aggregate from a single source as shown on Schedule 3.

Line 2 - Enter the total of contributions of $100 or less from a single source.

Line 3 - Enter contributions accepted from unknown sources.

Line 5 - Enter the total of any amounts paid over to the Commission as required by the Act.

NOTE: Contributions can only be refunded if no receipt has been issued or if the receipt has been returned.

Line 7 - Compare the net contributions reported on Line 7 with the total of official receipts issued. Where the amounts do not agree, complete details of the difference must be provided.

Line 8 - Enter the total from Schedule 4 -- GROSS REVENUE FROM FUND-RAISING FUNCTIONS.

Line 9 - Enter the portion included in contributions.

Line 10 - Enter the total from Schedule 5 -- GROSS REVENUE FROM SOCIAL FUNCTIONS AND FROM GENERAL COLLECTIONS AT MEETINGS.

Line 11 - Enter the total of any membership fees received.

Line 12 - Enter the total of any membership fees which have been treated as contributions (i.e. all membership fees for which a receipt for tax purposes has been issued).

Line 13 - Enter the total amount of surplus funds received from former candidates or leadership contestants as shown in Schedule 8.

Line 14 - Enter the total amount of transfers received from constituency associations and others, as shown in Schedule 7.

Line 15 - Enter the amount of any other income. List the particulars on a separate schedule. Do not record bank borrowings as income.

(1) Completion of Form AR-11 - STATEMENT OF INCOME AND EXPENSES AND SURPLUS (DEFICIT) -- REGISTERED POLITICAL PARTY

When completing this form complete as follows:

Line 1 - Enter the total receipts from Line 16 on Schedule 1.

Line 2 - Enter the total expenses from total on Schedule 2

Line 3 - Enter the difference between Lines 1 and 2 as may be applicable.

Line 4 - Enter here the amount of the surplus (deficit) at the end of the previous reporting period as shown on Line 13 of Form AR-10.

Line 5 - Enter here the amount of any single financial transaction or the total of a number of financial transactions which might have occurred affecting the financial position of the party which relates to the previous year. Full details and explanations are necessary and should be supplied on an addendum statement.

Line 6 - Where no campaign period or part thereof occurs in a reporting period then the Line 6 reference in your statement of annual income and expenses should be noted, "Not Applicable".

Alternatively, the appropriate section (a), (b) or (c) should be completed.

Line 7 - Enter here the appropriate surplus (deficit) figure at the end of the reporting period.

(m) Completion of Form AR-10 - STATEMENT OF ASSETS AND LIABILITIES -- REGISTERED POLITICAL PARTIES

All the assets and liabilities of the party as at December 31, or other appropriate period, are to be reported. Do not include the assets of the party prior to registration now held by a non-profit corporation, or any assets or liabilities of registered constituency associations of the party.

(n) Completion of Schedule 11 - CHECK LIST

Remember that all "no" answers to the questions raised require complete explanations.

.11 In mailing the completed annual return to the Commission ensure that you forward the following in conjunction with the return:

(1) The Commission's copy of all valid receipts and duplicate receipts issued.

(2) The original and the Commission's copy of cancelled receipts.

(3) An explanation of any lost or destroyed receipts.

(4) The auditor's report.

(5) All supplementary statements in support of the information supplied and which for the lack of space would not otherwise be listed in the form.

Note the requirement to submit a list of campaign materials inventory and prepaid campaign expenses in the schedule form prescribed in Guideline G25, para. .11.

REGISTERED POLITICAL PARTIES - CAMPAIGN PERIOD RETURN

.01 This Guideline provides instructions for completion of the campaign period return to be filed with the Commission by each registered political party.

.02 The Election Finances Act requires that every registered political party must file with the Commission not later than six (6) months after polling day, a return setting out the total amount of contributions received during a campaign period and where the aggregate contribution exceeds $100 from a single source, the name and address of the contributor.

section 35(2)

.03 The Act also requires the chief financial officer of registered political parties to file with the Commission not later than six (6) months after polling day, a statement of income and expenses relating to an election during a campaign period together with the auditor's report thereon. Expenses reported should be only those expenses relating to an election during the campaign period. Expenses of an annual nature paid during the campaign period should be reported in the annual return.

.04 Gross revenue from each fund-raising function held on behalf of a registered political party must also be reported to the Commission by the chief financial officer.

section 24(2)

CAUTION: In certain circumstances where an admission charge is made for a fund-raising function, a portion of that charge will be deemed to be a contribution for purposes of the Act. Your attention is directed to Guideline G31 -- Fund-Raising Functions, for further details.

.05 Where a general collection of money takes place at a meeting held on behalf of a registered political party, the gross amount collected must be reported to the Commission.

section 25

.06 Membership fees may be considered not to be a contribution provided two (2) conditions are met:

(1) the total fee paid to the party and its associations do not exceed $25, and

(2) the political party and its constituency associations maintain a membership list indicating the amount of such fee or fees paid by each member.

If the two (2) conditions are not met and the source of the money is not supported by records available, the payment must be considered an anonymous contribution and paid to the Commission.

sections 31 and 18(2)

.07 Where a registered political party borrows money from a chartered bank or other recognized lending institution the amount and terms of the loan must be reported to the Commission.

section 36

DEFINITION OF CAMPAIGN EXPENSES

.08 Any expense incurred for goods or services in relation to an election by or on behalf of a political party registered with the Commission for use in whole or in part during the campaign expense period, the period commencing with the issue of the writ for an election and terminating on polling day and, with the exception of the expenses listed below, shall be deemed to include the value of any goods or services held in inventory or any fees or expenses for services for any candidate or political party, and any contribution of goods and services to the political party for use in whole or in part during the campaign expense period.

Expenses not considered a campaign expense are:

(a) expenses incurred by a candidate in seeking nomination in accordance with the Election Act, 1984,

(b) a candidate's deposit as required under the Election Act, 1984,

(c) auditor's and accounting fees,

(d) interest on loans authorized under section 36,

(e) expenses incurred in holding a fund-raising function referred to in section 24, (see Guideline G31, para. .08 regarding restrictions on advertising content)

(f) expenses incurred for "victory parties" held and "thank you" advertising published after polling day,

(g) expenses incurred in relation to the administration of the political party or constituency association including:

1. employment costs associated with permanent full or part-time staff employed by the party,

2. costs associated with research, and

3. costs of polling.

(h) transfers of funds, goods and services among parties, constituency associations and candidates; as referred to in section 28,

(i) fees paid in respect to maintaining a credit card facility,

(j) expenses relating to a recount in respect of the election,

(k) child care expenses of a candidate,

Additionally, the following are not considered campaign expenses:

(1) Payments made to the candidate in lieu of salary lost during an unpaid leave of absence from his or her employer.

(2) The rent associated with maintaining a temporary residence in the electoral district when the candidate does not maintain a residence therein.

(3) Pre-writ media production expenses incurred in connection with on-going activities of the political party or constituency association and which the predominant purpose was not for the purpose of creating a product for use in the election.

(4) Goods and services provided by a supplier, valued at $100 or less in aggregate, which the supplier has indicated is not to be considered a contribution.

section 1(1)

.09 In order to assist registered political parties and their chief financial officers to meet the requirements of the Act as set out in paragraphs 2.02 to 2.08 of this Guideline, the Commission will provide a reporting form CR-4 -- STATEMENT

OF CAMPAIGN PERIOD INCOME AND EXPENSES -- REGISTERED POLITICAL PARTY. This form must be completed and filed with the Commission, together with the auditor's report, not later than six (6) months after polling day.

section 43(1)

.10 The campaign period returns for political parties consist of the following:

Schedule 1 - SUMMARY OF CAMPAIGN PERIOD INCOME AND EXPENSES

Schedule 2 - STATEMENT OF CAMPAIGN PERIOD INCOME

Schedule 3 - STATEMENT OF CAMPAIGN PERIOD EXPENSES

Schedule 4 - COMPUTATION OF PARTY'S CAMPAIGN EXPENSE LIMIT AND SUBSIDY ENTITLEMENT

Schedule 5 - TERMS OF BORROWINGS

Schedule 6 - DETAILS OF OFFICIAL RECEIPTS USED FOR CAMPAIGN PERIOD

Schedule 7 - CHECK LIST

Schedule 8 - CONTRIBUTIONS COLLECTED ON BEHALF OF REGISTERED CANDIDATES

Schedule 9 - CONTRIBUTIONS COLLECTED ON BEHALF OF REGISTERED CONSTITUENCY ASSOCIATIONS

.11 In approaching the preparation of the financial statements, you will find that the most logical order of preparation is as follows:

1. Complete Schedule 7 - CHECK LIST
2. Complete Schedule 6 - RECONCILIATION OF OFFICIAL RECEIPT FORMS
3. Complete Schedule 5 - TERMS OF BORROWINGS
4. Complete Schedule 2, Part 1 - CONTRIBUTIONS FROM A SINGLE SOURCE TOTALLING MORE THAN $100
5. Complete Schedule 2, Part 2 - GROSS REVENUE FROM FUND-RAISING FUNCTIONS

6. Complete Schedule 2, Part 3 - GROSS REVENUE FROM SOCIAL FUNCTIONS AND FROM COLLECTIONS AT MEETINGS

7. Complete Schedule 2, Part 4 - SUMMARY OF INCOME

8. Complete Schedule 3, Part 1 - CAMPAIGN EXPENSES SUBJECT TO LIMITATION

9. Complete Schedule 3, Part 2 - EXPENSES EXCLUDED FROM "CAMPAIGN EXPENSES"

10. Complete Schedule 3, Part 3 - SUMMARY OF CAMPAIGN PERIOD EXPENSES

11. Complete Schedule 3, Part 4 - OTHER TRANSACTIONS

12. Complete Schedule 3, Part 5 - STATEMENT OF DISPUTED CLAIMS

13. Complete Schedule 4 - COMPUTATION OF PARTY'S CAMPAIGN EXPENSE LIMIT AND SUBSIDY ENTITLEMENT

14. Complete Schedule 1 - SUMMARY OF CAMPAIGN PERIOD INCOME AND EXPENSES

15. Complete Schedule 8 - CONTRIBUTIONS COLLECTED ON BEHALF OF REGISTERED CANDIDATES

16. Complete Schedule 9 - CONTRIBUTIONS COLLECTED ON BEHALF OF REGISTERED CONSTITUENCY ASSOCIATIONS

.12 The following instructions for completing the CR-4 Return and schedules are set out in the above order.

(a) <u>Completion of SCHEDULE 7 - CHECK LIST</u>

Completion of this questionnaire will ensure that particular requirements of the Act have been met and will facilitate preparation and examination of the return.

(b) <u>Completion of SCHEDULE 6 - RECONCILIATION OF OFFICIAL RECEIPT FORMS</u>

It is essential that this schedule is completed to account for all official receipt forms used during the campaign

period and as a means of facilitating the preparation of the reconciliation of receipt forms issued, used and on hand which will be required in the preparation of the AR-10/11 Annual Return.

Copies of the receipts to be filed with the Commission with this Return should be grouped as follows:

1. Valid receipts issued,
2. Cancelled receipts, and
3. Duplicate receipts issued,

with the appropriate notation in the Return of the numbers of the receipts that have been lost or destroyed. The total receipts thus reported should be the same as the reduction in your supply of receipt forms during the campaign period.

The copies of the valid receipts issued and representing net contributions accepted in the campaign period and reported in the Return (Schedule 2, Part 4, Line 7) should have an adding machine tape attached to confirm the figures are in agreement.

(c) Completion of SCHEDULE 5 - TERMS OF BORROWINGS

The information required in this schedule is clearly described on the schedule itself.

(d) Completion of SCHEDULE 2 - STATEMENT OF CAMPAIGN PERIOD INCOME

Part 1

Contributions from a Single Source Totalling More than $100

Enter on this part the name, address and total contribution of each contributor who has contributed more than $100 in aggregate.

The immediate return of contributions totalling over $750 from one source is required provided the original receipt is recovered for cancellation. Where the receipt is not recovered, the excess must be paid to the Commission.

section 18(1)

Goods and services provided are considered a contribution except those provided by voluntary unpaid labour and those valued at $100 or less which a supplier may consider not to be a contribution. (see Guideline G35)

sections 1(1) and 22(2)

Part 2

Gross Revenue from Fund-Raising Functions

On this part of Schedule 2, please complete details as to the date, type of function, per person charge of admission, portion of admission charge deemed to be a contribution, the gross revenue from ticket sales, the revenue from other sources (i.e. refreshments sold), and total revenue from each fund-raising function held during the campaign period. Where more than one person gains admission on a single ticket, the amount to be disclosed is the ticket price divided by the number of persons admitted. Any part of the per person charge up to $25 may be considered not to be a contribution. An official receipt must be issued for the deemed contribution part of every ticket sold.

Part 3

Gross Revenue from Social Functions and from Collections at Meetings

On this part of Schedule 2 please include details of the gross revenue from general collections at meetings which were held during the campaign period. In addition, funds derived from functions strictly social in nature and NOT for the purpose of raising funds are to be recorded with an appropriate description.

Part 4

Summary of Income

Completion of this part of Schedule 2 will be accomplished mainly by entering the information that is available from those parts of the form already completed. Do not include proceeds of bank loans. Proceed as follows:

Line 1 - Enter the total of contributions from a single source totalling more than $100 as shown on Part 1 of Schedule 2.

Line 2 - Enter the total of contributions of $100 or less from a single source.

Line 3 - Enter the total of anonymous contributions accepted. These should be remitted to the Commission and the amount of the remittance reported on Line 6.

Line 5 - Enter the total of any amounts paid over to the Commission as required by the Act.

Line 6 - Enter the total of any remittances to the Commission for anonymous contributions received.

Line 8 - Enter the total from Part 2 of Schedule 2 -- GROSS REVENUE FROM FUND-RAISING FUNCTIONS

Line 10 - Enter the total from Part 3 of Schedule 2 -- GROSS REVENUE FROM SOCIAL FUNCTIONS AND FROM GENERAL COLLECTIONS AT MEETINGS

Line 11 - Enter details of the transfers from constituency associations, candidates' campaign, Trust Funds, and party foundations. Refer to Guideline G25 for references regarding transfers of inventory and prepaid campaign expenses, Guidelines G28 and G33 provide additional information regarding cash transfers.

Line 12 - Enter the amount of any other income. Do not include proceeds from bank loans, transfers of funds from associations "Annual" bank account or the proceeds from investments sold. Please provide complete details of the sources of any other income.

(e) Completion of SCHEDULE 3 - STATEMENT OF CAMPAIGN PERIOD EXPENSES

This schedule is a summary of campaign expenses. The information is from three (3) sources:

1. Your record of cash disbursements,

2. Information as to expenses incurred but not paid for at the end of the campaign period, and

3. Your record of contributed goods, services and advertising.

You must refer to Guidelines G24 and G25 to ensure that expenses are properly classified and that inventory of campaign materials and other prepaid campaign expenses have been properly accounted for.

All vouchers for expenses should be retained until permission has been received from the Commission for their destruction. The Commission may request that vouchers be submitted for detailed examination. Full explanation of the nature of the expense should be provided, including a full description of the goods or services provided and the reason for their purchase. Transfers of inventory of campaign materials and prepaid campaign expenses from constituency associations or candidates should be shown in Part 1 in accordance with Guideline G25. Care should be taken to ensure that the value of inventory of materials carried over from other reporting periods is included in Schedule 4, Part 3, Summary of Campaign Period Expenses.

Part 1

Campaign Expenses Subject to Limitation

This supplementary list of amounts over $100 should be prepared using the headings as follows:

Detail Listing of Campaign Expenses
Subject to Limitation

Name and Address of Supplier	Nature of Expense	Amount Paid	Amount Payable	Value of Contributed Goods & Services
TOTALS				

An analysis is necessary of the expenditures record in order that the aggregate payment to any one supplier can be made in the appropriate columns. Where any one supplier is still owed money, this amount should be indicated in the appropriate amount payable, opposite the supplier's name. The information to be shown in the value of contributed goods and services column can be

determined from a review of your record of contributed goods and services, and the amounts determined should be entered opposite the appropriate supplier's name.

The next step is to add up the amounts shown in each of these three (3) columns, and to place the appropriate figure in the space provided.

Part 2

Expenses Excluded From "Campaign Expenses"

The supplementary list of amounts over $100 should be prepared using the headings as follows:

Detail Listing of Expenses
Excluded from
"Campaign Expenses"

Name and Address of Supplier	Nature of Expense	Amount Paid	Amount Payable	Value of Contributed Goods & Services
TOTALS				

An analysis is necessary of the expenditures record in order that the aggregate payment to any supplier can be entered in the appropriate columns. Where any one supplier of goods or services is still owed money, this amount should be indicated in the appropriate amount payable, opposite the supplier's name. The information to be shown in the value of contributed goods and services column can be determined from a review of your record of contributed goods and services, and the amounts determined should be entered opposite the appropriate supplier's name.

The next step is to add up the amounts shown in each of these three (3) columns, and to place the appropriate figure in the space provided.

Part 3

Summary of Campaign Period Expenses

The amounts to be shown in Lines 1, 2 and 3 of this statement are to be obtained from Parts 1 and 2 of Schedule 3, with the appropriate totals being determined and shown in the spaces provided. Guideline G25 should be followed carefully to ensure proper treatment of all transactions involving inventory of campaign materials and prepaid campaign expenses reported on Lines 4, 5, 6 and 7 of Schedule 4, Part 3.

NOTE: The Campaign Return is to be accompanied by:

(a) the list of opening campaign materials inventory and prepaid campaign expenses, and

(b) the list of closing inventory of reusable campaign materials,

prepared in the schedule form prescribed in Guideline G25, para. .12.

Part 4

Other Transactions

To the total determined for Parts 1, 2 and 3 and shown herein is to be added transfers paid out to candidates' constituency associations including details of such transfers.

Part 5

Statement of Disputed Claims

Enter the name and address of any person or organization from whom goods or services were purchased and who has not been paid because the account is disputed. Full details of the reason for the dispute should be provided.

Only the portion of disputed claims that has or is anticipated will be paid should be included in expenses. The disputed portion should be shown in Schedule 4, Part 5, Statement of Disputed Claims. The ultimate resolution of any disputed claims should be reported to the Commission.

(f) Completion of SCHEDULE 4 - COMPUTATION OF PARTY'S CAMPAIGN EXPENSE LIMIT AND SUBSIDY ENTITLEMENT

Line 1	- The number of electors entitled to vote in the electoral districts in which the party had an official candidate will be available from the Chief Electoral Officer after polling day.
Line 2	- Calculate 40 cents per elector as determined in Line 1.
Line 3	- Prepare a schedule and submit it with your return indicating in which electoral district the party secured 15% or more of the popular vote and the number of electors in that electoral district.
Lines 4, 5, 6	- Line 5 is the lesser of two (2) amounts. The first amount is the maximum subsidy entitlement as per Line 4. The second amount is the total campaign expenses from Schedule 3, Part 3, Line 8.
Lines 7, 8, 9	- Calculate the reduction, if any, of the subsidy entitlement.
Line 10	- Compute the subsidy entitlement and enter the amount on Schedule 1, Line 4. It is very important that all accounts be reported in the campaign period. Should additional expenses arise and be reported in a later period, the party's expense limit could be exceeded. If this happens the Commission will recover any overpayment of a subsidy that may result and invoke any other penalty provisions that may apply.

(g) Completion of SCHEDULE 1 - SUMMARY OF CAMPAIGN PERIOD INCOME AND EXPENSES

Completion of this schedule will be accomplished mainly by entering information that is available on Schedules 2 and 3 with the additional recording of the subsidy payable by the Commission.

(h) COMPLETION OF THE ATTESTATION OF THE CHIEF FINANCIAL OFFICER AND THE AUDITOR

(i) Completion of SCHEDULE 8 - CONTRIBUTIONS COLLECTED ON BEHALF OF REGISTERED CANDIDATES

AND

Completion of SCHEDULE 9 - CONTRIBUTIONS COLLECTED ON BEHALF OF REGISTERED CONSTITUENCY ASSOCIATIONS

The Commission's Guideline PG3 sets forth the requirements which each registered political party must comply with before the political party accepts contributions for its registered constituency associations and, at the time of an election, its candidates.

The acceptance of contributions by the party either for its registered constituency associations or its candidates does not relieve the constituency association or candidate chief financial officer of the responsibility of:

(1) reporting the contributions accepted by the party in the annual or campaign period audited statements covering the period in which the party accepted the contribution,

(2) ensuring no contributor made a contribution which in total exceeds the limits allowed under section 19, and

(3) ensuring the over $100 listing of contributions which accompanies the annual or campaign audited statements includes the total contributions from each source (i.e. Agency Contributions plus contributions remitted directly from the contributor).

Because the candidate's C.F.O. has the responsibility of ensuring no Agency Contribution is received prior to his or her candidate's official date of registration with the Commission and no contribution is accepted after the

campaign period has ended three (3) months after polling day, the party must forward Agency Contributions promptly to the candidate's C.F.O.

Examination of the headings of Schedules 8 and 9 will indicate the party is required to report the total of the Agency Contributions accepted and forwarded to its candidates and constituency associations and the grand total collected and passed on.

(j) In mailing the completed return to the Commission, please ensure that you forward to the Commission the following in conjunction with the return:

(1) The Commission's copy of all valid receipts and duplicate receipts issued.

(2) The original and the Commission's copy of cancelled receipts.

(3) An explanation of any reported lost or destroyed receipts.

(4) The auditor's report.

(5) All supplementary statements in support of the financial information supplied, and which for the lack of space could not otherwise be listed in the form.

(6) The list of campaign materials inventory and details of prepaid campaign expenses in the schedule form prescribed in Guideline G25, para. .12.

Commission on Election Finances G PG3

Guidelines for Chief Financial Officers

REGISTERED POLITICAL PARTIES -
CONTRIBUTIONS FOR TRANSMITTAL TO
CONSTITUENCY ASSOCIATIONS OR CANDIDATES

.01 Registered political parties may collect contributions on behalf of their registered constituency associations or registered candidates and forward on such contributions to such associations or candidates provided the procedures set out in this Guideline are observed. It is of note that contributions collected on behalf of candidates may only be accepted:

(1) during the campaign period, and

(2) provided the candidate has complied with the registration requirements of the Election Finances Act.

.02 Registered political parties employing this procedure, and prior to any contributions being accepted on behalf of any constituency association or candidate registered with the Commission, must:

(a) Complete and deliver to the Commission a signed "Declaration of Trust" in the form attached to this Guideline.

(b) Establish a general trust account with a Canadian chartered bank or trust company licensed to carry on business in the Province of Ontario into which all Agency Contributions are to be deposited and provide the Commission with the name and address of the financial institution, and the names of the signing officers.

.03 Clause 3 of the "Declaration of Trust" provides for the party chief financial officer's issuance of official receipts to contributors in respect to all Agency Contributions accepted.

The Commission will accordingly provide the party chief financial officer with:

(a) a standing supply of constituency association official receipt forms, and

(b) at the time of the issue of a writ for an election a supply of candidate official receipt forms, which bear the prefix "C" before the receipt number and the word "Candidate" printed on the form, and at the end of the campaign period the unused supply is to be returned to the Commission.

The party C.F.O. must ensure each receipt is properly completed for every contribution accepted including that part of the receipt which indicates the name of the constituency association or candidate on whose behalf the contribution is acknowledged.

The party C.F.O. is accountable to the Commission for each supply of receipts as follows:

CONSTITUENCY ASSOCIATION RECEIPT FORMS

A statement is to be provided to the Commission listing the particulars of the receipts used (receipt numbers and quantity) under the following captions:

(a) valid receipts issued,

(b) cancelled receipts,

(c) lost or destroyed receipts, and

(d) duplicate receipts issued,

and the total of the receipts used:

(1) in the case of a campaign period not later than six (6) months after polling day, and

(2) in respect to the annual reporting period in each calendar year not later than May 31st of the next year.

In addition, not later than May 31st of each year a reconciliation statement of the receipts used in the preceding calendar year must be provided to the Commission in the following format:

		Quantity
Supply on Hand, December of prior year		
(Receipt No.) to (Receipt No.)		
Add new supply received in calendar year		
(Receipt No.) to (Receipt No.)		
Subtotal		
Less total used:		
- per campaign period statement		
- per annual reporting period statement		
Supply on hand at December 31st		
(Receipt No.) to (Receipt No.)		

CANDIDATE RECEIPT FORMS

A statement is to be provided to the Commission not later than six (6) months after polling day:

(1) listing the particulars of the receipts used (receipt numbers and quantity), and

(2) reconciling the official receipts supplied for this purpose and the quantity being returned to the Commission.

The statement of used receipt particulars must indicate the number of valid, cancelled, lost or destroyed and duplicated and the total of receipts used.

.04 Under clause 2 of the "Declaration of Trust" the party undertakes to instruct the chief financial officer of the constituency association or candidate to record the Agency Contributions received in their accounting records as "Agency Contributions Accepted by the Party". This requirement is to facilitate the verification by the auditor of the constituency association or candidate of the Agency Contributions received with party officials.

It remains the responsibility of the constituency association or candidate's C.F.O. to:

(a) Ensure every Agency Contribution accepted by the party of his or her constituency association or candidate is recorded in the audited statements of his or her constituency association or candidate encompassing the date in which the contribution is received by the party.

(b) Correlate the Agency Contribution details with details of contributions received directly in compiling the "Over $100 Listing of Contributions From a Single Source" which accompanies the audited statement filed with the Commission.

(c) Ensure that contributions received from a single source do not exceed the contribution limit provided under the Act.

.05 Under clause 4 of the "Declaration of Trust" the party chief financial officer is to provide the constituency association or candidate's C.F.O. with full details of the Agency Contributions accepted and remitted.

Copies of these lists are to be provided to the Commission in the case of:

(a) Constituency association Agency Contributions not later than the deadline date for the filing of the annual or campaign period returns, and

(b) Candidate Agency Contributions as soon as possible following polling day to facilitate the examination of the candidate returns that might be filed earlier than the deadline date of six (6) months after polling day but in any event not later than the filing deadline date.

NOTE: In the absence of the party listing being received, candidate returns which reflect Agency Contributions received cannot be cleared for Commission approval resulting in a delay in the payment of the candidate expense subsidy to which the candidate may be entitled.

In the event that an interim audited statement has to be filed upon a constituency association or candidate's C.F.O. resigning or otherwise ceasing to hold office, party officials will be required to provide full details of Agency Contributions accepted in the reporting period of the interim audited statement.

"DECLARATION OF TRUST"

The (NAME OF REGISTERED PARTY) (the "party") hereby declares that any and all monies received by it ("Agency Contributions") which are given on the condition that the party disburse such funds to a named constituency association or a political candidate ("candidate") or which are given on the condition that the party will disburse such funds amongst its constituency associations or candidates in such proportions as it in its sole discretion may decide, are and will be held in trust by it upon the following terms and conditions:

(1) All Agency Contributions received as aforesaid shall be deposited in a general trust bank account created for that purpose with a Canadian chartered bank or trust company licensed to do business in the Province of Ontario for the accounts of the constituency association or candidates, as the case may be, for and in respect of whom such Agency Contributions were received.

(2) The party shall remit the Agency Contributions received to:

(a) Constituency association's chief financial officer ("C.F.O.")

(i) in a non-election year not less frequently than quarter-yearly;

(ii) in an election year on a frequency which will enable the recording and reporting of Agency Contributions accepted in the annual reporting period separate from a campaign period.

(b) Candidate C.F.O.s in the campaign period ensuring that no Agency Contributions are accepted for a candidate prior to his or her registration with the Commission, that no Agency Contributions are accepted for a candidate after the expiration of the campaign period and that the Agency Contributions accepted are remitted to the candidate's C.F.O. before the candidate's campaign return is filed with the Commission; and the party shall with each remittance to a constituency association's or candidate's C.F.O. instruct such person to record the Agency Contributions received in their accounting records as "Agency Contributions Accepted by the Party".

(3) The party chief financial officer will, in respect of all Agency Contributions, issue official receipts to contributors on behalf of constituency associations or candidates, as the case may be, and shall be responsible for filing with the Commission its copies of all such official receipts.

(4) The party's chief financial officer will provide each C.F.O. of a constituency association or candidate, as the case may be, with a complete listing of the Agency Contributions accepted and remitted to him or her in each campaign period with, in the case of a constituency association, a separate complete list for contributions accepted in an annual reporting period and this list shall provide:

(a) the name and address of all contributors,

(b) the amount contributed by each,

(c) the total of the Agency Contributions accepted and remitted relative to the annual or campaign reporting period.

(5) The party directly or through its chief financial officers shall provide the Commission and/or C.F.O.s of constituency associations or candidates, as the case may be, with such other information with respect to Agency Contributions received as the Commission may from time to time require.

REGISTERED POLITICAL PARTIES - BY-ELECTIONS

.01 Since the Election Finances Act defines an "election" to mean an election to elect a member or members to serve in the Legislative Assembly of Ontario, the issue of a writ calling for a by-election in any one electoral district constitutes the commencement of a campaign period within the meaning of the Act. Accordingly, the provisions of the Act apply in relation to acceptance of contributions, advertising limitations, campaign expense limitations and reporting requirements.

NOTE: That section 19(1)(b) will, therefore, permit the acceptance of the contributions mentioned therein during a by-election campaign in addition to those permitted as annual contributors under section 19(1)(a).

.02 Where writs for two (2) or more by-elections bear the same date and provide for the same polling day, all such by-elections shall be deemed one election for purposes of the campaign contribution provisions of section 19(1)(b) of the Act.

section 19(2)

.03 The requirements of the Act regarding the registered political party limitation on campaign expenses are set forth in Guideline G24. The limitations (Time and Rates) on Campaign advertising are similarly set forth in Guideline G23.

.04 In relation to a by-election the campaign return filing requirements of section 43(1) of the Act apply only where contributions are received or expenditures made in relation to such by-election.

Where a campaign period return:

(a) is not to be filed, a declaration in writing is required from the chief financial officer of the party stating that neither were contributions received nor expenditures made in relation to the by-election, and

(b) is to be filed by a political party, the financial reporting requirements are to be in keeping with the Commission's Guideline PG2 -- Registered Political Parties -- Campaign Period Return.

Chiropody Bursaries.
Made—July 6th, 1987.
Approved—July 16th, 1987.
Filed—July 20th, 1987.

REGULATION MADE UNDER THE MINISTRY OF HEALTH ACT

CHIROPODY BURSARIES

1. In this Regulation,

"applicant" means an applicant for a bursary;

"board of health" means a board of health within the meaning of the *Health Protection and Promotion Act, 1983*;

"bursary" means an award to assist in the financing of an academic year of education and training in chiropody at a college of applied arts and technology in Ontario that offers a program in chiropody;

"designated" means designated by the Minister as being acceptable for the purposes of employment at the time when the applicant is to commence the one-year period of employment;

"hospital" means a hospital within the meaning of the *Public Hospitals Act*;

"resident" means a person who is legally entitled to remain in Canada and who makes his or her home

and is ordinarily present in Ontario, but does not include a tourist, a transient or a visitor to Ontario. O. Reg. 424/87, s. 1.

2. A bursary of $7,500 may be provided to an applicant who is a resident for the applicant's second-last or last academic year, where the applicant,

(*a*) submits an application therefor in writing to the Minister, in a form provided by the Minister; and

(*b*) provides the Minister with an undertaking as set out in section 3 or 4, as the case may be. O. Reg. 424/87, s. 2.

3. Where a bursary is the first bursary being provided to an applicant under section 2, the undertaking required by clause 2 (*b*) is an undertaking that, in consideration of the applicant being provided with the bursary,

(*a*) the applicant will practise chiropody as a full-time employee of a designated hospital or board of health for a period of one year commencing within six months after the date on which the applicant is granted a diploma in chiropody;

(*b*) if the applicant,

(i) does not successfully complete the academic year for which the applicant receives the bursary,

(ii) having successfully completed the academic year, where the bursary is for the second-last academic year, discontinues his or her program of education and training before successfully completing the last academic year, or

(iii) having been granted a diploma in chiropody, does not within six months thereafter commence the employment referred to in clause (*a*),

the applicant will forthwith upon demand repay the bursary together with the interest set out in section 5; and

(*c*) if the applicant discontinues practising chiropody as required by clause (*a*) at any time before the end of the one-year period, the applicant will forthwith upon demand repay a portion of the bursary proportional to the number of months remaining in the one-year period, not including the month in which the applicant discontinued practising together with the interest set out in section 5. O. Reg. 424/87, s. 3.

4. Where a bursary is the second bursary being provided to an applicant under section 2, the undertaking required by clause 2 (*b*) is an undertaking that, in consideration of the applicant being provided with the bursary,

(*a*) the applicant will continue to practise chiropody as a full-time employee of a designated hospital or board of health for a period of one year commencing immediately after the applicant completes the one-year period of chiropody practice required in respect of his or her first burary;

(*b*) if the applicant,

(i) does not successfully complete the academic year for which the applicant receives the bursary,

(ii) did not commence or complete the one-year period of chiropody practice required in respect of his or her first bursary, or

(iii) having completed the one-year period of chiropody practice required in respect of his or her first bursary, does not immediately thereafter commence the further one-year period of chiropody practice required under clause (*a*),

the applicant will forthwith upon demand repay the bursary together with the interest set out in section 5; and

(*c*) if the applicant discontinues practising chiropody as required by clause (*a*) at any time before the end of the one-year period, the applicant will forthwith upon demand repay a portion of the bursary proportional to the number of months remaining in the one-year period, not including the month in which the applicant discontinued practising together with the interest set out in section 5. O. Reg. 424/87, s. 4.

5. The interest mentioned in sections 3 and 4 is interest calculated monthly on the first day of each month at a rate equivalent to one-twelfth of the Bank of Canada rate that prevails on the last day of the preceding month as set out in the Bank of Canada Weekly Financial Statistics and applied from the date that the applicant receives his or her bursary. O. Reg. 424/87, s. 1.

MUNICIPAL ACT

O. Reg. 434/87.
Equalization of Assessments Made Under Section 368b of the Municipal Act.
Made—July 22nd, 1987.
Filed—July 22nd, 1987.

REGULATION MADE UNDER THE MUNICIPAL ACT

EQUALIZATION OF ASSESSMENTS MADE UNDER SECTION 368b OF THE MUNICIPAL ACT

1. The equalization of assessment made under the Act in each prescribed class of real property necessary to provide, for the County of Brant, assessments of real property that, in accordance with section 368b of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school board taxes levied for the year 1986 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1986 in the County shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1986 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment of that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in the County, the municipal and school taxes that would have been so levied for the year 1986 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the County for the year 1986 against the total assessment for that prescribed class of real property in the County.

2. All real property within a prescribed class of real property in the County shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1980, as that market value is determined by the Assessment Commissioner in whose Assessment Region the County is located.

3. The total assessment, including assessments made under section 32 or 33 of the *Assessment Act*, of the real property in the County shall not be substantially increased or decreased.

4. Equitability of assessment of real property within each prescribed class of real property in the County shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the County, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments under section 32 or 33 of the *Assessment Act*. O. Reg. 434/87, s. 1.

2. This Regulation applies to the County of Brant and to the assessment to be shown on the assessment rolls to be returned in the County of Brant for the year 1986 for taxation in the year 1987 and for every assessment made in the County of Brant for taxation in each subsequent year until a new reassessment of all property within the County of Brant is made under subsection 368b (7) of the Act. O. Reg. 434/87, s. 2.

3. For the purposes of this Regulation, the real property situate in the County of Brant shall be divided into the prescribed classes of real property that are designated in this Regulation. O. Reg. 434/87, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the County of Brant shall be that shown in the Schedule to this Regulation opposite the number of that prescribed class. O. Reg. 434/87, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

CLASS 1

Property assessed as,

(*a*) residential and comprising not more than six residential units, including vacant land municipally zoned principally for residential development described in this clause; or

(*b*) seasonal residential including vacant land zoned principally for this purpose.

CLASS 2

Property assessed as,

(*a*) residential and comprising seven or more residential units, including vacant land municipally zoned principally for residential development described in this clause; or

(*b*) a unit or proposed unit within the meaning of the *Condominium Act* to which subsection 65 (2) of the *Assessment Act* does not apply and that is part of a building or parcel of land containing seven or more residential units, whether or not such residential units are units or proposed units within the meaning of the *Condominium Act*.

CLASS 3

Property assessed as commercial, including vacant land municipally zoned principally for commercial development.

CLASS 4

Property assessed as industrial, including vacant land municipally zoned principally for industrial development.

CLASS 5

Property assessed as farm land.

CLASS 6

Property assessed as pipe line.

CLASS 7

Property assessed as a railway right of way. O. Reg. 434/87, s. 5.

6.—(1) The rates contained in Schedule 3 to Ontario Regulation 316/83 (Pipe Line Rates) shall apply to the assessment for taxation of all pipe lines liable to assessment and taxation under section 24 of the *Assessment Act* and located in or on the boundary of any municipality named in the Schedule to this Regulation.

(2) For the purposes of clause 24 (16a) (b) of the *Assessment Act*,

(*a*) where two or more pipe lines occupy the same right of way, each pipe line occupying the right of way is a second and subsequent pipe line, except that which bears the highest assessed value computed by applying the rates in Schedule 3 to Ontario Regulation 316/83, without the reduction in rates for the second and subsequent pipe lines occupying the same right of way provided for in clause (b), but where two or more pipe lines occupying the same right of way have the same assessed value so computed and that assessed value is the highest assessed value or is the only assessed value for the pipe lines occupying that right of way, each of such pipe lines is designated as a second and subsequent pipe line except that one that was first in use as a pipe line; and

(*b*) where a right of way occupied by a pipe line that is not designated to be a second or subsequent pipe line under clause (*a*) is also occupied by a pipe line that is designated to be a second and subsequent pipe line, each pipe line so designated shall be assessable and taxable at 75 per cent of the rate in Schedule 3 to Ontario Regulation 316/83 that applies to each pipe line so designated. REGIONAL MUNICIPALITY OF HALDIMAND-NORFOLK ACT

O. Reg. 435/87.
Equalization of Assessments Made Under Section 82 of The Regional Municipality of Haldimand-Norfolk Act.
Made—July 22nd, 1987.
Filed—July 22nd, 1987.

REGULATION MADE UNDER THE REGIONAL MUNICIPALITY OF HALDIMAND-NORFOLK ACT

EQUALIZATION OF ASSESSMENTS MADE UNDER SECTION 82 OF THE REGIONAL MUNICIPALITY OF HALDIMAND-NORFOLK ACT

1. The equalization of assessment made under the Act in each prescribed class of real property necessary to provide, for the Regional Area, assessments of real property that, in accordance with section 82 of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school board taxes levied for the year 1986 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1986 in the Regional Area shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1986 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment for that prescribed class of real property resulting from the factors hereafter in this Regulation prescribed for that class of real property in the Regional Area, the municipal and school taxes that would have been so levied for the year 1986 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the Regional Area for the year 1986 against the total assessment for that prescribed class of real property in the Regional Area.

2. All real property within a prescribed class of real property in the Regional Area shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1984, as that market value is determined by the Assessment Commissioner in whose Assessment Region the Regional Area is located.

3. The total assessment, including assessments made under section 32 or 33 of the *Assessment Act*, of the real property in the Regional Area shall not be substantially increased or decreased.

4. Equitability of assessment of real property within each prescribed class of real property in the Regional Area shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the Regional Area, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments under section 32 or 33 of the *Assessment Act*. O. Reg. 435/87, s. 1.

2. This Regulation applies to the Regional Area and to the assessment to be shown on the assessment rolls to be returned in the Regional Area for the year 1986 for taxation in the year 1987 and for every assessment made in the Regional Area for taxation in each subsequent year until a new reassessment of all property within the Regional Area is made under subsection 82 (5) of the Act. O. Reg. 435/87, s. 2.

3. For the purposes of this Regulation, the real property situate in the Regional Area shall be divided into the prescribed classes of real property that are designated in this Regulation. O. Reg. 435/87, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the Regional Area shall be that shown in the Schedule to this Regulation opposite the number of that prescribed class. O. Reg. 435/87, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

CLASS 1

Property assessed as,

(*a*) residential and comprising not more than six residential units, including vacant land municipally zoned principally for residential development described in this clause; or

(*b*) seasonal residential including vacant land zoned principally for this purpose.

CLASS 2

Property assessed,

(*a*) as residential and comprising seven or more residential units, including vacant land municipally zoned principally for residential development described in this clause; or

(*b*) as a unit or proposed unit within the meaning of the *Condominium Act* to which subsection 65 (2) of the *Assessment Act* does not apply and that is part of a building or parcel of land containing seven or more residential units, whether or not such residential units are units or proposed units within the meaning of the *Condominium Act*.

CLASS 3

Property assessed as commercial, including vacant land municipally zoned principally for commercial development.

CLASS 4

Property assessed as industrial, including vacant land municipally zoned principally for industrial development.

CLASS 5

Property assessed as farm land.

CLASS 6

Property assessed as pipe line.

CLASS 7

Property assessed as a railway right of way. O. Reg. 435/87, s. 5.

6.—(1) The rates contained in Schedule 3 to Ontario Regulation 35/87 (Equalization of Assessments made under section 63 of the *Assessment Act*) shall apply to the assessment for taxation of all pipe lines liable to assessment and taxation under section 24 of the *Assessment Act* and located in or on the boundary of any municipality named in the Schedule to this Regulation.

(2) For the purposes of clause 24 (16a) (b) of the *Assessment Act*,

(*a*) where two or more pipe lines occupy the same right of way, each pipe line occupying the right of way is a second and subsequent pipe line, except that which bears the highest assessed value computed by applying the rates in Schedule 3 to Ontario Regulation 35/87 without the reduction in rates for the second and subsequent pipe lines occupying the same right of way provided for in clause (b) but where two or more pipe lines occupying the same right of way have the same assessed value so computed and that assessed value is the highest assessed value or is the only assessed value for the pipe lines occupying that right of way, each of such pipe lines is designated as a second and subsequent pipe line except that one that was first in use as a pipe line; and

(*b*) where a right of way occupied by a pipe line that is not designated to be a second or subsequent pipe line under clause (*a*) is also occupied by a pipe line that is designated to be a second and subsequent pipe line, each pipe line so designated shall be assessable and taxable at 75 per cent of the rate in Schedule 3 to Ontario Regulation 35/87 that applies to each pipe line so designated. RETAIL SALES TAX ACT

O. Reg. 438/87.
General.
Made—July 16th, 1987.
Filed—July 22nd, 1987.

REGULATION TO AMEND REGULATION 904 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE RETAIL SALES TAX ACT

1. Section 32 of Regulation 904 of Revised Regulations of Ontario, 1980, as made by section 2 of Ontario Regulation 140/81 and amended by section 1 of Ontario Regulation 718/81, section 6 of Ontario Regulation 591/84 and section 5 of Ontario Regulation 232/86, is revoked and the following substituted therefor:

32.—(1) In this section,

"foster child" means a child who is receiving foster care within the meaning of the *Child and Family Services Act, 1984*;

"foster parent" means a foster parent within the meaning of the *Child and Family Services Act, 1984*;

"long term lease" means a lease of a vehicle for a term of twelve months or longer;

"member of the family" means the daughter, daughter-in-law, son, son-in-law, foster child, spouse, parent, foster parent, father-in-law, mother-in-law, brother, brother-in-law, sister, sister-in-law, grandparent or grandchild of the person with respect to whom the expression is being used;

"motor vehicle" means a motor vehicle for which a permit is required under section 7 of the *Highway Traffic Act*, other than a motorcycle, a motor assisted bicycle, a motorized mobile home within the meaning of Ontario Regulation 744/82 (Vehicle Permits) and a dune buggy within the meaning of Ontario Regulation 47/84 (General) made under the *Off-Road Vehicles Act, 1983*;

"person with a permanent physical disability" means a person ordinarily resident in Ontario,

(*a*) who is permanently deprived of the functional use of one or both arms or legs,

(*b*) whose personal mobility within the usual environment where he or she lives or works is permanently restricted to the use of a wheelchair, crutches, braces or other devices designed to assist the person's mobility, or

(*c*) whose permanent visual acuity in both eyes with proper refractive lenses is 20/200 or less according to measurements taken using a Snellen chart or a chart that is equivalent to a Snellen chart or whose greatest diameter of field of vision is permanently less than 20 degrees;

"spouse" means spouse within the meaning of section 29 of the *Family Law Act, 1986*.

(2) For the purposes of an application under subsection (3), the purchaser of a motor vehicle includes a purchaser who acquires title to the motor vehicle and a purchaser who leases the motor vehicle under a long term lease.

(3) The Minister may, upon receipt of an application in writing therefor, rebate to the purchaser of a motor vehicle the tax paid under the Act by the purchaser on the purchase where the Minister is satisfied that the purchaser is at the time of the application, and was at the time of purchase,

(*a*) a person with a permanent physical disability who purchased the motor vehicle for his or her own transportation;

(*b*) a member of the family of a person with a permanent physical disability who purchased the motor vehicle to provide transportation to the person with the permanent physical disability where the person with the permanent physical disability neither owns a motor vehicle nor is a lessee under a long term lease of a motor vehicle; or

(*c*) a religious, charitable or non-profit organization, other than a municipality or local board, that purchased the motor vehicle for use principally to transport one or more persons with a permanent physical disability.

(4) No rebate shall be made under this section where,

(*a*) the application for the rebate is submitted to the Minister more than three years after the date when the applicant paid the tax on the purchase of the motor vehicle with respect to which a rebate is being claimed;

(*b*) the motor vehicle with respect to which a rebate is being claimed will be used or operated for profit or as part of an undertaking carried on for gain; or

(*c*) at the expiry of thirty days after the purchase of the motor vehicle with respect to which a rebate is being claimed, the applicant, other than a religious, charitable or non-profit

organization, or a member of the family of the applicant was the owner or lessee under a long term lease of another motor vehicle with respect to which a rebate has been previously made under this section or section 12 of Regulation 903 of Revised Regulations of Ontario, 1980 (Definitions of Minister) as it existed on the 28th day of February, 1981.

(5) Notwithstanding clause (4) (*c*), a rebate may be made where,

(*a*) the other motor vehicle was purchased and is owned or leased under a long term lease by a member of the family of the applicant for the purpose of transporting a person with a permanent physical disability who is neither the applicant nor any person with a permanent physical disability the applicant intends to transport;

(*b*) the other motor vehicle is owned by a member of the family of the applicant and the owner paid tax on the fair value of the vehicle under the Act on the purchase of the vehicle; or

(*c*) the owner or lessee under a long term lease of the other motor vehicle has been unable, after reasonable efforts, to expeditiously dispose of the vehicle.

(6) A rebate may be paid in a situation described under clause (5) (*c*) only after the eventual disposition of the other motor vehicle.

(7) Every application for a rebate under this section shall be accompanied by,

(*a*) a copy of the purchase or long term lease contract for the motor vehicle in respect of which a rebate is claimed setting out the purchase price or lease payments and the tax paid by the applicant;

(*b*) where the applicant is purchasing the motor vehicle for the applicant's own use, a physician's certificate describing the nature of the physical disability of the applicant and stating whether the disability is permanent;

(*c*) where the applicant is a member of the family of a person with a permanent physical disability,

(i) a physician's certificate describing the nature of the physical disability of the person and stating whether the disability is permanent, and

(ii) a statement by the applicant of the applicant's relationship to the person and the use the applicant will make of the motor vehicle to provide transportation to that person;

(*d*) where the applicant is a religious, charitable or non-profit organization, a statement certifying that the motor vehicle was purchased to be used principally to transport persons with permanent physical disabilities and that the applicant is a religious, charitable or non-profit organization other than a municipality or local board; and

(*e*) such further information in addition to that information required under clauses (*a*) to (*d*) as the Minister requires.

(8) A claim for a rebate under this section by a purchaser who is leasing a motor vehicle under a long term lease shall be made not more than once in a twelve-month period and the total of all the claims made by such a purchaser with respect to the motor vehicle shall not exceed the tax paid under the Act by the purchaser with respect to the leasing of the motor vehicle.

(9) The Minister may rely on the opinion of the Ontario Advisory Council on the Physically Handicapped or from a physician concerning the nature of the physical disability of any person for whose transportation a motor vehicle has been purchased in respect of which an application for rebate has been made under this section.

(10) The Minister is not bound by the assignment by a person to whom a rebate under this section is payable of the person's right to the rebate.

(11) No interest shall be paid in respect of any rebate made under this section. O. Reg. 438/87, s. 1.

2. This Regulation applies to applications made with respect to motor vehicles purchased after the date of filing of this Regulation.

RESIDENTIAL RENT REGULATION ACT, 1986

O. Reg. 440/87.
Rent Determination.
Made—July 16th, 1987.
Filed—July 24th, 1987.

REGULATION MADE UNDER THE RESIDENTIAL RENT REGULATION ACT, 1986

RENT DETERMINATION

1. In this Regulation,

"acquisition costs" means the costs experienced by the landlord in acquiring the property and includes,

(*a*) the purchase price of the residential complex,

(*b*) the legal fees, other than for in-house counsel, and disbursements related to the purchase,

(*c*) the land transfer tax and retail sales tax related to the purchase,

(*d*) the fees paid to establish an appraised value and the costs of obtaining financing related to the purchase unless these amounts exceed similar market transactions,

(*e*) the professional fees and costs associated with a physical inspection and evaluation of the residential complex, and

(*f*) capital expenditures experienced within twelve months of the acquisition that meet the requirements of section 20;

"amortization period" means the period for which the principal and interest of the total debt would be repaid if the financing is continually renewed over that period on the same terms;

"annual accounting period" means a period of twelve consecutive months established for the purposes of an application for recording the costs and revenue of the residential complex;

"arm's length" means the persons involved are not related persons;

"Assisted Rental Program" means the program by that name administered by the Central Mortgage and Housing Corporation;

"bad debts" means rent due and owing under a tenancy agreement that is uncollectible for longer than three months;

"base year period" is the annual accounting period most recently completed on or before the effective date of the first rent increase applied for;

"capital expenditure" means,

(*a*) expenditures on major renovations and new additions to the building, equipment or facilities, or

(*b*) major expenditures for repair, replacement and maintenance, the benefit of which would extend more than one year,

but does not include items listed in Table 2 unless,

(*c*) at least 25 per cent of the rental units in the residential complex are affected by work that involves one or more items on Table 2, or

(*d*) the capital expenditure allowance per item equals at least 1 per cent of the gross potential rent;

"control" means direct or indirect ownership or control either alone or with a related person of,

(*a*) more than 50 per cent of the issued share capital of a corporation having full voting rights under all circumstances, or

(*b*) issued and outstanding share capital of a corporation in an amount that permits or may permit the person to direct the management and policies of the corporation;

"financing costs" means the payments on funds obtained or assumed related to the purchase or construction of the residential complex which may be in the form of a loan, mortgage or a general or specific corporate borrowing;

"graduated payment mortgage" means a mortgage that provides,

(*a*) that the principal and interest be amortized over a period of time and permits initial payments to be made in a lower amount than would otherwise be made under the amortization schedule for equal blended payments,

(*b*) that payments be increased according to a schedule specified in the mortgage or attached agreement to a level that would otherwise exceed payments made under an equal blended payment amortization schedule, and

(*c*) that upon expiry of the amortization period, the principal and interest are paid in full;

"gross potential rent" means the total, multiplied by twelve, of the monthly maximum rent for all rental units in the residential complex whether collected or not, for the month immediately preceding the effective date of the first rent increase applied for;

"initial rent-up period" means the period commencing the date that the building permit was issued up to and including the earlier of,

(*a*) two years after first occupancy of the residential complex, or

(*b*) the time when 90 per cent of the total rental units in the residential complex have been first occupied;

"member of the family" means with respect to an individual,

(*a*) the spouse of such person,

(*b*) a child of such person,

(*c*) the father, mother, brother or sister of the person or any descendant of such brother or sister,

(*d*) the brother or sister of the person's father or mother or any descendant of such brother or sister,

(*e*) the father, mother or any brother or sister of the person's spouse or any descendant of any such brother or sister,

(*f*) a son-in-law or daughter-in-law of such person,

(*g*) a person adopted by the person or the spouse or any descendant of the adopted person, or

(*h*) a grandfather or grandmother of such person;

"person" means an individual, corporation, partnership, trust, trustee, executor, administrator or trustee in bankruptcy, receiver or other legal representative;

"projected year period" is the annual accounting period immediately subsequent to the base year period;

"reference year period" is the annual accounting period immediately prior to the base year period;

"related person" where used to indicate a relationship with any person includes,

(*a*) a member of the family of such person,

(*b*) an employer or employee of such person,

(*c*) a partner of such person,

(*d*) a trust or estate in which such person has a beneficial interest,

(*e*) a trust or estate for which such person serves as a trustee or in a similar capacity,

(*f*) a trust or estate in which persons related to such person, as otherwise determined under this subsection, have a beneficial interest,

(*g*) a corporation controlled by such person,

(*h*) a corporation controlled by such person and persons related to such person, or

(*i*) a corporation controlled by a person related to such person;

"similar market transactions" means arm's length transactions that occur or may reasonably be expected to occur under the same or comparable terms and conditions and in the same general geographic location;

"spouse" means a person of the opposite sex to whom the person is married or with whom the person is living in a conjugal relationship outside of marriage. O. Reg. 440/87, s. 1.

GENERAL

2. In this Regulation, if there is a reference to "similar market transactions" and an amount, charge, rate or cost exceeds similar market transactions, an amount, charge, rate or cost may be recognized that is comparable to similar market transactions unless otherwise specified. O. Reg. 440/87, s. 2.

3. In this Regulation, one corporation is related to another corporation if,

(*a*) one of the corporations is controlled by the other corporation;

(*b*) both of the corporations are controlled by the same person or group of related persons each member of which is related to every other member of the group;

(*c*) each of the corporations is controlled by one person and the person who controls one of the corporations and the person who controls the other corporation are related persons;

(*d*) one of the corporations is controlled by one person and that person is related to any member of a group of related persons that controls the other corporation;

(*e*) one of the corporations is controlled by one person and that person is related to each member of an unrelated group that controls the other corporation;

(*f*) any member of a group of related persons that controls one of the corporations is related to each member of an unrelated group that controls the other corporation; or

(*g*) each member of an unrelated group that controls one of the corporations is a related person to at least one member of an unrelated group that controls the other corporation. O. Reg. 440/87, s. 3.

4.—(1) If costs being considered by the Minister have resulted from a non-arm's length transaction and the costs were incurred in good faith, the Minister may recognize,

(*a*) the costs resulting from the transaction if they do not exceed those that would be experienced in similar market transactions; or

(*b*) costs comparable to those that would be experienced in similar market transactions, if the costs resulting from the transaction do exceed those that would be experienced in similar market transactions.

(2) If the landlord purchases a residential complex in a non-arm's length transaction,

(*a*) the Minister shall ascertain the real substance of the transaction and the good faith of the participants; and

(*b*) the Minister may recognize the costs relating to the purchase, provided that they do not exceed those that would be experienced in similar market transactions. O. Reg. 440/87, s. 4.

5. For the purposes of determining whether a related group of buildings is a residential complex, a related group of buildings,

(*a*) does not include a group that consists of two classes of buildings, namely, a building or buildings no part of which was occupied as a rental unit before the 1st day of January, 1976 along with a building or buildings, any part of which was occupied as a rental unit before the 1st day of January, 1976; and

(*b*) includes buildings of the same class that,

(i) share common services and facilities,

(ii) are subject to the same financing, or

(iii) are managed and administered as one business operation. O. Reg. 440/87, s. 5.

SEPARATE CHARGES

6. For the purposes of subsection 97 (3) of the Act, "cablevision" is prescribed as a separate charge. O. Reg. 440/87, s. 6.

7.—(1) For the purposes of subsection 97 (4) of the Act, the maximum rent that may be charged shall be increased or decreased in the manner set out in this section.

(2) If all parking spaces are provided for the same charge per space, that charge shall be the amount added to the maximum rent if an additional space is provided or deducted from the maximum rent if the landlord discontinues the provision of the space.

(3) If there are different classes of parking spaces and the parking spaces in each class are provided for the same charge, the charge per space for that class of space shall be the amount added to the maximum rent if an additional space is provided or deducted from the maximum rent if the landlord discontinues the provision of the space.

(4) If subsections (2) and (3) do not apply because there are different charges or different charges within a class, the amount that may be added or deducted from the maximum rent shall be,

(*a*) the amount of the separate charge for a space established for the rental unit pursuant to an

order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or under Part XI of the *Residential Tenancies Act* plus any statutory increases permitted since that time;

(*b*) if clause (*a*) does not apply, the earliest charge known for the parking space associated with that rental unit on or after the 29th day of July, 1975 plus any statutory increases permitted since that time;

(*c*) if clauses (*a*) and (*b*) do not apply, the average of the separate charges for other parking spaces within the same established class;

(*d*) if clauses (*a*), (*b*) and (*c*) do not apply and if parking has been included in the rent without reference to a direct charge in the tenancy agreement, the amount that the parties can directly or by implication establish as the value of the parking space.

(5) If a new parking space is created or constructed and there are existing parking spaces in the same established class, the charge to be added to the maximum rent shall not exceed the average of the charges in that class.

(6) If the landlord provides a parking space that is not on the premises, the charge to be added to or deducted from the maximum rent shall be the cost experienced by the landlord, if that cost does not exceed a cost that is comparable to similar market transactions.

(7) If the landlord provides cablevision, the amount that may be added to the maximum rent is the cost experienced by the landlord on a per unit basis at the time the service is provided.

(8) If the landlord discontinues the provision of cablevision, the amount that may be deducted from the maximum rent is,

(*a*) if the charge for cablevision is included in the basic unit rent, the cost experienced by the landlord on a per unit basis; or

(*b*) if there is a separate charge for cablevision, the actual amount of the charge,

at the time the service is discontinued. O. Reg. 440/87, s. 7.

CONTINGENCY FEES

8.—(1) For the purposes of subsection 121 (1) of the Act, the prescribed amount is 10 per cent of the amount that has been or may be recovered, gained or saved in part or in whole through the efforts of the agent over the twelve-month period commencing on the first effective date of the rent increase for each rental unit as set out in the order.

(2) Notwithstanding subsection (1), where an order is made under section 95 of the Act or where a landlord agrees to refund excess rent to a tenant in the absence of an order, the proportion shall not exceed 10 per cent of the total amount of excess rent found owing by the landlord to the tenant pursuant to the order or that the landlord, in the absence of an order, has agreed to repay. O. Reg. 440/87, s. 8.

OPERATING COST ALLOWANCE

9. For the purposes of clauses 75 (a) and 87 (1) (a) of the Act, the prescribed operating cost allowance is 3 per cent of the gross potential rent. O. Reg. 440/87, s. 9.

CONTINUING CAPITAL EXPENDITURES

10.—(1) For the purposes of subsection 76 (2) of the Act, subject to section 20, a capital expenditure is of a continuing nature if,

(*a*) it is a single capital expenditure completed in stages over, or conducted on a project basis over, a period that extends beyond the applicable period mentioned in section 16 that,

(i) makes related improvements within a specific room or area, or

(ii) involves objects, items or systems that are similar in nature to each other;

(*b*) the Minister finds, in the initial application, that the capital expenditure,

(i) is not or will not be substantially completed within the time period mentioned in section 16, and

(ii) will be completed within a maximum of thirty-six months after its commencement.

(2) If on a subsequent application a landlord demonstrates that, with respect to the capital expenditure mentioned in subsection (1),

(*a*) clauses (1) (*a*) and (*b*) apply; or

(*b*) clause (1) (*a*) applies and clause (1) (*b*) does not apply but the completion of the capital expenditure was delayed, for reasons beyond the landlord's control, beyond thirty-six months after commencement of the capital expenditure claimed,

the Minister may find that the capital expenditure is continuing.

(3) Notwithstanding section 16, where the Minister finds that a capital expenditure is of a continuing nature or is continuing, that part of the capital expenditure that is completed within the relevant time

period mentioned in section 16 shall be recognized for the purposes of making an allowance for the capital expenditure. O. Reg. 440/87, s. 10.

CALCULATION OF CAPITAL EXPENDITURE ALLOWANCE

11.—(1) For the purposes of calculating the amount of a capital expenditure which a landlord has experienced or will experience, an allowance for the capital expenditure consists of,

(*a*) the purchase price, installation cost, renovation cost or construction costs of the capital expenditure;

(*b*) an allowance for management and administration;

(*c*) the value of the landlord's own labour;

(*d*) the rental value of any vacant rental unit if the vacancy is directly related to the capital expenditure, unless otherwise recognized;

(*e*) interest on the total of clauses (*a*), (*b*), (*c*) and (*d*) including, where the capital expenditure is financed by borrowing, the value of any guarantees given by or on behalf of the landlord to the lender; and

(*f*) a reduction of the amounts set out in clauses (*a*), (*c*) and (*d*) by an amount equal to any proceeds received from or as a result of insurance,

amortized over the anticipated useful life of the expenditure in the form of a blended equal annual payment of principal and interest.

(2) Notwithstanding subsection (1), if the landlord obtains funds for a capital expenditure to rehabilitate a residential complex under the Low Rise Rehabilitation Program, the High Rise Rehabilitation Project, the Conserve-a-Unit research project, the Ontario Home Renewal Program, or the Residential Rehabilitation Assistance Program, any payments made by the landlord during the period under review under the programs together with the rental value of any vacant rental unit if the vacancy is directly related to the capital expenditure, with interest as provided in section 15 amortized over the anticipated useful life of the capital expenditure, shall be allowed instead of the capital expenditure allowance, except that,

(*a*) any payments required under the program as a result of,

(i) the premises ceasing to be a residential complex,

(ii) the residential complex being sold,

(iii) the landlord failing to demonstrate efforts to prevent tenant disruption during the rehabilitation process, or

(iv) a provision in the program resulting in early or accelerated repayment in whole or in part,

shall not be recognized;

(*b*) if the total cost of a capital expenditure calculated in subsection (1) exceeds the funds obtained from the programs mentioned in this subsection, the excess shall be subject to the provisions for capital expenditures as otherwise set out in the Act and this Regulation but a management and administration allowance shall be calculated on the total cost of the capital expenditure; and

(*c*) any funds that the landlord receives as a grant or a forgivable loan under which no repayment is made, shall not be allowed as part of the capital expenditure. O. Reg. 440/87, s. 11.

ANTICIPATED USEFUL LIFE

12.—(1) For the purposes of section 11, the anticipated useful life for new items to be used in calculating the capital expenditure allowance is set out in Tables 1 and 2.

(2) If a capital expenditure under review is not set out in Table 1 or 2, the Minister shall consider the nature of the expenditure with reference to characteristics in common with the items set out in Tables 1 and 2 and factors which are reasonable in the marketplace.

(3) If an item is not new, the Minister shall determine the remaining useful life of the item under review by taking into account its age and the anticipated useful life as determined under subsections (1) and (2) and the remaining anticipated useful life of the item. O. Reg. 440/87, s. 12.

ALLOWANCE FOR MANAGEMENT AND ADMINISTRATION

13.—(1) For the purposes of clause 75 (d) of the Act and section 11, the allowances for management and administration with respect to capital expenditures, excluding capital expenditures experienced during the initial rent-up period, are set out in this section.

(2) If construction or renovation is performed by persons who are not directly employed by the landlord but who are supervised by the landlord or by someone retained by the landlord to supervise during the construction or renovation project, an allowance for management and administration of 7.5 per cent of the construction or renovation costs, before any reduction for insurance proceeds, shall be included in the calculation of the capital expenditure allowance.

(3) If construction or renovation is performed by persons in the direct employ of the landlord, an administration allowance shall be allowed of 7.5 per

cent of the direct labour and material costs, before any reduction for insurance proceeds, and a management allowance shall be allowed of 7.5 per cent of the total of the direct labour and material costs and the administration allowance, before any reduction for insurance proceeds, unless the allowances or management and administration costs have otherwise been recognized in determining a rent increase.

(4) In respect of the purchase and installation of appliances, carpeting, furnishings and other similar items, a management allowance of 2 per cent of the total cost of purchase and installation, before any reduction for insurance proceeds, shall be allowed if it is determined that there was management effort used by the landlord or a person employed by the landlord in the negotiation of improved terms of purchase or on the supervision of the installation. O. Reg. 440/87, s. 13.

LABOUR PROVIDED BY THE LANDLORD

14.—(1) For the purposes of making a determination under section 11, where the labour involved in carrying out a capital expenditure is provided by the landlord, the Minister shall allow the value of the work done on the basis of an amount that is reasonable in the marketplace.

(2) For the purposes of making a determination under subsection (1), the portion of the cost of the capital expenditure represented by the landlord's own labour shall not be the subject of an allowance for management and administration. O. Reg. 440/87, s. 14.

INTEREST ON CAPITAL EXPENDITURES

15.—(1) For the purposes of clauses 78 (1) (a) and (b) of the Act and section 11, the rates of interest to be allowed are set out in this section.

(2) If the capital expenditure is financed entirely by borrowing, the interest rate allowed is the rate experienced unless the rate experienced unreasonably exceeds the rate for similar market transactions.

(3) Notwithstanding subsection (2), for the purposes of clause 78 (1) (b) of the Act, if the interest rate experienced by the landlord is discounted as a result of guarantees given by or on behalf of the landlord to the lender, the discount shall be added to the interest rate and the resulting rate shall be used in the calculation of the allowance for capital expenditures.

(4) If the capital expenditure has been financed entirely out of the landlord's own funds, the interest rate allowed shall be the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for, or in the case of an application made under subsection 89 (1) of the Act, for the month that the application is made, plus,

(*a*) one percentage point of interest if there is existing financing related to the acquisition or construction of the residential complex equal to more than 30 per cent but less than 60 per cent of the acquisition costs or value of the residential complex as determined under sections 48 and 49; or

(*b*) two percentage points of interest if there is existing financing related to the acquisition or construction of the residential complex which is 60 per cent or more of the acquisition costs or value of the residential complex as determined under sections 48 and 49.

(5) If the capital expenditure has been financed in part by borrowed funds and in part by the landlord's own funds, the interest rate allowed on the borrowed funds shall be as set out in subsections (2) and (3) and the interest rate allowed for the landlord's own funds shall be as set out in subsection (4).

(6) For the purposes of subsection (4), the level of existing financing shall be determined as of the date the current application is made. O. Reg. 440/87, s. 15.

SUBSTANTIAL COMPLETION

16.—(1) In this section, "substantially completed" means the degree of completion such that the landlord would be liable for the total cost of completion of the capital expenditure or the point where the capital expenditure would reasonably be considered to be complete despite further work to be completed.

(2) For the purposes of an application under section 74 or 86 of the Act, subject to subsection 10 (3), an allowance shall be made for capital expenditures which have been or will be substantially completed within a period of twelve consecutive months that occurs within the base year period and the projected year period.

(3) Notwithstanding subsection (2), if a landlord makes an application for an intended rent increase to be effective on or before the 1st day of August, 1987, an allowance shall be made for capital expenditures that have been or will be substantially completed during the base year period and the projected year period. O. Reg. 440/87, s. 16.

VARIANCE FROM PROJECTED EXPENDITURE

17.—(1) For the purposes of clause 75 (c) of the Act, "actual capital expenditure" means the allowance as determined under section 11 for a capital expenditure that has been actually completed.

(2) If the Minister finds on a subsequent application that the allowance for an actual capital expenditure varies from the allowance for the projected capital expenditure allowed on a previous order made under the Act or the *Residential Tenancies Act*, the Minister shall add to or deduct from the rent increase justified

on the application, as the case may be, the amount of the variance.

(3) For the purposes of determining the allowance for an actual capital expenditure in subsection (2), the Minister shall recalculate the allowance for the projected capital expenditure allowed on a previous order on the basis of actual costs, but using the same amortization period and interest rate as on the previous order. O. Reg. 440/87, s. 17.

REPLACEMENT

18.—(1) For the purposes of subsection 78 (2) of the Act, if an item allowed on the current application is specifically identified and is found by the Minister to be an item allowed in a previous order, the item previously allowed has been replaced.

(2) If subsection (1) does not apply, where an item previously allowed was installed in a specific unit and a similar item allowed on the current application was installed in the same unit, the item is deemed to be replaced unless otherwise established.

(3) If subsections (1) and (2) do not apply, an item has been replaced if the item allowed on the current application is composed of a number of articles and the number of articles together with a number of similar articles completed on or after the 1st day of August, 1985 and allowed in a previous order exceeds the number of similar articles in use in the residential complex at the time the current application is made.

(4) If subsection (3) applies, the number of articles being replaced shall be determined by subtracting the number of similar articles in use in the residential complex at the time the application is made from the total of the number of similar articles allowed on the current application and the number of similar articles completed on or after the 1st day of August, 1985 and allowed in a previous order.

(5) Where an item is found to be replaced under subsection (3), the amount allowed in the previous order in respect of the articles that were replaced shall be determined on the basis that those articles allowed first are replaced first.

(6) If an item was allowed as part of a capital expenditure consisting of a number of items and the allowance for the capital expenditure included principal and interest amortized over an anticipated useful life that,

(*a*) took into account all the items; and

(*b*) differs from the anticipated useful life of the individual item set out in Tables 1 and 2,

the item may be found to be replaced when the allowed anticipated useful life of the whole capital expenditure has elapsed. O. Reg. 440/87, s. 18.

NEGLECT

19. For the purposes of section 96 of the Act,

"ongoing deliberate neglect" in maintaining the residential complex or any rental unit means that the landlord was aware of the relevant maintenance conditions and failed to take reasonable corrective measures within a reasonable length of time and as a result the capital expenditures or proposed capital expenditures were necessary, but that failure does not include matters that are beyond the landlord's control;

"substantial" means that the total of the allowances for capital expenditures that have been found to be necessary as a result of the landlord's ongoing deliberate neglect equals 1 per cent or more of the monthly maximum rent of the rental units affected by the said capital expenditure for the month preceding the effective date of the first increase applied for multiplied by twelve. O. Reg. 440/87, s. 19.

CAPITAL EXPENDITURES AS ACQUISITION COSTS

20.—(1) If capital expenditures have been or will be incurred within twelve months of the acquisition of the residential complex and if there was an obvious need for the capital expenditures which a prudent purchaser would have taken into consideration in negotiating the purchase price, no allowance for the capital expenditure shall be made as such and the cost of the capital expenditure, as set out in clauses 11 (1) (*a*), (*c*), (*d*) and (*f*) shall be considered as part of the acquisition costs unless it has been experienced during the initial rent-up period in which case subsection 48 (9) applies.

(2) Notwithstanding subsection (1), that portion of the capital expenditures that exceeds the level of work for which there was an obvious need shall be allowed as a capital expenditure.

(3) Where a capital expenditure has been considered on an application as part of the acquisition costs under subsection (1), the capital expenditure shall not be found on that application to be of a continuing nature but it may be so found on a subsequent application. O. Reg. 440/87, s. 20.

CONDITIONAL ORDER

21.—(1) For the purposes of subsection 89 (2) of the Act,

"expenditure" means,

(*a*) the purchase price, installation cost, renovation cost or construction costs of the capital expenditure,

(*b*) the value of the landlord's own labour,

(*c*) the rental value of any vacant rental unit if the vacancy is directly related to the capital expenditure unless otherwise recognized, and

(*d*) a reduction of the amounts set out in clauses (*a*), (*b*) and (*c*) by an amount equal to any proceeds received from or as a result of insurance;

"substantially higher or lower" means that the difference between the amount of the actual expenditure and the projected expenditure exceeds 5 per cent of the projected expenditure.

(2) For the purposes of determining actual or projected expenditures under subsection 89 (2) of the Act where funds are obtained pursuant to the programs and projects set out in subsection 11 (2), that portion of the actual expenditure or projected expenditure which is funded by a grant or a forgivable loan under which no repayment is made shall not be recognized as an actual or projected expenditure. O. Reg. 440/87, s. 21.

CONSTRUCTION OF ADDITIONAL PARKING SPACES

22.—(1) Notwithstanding subsection 7 (5), where subsection 97 (4) of the Act does not apply and an application under section 74, 86 or 89 of the Act has been made, if the landlord constructs additional parking spaces where there are existing parking spaces in that class, the cost of the additional spaces shall be determined in the same manner as a capital expenditure and the capital expenditure allowance shall be apportioned among all parking spaces of that class by adding the allowance to the total maximum separate charges for the existing spaces and dividing the resulting total equally among all of the parking spaces of that class.

(2) If the landlord constructs parking spaces and there are no existing parking spaces in that class, the cost of the new parking spaces shall be determined in the same manner as a capital expenditure and the allowance shall be apportioned among all parking spaces of that class. O. Reg. 440/87, s. 22.

MAXIMUM RENTS FOR UNITS RENTED FOR THE FIRST TIME

23.—(1) In this section, "floor area" means the space on any storey of a building between exterior walls and firewalls, including the space occupied by interior walls and partitions but not including exits and vertical service spaces that pierce the storey.

(2) For the purposes of section 99 of the Act, a unit that is "rented for the first time" means the first rental of,

(*a*) a new rental unit no part of which was previously in existence as part of a residential complex;

(*b*) a new rental unit that has been formed by adding to the floor area of an existing building if the amount of the additional floor area exceeds 50 per cent of the total floor area of the new rental unit; and

(*c*) a new rental unit in which at least 50 per cent of the floor area was previously a portion of the residential complex, other than vacant grounds, and that was never occupied as a rental unit if the landlord,

(i) files a statement with the Minister that the floor area that was part of the existing residential complex has not previously been used by any tenant within the twelve months preceding the date that it was first converted for the purposes of the new unit,

(ii) gives the tenants a copy of the statement within ten days of filing and advises the tenants that they may file submissions with the Minister within thirty days from the filing of the statement,

(iii) files proof of the giving of the statement to the tenants with the Minister, and

(iv) files any reply to the submissions of the tenants within forty-five days from the filing of the statement.

(3) Notwithstanding clause (2) (*c*), where a portion of the new rental unit that was part of the existing residential complex was previously a common area in the residential complex used by any tenant within the previous twelve months preceding the date that it was first converted for the purposes of the new unit, section 99 will not apply unless the common area consists of vacant grounds or unless,

(*a*) the landlord has obtained and filed with the Minister the written consent from the tenants of more than 50 per cent of the rental units in the residential complex approving the conversion of the space; and

(*b*) the landlord undertakes that any compensation for the loss of the common area consented to shall be divided equally among the tenants of each rental unit in the residential complex.

(4) An order under clause 13 (3) (d) of the Act may be made determining that a unit has been rented for the first time within the meaning of section 99 of the Act and declaring the maximum rent and the date the maximum rent takes or took effect. O. Reg. 440/87, s. 23.

24.—(1) Maximum rent shall be determined in accordance with this section where the unit is rented

for the first time within the meaning of section 99 of the Act.

(2) In this section, the "value of any discount" means the cost to the landlord of the discount or the benefit in the nature of a discount, including lost revenue experienced by the landlord.

(3) Where the rent charged on the date a unit is rented for the first time is affected by a provision in a tenancy agreement allowing for a discount, benefit in the nature of a discount or a discounted rent during the term of the agreement, the maximum rent is,

(*a*) where subsection (4) applies, the amount stated to be chargeable as the undiscounted rent as of the date of first rental in a written tenancy agreement commencing on the date of first rental;

(*b*) where subsection (5) applies and the term of the tenancy agreement is twelve months or less, the total rent charged for the twelve months following the date of first rental, less the value of any discounts paid, given or allowed, divided by the number of rental periods in those twelve months; or

(*c*) where subsection (5) applies and the term is more than twelve months, the total rent charged during the term, less the value of any discounts paid, given or allowed, divided by the number of rental periods in the term.

(4) Clause (3) (*a*) applies where,

(*a*) the date that a rental unit is rented for the first time is before the 1st day of February, 1987; or

(*b*) the discounts, benefits in the nature of a discount or discounted rent paid, given or allowed during the term of the agreement,

(i) are in respect of the incompletion of construction of the residential complex or temporary failure to provide promised services or facilities and do not extend beyond the six-month period commencing upon the date that any rental unit in the residential complex is first occupied, or

(ii) are in respect of the marketing of the first rental unit in the residential complex and,

(A) do not exceed two months rent, as averaged over the term of the tenancy agreement, or

(B) are not paid, given or allowed to the tenant over a period of time that exceeds a total of six months, which need not be consecutive.

(5) Clause (3) (*b*) or (*c*) applies where the date that a rental unit is rented for the first time is on or after the 1st day of February, 1987 and the discounts, benefits in the nature of discounts or discounted rent paid, given or allowed to the tenant,

(*a*) are in respect of the incompletion of construction of the residential complex or temporary failure to provide promised services or facilities and extend beyond the six-month period commencing upon the date that any rental unit in the residential complex is first occupied;

(*b*) are in respect of the marketing of the first rental unit in the residential complex, and

(i) exceed two months rent, as averaged over the term of the tenancy agreement, or

(ii) are paid, given or allowed to the tenant over a period of time that exceeds a total of six months, which need not be consecutive; or

(*c*) are in respect of any other discount, benefit in the nature of a discount or discounted rent.

(6) Where a tenancy agreement commencing on the date that a rental unit is rented for the first time provides that the amount of rent charged will decrease at any time during the term of the agreement from that charged on the date of first rental, which decrease is not in the nature of a discount, benefit in the nature of a discount or discounted rent, the maximum rent is,

(*a*) where the term of the tenancy agreement is twelve months or less, the total rent charged for the twelve months following the date of first rental, divided by the number of rental periods in those twelve months; or

(*b*) where the term is more than twelve months, the total rent charged during the term, divided by the number of rental periods in the term.

(7) Notwithstanding subsections (3) to (5), where the rent for a rental unit is discounted as of the date the unit is rented for the first time according to a written tenancy agreement as the result of a provision in an agreement between the landlord and a municipality entered into to secure approval of an application by the landlord under the *Rental Housing Protection Act, 1986*, the maximum rent is the amount stated in the tenancy agreement to be chargeable as the undiscounted rent as of the date of first rental.

(8) If an order of the Minister, the Board or a court determines the maximum rent or lawful rent chargeable as of the date a rental unit is rented for the first

time, the maximum rent shall be the rent set out in the order and not as determined under this section. O. Reg. 440/87, s. 24.

CURRENT MAXIMUM RENT FOR EXISTING UNITS

25.—(1) Where section 99 does not apply, the current maximum rent for a rental unit shall be determined in accordance with this section if the circumstances set out in this section are applicable.

(2) In this section,

"actual rent" and "actual rent date" have the same meanings as in section 54 of the Act as modified by sections 4 and 17 of Ontario Regulation 10/87;

"prompt payment provision" means a provision in a tenancy agreement which states that if a rent payment is made on or before the due date or within a specified period thereafter, a lesser amount of money will be chargeable.

(3) If the landlord submits Form 5R in respect of a rental unit, the maximum rent shall not exceed the amount of the rent charged as a result of the rent reduction plus all statutory or other rent increases permitted up to the date of the maximum rent.

(4) If the rent chargeable under the terms of a tenancy agreement is subject to a prompt payment provision, the current maximum rent shall not exceed the lesser amount unless,

(*a*) the rent set out or declared as the lawful or maximum rent in the most recent order issued under the Act, the *Residential Tenancies Act* or *The Residential Premises Rent Review Act, 1975* (2nd Session) is the higher amount that was chargeable under the prompt payment provision then in effect; or

(*b*) the rental unit was rented before the 1st day of February, 1987 and the rent chargeable since,

(i) the 29th day of July, 1975, or

(ii) the first date that the rental unit is rented after the 29th day of July, 1975,

has been continuously subject to a comparable prompt payment provision.

(5) Prompt payment provisions are comparable if the ratio of the lesser amount chargeable thereunder to the higher amount as of the later date is the same as or greater than the ratio of the lesser amount to the higher rent as of the earlier date.

(6) Where,

(*a*) the actual rent date is not the date that the rental unit is rented for the first time; and

(*b*) the rent charged is affected by a provision in the tenancy agreement allowing for a discount, benefit in the nature of a discount or discounted rent within the term of a tenancy agreement in effect upon the date on which the actual rent is first charged,

the maximum rent shall not exceed the total rent charged for the twelve months following the date on which the actual rent is first charged, less the value of any discounts paid, given or allowed during those twelve months, divided by the number of rental periods in those twelve months plus all statutory or other increases permitted up to the date of the maximum rent.

(7) If the rental unit is rented to a superintendent, employee or a member of the family of the landlord, the maximum rent shall not exceed the maximum rent set out in the most recent order made under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act* plus all permissible statutory rent increases after the effective date of rent increase set out in the order, or if there is no prior order respecting the rental unit,

(*a*) the maximum rent shall not exceed the earliest known rent since the 29th day of July, 1975 charged to a person who is not a superintendent, employee or a member of the family of the landlord, plus all permissible statutory rent increases after the effective date of rent increase of the rent so determined;

(*b*) if the maximum rent cannot be determined under clause (*a*), the maximum rent shall not exceed the average of the rents for all similar rental units in the residential complex or, if there is no similar rental unit in the residential complex, a rent which is reasonable having regard to the rents for other rental units therein; or

(*c*) if the maximum rent cannot be determined under clause (*a*) or (*b*), the maximum rent shall not exceed a rent comparable to rents being charged for similar rental units within the same geographical vicinity.

(8) If section 99 of the Act does not apply, on an application under section 74 or 86 of the Act, the Minister, in determining the current maximum rent for a renovated unit to which any justified increase might be applied shall, if the renovations result in a change in the number of rental units or a change in the size of one or more rental units in the residential complex, apportion the total maximum rent of the previous rental units among the resulting units on the basis of floor area and shall make further proportional adjustments for any loss of rental space and common areas. O. Reg. 440/87, s. 25.

FINANCING COSTS

26.—(1) If a landlord finances a purchase of the residential complex through new financing or assumes or refinances existing financing related to the landlord's purchase of the residential complex, the principal amount of the financing that shall be recognized shall not exceed 85 per cent of the landlord's acquisition costs but if the purchase is a Limited Dividend Housing project under the *National Housing Act* (Canada) and the principal of the financing provided for in the agreement between the landlord and Canada Mortgage and Housing Corporation exceeds 85 per cent of the landlord's acquisition costs, that financing shall be recognized, but the amount of principal recognized may not exceed the landlord's acquisition costs.

(2) If a landlord finances construction of the residential complex through new financing or assumes or refinances existing financing related to the construction of the residential complex, the principal amount of the financing experienced by the landlord shall be recognized up to the value of the residential complex as determined under sections 48 and 49.

(3) If partial ownership, right, title or interest in the residential complex is purchased and the landlord finances the purchase through new financing or assumes or refinances existing financing the principal amount of the financing that shall be recognized in relation to the purchase of that partial ownership right, title or interest shall not exceed 85 per cent of the acquisition costs experienced by the landlord.

(4) Notwithstanding subsections (1), (2) and (3), in respect of a residential complex no part of which was occupied as a rental unit before the 1st day of January, 1976, the principal amount of financing modified by any changes in principal experienced by the landlord up to the 1st day of August, 1985 shall be recognized, provided that any increases or decreases in debt outstanding respecting that financing before the 1st day of August, 1985 shall result in a corresponding reduction or increase of the landlord's initial invested equity but any reduction shall not exceed the amount of the landlord's initial invested equity.

(5) If the principal amount of financing that the landlord has experienced or will experience is changed during the initial rent-up period, the changes in principal shall be recognized in the manner set out in this section. O. Reg. 440/87, s. 26.

INTEREST

27.—(1) In determining financing costs, the rate of interest recognized shall be the actual rate of interest, unless it can be established that the rate charged unreasonably exceeds the rate for similar market transactions, except,

(*a*) if financing is provided by the vendor and the rate of interest charged on that financing is less than the rate of interest available for financing from financial institutions for a borrower in similar circumstances and for financing with similar priority of repayment, the Minister shall,

(i) deem the rate of interest to be the market rate of interest available from financial institutions,

(ii) deem the principal amount of the financing to be less than the actual principal by an amount that is equivalent to the present value of the savings in interest that results from the difference in the rates of interest over the term of the actual financing,

(iii) recalculate the financing costs in the manner set out in this Regulation, and

(iv) deduct from the acquisition costs the amount that is equivalent to the present value of the savings in interest over the term of the actual financing that results from the difference in the rates of interest;

(*b*) subject to clause (*c*), if the rate of interest on the financing otherwise allowed increases during the term of the financing, the Minister shall recognize one rate of interest to apply to the entire term of the financing equal to the average of the rates of interest that have been experienced or will be experienced over the term; or

(*c*) where there is a previous order under the *Residential Tenancies Act* that recognized the increase in interest rates during the term of the financing and the landlord continues to make payments under the financing, the Minister shall recognize,

(i) if the previous order recognized the average rate of interest over the term, the rate of interest recognized,

(ii) if the previous order recognized the increase in interest rates, the average of the rates of interest over the term remaining at the time of the current application, or

(iii) if the previous order recognized a rate of interest, other than the actual or average as calculated in this section, the average of the rates of interest over the term remaining at the time of the current application.

(2) For the purposes of subsection (1), the present value of the savings in interest shall be calculated by using the market rate of interest available from financial institutions as determined in clause (1) (*a*). O. Reg. 440/87, s. 27.

BLENDED PAYMENTS

28.—(1) The financing costs shall be calculated on the basis of equal blended payments of principal and interest for an annual accounting period notwithstanding that the actual financing payments may be calculated differently except,

(*a*) if financing is obtained under a graduated payment mortgage related to a purchase of a residential complex on or after the 1st day of August, 1985, the actual payments shall be recognized provided that the annual increase in payments shall not exceed 5 per cent of the amount recognized for the previous annual accounting period;

(*b*) if financing is obtained under a graduated payment mortgage related to the construction of a residential complex or from a purchase prior to the 1st day of August, 1985, the actual payments shall be recognized;

(*c*) if funds are obtained under the Assisted Rental Program,

(i) the actual payments that the landlord has experienced or will experience in each annual accounting period during the entire period of the program for any other financing in respect of the residential complex, net of the government loan advances, shall be recognized subject to the provisions for financing costs otherwise set out in this Regulation, and

(ii) changes in advances of the government loan and changes in repayment of advances shall be allowed as changes in financing costs; or

(*d*) if the funds are obtained from or guaranteed under the Canada Rental Supply Plan, Canada/Ontario Rental Supply Plan, Ontario Rental Construction Loan, Renterprise, Accelerated Rental Housing Program, Integrated Community Housing Program or Convert-to-Rent, the actual payments in respect of the funds so obtained shall be recognized.

(2) Where the financing that the landlord has experienced or will experience has been changed during the period of the landlord's ownership from equal blended payments to graduated payments, the financing that shall be recognized shall be calculated on the basis of equal blended payments of principal and interest as at the time of the change.

(3) Where the financing that the landlord has experienced or will experience has been changed during the period of the landlord's ownership from graduated payments to equal blended payments, the equal blended payments shall be recognized. O. Reg. 440/87, s. 28.

CALCULATING PAYMENTS OF PRINCIPAL AND INTEREST

29.—(1) The method of calculating payments of principal and interest is set out in this section.

(2) If the financing relates to a purchase of a residential complex by the landlord, except a purchase mentioned in clause 79 (6) (a) of the Act, either in the form of new financing or assumed financing, interest and principal shall be amortized over the actual amortization period of the financing or a period of twenty-five years, whichever is greater, except,

(*a*) if the anticipated or actual physical or economic life of a residential complex or of a building in the residential complex that has separate financing is less than twenty-five years and financial institutions have provided or will provide funds only on the basis of an amortization period that is less than twenty-five years, the maximum amortization period available from the financial institutions shall be recognized;

(*b*) if funds have been advanced or guaranteed by a government or government agency under a program mentioned in clause 28 (1) (*d*) and the terms of the agreement provide for repayment of financing over a period of less than twenty-five years, the actual amortization period shall be recognized;

(*c*) subject to clauses (*a*) and (*b*), if the landlord assumes financing at the time of purchase and the original amortization period of the financing was twenty-five years or longer and the balance of the amortization period was at least twenty-five years, the balance of the amortization period shall be recognized;

(*d*) subject to clauses (*a*) and (*b*), if the landlord assumes financing at the time of purchase and the original amortization period of the financing was twenty-five years or longer and the balance of the amortization period is less than twenty-five years, the principal amount outstanding shall be amortized over twenty-five years, with interest at the rate of five year conventional first mortgages, as reported by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for;

(*e*) subject to clauses (*a*) and (*b*), if the landlord assumes financing at the time of the purchase of the residential complex and the original amortization period of the financing was less than twenty-five years, the terms of the financing shall be recalculated by deeming the original amortization period to be twenty-five years and the deemed balance of the recalculated principal amount shall be amortized over twenty-five years with interest at

the rate for five year conventional first mortgages as reported by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for; or

(*f*) if the principal amount of financing is changed in accordance with subsection 26 (4), the amount of the change in principal from the balance of principal outstanding according to the allowed pattern of amortization shall be amortized with interest over the actual period of the financing or a period of twenty-five years, whichever is greater.

(3) If the financing relates to construction of a residential complex or to a purchase mentioned in clause 79 (6) (a) of the Act by the landlord, either in the form of new financing or financing assumed on a purchase as set out in clause 79 (6) (a) of the Act, interest and principal shall be amortized over the actual period of the financing or a period of twenty years, whichever is greater, except,

(*a*) if the anticipated or actual physical or economic life of a residential complex or a building in a residential complex that has separate financing is less than twenty years and financial institutions have provided or will provide funds only on the basis of an amortization period that is less than twenty years, the maximum amortization period available from the financial institutions shall be recognized;

(*b*) if funds have been advanced or guaranteed by a government or government agency under a program mentioned in clause 28 (1) (*d*) and the terms of the agreement provide for repayment over a period of less than twenty years, the actual amortization period shall be recognized; or

(*c*) if the principal amount of financing is changed in accordance with subsection 26 (4), the amount of the change in principal from the balance of principal outstanding according to the allowed pattern of amortization shall be amortized with interest over the actual period of the financing or a period of twenty-five years, whichever is greater.

(4) Notwithstanding subsections (2) and (3), if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, the amortization period recognized on that order shall be recognized.

(5) In determining the financing costs that the landlord has experienced or will experience where there has been a change in the amortization period upon renewal or refinancing of existing financing during the landlord's period of ownership, the amortization period that shall be recognized is,

(*a*) the period recognized under subsections (2) and (3), reduced by the number of years that have elapsed since the inception of the financing allowed under subsections (2) and (3) to the date of the renewal or refinancing of the existing financing;

(*b*) notwithstanding clause (*a*), if the change in amortization period during the landlord's period of ownership occurred before,

(i) the 29th day of July, 1975, for a residential complex any part of which was occupied as a rental unit prior to the 1st day of January, 1976, or

(ii) the 1st day of August, 1985, for a residential complex no part of which was occupied as a rental unit prior to the 1st day of January, 1976,

the amortization period that most recently applied to the financing before the date in subclause (i) or (ii) shall be recognized but not to exceed the total period over which the principal and interest is amortized under subsections (2) and (3); or

(*c*) notwithstanding clauses (*a*) and (*b*), if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, the amortization period recognized in the previous order reduced by the number of years that have elapsed since that financing was recognized, to the date of the renewal or refinancing of the existing financing.

(6) In determining the financing costs where there has been a change in the principal amount of the financing during the period of the landlord's ownership from the amount that was recognized under section 26, the amount of the principal,

(*a*) if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, shall be calculated on the basis of the amount outstanding as a result of amortizing the principal and interest pursuant to the determinations made in the previous order over the number of years that have elapsed since that financing was recognized; or

(*b*) if there has not been a previous order, shall be calculated on the basis of the amount outstanding as a result of amortizing principal and interest under this section over the number of years that have elapsed since the inception of the financing recognized under section 26.

(7) In determining financing costs where there has been a change in the frequency of repayment provi-

sions or in any other provision that affects the frequency of repayment of financing related to the residential complex during the period of the landlord's ownership,

(*a*) if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, the frequency of the repayment considered under the previous order shall be recognized; or

(*b*) if there has not been a previous order, the provision for frequency of repayment set out in the previous financing shall be recognized. O. Reg. 440/87, s. 29.

CHANGES IN INTEREST RATES

30. For the purposes of determining financing costs no longer borne under clause 75 (h) of the Act, the difference between the previously allowed financing costs for the latest annual accounting period used in determining an increase in financing costs in the previous order and the financing costs experienced by the landlord for a subsequent annual accounting period shall be calculated and the rent increase otherwise justified shall be adjusted by the calculated amount. O. Reg. 440/87, s. 30.

31.—(1) Subject to section 27, where there has been an increase in interest rates and the landlord renews or refinances existing financing at a higher rate, the difference between the new rate of interest and the previous rate of interest calculated in accordance with this section shall be allowed as part of the justified rent increase.

(2) The difference which results from a change in the allowed rates of interest shall be calculated on the basis of comparing the financing costs that the landlord has experienced or will experience during the base year period and the projected year period.

(3) Notwithstanding subsection (2), where the purchase of the residential complex occurred during the base year period and the financing costs are determined on the basis of costs that the landlord has experienced or will experience during the first twelve months of ownership, the comparison shall be made between the financing costs recognized for the first twelve months of ownership and the financing which the landlord has experienced or will experience in the projected year period. O. Reg. 440/87, s. 31.

VARIANCE FROM PROJECTED FINANCING COSTS

32. For the purposes of clause 75 (c) of the Act, if the Minister finds on a subsequent application that actual financing costs vary from the projected financing costs allowed on a previous order made under the Act or the *Residential Tenancies Act*, the Minister shall add to or deduct from the rent increase justified on the application, as the case may be, an amount calculated as follows:

1. If on the previous order an allowance was made for a projected increase in financing costs due to a projected change in interest rates and the acutal interest rate change varied from the projection, the difference between the amount of the allowance based on projected interest rates and the amount of the allowance based on actual interest rates.

2. If on the previous order, financing costs used in the calculation of the landlord's financial loss, economic loss or relief of hardship allowance were based on projected interest rates and the actual interest rate varied from the projection, and the landlord's financial loss, economic loss or relief from hardship has been eliminated, the amount by which the financial loss, economic loss or relief of hardship would have been affected by the variance between projected interest rates and actual interest rates. O. Reg. 440/87, s. 32.

ALLOCATION OF ACQUISITION COSTS AND FINANCING

33. If the landlord has purchased and financed more than one residential complex or a residential complex and non-residential components in one transaction, for the purposes of determining acquisition costs and the financing related to the purchase of the residential complex under review,

(*a*) the market value of the residential complex and the total project shall be determined by a professional appraiser;

(*b*) the value of the residential complex under review shall be determined as a proportion of the total acquisition costs, being the same proportion that the market value of the residential complex represents of the total market value of the project determined under clause (*a*); and

(*c*) the financing relating to the purchase shall be apportioned among the various complexes and buildings within each complex and non-residential components so that the total financing on each residential complex and the buildings within each residential complex shall be an equal percentage of the acquisition costs for each component, but shall not exceed the financing allowed under section 26,

unless it is more reasonable in the particular circumstances to allocate the value on a different basis. O. Reg. 440/87, s. 33.

CORPORATE FINANCING INSTRUMENTS

34.—(1) If a corporate landlord obtains funds through a shareholder's loan, or other corporate instrument, other than preferred shares, the Minister may consider the cost of these funds as financing costs if the agreement to obtain funds was made before the

4th day of December, 1986 and if the terms of repayment are the equivalent of a loan that is reasonable in the marketplace for arm's length financing of similar principal and terms of payment, namely,

(*a*) that there is a repayment in full within a fixed time period and on fixed terms required by the terms of agreement;

(*b*) that the repayments are actually made in accordance with the terms of the agreement and in a timely manner; and

(*c*) that interest is paid on terms that do not exceed terms that are reasonable in the marketplace,

but the costs of the funds allowed shall be determined under sections 26 to 33 and 35.

(2) If a corporate landlord obtains funds through the issuance of preferred shares, the Minister may consider the dividends or similar regular payments as financing costs if the shares were issued before the 4th day of December, 1986 and if the payment of dividends and redemption are the equivalent of the terms of a loan that is reasonable in the marketplace for arm's length financing of similar principal amount and term of repayment, namely, that redemption or payments of dividends,

(*a*) are made in full within a fixed time period and on fixed terms required by the documents authorizing the issuance;

(*b*) are not dependent on the discretion of the corporation or its directors, officers or representatives; and

(*c*) are actually made in a timely manner in accordance with the terms of the document authorizing the issuance,

but the costs of the funds advanced to the corporate landlord allowed shall be determined under sections 26 to 33 and 35. O. Reg. 440/87, s. 34.

INCREASED FINANCING PHASE IN

35.—(1) The rules that are applicable to the phasing in of financing cost increases under clause 92 (1) (e) of the Act are set out in this section.

(2) If the Assisted Rental Program provides for a reduction of the government loan advances or the repayment of the government loan advances pursuant to a specified schedule and the schedule is filed by the landlord in support of the application and recognized by the Minister for the purposes of this section,

(*a*) for the initial year of the phase in, the annual financing phase in allowance shall be equal to the amount of the government loan advance reduction plus the amount of the increase in the repayment of the government loan advance pursuant to the schedule that occur in the projected year period compared with the base year period; and

(*b*) for each subsequent year phase in, the annual financing phase in allowance shall be equal to the amount of the government loan advance reduction plus the amount of the increase in the repayment of the government loan advance pursuant to the schedule that occur in the annual accounting period immediately subsequent to the annual accounting period used in the previous phase in allowance.

(3) If clause (2) (*b*) applies, the landlord shall file with the Minister at least 150 days prior to the next anniversary of the first date of the effective rent increase applied for or such later time as the Minister may allow, confirmation from the government lender of payment pursuant to the terms of the government loan advance and repayment schedule, as may be relevant to the phase in period.

(4) If the landlord fails to file within the period of time set out in subsection (3), the financing cost increase shall not be phased in in the subsequent year, but nothing in this section prevents the landlord from making another application under section 74 of the Act.

(5) A financing phase in allowance for a subsequent year shall not be made if the government loan advance or repayment of the government loan advance under the Assisted Rental Program is varied, postponed or eliminated.

(6) If the allowed financing cost is pursuant to a graduated payment mortgage,

(*a*) the annual financing phase in allowance for the initial and subsequent years shall be equal to the scheduled increase in the payment as allowed under clause 28 (1) (*a*) or (*b*) for the projected year period or subsequent annual accounting periods; and

(*b*) if the increase in payment is varied, postponed or eliminated, no further amount shall be allowed for a financing cost phase in.

(7) Where it is demonstrated that the effect of an increase in financing costs resulting from an increase in interest rates into the annual accounting period commencing immediately after the projected year period, the amount of the difference that the landlord has experienced or will experience shall be allowed as a phase in of increased financing costs under clause 92 (1) (e) of the Act determined as follows:

1. The amount of the phase in for the initial year shall be determined in the same manner as set out in section 31.

2. The amount of the phase in for the subsequent year shall be determined on the basis of the difference between the financing costs that the landlord has experienced or will experience during the projected year period and the annual accounting period that commences immediately after the projected year period. O. Reg. 440/87, s. 35.

FINANCIAL POSITION

36.—(1) If a landlord has experienced or will experience a financial loss or an economic loss or where the landlord may be entitled to an allowance for relief from hardship and the landlord has complied with section 77 of the Act, the Minister shall determine the financial position of the residential complex.

(2) The financial position of the residential complex shall be determined by deducting the allowed operating costs and the allowed financing costs from the allowed revenue in respect of the residential complex in the manner set out in sections 37 to 40. O. Reg. 440/87, s. 36.

37.—(1) If the landlord has owned the residential complex throughout the base year period, the determination under section 36 shall be made for the base year period.

(2) Where the landlord has purchased the residential complex in the base year period, the determination under section 36 shall be made for the base year period using revenue and operating costs of the previous and current landlords, but the findings for the financing costs shall be made only on the current landlord's financing costs that would otherwise be allowed and that have been or will be experienced during the initial twelve month period of ownership of the current landlord.

(3) The Minister shall not make the determination under section 36 unless the landlord provides proof of the actual operating costs for at least nine months of the base year period and findings shall be made for operating costs throughout the base year period. O. Reg. 440/87, s. 37.

38.—(1) For the purposes of the determination under section 36, the revenue shall be calculated on the basis of the maximum rent for each rental unit and sundry revenue with respect to the residential complex during the base year period less actual vacancy loss that the landlord has experienced during the base year period not exceeding 2 per cent of the gross potential rent.

(2) If there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act* in which there has been an allowance for capital expenditures, the revenue as determined in subsection (1) shall be reduced by the total of the landlord's previous allowances for capital expenditures as may be adjusted by subsection 78 (2) of the Act.

(3) If there has been a previous order under the Act or the *Residential Tenancies Act* in which there has been an allowance for variance between an actual and projected capital expenditure under clause 75 (c) of the Act and section 17, the revenue as determined in subsection (1) shall be adjusted by adding or deducting the amount of the variance, as the case may be. O. Reg. 440/87, s. 38.

39. If the landlord elects under subsection 77 (2) of the Act not to submit proof of the operating costs that the landlord has experienced in respect of the residential complex for the base year period, the actual operating costs determined in the previous order shall be updated by,

(*a*) adding to the previously calculated operating costs for those annual accounting periods that commenced prior to January 1, 1987,

(i) 6 per cent of the previously determined operating costs for each annual accounting period commencing prior to August 1, 1985, and

(ii) 4 per cent for the previously determined operating costs for each annual accounting period commencing on or after August 1, 1985; and

(*b*) adjusting the previously determined operating costs for each annual accounting period commencing on or after January 1, 1987 by the Building Operating Cost Index for the calendar year in which the annual accounting period commences. O. Reg. 440/87, s. 39.

40.—(1) For the purposes of subsection 77 (2) of the Act, the operating costs experienced in respect of the residential complex have been determined where proof has been submitted of the actual operating costs and findings have been made in respect of those costs in the most recent order referred to in that subsection.

(2) For the purposes of subsection 77 (3) of the Act, amounts have been determined for the purposes of the prior order where proof has been submitted of the actual operating costs and findings have been made in respect of those costs in the most recent order referred to in subsection 77 (2) of the Act. O. Reg. 440/87, s. 40.

FINANCIAL LOSS

41.—(1) For the purposes of determining the landlord's financial loss, the Minister shall deduct from the revenue determined under section 38, the total of,

(*a*) operating costs referred to in sections 37, 39 and 40;

(*b*) the interest paid in the base year period on loans with respect to financial loss under subsection 79 (7) of the Act; and

(*c*) the financing costs referred to in section 37.

(2) For the purposes of subsection 79 (7) of the Act, the rate of interest allowed on loans shall be the actual rate of interest paid unless it exceeds the rate for similar market transactions. O. Reg. 440/87, s. 41.

42.—(1) If the Minister finds that the financial loss or that portion of the financial loss that the landlord has experienced or will experience did not arise out of an increase in financing costs resulting from a purchase or purchases of the residential complex, or that the financial loss that the landlord has experienced or will experience arises from a purchase that is subject to clause 79 (6) (a) of the Act, the financial loss or portion thereof so determined shall be allowed as part of the total justified rent increase.

(2) If the Minister finds the financial loss that the landlord has experienced or will experience arsies out of an increase in financing costs resulting from a purchase described in clause 79 (6) (b) of the Act, the Minister shall phase in the financial loss and shall allow in the initial year phase in and in each subsequent year phase in an amount of financial loss that does not exceed the greater of,

(*a*) 5 per cent of the total of the last lawful rents that were charged; and

(*b*) an amount required to eliminate the financial loss over a period of five years,

until the financial loss is eliminated. O. Reg. 440/87, s. 42.

43. For the purposes of clause 79 (6) (a) of the Act, a residential complex "was constructed for the purpose of such a purchase" where,

(*a*) prior to the date of first occupancy of the residential complex, there is an unconditional agreement of purchase and sale or a conditional agreement of purchase and sale that required either completion of the residential complex or achievement of certain occupancy levels, prior to the transfer of title; or

(*b*) the purchase occurred within one year of the date that 90 per cent of the total rental units in the residential complex had been initially occupied. O. Reg. 440/87, s. 43.

PHASE IN OF FINANCIAL LOSS

44.—(1) For the purposes of clause 92 (1) (a) of the Act, where an order provides for the phase in of a financial loss, the financial loss shall be phased in in the manner set out in this section.

(2) The amount of the phase in attributable to the elimination of financial loss for the initial year shall be,

(*a*) the amount of the financial loss that did not arise out of an increase in financing costs resulting from a purchase or purchases of the residential complex or a financial loss arising from a purchase that is subject to clause 79 (6) (a) of the Act; and

(*b*) the lesser of,

(i) the financial loss that did arise out of an increase in financing costs resulting from a purchase or purchases of the residential complex, and

(ii) where subsection 79 (3) of the Act applies, an amount equal to 5 per cent of the total of the last lawful rents that were charged or where clause 79 (6) (b) of the Act applies, an amount equal to the greater of,

(A) 5 per cent of the total of the last lawful rents that were charged, and

(B) an amount required to eliminate the financial loss over a period of five years.

(3) The amount of the phase in attributable to the elimination of financial loss for each subsequent year shall be the lesser of,

(*a*) the balance of the adjusted financial loss account as determined under subsection (4); and

(*b*) where subsection 79 (3) of the Act applies, an amount equal to 5 per cent of the total of the last lawful rents that were charged or where clause 79 (6) (b) of the Act applies, an amount equal to the greater of,

(i) 5 per cent of the total last lawful rents that were charged, and

(ii) an amount required to eliminate the financial loss over a period of five years.

(4) For the purposes of determining the amount of the financial loss to be eliminated in each year subsequent to the initial year phase in as set out in subsection (2), the financial loss account shall be adjusted annually by deducting the phase in amount in that year and by dedcucting 1 per cent of the gross potential rent for that year and the balance of the financial loss account shall be carried forward for the subsequent year phase in until such time as the financial loss has been eliminated in full.

(5) Where an order provides for a subsequent year phase in, the landlord shall file with the Minister at least 150 days prior to the next anniversary date of the first effective rent increase, or such later time as the

Minister may allow, confirmation of the amount of rent charged for each rental unit since the last effective date of rent increase and the amounts which will have been charged up to and including the month prior to the first effective date of rent increase to be affected by the phase in as indicated by notices of rent increase that have been given.

(6) Where the landlord fails to file within the time period mentioned in subsection (5), the phase in amount concerning the elimination of financial loss shall not be effective as part of the rent increase otherwise determined under sections 71 and 92 of the Act, but nothing in this Regulation prevents the landlord from making another application under the Act. O. Reg. 440/87, s. 44.

45.—(1) For the purposes of subsection 79 (3) of the Act and section 42, the "last lawful rents that were charged" means the lawful rent charged for each rental unit in the residential complex for the month preceding the effective date of the first rent increase applied for, multiplied by twelve.

(2) Where the elimination of financial loss is phased in under section 44, the "last lawful rents that were charged" means,

(*a*) in the initial year of the phase in, the lawful rent charged for each rental unit in the residential complex for the month preceding the effective date of the first rent increase applied for, multiplied by twelve; and

(*b*) in each year subsequent to the initial year phase in, the lawful rent charged for each rental unit for the month preceding the effective date of the first rent increase to be affected by the phase in, multiplied by twelve. O. Reg. 440/87, s. 45.

RELIEF FROM HARDSHIP

46. For the purposes of subsection 79 (2) of the Act, "revenue" means revenue as determined under section 38 and "actual operating and financing costs" means operating and financing costs as determined under sections 36, 37, 39 and 40. O. Reg. 440/87, s. 46.

47.—(1) For the purposes of clause 92 (1) (d) of the Act, an allowance to relieve the landlord from hardship shall be phased in in the manner set out in this section.

(2) Where the Minister is of the opinion that it is necessary to relieve the landlord from hardship, the initial year phase in amount included in the justified rent increase commencing on the effective date of the first rent increase under the order, shall be,

(*a*) the amount or any portion thereof determined under subsection 79 (2) of the Act, if the landlord has experienced a financial loss in the base year period that has not resulted from a purchase of the residential complex;

(*b*) the amount or any portion thereof determined under subsection 79 (2) of the Act, if the landlord has not experienced a financial loss in the base year period; or

(*c*) the amount determined under subsection 79 (5) of the Act.

(3) Where there has been an initial year phase in under clauses (2) (*a*) and (*b*), the balance of the amount determined under subsection 79 (2) of the Act shall be phased in in the subsequent year. O. Reg. 440/87, s. 47.

INITIAL INVESTED EQUITY

48.—(1) If a residential complex is constructed by or on behalf of the landlord, the landlord's initial invested equity shall be determined by deducting from the value of the residential complex the total principal amount of financing that the landlord is contractually liable to repay, but the amount allowed shall not exceed the value of the residential complex.

(2) For the purposes of subsection (1), the initial invested equity shall be determined as of the date the initial rent-up period ends, subject to subsections 26 (4) and (5) and 51 (3).

(3) In subsection (1), the value of the residential complex shall be determined on the basis of the value of the building plus the value of the land less the amount of any grant received by the landlord from a government or government agency related to the development of the residential complex.

(4) The value of the land is based on, at the landlord's choice,

(*a*) the market value of the land, as determined by a professional appraiser, as of the date that the building permit is issued; or

(*b*) the actual cost of the land, up to the date the building permit is issued, as adjusted by carrying costs.

(5) In clause (4) (*b*), "actual cost of the land" includes,

(*a*) the purchase price;

(*b*) the legal fees and disbursements related to the purchase;

(*c*) the land transfer tax and retail sales tax, related to the purchase;

(*d*) the professional fees and costs associated with a physical inspection and evaluation;

(*e*) the professional appraisal fees;

(*f*) the costs of obtaining financing related to the purchase unless it can be established that the

amount exceeds the amount which is reasonable for similar market transactions;

(*g*) the cost of application and independent professional representation for land use and zoning;

(*h*) the costs experienced by the landlord to provide zoning, improvements and services to the property, including access roads, water and sewage, hydro, gas and site development;

(*i*) charges, levies, impost fees or other financial commitments required by municipalities in a development agreement;

(*j*) demolition costs; and

(*k*) any other costs reasonably incurred in the acquisition and preparation for development of the land.

(6) For the purposes of determining carrying costs under clause (4) (*b*), the Minister shall determine for the period of up to two years immediately prior to the date the building permit is issued,

(*a*) revenue received with respect to the land and any business activities related thereto, including any grants or subsidies received from a government or government agency related to those business activities; and

(*b*) the costs that the landlord experienced,

and deduct the revenue from the costs and make an adjustment for losses as set out in subsection (8).

(7) For the purposes of subsections (6) and (8), the costs include,

(*a*) interest paid on financing related to the purchase of the land;

(*b*) interest that may be deemed by the Minister on the landlord's own funds used for the purchase of the land, at a rate which does not exceed similar market debt transactions;

(*c*) municipal realty taxes and local improvement charges;

(*d*) insurance;

(*e*) costs of operating any business activities related to the land; and

(*f*) any other costs that may be reasonably experienced as carrying costs.

(8) Where the revenue exceeds the costs in the period up to two years prior to the date the building permit is issued as determined in subsection (6), the Minister shall determine the losses experienced in any two years prior to that period by deducting from the revenue received with respect to the land, and any business activities related thereto for each year, the costs set out in subsection (7) that the landlord has experienced for each year, but the adjustment for losses of any two previous years is limited to the extent that the net amount determined under subsection (6) is reduced to break even.

(9) The value of the building shall be determined as the total of the following experienced during the initial rent-up period, namely,

(*a*) the cost of equipment and furnishings relating to the residential complex including purchase and installation;

(*b*) the cost of landscaping and paving;

(*c*) the cost of servicing the land not provided for as of the date of the building permit and subsequently provided by the landlord;

(*d*) costs net of actual revenue experienced during the initial rent-up period, to the extent that they have not otherwise been recognized including,

(i) operating costs,

(ii) financing costs,

(iii) rental incentives for tenants that do not exceed the value of discount, benefit in the nature of a discount or reduced rent paid or allowed to the tenant subject to the limitations set out in section 24,

(iv) costs of preparation and maintenance of model suites,

(v) compensation paid to rental agents required to promote initial occupancy of the residential complex,

(vi) costs of advertising and marketing required to promote the initial occupancy of the residential complex;

(*e*) the indirect costs including pre-payments made to reduce the effective interest rates and independent professional fees incurred for representation before regulatory bodies; and

(*f*) construction costs, including,

(i) architectural, engineering and planning costs, exclusive of any amounts directly related to the management and supervision of the project,

(ii) direct labour and material costs or contract cost for labour and material including contracts for construction,

(iii) a management and administration allowance in the amount determined under subsection (10), and

(iv) payments made related to construction financing costs.

(10) The management and administration allowance shall be determined as follows:

1. Where the construction is performed by persons other than persons in the direct employ of the landlord but who are subject to the supervision of the landlord or direct employee of the landlord or an architect, engineer or planner with whom the landlord has contracted to provide management supervision, an allowance of 7.5 per cent of the total of the direct labour and material costs shall be allowed if such costs have not otherwise been recognized.

2. If construction is performed by persons in the direct employ of the landlord, an administrative allowance shall be allowed of 7.5 per cent of the direct labour and material costs and a management allowance shall be allowed of 7.5 per cent of the total of the direct labour and material costs and the administrative allowance unless the allowances have otherwise been recognized in determining a rent increase.

3. In respect of the purchase and installation of appliances, carpeting, furnishings and other similar items, a management allowance of 2 per cent of the total cost of the purchase and installation shall be allowed if it is determined that there was management effort used by the landlord or a person employed by the landlord in the negotiation of improved terms of purchase or on the supervision of the installation.

(11) If the landlord has constructed and financed more than one residential complex or a residential complex and non-residential components in one project, for the purposes of determining the value of the complex and the financing related to the construction of the residential complex under review,

(*a*) the market value of the residential complex and the total project as if fully leased shall be determined by a professional appraiser;

(*b*) the value of the residential complex under review shall be determined as a proportion of the actual value of the land and the value of the buildings for the whole project determined in accordance with this section, in the same proportion that the market value of the residential complex represents of the total market value of the project determined under clause (*a*);

(*c*) the financing related to the construction shall be apportioned among the various components of the project, being the various complexes and buildings within each complex and non-residential components so that the total financing on each residential complex and the buildings within each residential complex shall be an equal percentage of the value for each component but shall not exceed the financing allowed under section 26; and

(*d*) if the landlord has constructed and financed more than one residential complex in a project in which the components are completed at different times, the actual value of the land and the value of the buildings for the whole project shall be determined as at the time of the first occupancy of the residential complex under review,

unless it is more reasonable in the particular circumstances to allocate the value of the complex on a different basis. O. Reg. 440/87, s. 48.

49.—(1) If the residential complex is purchased, the landlord's initial invested equity, including the principal portion of debt not otherwise allowed up to the amount of the acquisition costs, is the acquisition costs less the allowed financing experienced by the landlord.

(2) Notwithstanding subsection (1), if the residential complex has been purchased during the initial rent-up period, the landlord's initial invested equity is the acquisition costs plus the costs determined under subsection 48 (9) less the allowed financing experienced by the landlord. O. Reg. 440/87, s. 49.

CAPITALIZED FINANCIAL LOSSES

50. For the purposes of subsection 80 (1) of the Act, "capitalized financial losses" are,

(*a*) for the period commencing with the end of the initial rent-up period or the date of acquisition of the residential complex, whichever is later, to the end of the base year period, the accumulated total of,

(i) the allowances for capital expenditures that have been experienced by the landlord, except any amount allowed on the application as part of justified rent increases under section 16, and

(ii) where the financing costs and the operating costs exceed the actual revenue as adjusted by the allowances for capital expenditures determined

under subclause (i), the amount of that excess that has been experienced by the landlord;

(*b*) for the period after the end of the base year period for each subsequent year in which the elimination of economic loss is phased in under section 92 of the Act, the balance in the financial loss account as determined under section 44; and

(*c*) where clause 51 (1) (*a*), (*b*) or (*c*) applies and the financing costs and operating costs exceed the actual revenue for the period commencing with the end of the initial rent-up period to the end of the base year period, the amount of that excess that has been or will be experienced by the landlord. O. Reg. 440/87, s. 50.

APPLICATIONS FOR WHOLE BUILDING REVIEW WHERE NOT ALL RENTAL UNITS RENTED

51.—(1) Where the landlord makes an application under section 74 in which,

(*a*) the effective date of the first rent increase applied for occurs during the initial rent-up period;

(*b*) the effective date of the first rent increase applied for occurs within twelve months less a day of the completion of the initial rent-up period;

(*c*) the base year period overlaps with the initial rent-up period; or

(*d*) not all of the rental units in the residential complex have been rented before the effective date of the first rent increase applied for and the initial rent-up period has ended before the base year commences,

the Minister shall, in addition to other findings made under this Regulation, make findings in accordance with this section.

(2) For the purposes of this section, the base year period shall commence no earlier than the date on which the first rental unit is occupied.

(3) For the purposes of sections 48 and 49, the value of the building and initial invested equity shall be determined as of the end of the initial rent-up period or the end of the base year period, whichever is earlier.

(4) For the purposes of this section, the Minister shall determine the total rent increase that has been justified for the rental units that have been rented for the first time before the effective date of the first rent increase applied for.

(5) For the purposes of this section, the Minister shall determine the costs attributable to the rental units that have been rented for the first time before the effective date of the first rent increase applied for by allocating them in the same proportion that the maximum rent for those rental units represents of the total of,

(*a*) the maximum rent; and

(*b*) an amount for the rental units which have not yet been rented for the first time which is equal to the average of the maximum rent for similar rented rental units,

unless it is more reasonable in the particular circumstances to allocate the costs on a different basis. O. Reg. 440/87, s. 51.

RATE OF RETURN

52.—(1) For the purpose of determining a landlord's economic loss, the landlord's rate of return shall be the ratio of the landlord's positive revenue as a percentage of the landlord's initial invested equity and capitalized financial losses in respect of a residential complex.

(2) For the purposes of subsection (1), the landlord's positive revenue means the portion of the landlord's revenue as determined under section 38 that exceeds the allowed costs determined under sections 37, 39 and 40. O. Reg. 440/87, s. 52.

53. For the purposes of clause 80 (1) (b) of the Act, the three year moving average of the Canada Bond rate for ten years and over shall be determined for each calendar year commencing the 1st day of January, 1987 on the basis of the sum divided by thirty-six of the average annual bond yield for each of the thirty-six months up to and including the month of October, in the preceding calendar year, as published in the Bank of Canada Review, Series B #14013. O. Reg. 440/87, s. 53.

PHASE IN OF ECONOMIC LOSS

54.—(1) For the purposes of clause 92 (1) (a) of the Act, where an order provides for the phase in of economic loss, the economic loss shall be phased in in the manner set out in this section.

(2) If the landlord has experienced a financial loss and an economic loss, the full elimination of the financial loss shall be achieved before the elimination of the economic loss is allowed.

(3) Where there is a purchase of the residential complex, the maximum amount to be allowed in the initial and subsequent years of phase in for the elimination of a financial loss is the amount permitted by subsection 79 (3) or (6) of the Act and section 42.

(4) For the purposes of determining the amount of the phase in in the initial and subsequent years of

phase in for the elimination of financial loss and economic loss, the economic loss account shall be adjusted, if applicable, by,

(*a*) adding the rate of return permitted by subsection 80 (1) of the Act on an amount equal to the capitalized financial loss referred to in clause 50 (*b*); and

(*b*) deducting from the economic loss account as may have been adjusted by an amount determined under subsection 80 (2) of the Act or under clause (*a*), an amount equal to the difference between 1 per cent of the gross potential rent and that portion thereof that has been deducted from the financial loss account for that year.

(5) Where there is a balance outstanding in the economic loss account after the commencement of the elimination of economic loss, in each subsequent year of phase in, the economic loss account shall be adjusted by deducting the lesser of the amount remaining and the amount determined under subsection 80 (2) of the Act and by deducting 1 per cent of the gross potential rent for that period, until such time as the adjusted economic loss outstanding in the economic loss account has been eliminated in full. O. Reg. 440/87, s. 54.

EXTRAORDINARY OPERATING COSTS

55.—(1) For the purposes of determining extraordinary operating costs, "revenue" means gross potential rent.

(2) For the purposes of determining extraordinary operating costs if an item is not included as an individual operating cost category in the Building Operating Cost Index, it shall be included in the category known as "Miscellaneous" but shall not include any reserve funds accumulated for the purpose of deferred or actual capital expenditures, whether accumulated by the landlord or otherwise, required to be paid by the landlord.

(3) For the purposes of determining extraordinary operating costs in the category of the Building Operating Cost Index known as "Maintenance", findings shall be made for the accumulated total of,

(*a*) painting and decorating;

(*b*) cleaning and janitorial;

(*c*) elevator maintenance;

(*d*) plumbing and electrical repairs;

(*e*) general building maintenance;

(*f*) snow removal;

(*g*) groundskeeping; and

(*h*) appliance repairs. O. Reg. 440/87, s. 55.

56.—(1) In order to establish that extraordinary operating costs have been or will be experienced, proof shall be provided of the actual costs in the specific categories of the Building Operating Cost Index that have been experienced or will be experienced in the base year period and the projected year period.

(2) For the purposes of clause 75 (b) of the Act, the allowance for extraordinary operating costs shall be the difference in the amount that the landlord has experienced or will experience in an operating cost category between the projected year period and the amount resulting from the application of the relevant component of the Building Operating Cost Index to the costs that the landlord has experienced or will experience in the base year period.

(3) For the purposes of subsection (2), the relevant component in the Building Operating Cost Index is the change for the category in the Building Operating Cost Index used in the construction of the Residential Complex Cost Index for the calendar year in which the effective date of the first rent increase that is applied for occurs. O. Reg. 440/87, s. 56.

CHANGES IN SERVICES AND FACILITIES AND IN THE STANDARD OF MAINTENANCE AND REPAIR FOR WHOLE BUILDING REVIEW

57.—(1) For the purposes of clause 75 (f) of the Act, changes in parking and cablevision shall be determined in accordance with subsections 7 (1) to (4), (6) and (7) and section 22.

(2) For the purposes of clause 75 (f) of the Act, the Minister shall make findings regarding changes in the services and facilities, other than parking and cablevision, in respect of the residential complex or any rental unit located therein in the manner set out in this section.

(3) If the Minister finds that a service or facility previously provided by the landlord for a rental unit or the residential complex is withdrawn, the rent increase otherwise determined for the rental units affected shall be reduced by an amount that is the average monthly cost experienced by the landlord in the previous twelve months for providing the service or facility.

(4) If the Minister finds that a service or facility previously provided by the landlord for a rental unit or the residential complex is reduced, the Minister shall determine the average monthly cost experienced by the landlord in the previous twelve months for providing the service or facility and shall determine the proportional cost to the landlord of the reduction in the service or facility, and the rent increase otherwise determined shall be reduced accordingly for those rental units affected.

(5) If the Minister finds that a service or facility is provided by a landlord for the first time, the Minister shall determine whether the service or facility is a capital expenditure, operating cost or extraordinary operating cost that the landlord has experienced or will experience and shall make findings in accordance with section 75 of the Act. O. Reg. 440/87, s. 57.

58.—(1) If the Minister determines that a withdrawal or reduction of a service or facility under section 57 is temporary, no adjustment to the rent increase shall be made.

(2) For the purposes of subsection (1), a reduction or withdrawal of a service or facility is temporary if,

(*a*) it is for a reasonable length of time in the circumstances, but in any event, not exceeding twelve months; and

(*b*) the landlord has demonstrated an intention to restore the service or facility within the period mentioned in clause (*a*). O. Reg. 440/87, s. 58.

59.—(1) For the purposes of clause 75 (f) of the Act, "a change in the standard of maintenance and repair" means a change that has occurred in the standard of maintenance and repair during the period commencing with the beginning of the reference year period up to the end of the time for submitting representations under section 74 of the Act.

(2) The Minister shall not include an allowance to reflect a change in the standard of maintenance and repair if,

(*a*) the standard of maintenance and repair had deteriorated and the cost of an improvement was made during the period referred to in subsection (1) that resulted in returning the standard of maintenance and repair back to the former standard of maintenance and repair; or

(*b*) the standard of maintenance and repair deteriorated during the period in which a capital expenditure was effected.

(3) The Minister shall include an allowance to reflect a change in the standard of maintenance and repair if,

(*a*) there has been a deterioration in the standard of maintenance and repair immediately subsequent to an improvement and the previous order under the Act did not make an allowance for the improvement because clause (2) (*a*) applied; or

(*b*) a rent increase was reduced in a previous order under the Act as a result of a deterioration in the standard of maintenance and repair and there has been a subsequent improvement during the period referred to in subsection (1).

(4) For the purposes of calculating the justified rent increase under section 74 of the Act, an allowance for a change in the standard of maintenance and repair shall be calculated on the basis of the reasonable value of the change. O. Reg. 440/87, s. 59.

CHANGES IN SERVICES AND FACILITIES AND IN THE STANDARD OF MAINTENANCE AND REPAIR FOR DISPUTE OF INTENDED RENT INCREASE

60.—(1) For the purposes of paragraph 2 of subsection 94 (5) of the Act, a change that affects the rental unit means a change that has occurred in the standard of maintenance and repair or as a result of changes in services and facilities for the period of twelve months prior to the date of the application, and includes a change that directly or indirectly affects the rental unit.

(2) For the purposes of paragraph 2 of subsection 94 (5) of the Act,

(*a*) where the Minister finds that a service or facility previously provided by the landlord for the rental unit has been withdrawn, the rent increase shall be reduced by the amount that reflects the average monthly cost experienced by the landlord in the twelve month period prior to the date of the application for providing the service or facility for that rental unit;

(*b*) where the Minister finds that a service or facility previously provided by the landlord for the rental unit is reduced, the rent increase shall be reduced by the appropriate proportion of the average monthly cost experienced by the landlord in the twelve month period prior to the date of the application for providing the service or facility for that rental unit; and

(*c*) where the Minister finds a service or facility has been added during the period in which another has been withdrawn or reduced, the Minister shall determine whether the added service or facility is a capital expenditure, operating cost or extraordinary operating cost that the landlord has experienced or will experience and shall off-set the cost of the added service or facility against the cost of the withdrawn or reduced service or facility as determined under this section. O. Reg. 440/87, s. 60.

61.—(1) If the Minister determines that a withdrawal or reduction of a service or facility found under section 60 is temporary, no reduction to the rent increase shall be made.

(2) For the purposes of subsection (1), a reduction or withdrawal of a service or facility is temporary if,

(*a*) it is for a reasonable length of time in the circumstances, but in any event, not exceeding twelve months; and

(*b*) the landlord has demonstrated an intention to restore the service or facility within the period mentioned in clause (*a*). O. Reg. 440/87, s. 61.

62. Where the Minister determines under section 60 that a change in the standard of maintenance and repair occurred during the period in which the capital expenditure was effected, no reduction shall be made to the intended rent increase. O. Reg. 440/87, s. 62.

63. For the purposes of determining the amount by which the rent increase shall be reduced under subsection 94 (5) of the Act, an allowance for a change of the standard of maintenance and repair shall be calculated on the basis of the reasonable value of the change. O. Reg. 440/87, s. 63.

FINDINGS UNDER CLAUSE 75 (J) OF THE ACT

64. For the purposes of clause 75 (j) of the Act, the Minister shall make findings regarding,

(*a*) the allocation of costs and revenue that are shared and specific to a project that includes more than one residential complex, except for the matters set out in section 33 and subsection 48 (11);

(*b*) the allocation of costs and revenue that are shared and specific to a project that includes residential and non-residential components, except for matters set out in section 33 and subsection 48 (11);

(*c*) the allocation of costs and revenue that are shared and specific to rental units in a residential complex;

(*d*) the fees that have been experienced or will be experienced by the landlord for the services of a consultant who is not a related person and who represents the landlord on the application;

(*e*) the actual operating costs under section 77 of the Act, in respect of management and administrative overhead that the landlord has experienced or will experience;

(*f*) any vacancy loss in the base year period that exceeds 2 per cent of the gross potential rent of the residential complex;

(*g*) fees that have been or will be experienced by a landlord for the services of a person who is not a related person in connection with the renewing of financing related to the residential complex;

(*h*) fees and premiums that have been or will be experienced by a landlord for mortgage insurance other than life insurance provided by a person who is not a related person; and

(*i*) fees paid to a professional appraiser to establish the market value of the residential complex unless otherwise allowed as acquisition costs or under clause 48 (5) (*e*). O. Reg. 440/87, s. 64.

65.—(1) For the purposes of clause 64 (*a*), where a project includes more than one residential complex, except for the matters set out in section 33 and subsection 48 (11),

(*a*) the costs that are shared among the residential complexes shall be allocated to each residential complex on the basis of the proportional revenue of each residential complex determined under section 38 unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and

(*b*) the costs that are attributable only to the residential complex under review shall be allocated in full to the residential complex.

(2) For the purposes of clause 64 (*b*), where a residential project includes residential and non-residential components, except for the matters set out in section 33 and subsection 48 (11),

(*a*) the costs that are shared among the components shall be allocated to the residential complex in the same proportion that the revenue of the residential complex determined under section 38 bears to the revenue of the total project as if fully leased unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and

(*b*) the costs that are attributable only to the residential complex shall be allocated to the residential complex.

(3) Costs and revenue that are shared and specific to rental units in a residential complex shall be allocated under clause 64 (*c*) in a manner that is appropriate to the particular circumstances.

(4) The lesser of the fees determined under clause 64 (*d*) and a maximum of $25 per rental unit shall be allowed, amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for. O. Reg. 440/87, s. 65.

66.—(1) For the purposes of subsection 77 (1) of the Act, "actual operating costs" means costs that the landlord has experienced or will experience for the base year period for the categories in the Building Operating Cost Index.

(2) For the purposes of subsection (1), costs for the category known as "Management and Administrative Overhead" as determined under clause 64 (*e*) shall be,

(*a*) the actual costs that the landlord has experienced or will experience; or

(*b*) if the landlord does not submit proof of the actual costs, an allowance of up to 5 per cent of the maximum rent for each rental unit in the residential complex during the base year period.

(3) Notwithstanding subsection (2), if the residential complex is a mobile home park or a site or related group of sites on each of which is located a single family dwelling that is a permanent structure, costs for the category known as "Management and Administrative Overhead" as determined under clause 64 (*e*) shall be,

(*a*) the actual costs that the landlord has experienced or will experience; or

(*b*) if the landlord does not submit proof of the actual cost, an allowance of up to 10 per cent of the maximum rent for each rental unit in the residential complex during the base year period. O. Reg. 440/87, s. 66.

67.—(1) In clause 64 (*f*), "vacancy loss" means the loss of maximum rent revenue for the period during which the rental unit is not occupied if the landlord has made reasonable efforts to rent the rental unit.

(2) The Minister shall determine the amount of vacancy loss experienced by the landlord in the base year period that exceeds 2 per cent of the gross potential rent and shall, unless it has been otherwise recognized, allow the excess amount amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for.

(3) Notwithstanding subsection (2), in a base year period where there are capitalized financial losses allowed as determined under section 50, in a period of overlap between the initial rent-up period and base year period or during the initial rent-up period, the Minister shall not allow vacancy loss determined under this section. O. Reg. 440/87, s. 67.

68.—(1) The fees determined under clause 64 (*g*) shall be recognized as financing costs and an allowance made therefor in the calculation of allowed financial costs by amortizing the costs over the term of the financing to which the fees relate with interest at the rate allowed by the Minister for the financing.

(2) The fees and premiums determined under clause 64 (*h*) shall be added to the financing costs otherwise determined and amortized over the term of the financing to which the fees relate with interest at the rate allowed by the Minister for the financing.

(3) The amount of fees determined under clause 64 (*i*) shall be amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for. O. Reg. 440/87, s. 68.

COST REVENUE STATEMENT

69.—(1) The cost revenue statement under subsection 74 (4) of the Act shall consist of Forms 1 to 10.

(2) A landlord, in filing a cost revenue statement shall include Form 1 and such other of Forms 2 to 10 as are relevant to the application as follows:

LINCOLN M. ALEXANDER

PROVINCE OF ONTARIO

ELIZABETH THE SECOND, by the Grace of God of the United Kingdom, Canada and Her other Realms and Territories, Queen, Head of the Commonwealth, Defender of the Faith.

TO ALL TO WHOM THESE PRESENTS SHALL COME,

GREETING:

PROCLAMATION

WHEREAS by an Act passed at the Third Session of the Thirty-third Legislature of Ontario convened on the twenty-eighth day of April, 1987, intituled the "Regional Municipalities Amendment Act, 1987", it is enacted thereof that the said Act shall come into force on a day to be named by Our Lieutenant Governor by his Proclamation;

AND WHEREAS it has appeared expendient that a Proclamation should now issue bringing subsections 1 (3), 2 (3), 3 (4), 4 (5), 5 (4), 6 (5), 7 (3), 8 (4), 9 (3) and 10 (3) of the said Act into force;

NOW THEREFORE KNOW YE that, having taken the premises into Our Royal consideration, We, by and with the advice of Our Executive Council of Ontario and in the exercise of the power in US vested in this behalf by the said Act or otherwise howsoever, Do, by this Our Royal PROCLAMATION hereby Name Saturday, the fifteenth day of August, 1987, as the day upon which subsections 1 (3), 2 (3), 3 (4), 4 (5), 5 (4) 6 (5), 7 (3), 8 (4), 9 (3) and 10 (3) of the said Act intituled the "Regional Municipalities Amendment Act, 1987", shall come into force.

OF ALL WHICH PREMISES all Our loving subjects and all others whom it doth or may in anywise concern are hereby required to take notice and govern themselves accordingly.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made patent and the Great Seal of Our Province of Ontario to be hereunto affixed.

WITNESS:

THE HONOURABLE LINCOLN M. ALEXANDER, A Member of Our Privy Council for Canada, One of Our Counsel Learned in the Law, Bachelor of Arts, LIEUTENANT GOVERNOR OF OUR PROVINCE OF ONTARIO,

at Our City of Toronto in Our said Province this thirtieth day of July, in the year of Our Lord one thousand nine hundred and eighty-seven and in the thirty-sixth year of Our Reign.

BY COMMAND

S. CONWAY,

1. Name, Mailing Address, Telephone No. of Complainant or Agent.
2. Location and Description of Property that is the subject of the complaint – (see front of Notice).
3. Assessment Property Identifier (Roll Number) – (see front of Notice).
4. Reason(s) for complaint.
5. Signature of Complainant or Agent.

Additional Information

Note: Residential tenants who do not pay municipal property taxes directly will not receive individual tax bills.

① **School Support Designation:**
A portion of your property taxes supports either the "public" or "separate" school system. The occupant of property is responsible for determining the direction of school taxes; however, only Roman Catholic ratepayers including Catholics of the Greek or Ukrainian Rite in union with the See of Rome, may choose to support separate schools. All others must support public schools. All requests to change School Support must be in writing to the Regional Assessment Office, at the address shown on the front of this Notice.

② **Property Class:**
Each property is assigned to one or more of the following property classes for assessment purposes:

- Residential (1-6 units)
- Multi-Residential (7 or more units)
- Farm
- Commercial
- Industrial

This classification is based on factors such as design, use, ownership and zoning.

③ **Estimated Market Value:**
In reassessed municipalities an estimate of the most likely selling price in a specified year is determined for each property. Under the Section 63 Reassessment Program, the Estimated Market Value is then multiplied by the Property Class % to determine the Assessed Value.

④ **Property Class %:**
One Property Class % is established for each of the classes of property (see ② above) in a municipality which has been reassessed under the Section 63 Reassessment Program. This percentage, when multiplied by the Estimated Market Value (③), provides the Assessed Value for taxation purposes.

⑤ **Assessed Value:**
The value on which property taxes (municipal and education) will be levied based on mill rates calculated by your municipality. The relationship between assessment and tax is: Assessed Value X Mill Rate = Taxes.

⑥ **Mill Rate To Be Used:**
All property is taxed at either the "residential" or "commercial" mill rate. These rates are established annually by your municipality to fund municipal, county or region and school board needs. The mill rate is the effective tax rate set by your municipality to levy a specified amount of tax for each $1,000 of assessment.

Renseignements supplémentaires

Remarque : Il n'est pas envoyé de relevé d'imposition individuel aux locataires d'un logement qui ne paient pas directement les impôts fonciers.

(1) **Affectation des impôts scolaires :**
Une partie de vos impôts fonciers est affectée soit aux écoles "publiques" soit aux écoles "séparées". Il incombe à l'occupant de la propriété de spécifier l'affectation des impôts scolaires. Toutefois, seuls les contribuables catholiques, y compris les catholiques de rite orthodoxe grec ou ukrainien unis au Saint-Siège de Rome, ont le droit d'affecter leurs impôts scolaires aux écoles séparées. Tous les autres contribuables sont tenus d'affecter leurs impôts scolaires aux écoles publiques. Les demandes de modification de l'affectation des impôts scolaires sont faites par écrit et adressées au bureau régional de l'évaluation foncière, à l'adresse indiquée au recto du présent avis.

(2) **Catégorie de propriété :**
Aux fins de l'évaluation foncière, chaque propriété est classée dans une ou plusieurs des catégories suivantes :

- Résidentielle (1 à 6 logements)
- Multi-résidentielle (7 logements ou plus)
- Agricole
- Commerciale
- Industrielle

Ce classement est établi en tenant compte de facteurs tels que la conception architecturale, l'utilisation, le droit de propriété, et le zonage.

(3) **Valeur marchande estimée :**
Dans les municipalités qui font l'objet d'une réévaluation foncière, il est procédé à une estimation du prix auquel se vendrait probablement au cours d'une année donnée chaque propriété qui y est située. Conformément à l'article 63 de la Loi qui traite du Programme de réévaluation foncière, la valeur marchande ainsi estimée est ensuite multipliée par le pourcentage applicable à la catégorie de propriété visée afin d'obtenir l'évaluation foncière.

(4) **Pourcentage applicable à la catégorie de propriété :**
Un pourcentage applicable à la catégorie de propriété est fixé pour chaque catégorie de propriété (voir rubrique (2) ci-dessus) dans une municipalité qui a fait l'objet d'une réévaluation foncière conformément à l'article 63 de la Loi, qui traite du Programme de réévaluation foncière. La multiplication de ce pourcentage par la valeur marchande estimée (voir rubrique (3)) permet d'obtenir le montant de l'évaluation foncière aux fins de l'imposition.

(5) **Évaluation foncière :**
Cette évaluation constitue la valeur en fonction de laquelle les impôts fonciers (municipaux et scolaires) sont perçus et à laquelle s'applique le taux du millième fixé par votre municipalité. La formule de calcul de l'impôt foncier est la suivante :
Évaluation foncière X Taux du millième = Impôt foncier

(6) **Taux du millième à utiliser pour l'imposition :**
Toute propriété est imposée en fonction du taux du millième applicable soit à la catégorie "résidentielle" soit à la catégorie "commerciale". Les taux ainsi appliqués sont fixés chaque année par votre municipalité en vue de recueillir les fonds nécessaires aux fins de la municipalité, du comté, de la région et du conseil scolaire. Le taux du millième constitue le taux d'imposition applicable fixé par votre municipalité en vue de percevoir un montant donné d'impôts pour chaque tranche de 1 000 $ d'évaluation foncière.

ENVIRONMENTAL PROTECTION ACT

O. Reg. 469/87.
Hot Mix Asphalt Facilities.
Made—July 30th, 1987.
Filed—August 7th, 1987.

REGULATION MADE UNDER THE ENVIRONMENTAL PROTECTION ACT

HOT MIX ASPHALT FACILITIES

1. In this Regulation,

"aggregate" means any material, including gravel, slag, limestone, crushed rock, sand, hydrated lime, cement, furnace ash, glass or sulphur, used to produce asphalt paving when mixed with bituminous asphalt;

"HMA facility" means a hot mix asphalt facility with equipment designed to heat and dry aggregate and to mix aggregate with bituminous asphalt to produce asphalt paving material;

"portable HMA facility" means an HMA facility that remains at one location for less than one year;

"reference pressure" means a pressure of 101,325 pascals;

"reference temperature" means a temperature of 25 degrees Celsius;

"suspended particulate matter" means any solid or condensible material carried in the exhaust gases from an HMA facility collected and measured by standard sampling and analytical methods described in the "Source Testing Code" published by the Ministry of the Environment. O. Reg. 469/87, s. 1.

2.—(1) Except for the period of fifteen minutes immediately following start-up, no person responsible for an HMA facility shall operate or permit the operation of the facility in such a manner as to emit suspended particulate matter into the air at a concentration in excess of 0.230 grams per cubic metre measured dry and undiluted in the exhaust gases and reported at reference temperature and reference pressure.

(2) This section does not apply to an HMA facility operating under a certificate of approval issued before the 31st day of December, 1985. O. Reg. 469/87, s. 2.

3. Except for a period of fifteen minutes immediately following start-up, no person responsible for an HMA facility shall operate or permit the operation of the facility so that visible material including a water plume and fallout of water droplets emitted into the air from the facility impinges on any point beyond the limits of the property on which the facility is located. O. Reg. 469/87, s. 3.

4. No person responsible for an HMA facility shall permit visible solid material emitted from any source other than the facility to pass beyond the limits of the property on which the facility is located. O. Reg. 469/87, s. 4.

5. In the event that malfunctioning of an HMA facility or any other operating condition occurs that results in the limits prescribed in section 2, 3 or 4 being exceeded, the person responsible for the facility shall,

(*a*) immediately take all possible steps to minimize the extent and duration of the event including, when necessary, reducing the rate at which reclaimed asphalt paving is fed to the facility;

(*b*) immediately notify the Director and furnish him or her with particulars of the event; and

(*c*) at the earliest opportunity, but not later than seven days after the event, furnish the Director with the particulars of the event in writing. O. Reg. 469/87, s. 5.

6. Every person responsible for a portable HMA facility shall,

(*a*) keep a copy of the certificate of approval issued for the facility available for inspection at the facility site; and

(*b*) give notice of any intended relocation of the facility by completing Form 1 and submitting it to the Director at least fifteen days before the intended relocation. O. Reg. 469/87, s. 6.

7. Regulation 297 of Revised Regulations of Ontario, 1980 is revoked.

HEALTH INSURANCE ACT

O. Reg. 471/87.
General.
Made—August 10th, 1987.
Filed—August 11th, 1987.

REGULATION TO AMEND REGULATION 452 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE HEALTH INSURANCE ACT

1.—(1) The Preamble to Schedule 16 to Regulation 452 of Revised Regulations of Ontario, 1980, as remade by section 6 of Ontario Regulation 290/84 and amended by section 1 of Ontario Regulation 347/85, section 5 of Ontario Regulation 32/86 and section 1 of Ontario Regulation 288/86, is revoked and the following substituted therefor:

LABORATORY MEDICINE

1. The patient documentation and specimen handling benefit is applicable to all patients, except for those items listed under anatomical pathology, histology and cytology sections. The items in this section have been left at a sufficient level to cover any administrative costs. This benefit is not applicable to referred in samples, since the collecting laboratory will already have claimed the patient documentation and specimen collection benefit.

2. The biochemistry section has been condensed so that one listing refers to a procedure for any of amniotic fluid (A), blood (B), C.S.F. (C), faeces (F), gastrointestinal fluid (G), urine (U). Exceptions are indicated by B, U, etc., following the test name. Other specimens will be considered on an I.C. basis.

3. A number of tests are listed in different sections of the schedule; i.e., where more than one method of performing the test is available e.g., Hepatitis B antigen is listed under both Radioassays and Immunology. Assays of ligand type other than isotopic are listed under Biochemistry.

4. Blood glucose by the dipstick method may be claimed only when assessed by an appropriate instrument such as a reflectance meter. It should not be claimed when used only as a check on the fasting blood sample of a glucose tolerance test. The blood glucose of the fasting sample in a glucose tolerance test is allowable only once even if assessed by two methods.

   Note: A standard glucose tolerance test for the diagnosis of diabetes mellitus is performed over 2 hours and includes 5 blood glucose (L104) and one urine glucose determination (L254).

   If the patient is pregnant, only 4 blood glucose specimens (L103) should be taken at hourly intervals. (See CMAJ 126, 473 (1982)). When 5 hour glucose tolerance test is specifically ordered the blood glucose measurements are to be claimed individually (L111). Only one L254 may be claimed with a glucose tolerance test.

5. Code L418 or L417 may not be claimed by a physician in addition to claim(s) for any treatment or assessment. However, Code G481 in Schedule 15 may be claimed by a physician if a hemoglobin screen (any method or instrument) is carried out in the course of an office or home visit. Urinalysis may be claimed with or without an associated visit to a physician's office (except for screening and urinalyses which are not medically necessary).

6. When a screening culture method (e.g., Agar spoon) is used on a urine sample, L641 refers to a culture technique and does not apply to those kits using the nitrite test only. Where a significant growth is obtained and followed up by definitive identification methods, L633 or L634 only should be claimed. The benefits for L633 or L634 include any necessary microscopic examination of the urine. However urine examination by microscopy may be claimed in addition to L633 or L634 if the referring physician has specifically ordered the former and receives a report from the laboratory.

7. Only those tests which are requested are to be claimed for with the following exceptions. It is intended that if the test results yield abnormal findings or information which would be incomplete, insufficient or meaningless to the referring physician, the medical director of a laboratory may add further appropriate tests and claim for them with the knowledge he may have to substantiate their justification.

8. A test must be completed in accordance with the pertinent schedule listing in order to claim for it. The verbatim listing is intended as the definitive benefit for that test alone, unless otherwise specified e.g., isoenzymes do not include total enzyme estimation; creatine does include creatinine (as specified). Notwithstanding the foregoing and recognizing that it is impossible to list all variations in techniques of all listed tests, when there is a modification of the usual technique, the listing most closely approximating it should be used.

9. This schedule, with the exception of L036, lists actual procedures performed. No claim shall be made for calculated values made and reported, or for control tests or repeat tests on same patient sample.

LABORATORY MEDICINE

10. Creatinine is a justifiable addition in the case of tests on 24-hour urine samples, where it is necessary to assess the sample as a complete 24-hour collection. However, if several tests (e.g. steriods) are done on a single such sample, only one creatinine would be claimed for that sample. In those estimations where the test result is expressed in terms of creatinine excretion the performance of a creatinine is mandatory and should be claimed.

11. It is recognized that in requests for a serologic titre, if a screening test is used and would suffice, the lesser benefit for the screening test should be claimed. If positive and followed by serial titration, both the screening and titre fees should be claimed. If the titration is a micro technique using plates, it is the equivalent of a tube titre, the wells being miniature tubes.

12. When a test for trichomonas identification (any method) is carried out in association with L625 or L627, wet preparation (L653) may be claimed in addition. L653 may be claimed when a Wet Preparation is used for direct examination of a fresh specimen for vegetative amoebae or similar parasites. However, the wet preparation used in the faeces concentration technique for parasites and ova is included in L650.
The conditions set down in paragraph 7 of this preamble must be adhered to.

13. It is recognized that in all laboratory tests there is a professional component.

14. The maximum number of units which can be claimed for any combination of L418 (Hemoglobin), L417 (Hematocrit), L399 (WBC[LKS] Count) and L397 (RBC[ERC] Count) is 11 units per patient per day, whether automated, semi-automated or manual methods are used. L700 is not included in this total and should be claimed separately, if appropriate. Laboratories using multichannel equipment should use individual codes as described above.

15. The maximum number of units which can be claimed for any combination of the tests represented by the following codes will be 40 LMS units per patient per day:

L005	L045	L061	L111	L194	L208	L223	L226	L252
L030	L053	L067	L191	L204	L222	L225	L251	

The maximum of 40 units applies on a per patient basis, regardless of the number of specimens submitted and regardless of the number of laboratories involved in performing the individual tests. Code L700 is not included in this maximum and should be claimed separately if appropriate.

16. The maximum number of units which may be claimed for any combination of chemical analyses performed on a single sample by means of an automated chemical analyzer with simultaneously functioning channels is 18 LMS units (L225).

17. The following preamble applies to the blood bank section:
(a.) L471 Antibody Identification - incomplete antibodies. A panel of any number of cells regardless of suspending media or technique used. Preparation of eluate and/or antibody absorption is included.
(b.) L472 Antibody Identification - complete antibodies. A panel of any number of cells for the identification of complete antibodies by direct agglutination.
(c.) L473 Parallel Titration - New code to be used when two sequential patient serum specimens are tested to detect a change in antibody titre. Includes a repeat antibody identification on the current sample.
(d.) L490 Blood Group - ABO and RH$_o$(D). The subgroups of A and RhD^u 'are included where indicated.' A direct AHGT is also included in L490 therefore, L495 may not be charged on the same patient when this code is claimed.
(e.) L492 Crossmatch. When an initial crossmatch is requested the appropriate claim is for L490 x 1, L482 x 1 plus L492 for each unit ordered. L490 and L482 may not be claimed more than once on the same day of service. L490 and L493 may not be claimed when these procedures are carried out as a confirmatory test on the units of blood to be transfused.
(f.) L493. This code includes L490 (see preamble d.) and Rh genotype to include the antigens C, D, E, c, e, and D^u when indicated. Any other antigen is to be claimed under L494.
(g.) L494 Blood Group per antigen. Antigens stated in L493 and L490 are excluded from this code.
(h.) L495 Direct AHGT - can be used when ordered as a single procedure, or in addition to L482 when the latter is requested as a single procedure. L495 may not be claimed when L490 or L493 is claimed with L482 on the same patient on the same visit.

LABORATORY MEDICINE

18. Antibiotic sensitivities should not be done routinely, but only when, by reason of its identification and/or its concentration, the isolated organism has a high probability of being pathogenic. L621 applies to all routine antibiotic sensitivity testing regardless of the method used and including MIC determination by manual kit or automated methodologies.

19. The use of Nickersons Medium as a screening test for yeast is not a benefit.

20. The carcinoembryonic antigen test (CEA) L690 is not to be used as a general cancer screen. It is to be used only for following established malignancies.

21. This preamble is intended to apply to everyone using codes L700, L001 to L731 and L900 to L944.

22. Fees for laboratory medicine testing are not refundable (in whole or in part) to the referring physician or referring laboratory by the laboratory performing the tests.

23. The benefits for patient documentation and specimen collection and each test are calculated by multiplying the individual L.M.S. Unit values by 48.3 cents.

24. Laboratory tests on specimens sent outside Ontario are not a benefit of the Plan.

25. Secondary Laboratories receiving specimens for additional (secondary) tests from another Laboratory that normally would be claimed as L303, L319, L500 or L544 should be claimed as L903, L919, L900 or L944 respectively.

26. When a pregnancy test is requested, L655 should be performed. L318 should only be performed, when H.C.G. or Beta sub-units are specifically requested by the referring physician.

(2) The said Schedule 16 is amended by adding after

L181 Occult blood 3

on page 1167,

L044 Organic acid profile (by GC-MS) 200

2. This Regulation shall be deemed to have come into force on the 1st day of April, 1987.

3. A reference in this Regulation to any page number is a reference to that page (foot pagination) in *The Ontario Gazette* dated the 19th day of May, 1984.

HEALTH INSURANCE ACT

O. Reg. 472/87.
General.
Made—August 10th, 1987.
Filed—August 11th, 1987.

REGULATION TO AMEND REGULATION 452 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE HEALTH INSURANCE ACT

1. Subsection 59 (1*l*) of Regulation 452 of Revised Regulations of Ontario, 1980, as made by section 1 of Ontario Regulation 745/86, is revoked and the following substituted therefor:

(1*l*) The amount payable by the Plan for an insured service rendered by a physician outside Ontario to an insured person on or after the 1st day of January, 1987 and before the 1st day of April, 1987 is the lesser of,

(*a*) the amount actually billed by the physician; or

(*b*) the amount set out opposite the service in Schedule 15 as it existed on the 10th day of August, 1987 or 48.3 cents multiplied by the applicable individual unit value for such service set out opposite the service in Schedule 16, as the case may be.

(1*m*) The amount payable by the Plan for an insured service rendered by a physician outside Ontario to an insured person on or after the 1st day of April, 1987 is the lesser of,

(*a*) the amount actually billed by the physician; or

(*b*) the amount set out opposite the service in Schedule 15 or 48.3 cents multiplied by the applicable individual unit value for such service set out opposite the service in Schedule 16, as the case may be. O. Reg. 472/87, s. 1.

2. Subsection 67 (2*m*) of the said Regulation, as made by section 2 of Ontario Regulation 745/86, is revoked and the following substituted therefor:

(2*m*) The amount payable by the Plan for an insured service rendered by a physician in Ontario to an insured person on or after the 1st day of January, 1987 and before the 1st day of April, 1987 is the amount set out opposite the service in Schedule 15 as it existed on the 10th day of August, 1987 or 48.3 cents multiplied by the individual applicable unit value for such service set out opposite the service in Schedule 16, as the case may be.

(2*n*) The amount payable by the Plan for an insured service rendered by a physician in Ontario to an insured person on or after the 1st day of April, 1987 is the amount set out opposite the service in Schedule 15 or 48.3 cents multiplied by the individual applicable unit value for such service set out opposite the service in Schedule 16, as the case may be. O. Reg. 472/87, s. 2.

3. Schedule 15 to the said Regulation, as remade by section 3 of Ontario Regulation 745/86, is revoked and the following substituted therefor:

Schedule 15

Schedule of Benefits

PREAMBLE

A. General

1. The rates listed in this Schedule of Benefits are the maximum payments which can be made by the Ontario Health Insurance Plan.

2. Insured medical services are limited to the services which are medically necessary, which are listed in this Schedule of Benefits and which are not specifically excluded by legislation or regulation. (See Appendix A for list of specific exclusions).

3. Additions, deletions or other modifications of the Schedule of Benefits require recommendation by the Ontario Health Insurance Plan. Such recommendations are made in consultation with the Ontario Medical Association.

4. This Schedule is a public document and frank discussion with patients regarding the listed rates is recommended.

5. Claims for services which are not listed in the Schedule or which are listed as N.A.B. (not a benefit) or which are excluded as benefits by legislation or regulation should not be submitted to the Plan. Such services may be charged directly to patients or others requesting them.

6. The principles governing proper professional charges are incorporated in the Regulations (Medicine) of the Health Disciplines Act.

7. Each physician who participates in the care of a patient is entitled to compensation commensurate with the services he/she renders.

8. Whenever possible, the physician should acquaint the patient or person financially responsible with their obligations to those concerned with their care. This is particularly important where supportive or concurrent care is rendered or when a consultation and/or procedure are being arranged.

9. Each physician participating in the care of a patient should render to the patient, or to the financially responsible party, an itemized statement of charges for professional services.

10. Each physician participating in the care of a patient should, on request, send a receipt to the patient for all payments made by him/her.

11. If fees are collected by an organized group, the name of the physician rendering the service should be clearly shown on the bill or claim card.

12. Claims may be submitted for services which a patient receives from the team of staff physician, resident, intern and clerk in a teaching unit, provided that the conditions as set out hereunder apply.

    On October 10, 1972, the Minister of Health confirmed that the joint recommendations of the College and the O.M.A. governing the charging of fees for services provided by interns and residents in clinical teaching units are acceptable to the Ministry of Health. In his letter the Minister made it very clear that he is looking to the College and the Medical Schools to ensure that the ethical rules governing these billing procedures are followed meticulously in all cases.

    It has been carefully explained that the responsible staff physician must be present in the clinical teaching unit at the time the services are rendered and must be identified to the patient at the earliest possible moment. No fees are to be charged for services given by the intern or resident prior to this identification taking place. The following rules are now in effect:-

    When patient care is rendered in a clinical teaching unit or other setting for clinical teaching by a health care team, the physician responsible shall be personally identified to the patient. The physician's relationship to the team shall be defined by the clinical teaching unit Director and his/her role must be known to the patient and other members of the team. He/she shall assume full responsibility for the appropriateness and the quality of the services rendered.

PREAMBLE

Specific regulations must vary with the service and form of care being delivered:-

(a) In order to claim for physical procedures being carried out by an intern or resident, the responsible staff physician must be in the clinical teaching unit and immediately available to intervene.

(b) In psychotherapy where the presence of the staff physician would distort the psychotherapy milieu, it is appropriate for the staff physician to claim for psychotherapy when a record of the interview is carefully reviewed with the resident and the procedure thus supervised. However, the time charged by the staff physician may not exceed the total time spent by him/her in both such interview and direct supervision.

(c) In other departments or services, the staff physician should only claim for visits on the days when actual supervision of that patient's care takes place through the presence of that staff physician in the clinical teaching unit on that day. This, of course, involves a physical visit to the patient and/or a chart review with detailed discussion with the other member(s) of the health team.

(d) In those situations where on a regular basis a staff member might supervise concurrently multiple procedures or services through the use of other members of the team, the total claims made by the staff physician shall not exceed the amount that the staff physician might make in the absence of the other members of the team.

Any claim rendered should be in the name of the responsible staff physician.

13. Charges for missed appointments are not benefits of OHIP.

B. Terms and Definitions:

Call or Visit: is the service by a physician to a patient for assessment and/or treatment.

1. **Consultations:**

(a) A **consultation** refers to the situation where a physician, in light of his/her professional knowledge of the patient, requests the opinion of another physician competent to give advice in this field, because of the complexity, obscurity or seriousness of the case or because another opinion is requested by the patient or an authorized person acting on his/her behalf. The consultant is obliged to perform a general or specific assessment, review the laboratory or other data and submit his/her findings, opinions and recommendations in writing to the referring physician.

(b) If a consultant is requested by a physician on duty in the emergency department to see a patient in consultation, the former may charge a consultation fee for this service. If the consultant is requested to perform this same service by a resident or intern, the former may charge a general or specific assessment according to his/her specialty.

(c) For laboratory and procedural benefits connected with consultations, see listings of Diagnostic and Therapeutic Procedures and Laboratory Medicine.

(d) A consultation is not to be claimed as such when:

(i) The patient presents him/herself to a consultant's office without prior knowledge of the primary physician.
The sending of a report to the primary physician under these circumstances does not justify a consultation.

(ii) The primary physician is not asked for professional advice but is simply asked by the patient for the name a specialist in a particular field and the patient seeks out the specialist him/herself.

(e) A **repeat consultation** requires all of the criteria of a full consultation and implies interval care by the primary physician. The situation in which the consultant requests the patient to return for a later examination is not a repeat consultation.

(f) A **limited consultation** may involve all the components of a full consultation but is less demanding, and in terms of time, normally requires substantially less of the physician's time than the full consultation.

(g) A **diagnostic radiology consultation** applies when radiographs made elsewhere are referred to a radiologist for his/her written opinion or when a radiologist is required to make a special visit at Night (5:00 p.m. to 7:00 a.m.) or Saturdays, Sundays and Holidays to consult on the advisability of performing a diagnostic radiological procedure which eventually is not done. A consultation does not apply when the radiographs referred to above are used for comparison purposes with radiographs made in the consultant's facilities.

PREAMBLE

(h) A **diagnostic laboratory medicine consultation** applies when tissue, slides, and/or specimens are referred to a second **laboratory medicine physician** not in the same institution for a written opinion. It does not apply when the above are used for comparison with tissue, slides, materials or tests done in the consultant's facilities. When a diagnostic laboratory medicine consultation fee is claimed, surgical pathology fees may not also be claimed.

(i) A **laboratory medicine consultation or repeat consultation** applies when a laboratory medicine physician is requested to examine a patient and provide a written opinion.

(j) A **diagnostic nuclear medicine consultation** applies when nuclear medicine studies are referred to a nuclear medicine specialist for a written opinion, or when the nuclear medicine physician is required to make a special visit at Night (5:00 p.m. to 7:00 a.m.) or Saturdays, Sundays and Holidays to consult on the advisability of performing a nuclear medicine procedure which eventually is not done. A consultation does not apply when procedures done elsewhere are used for comparison purposes with nuclear medicine studies made in the consultant's facilities.

(k) A **nuclear medicine consultation** or repeat consultation applies when a nuclear medicine specialist is requested to examine a patient and provide a written opinion, all of which takes a greater amount of time and effort than a nuclear medicine study would normally require. It may be done in conjunction with a nuclear medicine study but if so, the lesser professional fee (P_2) rather than the greater fee (P_1) should be claimed in addition to the technical fee (T).

(l) Some nuclear medicine specialists have other specialist qualifications which allow them to claim another consultation (e.g. internal medicine). A nuclear medicine consultation or repeat consultation may be claimed in lieu of another consultation (e.g. internal medicine) but would not be combined with such a consultation by the same consultant.

(m) A **prenatal consultation** by a paediatrician applies when a physician considers a foetus of greater than 20 weeks gestation to be at risk or in jeopardy by reason of continuation of pregnancy in the presence of maternal and/or foetal distress, and requests the opinion of a paediatrician competent to give advice in this field. The paediatrician shall perform a general or specific assessment, review laboratory and other data and submit his/her findings and recommendations in writing to the referring physician. Such a consultation does not preclude the paediatrician from a post-natal consultation on the infant.

(n) A **special surgical consultation** may apply when a surgeon provides all the components of a regular consultation but is required to spend at least fifty minutes with the patient (exclusive of any tests) in consultation because of the very complex, obscure or serious nature of the problem. The surgeon should claim **$100.70** for special consultations on an I.C. basis (A935). See paragraph B.32.

(o) An **emergency physician consultation** applies when a patient is referred by another physician (other than an E.R. physician **in the same hospital**) who has seen and examined the patient and requested the opinion of an emergency room physician because of the complexity, obscurity or seriousness of the case. The consultant shall perform the necessary assessment, review the laboratory, x-ray or other data and submit his findings, opinions and recommendations in writing to the referring physician. A copy of the E.R. chart does not constitute a consultation report. This consultation is not chargeable for the routine transfer of care to the E.R. nor for the provision of treatment for a previously diagnosed condition. It does not apply to patients who present themselves to the E.R. or are brought by people acting on their behalf. It is anticipated that these consultations will replace some of the consultations that would otherwise be provided by consultants in other branches of medicine. If the consultation leads to admission to hospital, no separate fee is chargeable for the admission assessment by the same physician. The consultation fee for a specialist in emergency medicine (F.R.C.P.) is **$61.90** (H055); for all others, **$37.20** (H065).
Note: OHIP benefits for consultations normally are limited to one consultation per year, per patient, by any one physician. However, if the same patient is referred to the same consultant a second time within the year with a clearly defined unrelated diagnosis, one additional consultation may be claimed per year.

2. **General Assessment:** shall comprise a full history, an enquiry into, and an examination of all parts or systems (and may include a detailed examination of one or more parts or systems), an appropriate record, and advice to the patient.*
OHIP benefits for general assessments normally are limited to one per year per patient by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined unrelated diagnosis, one additional general assessment may be claimed per year. In the case of a patient who proceeds normally to hospital, the admitting physician may claim one additional general assessment per year provided 90 days have elapsed since the last general assessment rendered (anywhere) to that patient by the admitting physician. If the patient doesn't qualify for a general assessment by the admitting physician, he may claim a general re-assessment.

PREAMBLE

3. **General Re-Assessment:** shall comprise the same services as a general assessment except that the history need not include all the detail already obtained in the original general assessment.* OHIP benefits for general re-assessments, except for hospital admission re-assessments, are limited to two per year, per patient, by any one physician.

4. **Specific Assessment:** shall comprise a full history of the presenting complaint, enquiry concerning, and detailed examination of the affected part, region or system(s), as needed to make a diagnosis, and/or exclude disease and/or assess function, an appropriate record, and advice to the patient.* (This may vary among sections.)

Physicians qualified in two specialties (EENT for example) may only claim for one visit, e.g.: a consultation (if referred) or a specific assessment (if non-referred), if both systems are examined during the same visit. However, two consultations or two specific assessments, etc. may be claimed if both systems are examined, each on a separate visit.

OHIP benefits for specific assessments normally are limited to one per year, per patient, by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined unrelated diagnosis, one additional specific assessment may be claimed per year.

5. **Specific Re-Assessment:** shall comprise a full relevant history and a comprehensive physical examination of one or more systems but not requiring an evaluation of the patient as a whole.* This service is the admission assessment when the patient has been seen prior to admission in the same illness. It is included in the surgical fee except for those procedures marked I.O.P.

6. **Partial Assessment:** shall comprise a history of the presenting complaint, the necessary physical examination, an appropriate record and advice to the patient. It also applies to subsequent visits for assessing the response to treatment and/or advice provided in a previous service.*

7. **Intermediate Assessment:** is a primary care service for physicians providing general practice or paediatric services and is a more extensive assessment than a minor assessment. It shall comprise a history of the presenting complaint(s), enquiry concerning and examination of the affected part(s), region(s), or system(s) or mental or emotional disorder as needed to make a diagnosis, exclude disease and/or assess function, an appropriate record, and advice to the patient.*

8. **Multiple Systems Assessment:** shall comprise a detailed history and examination of more than one system, part or region, an appropriate record and advice to the patient.*

9. **Minor Assessment:** is a visit which involves a direct doctor-patient interaction at which either or both of the following are provided and an appropriate record made of the visit:

(a) a brief assessment which includes the necessary history and examination of the affected part or region or mental or emotional disorder;

(b) brief advice or information regarding health maintenance, diagnosis, treatment and/or prognosis.

10. **Mini Assessment:** applies when a physician examines and/or treats a patient for a completely unrelated problem in addition to the examination/treatment of a W.C.B. related problem (for which the W.C.B. will only pay a minor assessment) during the same office visit. The fee for the mini assessment is $7.40 (A008).*

11. **Re-Assessment (by physician on duty in the Emergency Department):** one re-assessment may be charged when, at least two hours after the original assessment is completed (including appropriate investigation and necessary treatment), a subsequent assessment indicates that further provision of care and/or investigation is required and performed. Re-assessments are not to be claimed for discharge assessments nor when the patient is admitted by the physician on duty in the Emergency Department, nor when this assessment leads directly to referral for consultation.

12. **Well Baby Care:** the periodic visits of a well baby during the first two years of life involving complete examination with necessary weight and measurements and instructions to the parent(s) regarding health care.

*For laboratory and other investigation performed in conjunction with a consultation or visit, see Diagnostic and Therapeutic Procedures and Laboratory Medicine.

PREAMBLE

13. **Annual Health or Annual Physical Examination (Including Primary and Secondary School Examination):** shall comprise all the elements of a general assessment as it pertains to an individual after the second birthday who presents and reveals no apparent physical or mental illness.
OHIP benefits for any one physician are limited to one Annual Health Examination per patient per year after the second birthdate. To qualify, an Annual Health Examination normally must be requested by the patient rather than a third party. Regulation 452 of Revised Regulations of Ontario, 1980 under the Health Insurance Act, examinations for the purpose of "legal requirements or proceedings" are excluded from coverage. However, it is recognized that an annual Health Examination will satisfy some or all of the requirements for examinations required by statute but excluded by the above mentioned Regulation. In such instances and where a prior claim for an Annual Health Examination has not been submitted to the Plan in the previous twelve months for that patient, it would be appropriate to submit a claim to OHIP for this service. The OHIP benefit in these cases covers the Annual Health Examination only and not any charges peculiar to the legal requirements, such as charges for the completion of forms.

14. **Long Term Institutional Care:** includes the listings for consultations, assessments and other visits to patients in chronic care hospitals, convalescent hospitals, nursing homes and other institutions in which such patients are covered by extended care legislation.
Admission Assessments to Long Term Care Institutions:

Type 1 – applies when the admitting physician has not performed a consultation, general assessment or general re-assessment prior to admission and when he/she carries out a general assessment (on admission) and provides a report for the medical record.

Type 2 – applies when the admitting physician has performed and claimed for a consultation, general assessment or general re-assessment prior to admission, makes an initial visit and records an admission note describing the condition of the patient following admission.

Type 3 – applies when the admitting physician readmits a patient after a 3 day stay in another institution; the admitting physician shall carry out a general re-assessment and provide a report for the medical record.

Note: When a physician already is in the institution and is asked to assess one of his/her own in-patients on a non-emergent or an emergent basis, the subsequent visit listings apply. However, if he/she is asked to assess another physician's patient on an emergency basis, the General Listings should be used.

15. **Subsequent Visits to Long Term Care Institutions:** include the supervisory care as well as the active treatment of acute intercurrent illness when the physician is already in the long term care institution. The supervisory care component includes discussion with the patient and/or family and/or examination of the patient and also includes as required, discussion with the nurse, chart review and annotation of the chart. When acute intercurrent illness requires a special visit, the appropriate fees under General Listings and Premiums apply. For acute intercurrent illnesses requiring visits after the monthly maximums have been claimed, extra visits should be made on an I.C. basis (W121 – $14.90).

16. **Pre-dental General Assessment:** is the history and examination of a patient required prior to dental surgery under anaesthesia in hospital. A diagnosis is not required by OHIP for this service.

17. **Newborn Care:** is the routine care of a well baby up to ten days of age and should include a complete physical examination of the baby and necessary instructions to the mother. The service shall involve at least two visits; **but may involve only one visit if the hospital stay is less than 24 hours** and normally may not be claimed for the same patient by more than one physician.
When a well baby is transferred to another hospital (because of the mother's state of health, for example) claims for newborn care by a physician at each hospital may be appropriate.

18. **Low Birth Weight Baby Care:** is the care of a baby weighing less that 2.5 kilograms at birth.

19. **Psychotherapy:** is any form of treatment for mental illness, behavioural maladaptations, and/or other problems that are assumed to be of an emotional nature, in which a physician deliberately establishes a professional relationship with a patient for the purposes of removing, modifying, or retarding existing symptoms, or attenuating or reversing disturbed patterns of behaviour, and of promoting positive personality growth and development. Accordingly, therefore, a psychotherapeutic procedure may be claimed if a half hour or major part thereof has been spent by a physician in such

PREAMBLE

treatment of the patient. The minimum time period for psychotherapy (to be charged as such) is twenty minutes. In order to claim for a major portion of a second or subsequent time interval of psychotherapy for the same patient during the same visit, the preceding time interval must be a full 30 minutes of psychotherapy. When psychotherapy extends beyond thirty minutes, the major part (16 minutes) of the next half hour must be spent with the patient to qualify for an additional half hour fee. Similarly, after one hour of psychotherapy, the major part (16 minutes) of the next half hour, must be spent to qualify for an additional half hour, and so on.

20. **(a)Counselling (K013):**
Is distinct from psychotherapy, and is that form of activity in which the physician engages in an educational dialogue with the patient(s), on an individual or group basis wherein the goal of the physician and patient(s) is to become aware of the patients' problems or situation and of modalities for prevention and/or treatment. Counselling is not to be claimed for the advice that is a normal part of any consultation or assessment, or for ongoing treatment. Counselling sessions must be rendered personally, by the attending physician.
If the counselling session is less than 20 minutes, the appropriate assessment fee should be claimed.

20 **(b)Transplant Counselling (K014):**
Includes counselling of recipient, donor or appropriate family member(s) of recipient or donor, and the presentation of adequate clinical data to enable the person(s) concerned to make and inform decisions regarding organ transplantation. This may only be claimed when transplantation/donation is imminent.

20. **(c)Counselling of Relatives on behalf of a Patient (K015):**
Is distinct from psychotherapy and is that form of activity in which the physician engages in an educational dialogue with the relative(s), on an individual or group basis where the goal of the physician and relative(s) is to become aware of the modalities for treatment and/or prognosis. Counselling must be rendered personally by the attending physician. It must be a booked, separate appointment in the office and billed under the patient's OHIP number. It only applies to relatives of catastrophically or terminally ill patients.

21. **Genetic Counselling:** includes interviewing the appropriate family members, the collection and assessment of adequate clinical and genetic data to make a diagnosis, construct a pedigree and assess the risks to persons seeking advice. It includes imparting this information and the various alternatives to the appropriate family members for dealing with the problem in such a way that they can make informed decisions about the genetic problem. **Counselling must be rendered personally by the attending physician.**

22. **Documentation:** when a physician examines or treats a patient, an appropriate record of such service should be made. (See Appendix B).

23. **Visit for Procedure:** when the sole reason for an office visit is the performance of a certain procedure, the listed benefit for the procedure will apply (See Diagnostic and Therapeutic Procedures Preamble for exceptions). When procedures are carried out in the office, emergency or outpatient department, on an elective basis, special visit fees should not be claimed in addition to the procedural fee. When procedure(s) are carried out by a physician's employee(s), under the direct supervision of the physician in his/her office, the usual claims may be made for procedure(s) which are generally and historically accepted as those which may be carried out by the nurse or other medical assistant in the employ of the physician. "Procedures" in this context do not include such services as assessments, consultations, psychotherapy, counselling, etc. Direct supervision requires that, during the procedure, the physician be physically present in the office or clinic at which the service is rendered.** While this does not preclude the physician from being otherwise occupied he/she must be in personal attendance to ensure that procedures are being performed competently and he/she must at all times be available immediately to approve, modify or otherwise intervene in a procedure as required in the best interests of the patient.

For **Physical Medicine** procedures performed **on the physician's own patient** under direct supervision as detailed above, see Code G467 listed in Diagnostic & Therapeutic Procedures - Physical Medicine.

** Some procedures may note require the physical presence of a physician for adequate supervision. Exceptions to this requirement of direct supervision may be made upon recommendation of the Ontario Medical Association and the College of Physicians and Surgeons of Ontario.

PREAMBLE

24. **Health Examination:** this may vary in extent according to the purpose for which it is required (e.g. pre-employment, insurance, free from infection, etc.). This is not a benefit of OHIP and the fee should be according to the type of assessment necessary for this purpose and billed to the patient or party requesting the service.

25. **Age:** (unless otherwise specified)
Newborn - up to 10 days of age.
Infant - up to 2 years.
Child - up to and including 15 years.
Adolescent - up to and including 17 years.
Adult - 18 years or over.

26. **Most Responsible Physician:** is the attending physician who is primarily responsible for the day to day care of the patient in hospital. In cases of unusual severity where the consultant assumes the role of the most responsible physician, the consultant may claim on a per visit basis and the family physician may claim supportive care. Where the family physician remains the most responsible physician and requests only a consultation, the family physician may claim on a per visit basis and the consultant may claim a consultation only.

27. **Transferal and Referral:**
(a) A **referral** takes place when one physician requests for his/her patient the services of another. The services of the latter may consist of:
(i) an opinion (i.e. a consultation).
(ii) diagnostic tests or procedures (e.g. skin test, biopsy, etc.).
Note: In such cases the referring physician continues to treat the case him/herself.
(iii)treatment (surgical or medical).
The referring physician's OHIP registration number must be included on the claim submission.
(b) A **transferal**, as distinguished from a referral, takes place where the responsibility for the care of the patient is completely transferred permanently or temporarily, from one physician to another (e.g. where the first physician is leaving temporarily on holidays and unable to continue to treat the case). Physicians who are substituting for other physicians should consider that patients of the latter have been temporarily transferred (not referred) to their care. The physician to whom the patient is transferred should be regarded as substituting for the other physician. Where the care of the patient involves a benefit containing several components such as surgery, the physicians may consider the surgical benefit a team benefit and decide among themselves how each is to be compensated; traditionally physicians in these circumstances have reciprocated by exchanges of coverage for each other. When physicians routinely or frequently substitute for each other in providing hospital visits to registered bed patients in active treatment hospitals, e.g. weekend coverage or daily rounds by various members of a group, the most responsible physician may claim for all the visits.

28. **Concurrent Care:** applies when the family physician remains the most responsible physician but because of the seriousness or complexity of the condition, requests continued directive care by a consultant. The family physician may claim on a per visit basis and the consultant may also claim on a per visit basis not to exceed four such claims during the first week of concurrent care and not to exceed two such claims each week thereafter while the patient's condition remains serious - this arrangement being agreeable to both physicians.

29. **Multidisciplinary Care:** applies when the complexity of the medical condition requires the services of several physicians in different disciplines. In such cases, each physician should render a separate account on a per visit basis. This does not refer to a situation where a single benefit for a team of physicians is listed in this Schedule.

30. **Supportive Care:** is the care rendered in hospital by the referring physician, who is not actively treating the case (e.g. writing orders), to a patient under the care of another physician, at the desire of the patient or family, for purposes of liaison or reassurance. The physician may claim for this care on a per visit basis not to exceed four such claims during the first week of supportive care (determined by the date of the first supportive care visit) and not to exceed two such claims each week thereafter. If medical complications develop or are present in the post-operative period which require active management by the referring physician, hospital medical care fees should be applied not supportive post-operative fees.

PREAMBLE

31. **Terminal Care :** applies to one designated physician responsible for the care of a terminally ill patient suffering from malignant disease. Terminal care will be deemed to start when there is no aggressive treatment of the underlying disease process and care is directed to maintaining the comfort of the patient until death occurs. Terminal care should be claimed retroactively after death on the basis of visits actually rendered for a period not to exceed four weeks prior to death. Terminal care visit fees as described above do not apply when unexpected death occurs after prolonged hospitalization for another diagnosis unrelated to the cause of death. Visits to patients in hospital may be claimed at $14.90 (C882) by general and family practitioners and at $16.30 (C982) by specialists. For patients receiving terminal care in chronic hospitals, the above fees should be claimed with codes W882 and W982 respectively **and in Nursing Homes and Homes for Aged the above fees should be claimed with codes W872 and W972 respectively.**

32. **Independent Consideration - "I.C.":** Independent consideration may be given where a set fee is not listed in the Fee Schedule. Claims rendered under this heading should contain an explanation of the fee claimed. It is helpful to the Medical Consultant if claims for I.C. include an operative or consultation report and a comparison of the scope and difficulty of the procedure with other procedures in the Schedule.

33. **Specialist:** A specialist shall be defined (for purposes of application in the case of any given service within this Schedule) as one who holds a certificate from The Royal College of Physicians and Surgeons of Canada in the specialty which normally is considered to encompass the service in question.

A specialist rendering services outside of his specialty should use the codes and tariffs listed in the General Practice section of the Schedule.

34. **Differential Benefits:**
(a) Procedural fees apply to any physician rendering the services regardless of specialty.
(b) Specialists providing primary care in a general practice setting shall claim the appropriate visit fees (as defined in the Preamble) listed under the heading Family Practice and Practice in General. Certain other non specialist services such as counselling and interviews are under the same heading for the use of any physician providing such services.
(c) Specialists in paediatrics who practice allergy may claim specialist fees for their allergy services regardless of the age of their patients.

35. **Referring Physician's Services:**
(a) For the services rendered prior to the operation, the referring physician should claim on a fee-for-service basis, for example:
(i) Visits as rendered.
(ii) In addition to (i) above, in acute cases if detained, the physician may claim detention fees if appropriate. See Preamble paragraph B.45

(b) (i) For services rendered as an assistant during the operation, the referring physician should claim an assistant's fee.
(ii) In cases in which the referring physician is required to be present in the interest of the patient but does not actually assist at the surgical procedure, he/she should claim on a hospital visit basis for this service.

(c) For the services rendered after the operation, the referring physician may claim on the basis of supportive care fees as outlined in the schedule.

36. **Assistants' Services:**

(a) The assistants' fees are determined by adding the listed basic units and time units and multiplying the total number of units by $9.21. For all cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total assistant's fee by 40% (E400B). For all cases commencing after midnight and before 7:00 a.m. any night of the week, increase the total assistant's fee by 50% (E401B).
(b) When a physician is required to make a special visit to the hospital to assist at surgery, he/she may charge a special visit premium of $31.05 (C998B) for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays or $46.65 (C999B) for a case commencing after midnight and before 7:00 a.m. any night of the week. These premiums are in addition to the E400 and E401 premiums but apply only to the first patient treated on each special visit.

PREAMBLE

(c) The time units are computed by allowing one unit ($9.21) for each 15 minutes or part thereof of time (up to two hours) spent by the assistant. When assisting for more than two hours per case, time units for periods in excess of two hours are computed by allowing two units for each 15 minutes or part thereof. Time for purposes of these calculations includes scrub time and time spent in the operating room. If claims are being made in coded form (see explanatory comments at front of Fee Schedule), the suffix B should be added to the fee code for the procedure. The basic units should be listed separately from the time units on the claim card.

(d) When multiple or bilateral surgical procedures are done during the same anaesthetic, the assistant's benefit shall be based on the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the assistant shall be entitled to receive a full assistant's benefit for each procedure.

(e) In surgical procedures requiring more than one assistant, the second assistant shall compute his/her fee on the same basis as the first assistant. Each claim for second assistant should be accompanied by a statement from the operating surgeon confirming the necessity for his/her services.

(f) When a surgeon requires an assistant at a procedure for which no assistant's fee is listed, the assistant may calculate his/her fee by taking the number of basic units used by the anaesthetist, adding his/her time units and multiplying the total number of units by $9.21.

(g) When assistants at surgery claim for procedures for which no assistants' fees have actually been listed in the schedule, the assistants should support their claims with a statement of explanation from the surgeon, confirming the medical necessity for their attendance.

Note: Code M400B to be used by OHIP for services performed by an assistant where no assistant units are listed. All such services must be assessed for appropriateness by the OHIP Medical Consultant.

(h) Where the attendance of a physician is requested by the patient's other medical attendants for the sole purpose of monitoring or special supportive care, and when the physician is in constant attendance, the fee shall be 3 units plus time (E003B).

(i) When an anaesthetic has begun and the operation is cancelled prior to commencement of surgery, the assistant who has scrubbed but is not required to do more, should claim 3 basic units plus time units (E006B). If the operation is cancelled after surgery has commenced, the procedural basic units plus time units will apply. If the procedure is cancelled prior to the induction of anaesthesia and the assistant is scrubbed, a subsequent hospital visit only may be claimed.

37. Anaesthetists' Services:

(a) The tariff is for all types of anaesthesia. The fee is for professional services, including pre-anaesthetic evaluation and post-anaesthetic follow-up and all immediate supportive measures, and does not include the cost of materials used.

(b) If an anaesthetist is requested by another physician to see a patient in consultation (see paragraph 1(a)) because of the complexity, obscurity or seriousness of the case prior to the administration of an anaesthetic, he may claim a consultation fee as well as the anaesthetic fee. If this consultation is provided less than 36 hours prior to the administration of an anaesthetic, this consultation should be claimed at $61.90 under fee code E015. The routine pre-anaesthetic evaluation of the patient required by the Public Hospitals Act does not qualify as a consultation, regardless of where and when this evaluation is performed. Anaesthetic consultations do not apply when hospital, departmental by-laws, statutes or policies require automatic consultations on any patient requiring anaesthesia.

(c) If an anaesthetist examines a patient prior to surgery and the surgery is cancelled prior to the induction of anaesthesia, he or she may claim a hospital visit fee for this service. When an anaesthetic has begun and the operation is cancelled due to a complication prior to the commencement of surgery, the anaesthetist should claim 4 basic units plus time (E006C). If the operation is cancelled after surgery has commenced, the procedural basic fee plus time units will apply.

(d) The anaesthetist's fees are determined by adding the basic and time units together and multiplying the sum by $10.57. For cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total anaesthetic fee by 40% (E400C). For cases commencing after midnight and before 7:00 a.m., any night of the week, increase the total anaesthetic fee by 50% (E401C).

(e) When an anaesthetist is required to make a special visit to the hospital to administer an anaesthetic, he may claim a special visit premium of $31.05 (C998C) for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays or $46.65 (C999C) for a case commencing after midnight and before 7:00 a.m. any night of the week.

PREAMBLE

These premiums are in addition to the E400 and E401 premiums but only apply to the first patient treated on each special visit.

(f) When an anaesthetist administers an anaesthetic to a patient under the age of one (E009) or over the age of seventy (E007), add one unit to the total fee. When an anaesthetist administers an anaesthetic to a patient of any age with an incapaciting systemic disease that is a constant threat to life or to a moribund patient who is not expected to survive for 24 hours with or without the operation, add two units to the total fee (E008).

(g) Basic units are listed for most procedures and include the value of all anaesthetic services except the actual time spent administering the anaesthesia, any modifying factors, or unusual detention with the patient (see paragraph n).

(h) Except during maintenance of continuous conduction anaesthesia time units are computed by allowing one unit for each 15 minutes or part thereof of anaesthesia time (up to two hours); following the first two hours of anaesthesia, time units for periods in excess of two hours shall be computed on the basis of two units for each 15 minutes or part thereof; time units for periods in excess of eight hours shall be computed on the basis of three units for each 15 minutes or part thereof. Anaesthesia time begins when the anaesthetist is first in attendance with the patient for the purpose of creating the anaesthetic state and ends when he is no longer in personal attendance (when the patient may be safely placed under customary post-operative supervision).

(i) If claims are being made in coded form (see explanatory comments at front of Fee Schedule), the suffix C should be added to the fee code for the procedure.

(j) In special cases when the anaesthetic services of more than one anaesthetist are deemed necessary in the interest of the patient, the second anaesthetist shall charge 4 basic units (E001) plus time units for the time spent assisting the first anaesthetist.

(k) When multiple or bilateral surgical procedures are done during the same anaesthetic, the anaesthetic benefit shall be based upon the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the anaesthetist shall be entitled to receive a full anaesthetic fee for each procedure.

(l) In procedures where no value is listed, or with I.C., the basic portion of the calculated value will be the same as listed for a comparable procedure considering the region and modifying conditions or techniques.

(m) when a pump with or without an oxygenator and with or without hypothermia is employed in conjunction with an anaesthetic, the anaesthetic "Basic Units" will be 28 units; this replaces the listed basic units for the procedure.

(n) Controlled hypotention may be billed for (10 units) when it is carried out in association with anaesthesia using any technique to deliberately lower and maintain the mean blood pressure by at least 25%. Incidental hypotension from the use of any anaesthetic agent does not constitute controlled hypotension. The additional 10 units may be claimed under E004C.

(o) When unusual detention with the patient before or after anaesthesia is essential for the safety and welfare of such patient, the necessary time will be valued on the same basis as indicated for the anaesthetic time.

(p) For detention not associated with anaesthesia detention rates and criteria apply (see paragraph B.45).

(q) When the attendance of the anaesthetist is requested by the patient's other medical attendants for the purpose of monitoring or special supportive care, and when the anaesthetist is in constant attendance, the benefit shall be ?a4?b units plus time. The code is E003C.

(r) Introduction of a catheter for continuous conduction analgesia and anaesthesia in obstetrics has a basic value of 6 units. Maintenance and/or supervision may be claimed at one unit for each half hour of maintenance to a maximum of 5 units. Time units for delivery may be claimed at one unit per quarter hour (E100C).

(s) When a physician administers an anaesthetic and/or other medication prior to, or during a procedure(s) or immediately after a procedure which he/she performs on the same patient, he/she should claim for the procedure(s) only. However, when a physician administers a pudendal, femoral, intercostal, sciatic, ilioinguinal, iliohypogastric, ulnar, median, or radial block in addition to performing a procedure, he/she may claim $13.70 (G224) in addition to the procedure.

(t) When hypothermia is used by the anaesthetist in procedures not specifically identified as requiring hypothermia, the basic value is 25 units. This basic value replaces the basic value listed in the Schedule for the procedure. When the basic value claimed is 25 units, the anaesthetic service may be claimed under code E002C.

(u) When a patient is known to have malignant hyperthermia or there is a strong suspicion of susceptibility, and the anaesthetic requires full malignant hyperthermia set up and management, add 5 units to the anaesthetic claim (E012). This add-on does not apply to Z245 listed under "Integumentary System, Incision - Skin and Subcutaneous Tissue..."

PREAMBLE

(v) Anaesthetic management for the emergency relief of acute upper airway (above the carina) obstruction (excluding choanal atresia) - basic 10 units (E013).

(w) When one anaesthetist starts a procedure and is replaced by another part way through a surgical procedure or delivery, the first anaesthetist should charge the appropriate basic fee plus time units and the second anaesthetist should charge for time units only. The second anaesthetist should use code E005C for such time units except in the case of continuous conduction anaesthesia; for which P015 (plus E100C) applies (see paragraph 37(r)). E002C, E003C, E004C, E005C qualify for the premiums E400C or E401C only if the case originally started within the time stated under para. 37(d) above.

Each anaesthetist should state on his/her claim card which part of the anaesthetic is being claimed and the time begun and completed.

(x) General anaesthesia for the purposes of this Fee Schedule includes all forms of anaesthesia except local infiltration.

(y) Maintenance/Supervision of epidural catheter for relief of pain (G247) see" Nerve Blocks, Diagnostic and Therapeutic Procedures". For visits rendered after 5 p.m. and before midnight or on Saturdays, Sundays and Holidays add 40% (E402). For visits after midnight but before 7 a.m. add 50% (E403).

38. **General Listings:** include the basic listing for consultations, assessments and other visits wherever they are rendered, except for non-emergency services to hospital or long-term care institution in-patients and for care rendered by a physician on duty in the emergency department. These latter services are listed separately in the Schedule.

39. **Non-Emergency Hospital in-Patient Services:** include the fee listings for consultations and other visits rendered to registered bed patients on a non-emergency basis.

(a) When a patient has not been seen previously by the physician in charge, the first visit after admission may be claimed as a consultation or general or specific assessment. When the patient has been previously attended before admission, the first visit after admission may be claimed as a general re-assessment or specific re-assessment (depending on the specialty) if the patient has been seen before in the same illness. However when a patient is admitted to hospital by one physician and is subsequently transferred to another physician, only one general or specific assessment or re-assessment may be claimed per patient admission.

(b) Subsequent routine visits should be claimed as subsequent visits (minor assessments). Payments for hospital visits are usually limited to one per patient per day prior to the weekly and monthly limitations that apply after the patient has been hospitalized for 5 weeks, (6 weeks for paediatricians). However, it is not the intent of the Fee Schedule that visit fees be claimed for every day a patient is in hospital unless a physician actually visits the patient each day. For acute illnesses or exacerbation of original illness requiring hospital visits after 5 weeks of hospitalization, claims for extra visits should be made on an independent consideration basis (C121).

(c) When a patient in hospital is referred by one physician to another, the second physician should not be limited by the "Subsequent Hospital Visit" formula for the number of hospital visits already rendered by the first physician. In other words, the second physician is entitled to claim for his/her visits up to 5 weeks just as if the patient was being attended to in hospital for the first time. If the patient is transferred to the care of another physician, the "Subsequent Hospital Visit" formula would apply just as it would if only one physician was involved in the care.

(d) When a physician is already in the hospital and is asked to assess one of his/her own in-patients on a non emergency or emergency basis, the subsequent hospital visit listings apply. However if he/she is asked to assess another physician's patient on an emergency basis, the General Listings apply.

40. **Emergency Department - Physician on Duty Services:** include the fee listings for minor and multiple systems assessments and re-assessments during regular and premium hours rendered by the physician on duty. Any physician on duty in the emergency department should claim these fees regardless of his/her specialty.

The listings under the heading "Emergency Department - Physician on Duty" are meant to apply to those circumstances wherein either emergency or other physicians have elected or are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time. In addition to applying to full or part time emergency room physicians who work pre-arranged shifts, these listings also apply to the services rendered by physicians who provide on-call emergency room coverage for designated periods of time and limit the services they provide, in the community served by the hospital, predominantly to emergency room coverage. When special visits are rendered by such physicians, A and K codes may be charged for the first patient seen:

PREAMBLE

(a) for up to a maximum of two special visits after 8:00 a.m. and up to 5:00 p.m.;

(b) for up to a maximum of three special visits after 5:00 p.m. and up to midnight;

(c) for the number of special visits rendered after midnight and up to 8:00 a.m.

When an on call physician practising in the area elects to be continuously present in the Emergency Department or environs for an arranged designated period of time because the volume of patients requires it, e.g. during a busy holiday period, the fees under Emergency Department - Physician on Duty (H101, H103, H104, etc.) should be charged after the patients responsible for the initial special visit have been examined and/or treated (and charged for under the A and K codes).

When an emergency physician is required to make a special visit to the Emergency Department prior to or after his/her regular arranged designated period of time on duty, he/she may charge the appropriate fee under the General Listings plus the applicable special visit premium for the first patient assessed; all subsequent patients assessed during this visit to the hospital should be billed under the Emergency Department - Physician on Duty listings.

When a physician is on duty in the Emergency Department, sees a patient and admits the patient to hospital, this physician may claim a minor or multiple systems assessment depending on the service initially provided. Either the patient's attending physician or the emergency department physician (but not both) may render and claim the hospital admission assessment. If the emergency department physician (instead of the attending physician) provides the admission general assessment, he/she may claim a general re-assessment (C004) as well as the initial assessment provided both services are actually rendered separately.

Special Visit to Emergency or O.P.D.

Consultation:

1. Consultation, patient not admitted:
   The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) may be claimed.

2. Consultation, patient admitted:
   (a) The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) followed by hospital visits (if rendered) may be claimed. However, if the consultant also is the "most responsible physician", he/she may not also claim a hospital in-patient consultation, repeat consultation, general or specific assessment, general or specific re-assessment since the initial consultation rendered in the emergency department serves as the admission assessment.
   (b) If the consultant is not also the most responsible physician, the latter may claim the appropriate admission assessment.

Assessment:

1. Assessment, patient not admitted:
   The benefit for the assessment (or re-assessment) plus the appropriate special visit surcharge (K99-) may be claimed.

2. General/specific assessment plus patient admission:
   The benefit for the general or specific assessment plus the appropriate special visit surcharge (K99-) followed by hospital visits may be claimed. However, the admitting physician may not also claim a hospital in-patient general/specific assessment or reassessment since the initial general/specific assessment rendered in the emergency department serves as the admission.

3. Minor/intermediate assessment plus patient admission -
   The benefit for the minor or intermediate assessment plus the appropriate special visit surcharge (K99-) may be claimed. In addition, the admitting physician may claim for a hospital in-patient general or specific reassessment if rendered.

4. **No other premiums may be claimed.**

PREAMBLE

Procedure:

Except for procedures for which the listed benefits specifically include the associated consultation or other assessment, claims may be made for both the procedure and the assessment.

Note: If a physician has an office in the hospital and is called to assess a patient in the Emergency Department or O.P.D., the special visit premiums do not apply.

41. **Emergency Department Equivalent:**

An Emergency Department Equivalent is an office or other place (other than a hospital emergency department) in which a physician renders services as part of an emergency service being made available to the community.

"Emergency Department Equivalent" includes a place used by a physician to render services exclusively to the office practice patients of one or more physicians outside the office hours of those physicians if the place is open for patients to attend.

A place is an Emergency Department Equivalent only during the period of time that the emergency service is being made available.

A place may be an Emergency Department Equivalent notwithstanding that the physicians rendering services therein are not continuously present and only attend on call.

A physician may add a premium of 30% (E030) to the appropriate General Listings for services provided in an Emergency Department Equivalent if

1) the services were rendered on a Saturday, Sunday or Holiday ("Holiday" is defined in paragraph B.43(c) below);
2) the services were rendered on the day they were first requested; and,
3) the services were rendered for the purpose of dealing with an emergency.

42. **Long-Term Institutional Care:** See paragraph B. 14.

Premiums:

43. **Special Visit Fees Applicable in Addition to Fees for Services Listed Under "Consultations and Visits", also "Diagnostic and Therapeutic Procedures - Critical Care and also - Injections or Infusions".**

(a) A special visit is one initiated by a patient or his/her representative where the physician is required to travel from one location to another to see the patient. Subject to paragraphs (b) to (r), the appropriate special visit fee applies when a physician makes a special visit to his office even if the office is in the physician's home, or to the patient's home or other location (hotel, motel, roadside, ski slope, etc.), or to the Emergency Department, O.P.D., hospital or long-term care institution from a location outside any premises of, or operated by or on behalf of, the hospital or institution.

(b) A special visit may also involve an emergency call with sacrifice of office hours. The benefits for this type of special visit apply in a situation where the demands of the patient and/or the physician's interpretation of the patient's condition is such that the physician responds immediately and makes a special visit at the sacrifice of regular office hours.

(c) A special visit at night or on a Saturday, Sunday or Holiday may be claimed when non-elective or emergent calls are made by the physician between 5:00 p.m. and 7:00 a.m. or are received and made on Saturdays, Sundays and Holidays. Holidays are defined for the purpose of this Schedule as New Year's Day, Good Friday, Easter Monday, Victoria Day, Canada Day, Civic Holiday, Labour Day, Thanksgiving, Remembrance Day, Christmas Day and Boxing Day. If any of these holidays fall on a Saturday or Sunday, the Friday before or Monday following will be recognized as the holiday.

(d) Only one special visit (daytime; emergency call with sacrifice of office hours; or Nights, Saturdays, Sundays and Holidays) may be claimed for the same patient, same visit. Special visits only apply to non-elective or emergent calls and do not apply to non-referred or transferred obstetrics. Special visits do not apply to visits on regular rounds to registered bed patients nor do they apply to admission assessments of patients who have been admitted to hospital on an elective basis, regardless of the time performed.

(e) An elective "home" visit is a visit to a patient's "home" deemed medically necessary by the physician, initiated by the physician or the patient and carried out at any time convenient to the physician. Physicians providing such services should charge in addition to the appropriate fee under the heading General Listings, the premiums under paragraph 43(j) only, even if the elective visits are rendered at Night, on Saturdays, Sundays and Holidays.

PREAMBLE

If an institution has arranged to have quarters in the same or in a proximal building in order that a physician will be available to make visits to the institution, particularly at night, these are not considered to be "special visits" to the institution.
If a physician is called to pronounce a patient dead, a minor assessment may be claimed along with the appropriate surcharge for the special visit.

(f) When additional patients are assessed during special visits, the "additional patient" premiums are not normally applicable unless the additional patient himself qualifies for a special visit. However, extra patients seen during a home visit while the physician is there rendering a special visit to another patient also qualify for the "additional patient" premiums if an assessment is rendered. The maximum number of special visit premiums per special visit (to any location) is ten. Patients who drop in to the office while the physician is there for reasons other than rendering a special visit do not qualify for any of the special visit premiums. Extra in-patients seen during a special visit to a hospital or other institution do not qualify for the "additional patient" premiums unless the physician has been asked specifically to see these extra patients as well.

Note: Patients seen during "office hours" held at night or on Saturday, Sunday or Holidays do not qualify for any of the special visit premiums.

(g) No special visit fee is chargeable in respect of services rendered in a place, other than a hospital or long term care facility, that is open for patients to attend.

(h) When no consultation or visits may be claimed e.g. for post-op hospital visits by operating surgeon, the minimum premiums for special visits apply for additional patients seen during a special visit. Minimum premiums also apply to additional patients seen requiring Critical Care (excluding services to a critically ill patient where team fees apply), Injections or Infusions.

(j) **Daytime Special Visits (Monday to Friday) to Emergency Department or O.P.D.:** for other locations see below:

K990	First patient seen .....add	$15.50
	For each additional patient requiring a special visit and seen during same	
K991	special visit, add 30% to consultation or visit - minimum .....add	$8.90

(k) **Emergency Call with Sacrifice of Office hours:**

K992	First patient seen .....add	$31.05
	For each additional patient requiring a special visit and seen during same	
K993	special visit, add 30% to consultation or visit fee - minimum .....add	$13.30

(l) **Evenings (5:00 p.m. to midnight) and Saturdays, Sundays, Holidays:**

K994	First patient seen .....add	$31.05
	For each additional patient requiring a special visit and seen during same	
K995	special visit, add 30% to consultation or visit - minimum.....add	$13.30

(m) **Nights (midnight to 7:00 a.m.):**

K996	First patient seen .....add	$46.65
	For each additional patient requiring a special visit and seen during same	
K997	special visit, add 50% to consultation or visit - minimum .....add	$20.40

(n) **Special Visit to the Patient's Home or Equivalent:** use the appropriate listing above (i, j, k, l,m) but substitute the prefix "B" for "K" (e.g. B990 instead of K990).

(o) **Special Visit to Hospital In-Patient:** use the appropriate listing above (i, j, k, l, m) but substitute the prefix "C" for "K" (e.g. C990 instead of K990).

(p) **Special Visit to Long-Term Care Institution:** use the appropriate listing above (i, j, k, l, m) but substitute the prefix "W" for "K" (e.g. W990 instead of K990).

(q) **Special Visit to Office or Other Similar Facility:** use the appropriate listing above (i, j, k, l, m) but substitute the prefix "A" for "K" (e.g. A990 instead of K990).

(r) **Special Visit to any non-professional setting not listed above:** use the appropriate listing above (i, j, k, l, m) but substitute the prefix "Q" for "K" (e.g. Q990 instead of K990).

44. **Special Care Unit (e.g. I.C.U. or C.C.U.):**
For each patient seen on visit to I.C.U. or C.C.U. (excluding supportive care,critical, ventilatory, comprehensive and neonatal intensive care claimed on a per diem basis)
C101, add to all such hospital visits $7.55
Note: Where visit is not chargeable, e.g. post operative care by surgeon, claim only C101 (excluding Supportive Care, Critical, Comprehensive, Ventilatory Care and Neonatal Intensive Care)

PREAMBLE

45. **Detention:** may be charged when a physician is required to spend considerable extra time in active treatment of the patient (and to the exclusion of all other work). Claims for detention must be substantiated by an explanation on the claim card or in an accompanying letter, and should be made on an "I.C." basis according to the following guidelines:

After 30 minutes if the physician spends more than this amount of time providing a minor, partial, multiple systems or intermediate assessment or subsequent hospital visit;

After 40 minutes if the physician spends more than this amount of time providing a specific or general re-assessment.

After 1 hour if the physician spends more than this amount of time providing a consultation, repeat consultation, specific or general assessment.

Detention is not meant to apply to procedural items or obstetrics and does not include time waiting for x-rays, lab reports or for the operating room.

K001 - Per full quarter hour $18.70

46. **Detention: While in Attendance With Patient(s) in Ambulance:**

K101 - Per quarter hour or part thereof $37.20

Note: K101 is not applicable to attendance in a vehicle other than an Ambulance.

All claims for detention are to be assessed by an OHIP Medical Consultant.

47. **Non Elective Surgical Procedures, Obstetrics or Clinical Procedures Associated with Diagnostic Radiological Examination or Detention While in Attendance With Patient(s) in Ambulance:** - when such procedures including fractures or dislocations or major invasive procedures contained in the list of Diagnostic and Therapeutic Procedures or elective procedures which because of intervening emergency procedure(s) commence after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the procedural fee(s) by 30% (E409). When the foregoing procedures commence after midnight and before 7:00 a.m. any night during the week, increase the procedural fee(s) by 50% (E410). These premiums are not chargeable in addition to the obstetrical fee(s) if labour is induced by medical and/or surgical means by the same physician unless the reason for the induction is fetal distress, diabetes, premature rupture of membrane, severe pre-eclampsia - hypertension or abruption. However a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction.

Major Invasive Procedures are considered to be the following:

G176	G177	G178	G179	G211	G246
G249	G261	G267	G268	G275	G277

Z441	Z442	Z443	Z444	Z445	Z450
Z451	Z452	Z456	Z457	Z804	Z805

Also series J001 to J060

These premiums are not chargeable (during or after a "shift" **or by a physician who provides service(s) as described in this Preamble, paragraph B.40)** by emergency or other physicians who have elected or are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time.

E409 or E410 may not be claimed for procedures which mainly involve the interpretation of test results and are not applicable to assessments or consultations. Neither are they applicable to procedures listed in the Diagnostic Radiology, Nuclear Medicine, Diagnostic Ultrasound **or Pulmonary Function** sections of the Schedule.

48. **Non Elective Diagnostic Radiology, Laboratory Medicine, Nuclear Medicine or Diagnostic Ultrasound Examinations:** - when a physician providing the foregoing services makes a special visit to see a patient in consultation, perform a procedure or conclude that a procedure is not medically indicated, between 5:00 p.m. to midnight or on Saturdays, Sundays and Holidays, a **$31.05** premium (C109) should be claimed in addition to the appropriate consultation fee or procedural fee or by itself if the decision is made not to perform the procedure. For such services rendered between midnight and 7:00 a.m., the premium is **$46.65** (C110).

PREAMBLE

49. **Anaesthetists' Services:** - for all cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total anaesthetic fee by 40% (E400C). For all cases commencing after midnight and before 7:00 a.m., any night during the week, increase the total anaesthetic fee by 50% (E401C). For cases requiring a special visit to the hospital, an additional premium of $31.05 (C998C) during the 40% premium period **or for non-elective surgery with sacrifice of office hours** and $46.65 (C999C) during the 50% premium period may be charged to the first patient treated on each special visit.

50. **Assistants' Services:** - for all cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total assistant's fee by 40% (E400B). For all cases commencing after midnight and before 7:00 a.m., any night during the week, increase the total assistant's fee by 50% (E401B). For cases requiring a special visit to the hospital, an additional premium of $31.05 (C998B) during the 40% premium period and $46.65 (C999B) during the 50% premium period may be charged to the first patient treated on each special visit.

51. **Travelling Time:** may be charged directly to patients (since it is a non-insured service) when special visits are made by physicians to see patients outside their normal area of practice. Travelling time may be charged at the same rate as detention.

52. **A Locum Tenens**
(a) Must replace the employing physician, who must be absent from the practice.
(b) Must replace the employing physician for a continuous period, **minimum 1 week** up to a maximum of 12 weeks, with an extension on request for a further 6 weeks.
(c) Must be the same specialty as the employing physician.
(d) Must be licensed by the College of Physicians and Surgeons of Ontario in a category of licence that allows him or her to practice independently without supervision.

Prior notification must be given to OHIP of the name and OHIP physician number and/or licence number of the locum tenens and the exact dates of employment, together with an authorization from the locum tenens to make payment for his or her services to the employer.

If these conditions are met, the locum tenens may sign the employing physician's claim cards.

If any of the above conditions are not met, the physician involved must submit claims to OHIP on his or her own claim cards.

APPENDIX C

BENEFITS OUTSIDE ONTARIO

Under Code R991 payment will be made at the usual and customary fee paid by insurers in the place where the service was rendered, provided that all of the following conditions are met:

1) the insured service is a surgical or other complex medical procedure;
2) the procedure is generally accepted within Ontario as medical treatment for the insured person's condition;
3) the procedure is not performed in Ontario;
4) the insured person is referred by a physician in Ontario to the physician outside Ontario who will perform the procedure;
5) the insured person departs from Ontario for the express purpose of having the procedure performed;
6) prior written approval has been obtained from the Plan.

APPENDIX D

1. Surgery to alleviate significant physical symptoms that are refractory to medical treatment that has been actively undertaken for at least a six month period, or to restore or improve function to any area altered by disease, trauma or congenital deformity normally is a benefit under the Ontario Health Insurance Plan. Surgery solely to alter or restore appearance is not a benefit of OHIP except under the circumstances as listed in the following policy.
2. Emotional, psychological or psychiatric grounds are not considered sufficient reason for OHIP coverage of surgery for alteration of appearance except under exceptional circumstances.
3. On request of the attending physician, exceptions may be made on an independent consideration basis if the proposed surgery is to alter a significant defect in appearance caused by disease, trauma or congenital deformity, and if the surgery is
   - recommended by a Mental Health Facility (as designated by The Mental Hospitals Act) or equivalent, or
   - performed on a patient who is less than 18 years of age and the defect is in the area of the body which normally and usually would not be clothed, or
   - recommended by a Correctional Institution (tattoo removal only), or
   - essential in order to obtain employment as documented by the attending physician and either by a Canada Manpower Employment Centre or by an employer with regard to a specific job, (tattoo removal only).
4. In establishing this policy, it has been recognized that
   - peer acceptance in our society often is influenced disproportionately by the facies,
   - children are especially susceptible to emotional trauma caused by physical appearances.
5. Surgery to revise or remove features of physical appearance which are familial in nature is not a benefit of OHIP.
6. Within the context of this policy, the word "disease" does not include the normal sequelae of aging. Surgery to alter changes in appearances caused by aging is not a benefit of OHIP.
7. Within the context of this policy, the word "trauma" includes trauma due to treatment such as surgery, radiation, etc.
8. The phrase "reasonable period of convalescence" should be considered as two years. Independent consideration will be given to the questionable cases.
9. Authorization from OHIP is not required for all surgery to alter appearance. It is required only for those categories of procedures in which some cases may not be a benefit under OHIP policy.
10. Suitable documentation may be requested by OHIP in some cases before authorization can be considered.
11. The treatment of acute medical or surgical complications resulting from surgery for alteration of appearance and/or function is a benefit of the Plan whether or not the original surgery was covered by OHIP. No authorization is required.
12. Revision of surgery for alteration of appearance, because of undesirable results, is a benefit of the Plan if the original surgery was a benefit and if the revision either is part of a pre-planned staged process or occurs within a reasonable period of convalescence. OHIP authorization is required only when the original surgical procedure, if it had been carried out at the time of the proposed revision, would have required such authorization.

Surface Pathology

1. **Trauma Scars**
   (a) Neck or Face
      - Includes ears and non-hair bearing areas of the scalp.
      - Repair of all such scars is a benefit of OHIP, except for scars resulting from previous surgery to alter appearance that was not originally a benefit of OHIP.
      - Repair procedures will depend upon the lesion but may include excision, revision, dermabrasion, etc. Rhytidectomy procedures for cosmetic reasons, however, are not a benefit of OHIP.
      - OHIP authorization for repair of such scars is not required but manual assessment of the claims will be necessary to ensure that the most appropriate procedure codes are used.
   (b) Scars in other Anatomical Areas
      - Repair of scars which interfere with function or which are significantly symptomatic (pain, ulceration, etc.) is a benefit of OHIP.
      - Scars with no significant symptoms or functional interference
        (i) Repair is a benefit if such a repair is part of a pre-planned post-traumatic (including post-surgical) staged process. OHIP notification must be included as part of the planning process.
        (ii) Other post-traumatic scar revision is not a benefit of OHIP.
      - OHIP authorization is required for all scar repair procedures in areas other than the face or neck. Scar revision codes should be used (R026-R029).

APPENDIX D – Cont'd

2. **Keloids**
   (a) Head or Neck
   - The repair of all such keloids is a benefit of OHIP.
   - Repair procedures may include excision, injection, dermabrasion or planing.
   - No OHIP authorization is required.

   (b) Excision of keloids in other areas
   - Not a benefit of OHIP unless significantly symptomatic (pain, ulceration, etc.) or there is functional impairment.
   - OHIP authorization is required.

3. **Tattoos**
   (a) Face or Neck
   - Excision or destruction of all such tattoos is a benefit of OHIP.
   - Authorization is not required but adjudication of repair procedures will be identical to that for scars in these areas.

   (b) Other Anatomical Areas
   - Excision or destruction of concentration camp or P.O.W. tattoos is a benefit of OHIP. Otherwise, not a benefit of OHIP except as described in Para D-3 (Page xxii).

4. **Benign lesions such as naevi, keratoses, spider naevi, papillomata, neurofibromata**
   (a) Face or Neck
   - Excision or destruction of these lesions is a benefit of OHIP, **where there is any suspicion of disease or malignancy.**
   - Authorization is not required.

   (b) Other Anatomical Areas
   - Normally not a benefit of OHIP if removed for alteration of appearance only, rather than for medical necessity or because of clinical suspicion or evidence of malignancy.
   - Removal of very large lesions that would be considered disfiguring in patients of any age may be a benefit of OHIP.
   - Authorization is required.

5. **Hair Loss**
   (a) Head or Neck
   (i) Patients less than 18 years of age
   - Repair is a benefit for non-hereditary etiologies.
   - Authorization is not required. However, if it is possible that a planned staged procedure will extend beyond the age limit, pre-authorization should be obtained, since it will be necessary after the 18th birthday.

   (ii) Post-traumatic
   - Repair to the area of traumatic hair loss is a benefit of OHIP only if carried out within a reasonable period of convalescence. (See Para. 7, page xxiii).
   - OHIP authorization is required.
   - Usual repair procedures may include skin shifts of flaps, skin grafts, or hair plugs.

   (iii) Other Etiology
   - Not a benefit of OHIP.

   (b) Other Anatomical Areas
   - Not a benefit of OHIP.

6. **Epilation of Hair**
   (a) Face
   - This procedure is a benefit of OHIP only for those patients with documented endocrine abnormality or drug-induced hirsutism.

   (b) OHIP authorization is required.
   (c) Other Anatomical Areas - Not a benefit of OHIP.

7. **Redundant Skin**
   (a) Excision of redundant skin for elimination of wrinkles, etc. is not a benefit of OHIP.
   (b) Blepharoplasty is not a benefit of OHIP unless there is documented evidence of medical necessity from the appropriate physician such as visual field defect caused by the redundant eyelid skin. OHIP authorization is required. (Include documentation of visual fields).

APPENDIX D - Cont'd

Sub-surface Pathology

1. Congenital deformities
   (a) Head or Neck
   - Repair is a benefit of OHIP except for:
   - surgery to revise or remove features which are familial in nature or do not interfere with function
   - surgery to correct "outstanding ears" in patients who are eighteen years of age or over.
   - OHIP authorization is required.

   (b) Other Anatomical Areas
   - Normally not a benefit of OHIP if surgery is for alteration of appearance only.

2. Post-Traumatic Deformities
   - Reconstructive procedures are a benefit at the acute stage; within two years, or if part of a pre-planned staged process of repair.
   - Repair of procedures may include bone revision, tissue shifts and grafts, prosthesis implantation, etc.
   - OHIP authorization is required for repairs beyond the acute stage.

3. Deformities resulting from local disease (such as loss or distortion of bone, muscle, connective tissue, adipose tissue, etc.)
   (a) Head or Neck
   - Reconstructive procedures for significant abnormalities are a benefit at the acute stage, during a chronic disease process: within a reasonable period of convalescence (see Para. 7, Page xxiii) or if part of a planned staged process of repair initiated during one of these periods.
   - Repair procedures normally could include tissue grafts, flaps or shifts, bone revision, prosthesis insertion, etc.
   - Face lifts, modified face lifts, brow lifts, etc., are not a benefit of the Plan if skin only is involved in the procedure. However, a repair such as ptosis repair or face lift with underlying slings is a benefit of OHIP if the procedure is to correct significant deformity following stroke, cancer, VIIth nerve palsy, etc.
   - OHIP authorization is required.

   (b) Other Anatomical Areas
   - Not a benefit of OHIP if the correction is for appearance only.
   - Correction of severe deformity resulting from polio or neurological disease will be considered for payment - OHIP authorization is required.

4. Breast Surgery
   (a) Augmentation Mammoplasty
   - This procedure is a benefit of OHIP unilaterally or bilaterally for a female patient with breast aplasia.
   - It may be an OHIP benefit unilaterally for a female patient with a severely hypoplastic breast. Additional documentation may be required.
   - Unilateral augmentation mammoplasty may be a benefit of the Plan if there is gross disproportion present or in association with an approved unilateral reduction mammoplasty or postmastectomy reconstruction of the contralateral breast.
   - The correct code for the repair procedure is R112
   - OHIP authorization is required.

   (b) Post-Mastectomy Reconstruction
   - Unilateral or bilateral breast reconstruction is a benefit of OHIP when the procedure is subsequent to total or partial mastectomy (including wedge resection) or prophylactic mastectomy as listed in the Schedule of Benefits.
   - OHIP authorization is not required.

   (c) Reduction Mammoplasty
   - Reduction Mammoplasty may be approved where there is significant associated symptomatology. Ptosis and/or size are not sufficient grounds for OHIP coverage of reduction mammoplasty.
   - Unilateral Reduction Mammoplasty may be a benefit of the Plan if there is gross disproportion present or in association with approved unilateral augmentation mammoplasty, or post mastectomy reconstruction of the contralateral breast. Additional documentation may be required.
   - OHIP authorization is required.

APPENDIX D – Cont'd

(d) Mastectomy
- This procedure is a benefit of the Plan.
- OHIP authorization is not required.

(e) Accessory Breasts or accessory nipples
- Excision of such accessory tissue is a benefit of the Plan.
- The appropriate code should be used from the Schedule listings under Skin and Subcutaneous tissue.
- OHIP authorization is not required

5. **Septorhinoplasty**
- This is a benefit of OHIP when the rhinoplasty component is necessary to obtain an adequate airway or following trauma within 2 years or part of a pre-planned staged plastic repair. (See Para 7, Page xxiii).
- In cases where a septoplasty is necessary to improve function and a rhinoplasty is done to improve the cosmetic effect, OHIP will pay the part of the operation that was medically necessary (e.g. if a septorhinoplasty is performed and a septoplasty was necessary to improve the airway, OHIP will pay M012 and the surgeon is entitled to claim the difference from the patient).
- OHIP authorization is required. A description of the external deformity should be provided.

6. **Excision of excess fatty tissue and/or skin** is not a benefit of the Plan except for panniculectomy where there is significant symptomatology.
- OHIP authorization is required.

7. **Sex-Reassignment Surgery**

(1) Sex-reassignment surgical procedures are a benefit of OHIP only if they are performed on patients who have completed the Gender Identity Clinic program operated by the Clarke Institute of Psychiatry in Toronto. Moreover, claims are accepted for payment only for those patients for whom the Clinic has recommended that surgery take place. This surgery need not take place in Toronto or even in Ontario. Surgery recommended by the Clinic which takes place outide the Province of Ontario may be approved for payment at rates in accordance with the current OHIP Schedule of Benefits.

(2) Within the foregoing guidelines, reconstruction of genitalia and mastectomy are benefits of the Plan. However, since the hormonal treatments associated with sex-reassignment themselves give rise to breast enlargement, augmentation mammoplasty or breast reconstruction in a male to female conversion is not a benefit of OHIP, in keeping with the previously outlined policy regarding breast surgery in females.
OHIP authorization is required.

Team Management in a Rehabilitation Unit (active in-patient rehabilitation management from the initiation of rehabilitation care).

Active in-patient rehabilitation management from the initiation of rehabilitation care as it applies to fee codes H312, H317 and H319 means when this service is rendered by one physiatrist even if part of the service is rendered in an active treatment hospital and part is rendered in a rehabilitation unit, the weekly and monthly limitations under the following fee codes apply to the total rehabilitation care rendered. In other words, it is not possible to charge the maximum fees allowed under C312, C317 and C319 and then start billing de novo under H312, H317 and H319 under the above circumstances.

H312	up to twelve weeks .....per visit	16.30
H317	from thirteenth to twenty-sixth week (maximum per week $48.90).....per visit	16.30
H319	twenty-seventh week onwards (maximum per month $97.80).... .....per visit	16.30
	Rehabilitation Procedures: Interviewing and counselling of patients and/or relatives	
H313	per half hour or major part thereof (includes report)	40.50

Physiatric Management: applies to physiatrists regulating the day to day management of patients when medical necessity requires prescription development, advice and supervision. It may be billed on the days when rehabilitation services are provided to patients seen previously by the physiatrist for consultation or assessment. The fee is not meant as an administrative fee for supervising a department of rehabilitation nor is it to be charged on the same day as claims are made for any other services which are provided by the physiatrist to the same patient(s). This fee applies only to those patients who require and receive frequent attention by the physician during the course of rehabilitation with regard to rehabilitative services

LABORATORY MEDICINE

Code

ANATOMICAL PATHOLOGY, HISTOLOGY AND CYTOLOGY (Fees for Diagnostic Interpretation of Laboratory Procedures)

Preamble

1. The following fees involve responsibilities for accessioning specimens and interpreting the diagnostic descriptions.

2. On occasion the services provided by the laboratory physician may involve substantially greater professional responsibility and expertise than is provided for in these fees. In such cases, the physician may claim for these on an independent consideration basis provided that the nature of the services and their distinguishing features are adequately described.

3. The surgical pathology fees are organized according to services requiring increasing expertise and time and are defined as follows:
   Simple specimen - includes gross and, where necessary, microscopic examination and interpretation of small tissues requiring less time, effort and **professional responsibility** than the next category. A simple specimen will ordinarily include tissue considered by the physician to be "normal" (e.g. uterine tubes, vas deferens, hernial sac, etc.).

   Small or uncomplicated specimen - includes small tissues thought to be abnormal which carry more professional **responsibility** and effort than those described in the previous category, and in which the number of slides is small. As a rule, this category would apply to a single small specimen or to two specimens if two tissues are combined on a slide (e.g. skin biopsy, endometrial biopsy).

   Multiple small specimens or curettings requiring multiple slides - includes specimens requiring several slides e.g. prostate curettings, uterine curettings, multiple endoscopic gastrointestinal tract biopsies from the same segment of the G.I. tract (multiple specimens or slides).

4. The physician assumes responsibility for all cytology smears and the listed professional benefits are weighted averages of the professional component. These benefits, therefore, are applicable in each case whether or not all slides are examined by the physician.

5. The benefit for seminal fluid examination (complete) is to include sperm count, volume estimation, motility and morphology and viscosity. The benefit for seminal fluid examination (L820) carried out post-vasectomy is not to be claimed by the operating surgeon unless the patient requires more than one office visit post-operatively.

6. This Preamble is intended to apply to everyone using codes L800 to **L851**.

7. The fees for diagnostic interpretation of laboratory procedures (L800 codes) are net fees and do not usually include overhead costs e.g., secretarial, handling and transport of specimen etc.,

NUCLEAR MEDICINE - IN VIVO

Column T - is the technical benefit for the production of records, radiopharmaceutical agents, apparatus, premises, technical services, administration and secretarial services.

Column P_1 - is the professional benefit for supervision of the procedure, appropriate patient interview and/or examination, correlation of related data, interpretation of results, and provision of a written report. The physician need not be continuously present in the nuclear medicine department or private facility while the procedures are being carried out but must be physically present frequently enough to carry out the appropriate patient interview and/or examination and approve, modify or intervene in the procedures as required.

Column P_2 - is the professional benefit for interpretation of results and provision of a written report. If the physician does not meet the criteria for P_1 or has claimed any visit in conjunction with that Nuclear Medicine procedure, the lesser professional fee (P_2) will be claimed.

Notes:

1. The total benefit is arrived at by adding T plus P_1 (first code listed, e.g. J802 or by adding T plus P_2 (second code listed, e.g. J602).

2. When coding the total benefit use suffix A; when coding technical portion only use suffix B; when coding professional portion only use suffix C.

3. If quantification or data manipulation is carried out in addition to visual inspection of imaging studies, add 30% to the appropriate professional benefit except when SPECT is claimed. For claim purposes, use prefix "Y". Such activity must add significant diagnostic information not available by inspection alone and does not include simple image enhancement techniques such as smoothing, background subtraction, etc. Recording of images on videotape for replay and production of images on the video display of a computer do not in themselves justify the additional benefit.
The claims for cardiac wall motion studies and calculation of ventricular ejection fraction (J811 and J813) already include an allowance for data manipulation as a general rule and no additional benefit may be claimed. The additional computer benefit may be claimed only when additional cardiac quantifications are performed i.e. stroke volume ratio and volume response curves and/or phase analysis.

4. If examination of Brain, Lung, Liver or Spleen is limited to one view, the benefit (T and P_1 or P_2) is to be reduced by 50%.

5. Repeat studies on the same day may be claimed only after exercise or drug intervention.

6. The phrase "nuclear medicine specialist" should be interpreted as "nuclear medicine physician" since not all physicians practising nuclear medicine are certified as specialists in this discipline by the Royal College of Physicians and Surgeons.

7. When tomographic examination (SPECT) is billed, the 30% add on referred to in para. 3 may not be charged.

CLINICAL PROCEDURES ASSOCIATED WITH DIAGNOSTIC NUCLEAR MEDICINE PROCEDURES

Such procedural benefits are intended for the professional service of placing an instrument or introducing diagnostic radiopharmaceuticals. They are not intended to be used for simple subcutaneous, intramuscular or intravenous injection nor for oral administration. Rather than double listing the procedures and benefits in this part of the fee schedule, physicians are directed to the following reference points in the schedule.

a) Intravenous injection for peripheral venography - G376 or G379 on page 64
b) Intra-articular injections - G370 on page 63
c) Injection into CSF spaces or shunt apparatus - Z801 or Z821 on page 157 & 158
d) Arterial puncture - G479 on pages 53 & 56
e) Paracentesis in conjunction with shunt patency study - Z590 on page 135

NUCLEAR MEDICINE - IN VITRO (see Radioassays under Laboratory Medicine.)

RADIATION ONCOLOGY (THERAPEUTIC RADIOLOGY)

Code **RADIOTHERAPY** (Including Therapeutic Isotopes)

The listed benefits are for the professional services of a certified therapeutic radiologist, the services of a specialist for the intracavitary or interstitial application of radium or sealed sources and the services of a specialist using non-sealed sources of radioisotopes in a laboratory authorized by the Atomic Energy Control Board of Canada. Other medical services to the patient are not included in these figures. The cost of material is additional.

Note: (1)X301, X302, X304 & X322 may not be claimed from OHIP by the staff of OCIRF Cancer Centres or OCI/PMH.

(2)X305, X306, X323, X324, X334 - May only be performed on an inpatient and when done in hospital, this service is a hospital charge and cannot be claimed from OHIP (see OHIP Bulletin #4070). When done in an OCIRF Cancer Centre or OCI/PMH, may be claimed from OHIP by all physicians, including certified therapeutic radiologists.

TELERADIOTHERAPY

X301	Major treatment planning (150 KVP or higher), dosage calculation and preparation of any special treatment device	55.60
X302	Teleradiotherapy - x-ray, 151 KVP or higher, radium, cobalt, cesium betatron linear accelerator - benefit per treatment visit	14.20
X304	Minor teleradiotherapy - x-ray, 150 KVP or less - benefit per treatment visit	9.30
X305	Intracavitory contact x-ray therapy including sigmoidoscopy or proctoscopy - first application	132.95
X306	- repeat application	66.50

Note: For minor teleradiotherapy administered by other than certified therapeutic radiologists, use the listing under Diagnostic and Therapeutic Procedures.

RADIUM AND RADIOISOTOPES (sealed sources)

X322	Treatment planning, dosage calculation and preparation of any special treatment device	55.60
X323	Intracavitary application of radium or sealed sources including dilatation and curettage carried out at the same time as application - first application	164.70
X334	- repeat application	82.40
X324	Interstitial application of radium or sealed radioisotope	163.50
X325	Application of radium or radioisotope plaque or mould	50.50

Note: X325 may be claimed as an in or outpatient service.
If claimed as inpatient service, follow directions in Note (2) above.
If claimed as outpatient service, allow to all listed physicians.
Payment for outpatient services must be made to the registered Department of Radiology, in the case of a hospital, even though there is no technical component listed.

RADIOISOTOPES (non-sealed sources)

The following benefits include treatment planning, dosage calculation and preparation of materials. Appropriate visit and procedural benefits (e.g. paracentesis) may be claimed in addition. Thyroid benefits (X326, X327, X335) include administration(s) within any three month period.

X326	Thyroid malignancy	73.50
X327	Hyperthyroidism	66.80
X335	Induction of hypothyroidism	66.80
X336	Prostate malignancy	66.80
X328	Polycythaemia	39.00
X329	Metastatic disease of bone	60.80
X330	Ascites and/or pleural effusion(s) due to malignancy	47.60
X332	Arthritis - single or multiple site	31.40
X333	Metastatic disease with radioactive lymphogram	47.60

DIAGNOSTIC RADIOLOGY

Column T - The benefit for radiological examination including the production of radiographs, supplying of contrast media, apparatus, premises, technical services, administration and collection costs.

Column P - The benefit for consultation between radiologist and referring physician, fluoroscopy, interpretation of radiographs and fluoroscopic findings and supervision of x-ray services by a radiologist.

Hospital out-patient technical fees will be paid at 90.51% of the technical fee listed in this Schedule of Benefits.

Private offices and hospital out-patient departments will bill Column T plus P.

When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.

Radiologists should use Column P as a guideline for negotiating remuneration with hospitals.

Benefits for clinical procedures related to x-ray examinations are listed in the following section, or under Diagnostic and Therapeutic or Surgical Procedures. "Clinical Procedures", in this context, are those by which contrast media are introduced, except oral or rectal administration for study of the alimentary tract, and intravenous injections, which are an integral part of the study, performed by the physician collecting the benefit for the procedure.

If less than minimum number of views are performed, reduce listed fees by 25%.

If the examinations which are requested by the referring physician yield abnormal findings or if they would yield information which in the opinion of the radiologist would be insufficient, governed by the needs of the patient and the requirements of the referring physician, the radiologist may add further views and charge for them (if listed).

Fee Schedule Interpretations

1. When a radiologist is asked to x-ray one extremity only, no additional charge should be made for comparison x-rays initiated by the radiologist.
2. Nephrotomography is covered by the listings for intravenous pyelogram and planigram.
3. A stereo pair is to be counted as two views.
4. No extra claim should be charged for rapid sequence I.V.P.
5. No additional claim is warranted for the use of the image intensifier in diagnostic radiology.
6. Fluoroscopy claims should not be submitted for any examination performed by the radiologist where fluoroscopy is generally regarded as an integral part of the examinations e.g. examinations of the G.I. tract, urinary tract, special procedures.
7. "Colon-air contrast" may be claimed when performed according to generally accepted criteria. The colon should be scrupulously prepared. Five to eight full size views of the abdomen should be obtained after fluoroscopically controlled introduction of air and barium.
8. "Oesophagus, stomach and duodenum, double contrast" presupposes the introduction of gas, the use of antifoam agent and a suitable barium mixture.
9. Abdomen and chest studies should not be routinely done and claimed in gastrointestinal examinations.
10. Three or more views of the chest should not be done routinely and claimed when a chest examination is requested.
11. Chest studies should not be routinely done and claimed in mammography cases.
12. Nasal bones or accessory nasal sinuses should not be routinely claimed in skull examination requests.
13. Abdomen and/or pelvis should not be routinely claimed in lumbar spine examination requests.
14. A survey film of the abdomen is a single view. The ordering of additional films should be left to the discretion of the radiologist who should have the power to determine what examination is adequate for a specific patient. Obviously, if progress of a long tube is being followed, a survey film is sufficient. If, however, an intestinal obstruction is being followed, a single film is usually inadequate.
15. Conventional films of the spine should not be routinely done and claimed for before myelography. The necessity of having plain film studies of the spine prior to interpreting the myelographic studies is obvious. It is not essential, however, that these be done at the institution where the myelogram was done. If they have been done at an outside office, then it is a matter for the radiologist and the referring physician to have the films available. If they cannot be made available to the radiologist, it is an acceptable practice for him to do the required examination of these areas and to claim for them so that they may be available for interpretation along with the myelographic study.

DIAGNOSTIC RADIOLOGY

16. Pharynx and oesophagus (cine or videotape) - X106 should not be claimed routinely with X108 and X109 but only when specifically indicated.
17. Lumbar or lumbosacral spine (X028) does not include the entire sacrum. An examination of the sacrum may be carried out and claimed for only when specifically indicated.
18. X006 and X007 are not both to be routinely claimed on the same patient but only when specifically ordered.
19. A maximum of two computed tomography examinations per patient per day may be claimed.
20. Complex head CT Scans are meant to be multi planer (multi directional) head CT Scans - to include one or more of the following areas: pituitary fossa, posterior fossa, internal auditory meati, orbits and related structures, the temporal bone and its contents and the temporomandibular joints. X400, X401 and X188 are not to be billed in addition to those fees for complex head studies.
21. All benefits listed apply to unilateral examinations unless otherwise specified.
22. Claims for X-ray services, when referred by an Osteopath, Chiropodist or Chiropractor to a private X-ray facility are not benefits of OHIP.
23. Claims for X-ray services, when referred by an Osteopath or Chiropractor to a hospital out-patient department are benefits.

CLINICAL PROCEDURES, ASSOCIATED WITH DIAGNOSTIC RADIOLOGICAL EXAMINATIONS

Note: 1. These procedural fees are intended to cover compensation for the professional service of placing an instrument and introducing contrast media if done (except oral or rectal administration for study of the alimentary tract). Injection of materials to enchance the effect of contrast media is included in the procedure benefits.

2. Radiological charges are additional: see similar entries under DIAGNOSTIC RADIOLOGY.

3. Where similar procedures are done for diagnostic physiological studies of non-radiological nature, e.g. cardiac catheterization or intra-arterial infusion, they are listed separately under Surgery or Diagnostic and Therapeutic Procedures. See Index.

DIAGNOSTIC ULTRASOUND

T and P Columns should be interpreted in the spirit of the first two paragraphs on page 43, but without limiting the performance of these tests to suitably trained physicians of any one specialty. Furthermore, the physician must be physically available to approve, modify or intervene in the examination as required or the examination must be completely recorded by video/computer methods and reviewed in its entirety by the physician. No fee (either professional or technical) may be charged if the physician's only involvement is the interpretation of hard copy (films).

Notes: A-Mode-implies a one-dimensional ultrasonic measurement procedure.
M-Mode-implies a one-dimensional ultrasonic measurement procedure with movement of the trace to record amplitude and velocity of moving echo-producing structures.
Scan B-Mode-implies a two-dimensional ultrasonic scanning procedure with a two-dimensional display. All ultrasound examinations include a permanent record and interpretative report.
The total benefit is arrived at by adding T plus P. When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.

PULMONARY FUNCTION STUDIES

Column T - The benefit for testing including supplying of equipment, premises and technical services.

Column P - the benefit for professional services including responsibility for quality control and technician training, interpretation of the results of the tests, and consultation between the physician responsible for the tests and the referring physician concerning the results of the test.

Notes:

1. The total benefit is obtained by adding columns T and P together. When coding the total benefit use suffix A; when coding the technical portion use only suffix B; when coding the professional portion only use suffix C.

2. The benefits for J301, J324, J304 and J327 must be performed with a permanent record and represent the best of three recorded test results with or without bronchodilator.

3. Vital capacity, J301, and flow volume loop, J304, cannot be claimed at the same time.

4. Each of the following tests designated by an individual code number is considered to be specific and requires individual ordering.

5. Exercise assessment (J315, E450, E451, J316, J317) requires a physician to be in attendance at all times.

6. J309 and J310 cannot be claimed at the same time.

J315	Stage I: Graded exercise to maximum tolerance exercise (must include continuous heart rate and ventilation at rest and at each workload)	48.20	32.20
E450	J315 plus J301 or J304 before and/or after exercise, add	12.90	6.50
E451	J315 plus 12 lead E.C.G. done at rest, used for monitoring during the exercise and followed for at least 5 minutes post exercise, add	17.50	20.30
J316	Stage II: Repeated steady state graded exercise (must include heart rate, ventilation, VO_2, VCO_2, BP, ECG, end tidal and mixed venous CO_2 at rest, 3 levels of exercise and recovery)	127.20	59.60
J317	Stage III: J316 plus arterial blood gases, pH and bicarbonate or lactate...	168.60	101.30
J330	Assessment of exercise induced asthma (workload sufficient to achieve heart rate 85% of predicted maximum; performance of J301 or J304 before exercise and 5-10 minutes post exercise)	32.30	19.50
Z459	Arterial puncture for blood gas analysis	-	8.20
J319	Blood gas analysis: pH, PO_2, PCO_2, bicarbonate and base excess	10.90	-
J318	Arterialized venous blood sample collection (e.g. ear lobe)	3.60	-
J320	A-a oxygen gradient requiring measurement of RQ by sampling mixed expired gas and using alveolar air equation	26.70	10.30
J331	Estimate of shunt (Qs/Qt) breathing pure oxygen	26.70	13.40
J313	Mixed venous PCO_2, by the rebreathing method	10.90	3.60
J323	O_2 saturation by oximeter at rest, with or without O_2	10.20	5.10
J332	Oxygen saturation by oximeter at rest, at exercise or during sleep	15.40	7.80
J334	J332 with supplemental O_2	23.50	11.90
J322	Standard O_2 consumption and CO_2 production	25.90	6.70

DIAGNOSTIC AND THERAPEUTIC PROCEDURES

With a few exceptions specifically indicated below, the listed procedural benefits are for the procedure(s) alone. Consultations or visit benefits when such services are rendered, may be claimed in addition to the procedural benefits.

When a procedure(s) is the sole reason for a visit, add $4.50 basic fee per visit for those procedures marked (+) regardless of the number of procedures carried out during that visit. However, if the patient visit is to a physician's office or a diagnostic facility controlled directly or indirectly by a physician who has examined (or is about to examine the patient) and referred the patient to such a diagnostic facility, no basic fee should be claimed under these circumstances.

G700

Note: G700 is not payable to a hospital department.

Fee Schedule Interpretations

1. Urinalysis and other laboratory tests listed on page 66, apply when these services are performed by a physician in his office with or without an associated consultation or visit. The same tests listed in the Laboratory Medicine Section of the Schedule apply to licensed laboratories.

2. Some fees for Diagnostic and Therapeutic Procedures have the technical and professional components listed separately. The technical component includes the salaries of support staff, equipment depreciation or lease costs, supplies and costs associated with the preparation of a written report. The professional component includes the clinical supervision of the diagnostic facility, interpretation of the test results and a written report. When only one fee is listed for a service, it represents the professional component only.

3. The Preamble applicable to Surgical Procedures also applies, where appropriate, to Diagnostic and Therapeutic Procedures.

ALLERGY

Note: If a patient presents for an allergy injection and has an acute infectious condition, albeit of the respiratory system, or some other unrelated condition which would have otherwise required a separate office visit, the physician is entitled to charge the appropriate assessment fee as well as the injection fee. If a patient requires a brief assessment of his allergic condition as well as the allergy injection, the physician should bill the injection and basic fees.

G558	2nd to 10th days (inclusive) per diem	137.40	
G559	11th day onwards per diem	68.70	
	If Ventilatory Support {b}only{e} is provided, for example, by the anaesthetist(s), claims should then be made under {b}Ventilatory Support{e}. {b}Comprehensive Care{e} fees do not apply. Other physicians should then charge {b}Critical Care{e} fees {b}or{e} the appropriate consultation, visit or procedures.		
	The fees under Physician-in-Charge apply per patient treated, i.e., while the physician-in-charge may change during the course of treatment, the daily fee formula as set out should be charged by the physicians involved as if there was only one physician-in-charge during the treatment program; in this sense, the daily fees are team fees.		
	If patient has been discharged from Unit more than 48 hours and is re-admitted to Unit, 1st day rate applies again on day of re-admission.		
	The appropriate consultation, procedure and visit fees shall apply after stopping Critical Care, Ventilatory Support, Comprehensive Care or Neonatal Intensive Care.		
	Other physicians apart from those providing Critical Care or Comprehensive Care may charge the appropriate consultation, visit and procedure fees not listed in the fee schedule for Critical Care. These claims will be adjudicated by the Plan on an Independent Consideration basis.

	Neonatal Intensive Care		
	Level A: Full life support including invasive monitoring, ventilatory support and parenteral alimentation (all modalities)		
G600	- 1st day	274.70	
G601	- 2nd to 10th days (inclusive) per diem	137.40	
G602	- 11th day onwards, per diem	68.70	
	Level B: Intensive care including full monitoring both invasive and non-invasive, oxygen administration and intravenous therapy, but without ventilatory support		
G610	- 1st day	177.70	
G611	- 2nd day onwards, per diem	50.20	
	Level C: Intermediate care including oxygen administration, non-invasive monitoring and gavage feeding.		
G620	- 1st day	119.10	
G621	- 2nd day onwards, per diem	24.90	
	The above benefits include the initial consultation or assessment and subsequent exmination of the patient and, as required, insertion of arterial, venous, C.V.P. or urinary catheters, intravenous lines, interpreting of blood gases, nasogastric tubes, pressure infusion sets and pharmaceutical agents, endotracheal intubation, tracheal toilet, artificial ventilation and all necessary measures for respiratory support. These are team fees which apply to neonatologists/paediatricians/anaesthetists providing complete care. If ventilator care only is provided by anaesthetists, the above listings do not apply. Claims should then be made under Ventilatory Support (G405, etc.) with Neonatology Paediatric components billed on a fee for service basis. If infant has been transferred from one level to another in either direction, up or down, second day benefits apply. Regular visit and procedure benefits will apply the day following termination of Neonatal Intensive Care. If patient has been discharged from Unit more than 48 hours and is re-admitted to Unit, 1st day rate applies again on day of re-admission. The appropriate consultation, procedure and visit benefits shall apply after stopping artificial respiration or special care.		
	When claiming Critical, Ventilatory, Neonatal Intensive Care or Comprehensive Care fees no other Critical Care codes may be claimed by the same physician(s).		
	Intensive Care Monitoring This category excludes Cardio-Pulmonary Resuscitation and Ventilatory Support and should be claimed on the basis of the appropriate consultation, procedure and visits benefit.

OBSTETRICS

PREAMBLE:

1. Obstetrical care is divided into its components. A prenatal major assessment when performed may be claimed; it shall comprise a full history, an inquiry into, and an examination of all parts or systems (and may include a detailed examination of one or more parts or systems), an appropriate record and advice to the patient. All other prenatal visits shall comprise the necessary history and inquiry, examination, appropriate record, pregnancy related counselling and advice to the patient. Normal (uncomplicated) prenatal care includes a prenatal general assessment visit, then monthly visits to 32 weeks, followed by visits every 2nd week to 36 weeks, then weekly visits until delivery. However, complicated pregnancies may require additional visits. Labour - delivery and postpartum care are listed separately.

2. If an uncomplicated obstetrical patient is transferred from one physician to another physician for obstetrical care, the appropriate assessment benefit may be charged by the second physician, followed by prenatal visits. This statement does not apply to physicians substituting for each other or when the second physician sees the patient for the first time in labour. If the obstetrical patient is referred to a consultant for obstetrical care because of the complexity, obscurity or seriousness of the case, the consultant may claim a consultation in addition to the prenatal visits.

3. Illnesses resulting from or associated with pregnancy or false labour requiring added home or hospital visits, shall be claimed on a per visit basis.

4. When a pregnant patient visits her physician for a condition unrelated to her pregnancy and apart from her routine scheduled prenatal visits, the physician may charge the appropriate visit benefit.

5. The listings under the heading Referred Services may be claimed by the consultant physician in addition to the appropriate consultation or visit benefit. They may not be claimed by physicians providing obstetrical care to their own patients.

6. If a consultant is requested by another physician to perform a surgical induction of labour, or emergency removal of a Shirodkar suture (except at delivery) assuming someone else has inserted the suture, the consultant should claim consultation benefit for this (these) service(s).

7. Medical induction or stimulation of labour may be claimed once per pregnancy by any one physician and only when carried out for a recognized obstetrical complication(s) and does not qualify for detention benefits.

8. The listings for "Attendance at labour and attendance at delivery" and for "Attendance at delivery" may not be claimed by any physician when a patient is transferred to a second physician for normal obstetrical care.

9. Ordinary immediate care of the newborn is included in the labour-delivery fee and when the service is rendered by the anaesthetist, it is included in the anaesthetic benefit. A life threatening emergency situation requiring active resuscitation of the newborn provided by any physician may be claimed under codes G521, G522, G523. When indicated, endotracheal intubation and tracheo-bronchial toilet should be billed under G211 and not as G521, G522, G523.

10. When a physician provides newborn care and also performs a circumcision on the same newborn or infant, both services may be claimed.

11. When an obstetrician routinely transfers all newborns to another physician, the latter should not claim consultation benefit for these "transferrals". If the baby is well, the physician should charge the newborn care in hospital benefit plus for attendance at maternal delivery if this service is given. If the baby is sick, the physician may claim a general assessment and for attendance at maternal delivery (if this service is given) plus daily visits for as long as his services are required. If an obstetrician normally cares for newborns himself or transfers the care of newborns to a family physician but refers a newborn to a paediatrician because of the complexity, obscurity or seriousness of the case, the latter may claim for this service according to the following guidelines:

a) If attendance at maternal delivery is provided, code H267 may be claimed and if a general assessment of the baby is carried out, code C263 may be claimed as well. However, a postnatal consultation of the baby, code C265 may not be claimed in addition to code H267.

b) If a paediatrician has not attended delivery, a postnatal consultation may be claimed (if this service is rendered) even though a prenatal consultation may already have been claimed.

OBSTETRICS

PREAMBLE: Cont'd.

12. When a physician provides prenatal visits, attends labour, assists or administers the anaesthetic at Caesarean section and visits the patient post-operatively, he is entitled to claim for prenatal visits, attendance at labour, assistant's or anaesthetist's benefits for Caesarean section and post-operative supportive care while the patient is in hospital.

13. Physicians may claim for assisted breech delivery (P020) when the service includes spontaneous delivery to the umbilicus, with extraction of the shoulders, arms and aftercoming head.

14. The Preamble applicable to Surgical Procedures, pages 77 - 79 also applies to obstetrics where appropriate.

15. The premiums applicable to Obstetrics are as follows: When deliveries and other obstetrical procedures done in continuity with the delivery occur after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the procedural fee(s) by 30% (E409). When time of delivery occurs after midnight and before 7:00 a.m. any night during the week, increase the procedural fee(s) by 50% (E410). These premiums are not chargeable in addition to the obstetrical procedural fee(s) if labour is induced by medical and/or surgical means by the same physician unless the reason for the induction is **multiple pregnancy** fetal distress, diabetes, premature rupture of membrane, severe pre-eclampsia-hypertension or abruption. However a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction.

SURGICAL PROCEDURES

PREAMBLE

FOR DEFINITION OF THE ROLE OF THE REFERRING PHYSICIAN, SEE REFERRING PHYSICIAN SERVICES IN THE PREAMBLE ON PAGE xi.

FOR DEFINITION OF THE ROLES OF THE ANAESTHETIST, SEE ANAESTHETIST SERVICES IN THE PREAMBLE PAGES xxii, - xiii.

(1) The surgical benefit (except for those procedures marked I.O.P., Complete Care and Fractures and Dislocations requiring no reduction) includes hospital visits rendered by the surgeon two days prior to surgery, the operative procedure, the post-operative care usually associated with the procedure(s) rendered by the surgeon while the patient is in hospital, and one office visit for follow up examination if necessary. If the surgeon is required to perform a procedure(s) not usually associated with the original surgical procedure, he may claim for these on a fee for service basis. If special visits to hospital are required at any time post-operatively, the surgeon may claim the **minimum** special visit premiums even if the basic hospital visit fees are not chargeable (under these circumstances the hospital visits should be claimed on an N/C (no charge) basis.) The surgical benefit as noted above does not include the major pre-operative visit i.e. the consultation or assessment fee chargeable when the decision to operate is made and the operation is scheduled, regardless of the time interval between the major pre-operative visit and surgery. The hospital or day-care admission assessment (consultation, repeat consultation, general or specific assessment or re-assessment) is not a benefit to the surgeon unless it happens to be the major pre-operative visit as defined above. Hospital visits (minor assessments) may be claimed for visits rendered more than two days prior to surgery. Other visits (excluding admission assessments) prior to admission may be claimed for in addition to the surgical fee. For patients remaining in hospital because of complications, hospital visit fees may be claimed in addition to the surgical or procedural fee after four weeks of post-operative care in the case of fractures and dislocations and after two weeks for other procedures. Because the number of hospital visits is limited to three per week after the fifth week of hospitalization and six per month after the thirteenth week of hospitalization, the starting point for calculating the number of hospital visits is based on the date of admission if the operating surgeon has admitted the patient or the date of referral if the patient has been referred to the operating surgeon while in hospital. The surgical benefit includes the generally accepted surgical components of the procedure. The listed benefit of a procedure normally includes repair of any iatrogenic complications occurring during the course of the surgery.

(2) When a physician makes a special trip to perform a non-elective surgical procedure during the daytime (Monday to Friday), he should claim the appropriate special visit, a consultation if the case is referred or the appropriate assessment if the case is not referred plus the procedural benefit(s). If the non-elective procedure is carried out at night (after 5:00 p.m. and before 7:00 a.m.), or Saturdays, Sundays and Holidays, the physician may claim the special visit applicable to the consultation or assessment, and the surgical premium (E409 or E410 - see paragraph 47 of the Preamble).

(3) When more than one procedure is carried out by a surgeon under the same anaesthesia or within 14 days during the same hospitalization for the same condition, the full benefit applies to the major procedure and 85% of the listed benefit(s) applies to the other procedure(s) performed unless otherwise stated in the Preamble(s) or Schedule. The above statement applies to staged or bilateral procedures but does not apply when a normal appendix or simple ovarian or para-ovarian cyst is removed incidentally during an operation, for which no claim should be made.

(4) When a subsequent operation becomes necessary for the same condition because of a complication or for a new condition, the full benefit should apply for each procedure.

(5) When a subsequent non-elective procedure is done for a new condition by the same surgeon, the full benefit will apply to each procedure. When a subsequent elective procedure is done for a different condition within 14 days during the same hospitalization by the same surgeon, the benefit for the lesser procedure shall be reduced by 15%.

(6) When different operative procedures are done by two different surgeons under the same anaesthesia for different conditions, the benefit will be 100% of the listed benefit for each condition. Under these circumstances, the basic assistants' benefit should not be charged by either operating surgeon; however time units may be claimed.

SURGICAL PROCEDURES

PREAMBLE - Cont'd.

(7) As a general rule, when elective bilateral procedures are performed by two surgeons at the same time, one surgeon should charge for the surgical procedures and the other surgeon should claim the assistant's benefit.

(8) Where two surgeons are working together in surgery in which neither a team fee nor other method of billing is set out in the benefit schedule, the surgeon should identify himself as the operating surgeon and claim accordingly; the surgeon who is assisting him should identify himself as such and claim the assistant's benefit. Where the second or assistant surgeon is brought into the case on a consultation basis, he may, when indicated, claim a consultation as well but should be prepared to justify it on an I.C. basis. If the nature or complexity of a procedure requires more than one operating surgeon each providing a separate service in his own specialized field e.g. one surgeon carries out the ablative part and another surgeon the reconstructive part of the procedure, then each surgeon should claim the listed benefit for his services. This statement applies when the additional procedure(s) are not the usual components of the main procedure. If one surgeon in addition to performing a specialized portion of a procedure, acts as an assistant during the remainder of the procedure, he may also claim time units for assisting.

(9) Unless otherwise stated, the listed benefits are for unilateral procedures only.

(10) When a procedure is performed, a procedural benefit, if listed, should be claimed. Substitution of consultation and/or visit benefits for procedural benefits (except as in paragraph 11), is not in keeping with the intent of the benefit schedule.

(11) When a surgical benefit (non I.O.P., Complete Care, Fracture or Dislocation) is less than the consultation benefit and the case is referred, the physician may claim the consultation benefit instead of the surgical benefit. However, to avoid the consultation being counted as such under the OHIP limitation rules on the number of consultations allowed per year, the physician should claim the consultation fee under the surgical procedure nomenclature or code. Since the consultation is replacing a procedural benefit which includes the pre- and post-operative and surgical care, no additional claims beyond the consultation should be made.

(12) If a physician performs a minor surgical procedure and during the same visit assesses and treats the patient for another completely unrelated and significant problem involving another body system, the physician should claim for the procedure as well as the appropriate assessment.

(13) Where a procedure is specified as "Independent Operative Procedure (I.O.P.)", the procedural benefit should be claimed in full along with the appropriate consultation or visit when both services are actually rendered. However, when an I.O.P. procedure is done in conjunction with a non-I.O.P. procedure, there should be no claim for the consultation, pre- and post-operative care related to the I.O.P. procedure. The listed I.O.P. benefit should be claimed in these circumstances along with the non-I.O.P. benefits plus the related major pre-operative visit (see paragraph (1) of Surgical Preamble). When multiple or bilateral I.O.P. procedures are performed at the same time by the same physician, the listed procedural benefits should be claimed in full but the pre- and post-operative benefits should be claimed as if only one procedure had been performed. When a patient is examined in a physician's office and this leads to an elective Independent Operative Procedure (I.O.P.) being performed for the same problem or diagnosis by the same physician in the Emergency or Outpatient Department on a non-admission basis, the physician should claim a consultation or visit for the examination in the office and the fee for the I.O.P. carried out in the Emergency Outpatient Department. An additional assessment benefit at the time of the elective I.O.P. should only be claimed when an additional assessment is performed.

(14) When procedures are specifically listed under Surgical Procedures, surgeons should use these listings rather than applying one of the plastic surgery listed fees under Operations on Skin and Subcutaneous Tissue.

(15) For excision of tumours not specifically listed in this Schedule, claims should be made on an I.C. basis (code R993). Independent consideration also will be given (under code R990) to claims for other unusual but generally accepted surgical procedures which are not listed specifically in the Schedule (excluding non-major variations of listed procedures). In submitting claims, physicians should relate the service rendered to comparable listed procedures in terms of scope and difficulty (see Preamble, Part B, paragraph 32).

SURGICAL PROCEDURES

PREAMBLE - Cont'd.

(16) Cosmetic or Aesthetic Surgery: means a service to enhance appearance without being medically necessary such as
(a) surgery for correction of facial wrinkles;
(b) surgery for eyelid wrinkles (symmetrical and without a functional problem);
(c) rhinoplasty for appearances only; and
(d) augmentation mammoplasty for symmetrical deficiency without physiological abnormality.
These services are not benefits of OHIP. (See Preamble).

(17) Reconstructive Surgery: is surgery to improve appearance and/or function to any area altered by disease, trauma or congenital deformity. Although surgery solely to restore appearance may be included in this definition under certain limited conditions, emotional, psychological or psychiatric grounds normally are not considered sufficient additional reason for OHIP coverage of such surgery. Appendix D of the Preamble to this Schedule describes the conditions under which surgery for alteration of appearance, only, may be a benefit of the Plan.
Physicians should submit requests to their District OHIP office for authorization of any proposed surgery which may fall outside of OHIP coverage. (See Preamble, Appendix D).

(18) Procedural benefits (non I.O.P.) include the removal of sutures when both services are rendered by the same physician unless the removal of sutures is done on the second or subsequent office visit for follow up examination. When a physician is entitled to claim for removal of sutures i.e. as outlined in the previous sentence or is a physician other than the operating surgeon or following an I.O.P. procedure, an office visit may be claimed.

(19) Additional claims for biopsies performed when a surgeon is operating in the abdominal or thoracic cavity should be given independent consideration.

(20) When a listed procedure is performed and no anaesthetic is required, the procedure should be claimed under the "local anaesthetic" listing.

(21) When a physician administers an anaesthetic and/or other medication prior to, during a procedure(s) or immediately after a procedure(s) which he/she performs on the same patient, he/she should claim for the procedure(s) only. However, when a physician administers a pudendal, femoral, intercostal, sciatic, ilioguinal, iliohypogastric, ulnar, median or radial block in addition to performing a procedure, he may claim $13.70 (G224) in addition to the procedure.

(22) If claims are being submitted in coded form, the surgeon should add the suffix A to the listed procedural code, the surgical assistant should add the suffix B to the listed procedural code and the anaesthetist should add the suffix C to the listed procedural code.

	Plastic Surgery Procedures: The setting of benefits covering the various procedures of plastic surgery is a very difficult problem. Since many procedures are divided into stages which have to be considered in assessing a fee, it is felt that all such plastic surgical procedures should be classed by the responsible specialist as very minor, major, intermediate, major, or extensive major. Benefits should be claimed according to procedures set forth in the tariff, except in cases which are difficult to define, in which case "I.C." should be the basis of the claim. The minimum benefit for each would be as follows:			
R150	Very Minor		84.85	4
R151	Minor	3	129.00	4
R152	Intermediate	4	238.30	4
R153	Major	4	356.60	5

SURGICAL PROCEDURES

OPERATIONS ON THE MUSCULOSKELETAL SYSTEM

Preamble:

(1) Corrective splints must be "corrective" to qualify for a benefit as such. The corrective splint listings are not applicable to simple immobilization such as with a Jones bandage or metal finger splint following soft tissue injury.
(2) The removal of a wire or pin or other device when used for traction or external fixation (except for rigid external fixators) in the treatment of a fracture or other orthopaedic procedure is to be included in the procedural fee unless a general anaesthetic is required in which case a fee may be claimed. Removal of devices used for internal fixation more than 30 days after insertion may be charged for in addition to the procedural benefit.
(3) The benefit for total hip replacement also includes denervation of the hip joint and adductor tenotomy.
(4) The benefit for obtaining a bone graft is not to be claimed in cases of pseudarthrosis repair, fusions or for listings in which bone grafting is included.
(5) For the supervision of limb fitting and 6 months post-operative care following amputation, claim visit fees. Amputation with immediate fitting to include supervision of final limb fitting - add 40% (E586).

Fractures and Dislocations:

(a) For fractures or dislocations requiring open or closed reduction or no reduction, the major pre-operative visit i.e. consultation or appropriate assessment may be claimed in addition to the listed benefits.
(b) OPEN REDUCTION shall mean the treatment of a fracture and/or dislocation by either closed intramedullary fixation or by an operative procedure to expose the fracture. The benefits include fixation by internal or external devices.
(c) CLOSED REDUCTION shall mean the reduction of a fracture or dislocation by non-operative methods (including traction).
(d) NO REDUCTION shall mean the treatment of a fracture or dislocation by any other method and includes the use of the initial external support.
(e) The stated benefit covers full or after treatment up to 4 weeks except if additional reductions are necessary or if patient is transferred to another surgeon or if the patient is paraplegic.
(f) In multiple fractures or dislocations, the benefit for the major fracture or dislocation shall be 100% and the benefit for the other fractures or dislocations 85%. When no procedural benefit is applicable, but when that fracture or dislocation necessitates hospitalization or concurrent care over that demanded by the major injury, a visit benefit may be claimed in addition to other procedural benefits.
(g) For repeat reductions (closed or open) for the same fracture or dislocation, the full benefit should be claimed for the final reduction and after care - previous reductions by the same surgeon should be claimed at 85%.
(h) Emergency splinting of fractures in the emergency department should be on the basis of appropriate visit benefit, plus application of cast if appropriate.
(i) Transferred cases -
    (1) When patients are transferred to a chronic or convalescent facility, additional visit benefits on a chronic care basis shall be allowed to other than the operating surgeon (and also to the surgeon after 4 weeks).
    (2) When patients are transferred to another physician for after care of fractures and dislocations treated by closed or no reduction, the physician rendering the initial care should claim 75% of the listed fee and the surgeon rendering subsequent care visit fees except where otherwise specified. In cases involving open reduction, the percentage should be 80% for the surgeon providing the initial care.
    (3) In cases where the original physician attempts to reduce a fracture or dislocation under general anaesthesia, is unsuccessful and refers the patient to another physician for definitive care, the original physician should claim 75% of the listed fee.
(j) Paraplegia associated with fractures and dislocations may be claimed by charging visit fees after the first 2 weeks of post-operative care in addition to the appropriate procedural fees.
(k) Pseudarthrosis may be allowed as the appropriate benefit after the fracture is 4 months old.
(l) For fractures and dislocations not requiring reduction, visit fees apply unless a specific fee is listed. If the listed fee is less than the consultation, the consultation should be claimed under the fracture/dislocation code number.

SURGICAL PROCEDURES

OPERATIONS ON THE FEMALE GENITAL SYSTEM

Preamble:

(1)In composite operations such as anterior and posterior repair and D&C or anterior and posterior repair and cauterization of cervix and biopsy, the fee shall be that of the major procedure(s).

(2)No fee may be claimed for a D&C if (a) it is carried out prior to hysterectomy or ectopic pregnancy, or (b) it is carried out routinely prior to tubal occlusion.

(3)A D&C may be claimed at 85% when pregnancy termination (S752,S756,S785) is carried out with tubal occlusion/interruption (S741), or (b) if carried out for abnormal uterine bleeding (S754) - if the D&C would have been indicated independent of the tubal occlusion procedure.

(4)When operative procedures are carried out for infertility, the fee shall be that of the major procedure. When additional procedure(s) are required e.g. uterine suspension, oophorocystectomy or myomectomy, E858 at $61.90 may be claimed for each additional procedure.

CROP INSURANCE ACT (ONTARIO)

O. Reg. 478/87.
Crop Insurance Plan—Sunflowers.
Made—June 9th, 1987.
Approved—July 30th, 1987.
Filed—August, 13th, 1987.

REGULATION MADE UNDER THE CROP INSURANCE ACT (ONTARIO)

CROP INSURANCE PLAN—SUNFLOWERS

1. The plan in the Schedule is established for the insurance within Ontario of sunflowers. O. Reg. 478/87, s. 1.

Schedule

Crop Insurance Act (Ontario)

PLAN

1. The title of this plan is the "Ontario Crop Insurance Plan—Sunflowers".

2. The purpose of this plan is to provide for insurance against a loss in the production of sunflowers resulting from one or more of the perils designated in section 4.

3. In this plan,

"average farm yield" means the average of previous yields of the planted acreage computed on the basis of acreage production records of the insured person or on such other basis as is reasonable in the circumstances;

"sunflowers" means sunflowers of the stripe or oilseed type.

DESIGNATION OF PERILS

4. The following are designated as perils for the purposes of this plan:

1. Drought.
2. Excessive moisture.
3. Excessive rainfall.
4. Flood.
5. Frost.

6. Hail.

7. Insect infestation.

8. Plant disease, except Sclerotinia stem wilt.

9. Wildlife.

10. Wind.

DESIGNATION OF CROP YEAR

5. The crop year for sunflowers is the period from the 1st day of March in any year to the last day of February next following.

CONTRACT OF INSURANCE

6.—(1) For the purposes of this plan, the entire contract of insurance for sunflowers is comprised of,

(*a*) the contract of insurance in the form prescribed by Regulation 231 of Revised Regulations of Ontario, 1980;

(*b*) the application for insurance;

(*c*) an endorsement for sunflowers in Form 1;

(*d*) the final acreage report for each crop year; and

(*e*) any amendment to a document referred to in clause (*b*) or (*d*) agreed upon in writing.

(2) In the event of a conflict between the provisions referred to in clauses (1) (*a*) and (*c*), the provisions referred to in clause (1) (*c*) prevail.

7.—(1) An application for insurance shall,

(*a*) be in a form provided by the Commission;

(*b*) be accompanied by a minimum premium deposit of $1 per acre; and

(*c*) be filed with the Commission not later than the 1st day of May in the crop year in respect of which it is made.

(2) Premium deposits prescribed by clause (1) (*b*) are not refundable unless no acreage is planted to the crop.

DURATION OF CONTRACT

8.—(1) A contract of insurance is in force for the crop year in respect of which it is made and continues in force for each crop year thereafter until cancelled by the insured person or the Commission in the manner prescribed by subsection (2) or terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the 1st day of May in the crop year during which the cancellation is to be effective.

COVERAGE

9.—(1) Subject to subsections (4) and (5), the initial coverage provided under a contract of insurance shall be 75 per cent of the average farm yield in pounds of the total acreage seeded to sunflowers by the insured person.

(2) Subject to subsections (4) and (5), the coverage provided under a contract of insurance following a year in which there was no claim shall be,

(*a*) where the previous year's coverage was 70 per cent, 73 per cent;

(*b*) where the previous year's coverage was 73 per cent, 75 per cent;

(*c*) where the previous year's coverage was 75 per cent, 78 per cent;

(*d*) where the previous year's coverage was 78 per cent, 80 per cent; and

(*e*) where the previous year's coverage was 80 per cent, 80 per cent,

of the average farm yield in pounds of the total acreage seeded to sunflowers by the insured person.

(3) Subject to subsections (4) and (5), the coverage provided under a contract of insurance following a year in which there was a claim shall be,

(*a*) where the previous year's coverage was 80 per cent, 78 per cent;

(*b*) where the previous year's coverage was 78 per cent, 75 per cent;

(*c*) where the previous year's coverage was 75 per cent, 73 per cent;

(*d*) where the previous year's coverage was 73 per cent, 70 per cent; and

(*e*) where the previous year's coverage was 70 per cent, 70 per cent,

of the average farm yield in pounds of the total acreage seeded to sunflowers by the insured person.

(4) Where, in any year, a claim is paid in an amount that is less than one-half of the total premium for that year, the coverage for the following year shall remain unchanged.

(5) Despite clause (3) (*a*), the coverage provided under a contract of insurance following a year in which there was a claim shall be 80 per cent where,

(*a*) the insured person has had coverage and an actual farm yield for at least five years; and

(*b*) the previous year's coverage was 80 per cent.

(6) The number of pounds determined under this section, constitutes the total guaranteed production under a contract of insurance.

10. For the purposes of this plan the established price for sunflowers is 13 cents per pound.

11. The maximum indemnity payable for a loss in production of sunflowers in a crop year is the amount obtained by multiplying the total guaranteed production determined under section 9 by the established price.

PREMIUM

12.—(1) The total premium for sunflowers is $18 per acre.

(2) The premium prescribed by subsection (1) includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

13.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person plants acreage to sunflowers.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit prescribed by subsection (3), to the Commission at the time the final acreage report prescribed by section 14 is filed.

(3) Where a renewal premium is payable in respect of a crop year, the insured person shall, not later than the 1st day of May in the crop year, pay a premium deposit in accordance with clause 7 (1) (*b*).

FINAL ACREAGE REPORT

14.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in a form provided by the Commission within ten days after the planting of acreage to sunflowers is completed.

(2) A final acreage report filed with the Commission shall not be amended without the written consent of the Commission.

15.—(1) When the final acreage report is inaccurate, the Commission may correct it and adjust the premium accordingly and, in such case, shall notify the insured person in writing forthwith of the correction and the reason therefor.

(2) The insured person shall be deemed to have agreed with the correction of the final acreage report and adjustment of premium made under subsection (1) unless, within ten days after the mailing or delivery of the notification by the Commission, that person notifies the Commission, in writing, that the correction is not acceptable.

(3) Upon notice that a correction is not acceptable being given, the contract of insurance ceases to apply for the crop year in respect of which the final acreage report was filed.

(4) A final acreage report revised under this section shall, failing notice under subsection (2), constitute the final acreage report for the crop year.

16.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

(*a*) prepare the final acreage report; or

(*b*) declare the insured acreage to be nil.

(2) Where the Commission prepares a final acreage report under subsection (1), the Commission shall mail or deliver a copy of the report to the insured person.

(3) Every insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days after the mailing or delivery to that person of a copy of the report.

FINAL DATE FOR PLANTING

17. For the purposes of this plan, in any particular crop year, the final date for planting sunflowers is the 1st day of July or such other date as is reasonably warranted in the circumstances.

18. All acreage planted to sunflowers shall be insured under one contract. O. Reg. 478/87, Sched.

Form 1

Crop Insurance Act (Ontario)

SUNFLOWER ENDORSEMENT

WHEREAS the insured person has applied for crop insurance under the Ontario Crop Insurance Plan for Sunflowers, hereinafter referred to as "the plan" and has paid the premium deposit prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover sunflowers.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to sunflowers in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

(*a*) the use of the planted acreage or any part thereof for another purpose; or

(*b*) the abandonment or destruction of the insured crop or any part thereof.

(2) Where the harvesting of any planted acreage is not completed and the failure to harvest was not caused by an insured peril, the contract of insurance shall cease to apply to such unharvested acreage and no indemnity shall be payable therefor.

EVALUATION OF LOSS

2.—(1) Where,

(*a*) all the acres intended to be planted to the crops listed in the Table to this Regulation are offered for insurance;

(*b*) the insured person so elects on the application for insurance and pays the premium deposit of $1 for each acre intended to be planted to such crops; and

(*c*) the planting,

(i) in the case of systematically tile drained land, of three acres or more, or

(ii) in the case of land that is not systematically tile drained, of six acres or more,

is prevented by one or more of the designated perils,

an indemnity shall be paid,

(*d*) in the case of systematically tile drained land, for each acre; or

(*e*) in the case of land that is not systematically tile drained, for each acre in excess of three,

that remains unplanted.

(2) The amount of the indemnity shall be equal to one-third of the guaranteed production per acre of the crop highest in priority on the list in the Table of those intended to be planted and insured by the insured person multiplied by the established price applicable to that crop.

(3) Where the insured person plants a crop in respect of which crop production insurance was applied for, the premium deposit for the acreage so planted shall be applied against the regular premium.

(4) Where the insured person plants a crop which is not listed in the Table, the premium deposit in respect of such acreage shall be refunded.

(5) Where the insured person is unable to plant acreage designated on the application as intended to be planted to a crop listed in the Table, the premium deposit in respect of such acreage shall be retained by the Commission as payment for the coverage provided.

(6) This paragraph does not apply to and no indemnity is payable in respect of land,

(*a*) that is orchard land, pasture, woodland, seeded to a perennial crop, fall sown or intended for summer fallow;

(*b*) that is untilled and was not cropped in the previous year; or

(*c*) that, in the opinion of the Commission, is not insurable.

(7) Where the planting is prevented by excessive rainfall, no indemnity is payable unless the insured person establishes that,

(*a*) an abnormal amount of rain occurred;

(*b*) the rainfall resulted in a reduced number of work days; and

(*c*) a significant number of other insured persons were similarly affected,

during the planting season in the area where the insured acreage is situate.

3.—(1) Where loss or damage to three acres or more of the insured crop resulting from an insured peril occurs before the 1st day of July in the crop year, the Commission, upon application therefor in writing by the insured person, may consent in writing to the replanting of the damaged acreage.

(2) Where the damaged acreage is replanted to the insured crop in accordance with subparagraph (1), the Commission shall pay an indemnity of $35 for each acre replanted and the contract of insurance continues to apply to such acreage.

(3) The total number of acres in respect of which a replanting benefit is paid in a crop year shall not in any case exceed the total number of insured acres.

4.—(1) Where loss or damage occurs prior to harvest, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and in such case shall determine the number of damaged acres and the potential production thereof.

(2) Where damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that shall be taken into account in the

final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1) by the established price per pound.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(5) Where the crop contains damaged or foreign material, the actual production thereof shall be deemed to be reduced by an amount reasonable in the circumstances.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

5. The indemnity payable with respect to the total planted acreage in the final adjustment of loss is the sum of the losses calculated under paragraphs 2, 3 and 4 applicable to the acreage but where,

(*a*) the actual production of any harvested acreage; or

(*b*) the potential production of any unharvested acreage,

exceeds the guaranteed production of the acreage, the indemnity otherwise payable in respect of loss calculations made under paragraph 4 shall be reduced by the amount obtained by multiplying such excess by the established price per pound.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

6.—(1) Where the actual planted acreage of sunflowers in a crop year is less than the planted acreage declared on the final acreage report, the guaranteed production shall be decreased proportionately in calculating whether there has been a loss and the actual production shall be used in calculating the average production for purposes of determining coverage for the following crop year and there shall be no refund of premium.

(2) Where the actual planted acreage of sunflowers in a crop year exceeds the planted acreage declared on the final acreage report, the actual production shall be used in calculating whether there has been a loss and,

(*a*) where the calculation indicates a loss, such actual production shall be used; or

(*b*) where the calculation does not indicate a loss, such actual production shall be reduced proportionately,

in calculating the average production for purposes of determining coverage for the following crop year.

IN WITNESS WHEREOF, The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.
